BudgetWatch
March 2021 Flash Report

This BudgetWatch reflects preliminary operating results through February and subsidies received in March, with results measured against the Adopted Budget.

Overall Latest Condition (reporting on operations for February and subsidies through March):

Overall. preliminary results to date are favorable. Passenger revenues through February were favorable by $155 million (77%) primarily reflecting higher ridership against the budget which is based on the McKinsey "worst case" scenario. Through the first two months of the year, farebox revenue actually exceeded the midpoint between the "worst case" and "best case" McKinsey scenarios. As noted in the budget, MTA took a conservative approach to forecasting passenger revenue, and hoped for a more favorable outcome. With just two months of results, MTA will continue to analyze monthly passenger revenue levels and adjust forecasts as necessary in the July Plan. Toll revenue is $101 million (65%) favorable due to higher-than-budgeted traffic volume. YTD Operating expenses were favorable by $205 million (9%), including lower labor expenses of $110 million, mainly from timing-related lower health & welfare/OPEB expenses, as well as vacancy-related savings, and lower non-labor expenses of $95 million, primarily from lower material and supply, and lower electric power and fuel costs, although it should be noted that fuel prices have been climbing over the past few weeks. Overtime spending YTD is $3M unfavorable (2%), but February was $16M unfavorable (21%). A significant part of the overtime spend can be attributed to snowfall in February, which totaled 28 inches; in total, there were six days in February with measurable snowfall of at least one inch, and almost fifteen inches fell just on February 1st. Debt service was favorable for the month and YTD due to timing and lower variable rates. Overall subsidy receipts through March were $218 million favorable. Year-to-date, Payroll Mobility Tax receipts were favorable by $172 million, the real estate transaction taxes were a combined $90 million favorable, and MTA Aid receipts were favorable by $8 million. The favorable variances were partially offset by unfavorable Petroleum Business Tax receipts of $24 million and For-Hire-Vehicle Surcharge receipts of $27 million; MMTOA was on budget. Combined March receipts of the Mansion Tax and NYS portion of the Internet Sales Tax, which fund the Capital Lockbox and are available through 2021 to assist in funding operations, were $32 million favorable through March.

Passenger and Toll Revenues

	YTD February 2021 ($ in millions)				Month of February 2021 ($ in millions)			
	Actual	Adopted Budget	Diff	% Diff	Actual	Adopted Budget	Diff	% Diff
NYCT:								
Subway	$185.9	$98.8	$87.1	88.2%	$91.0	$48.2	$42.9	89.0%
Bus	73.7	26.0	47.7	183.4%	35.2	12.8	22.4	175.6%
Other	5.9	4.3	1.6	36.4%	3.3	2.2	1.1	47.6%
NYCT	$265.6	$129.1	$136.4	105.6%	$129.5	$63.2	$66.4	105.0%
MTA Bus	16.7	6.4	10.3	160.8%	8.3	3.1	5.2	166.2%
LIRR	27.6	20.7	6.9	33.1%	12.9	10.2	2.7	26.2%
MNR	21.1	19.9	1.2	6.1%	10.2	9.7	0.5	4.8%
Sub-total	**$331.0**	**$176.2**	**$154.8**	**87.8%**	**$160.9**	**$86.2**	**$74.7**	**86.6%**
B&T	255.5	154.7	100.8	65.2%	114.3	76.6	37.7	49.1%
Total	**$586.5**	**$330.9**	**$255.6**	**77.2%**	**$275.2**	**$162.9**	**$112.3**	**69.0%**

Passenger and toll revenues for the month and year-to-date were better than budget for all Agencies. Weather, which can adversely impact ridership and traffic volume during winter months, saw slightly cooler temperatures than normal in February, while precipitation−and snowfall in particular−was above the normal level for the month.The budget, against which actuals are measured, is based on the preliminary "worst case" scenario developed by the consulting firm McKinsey & Co. for the November 2020 financial plan, and MTA was clear in hoping results would exceed the "worst case" scenario. Monthly results will continue to be analyzed, and forecasts will be adjusted accordingly in the July Plan.

Total Operating Expenses before Non-Cash Liability Adjustments

	YTD February 2021 ($ in millions)				Month of February 2021 ($ in millions)			
		Adopted				Adopted		
	Actual	Budget	Diff	% Diff	Actual	Budget	Diff	% Diff
NYCT	$1,363.5	$1,467.1	$103.6	7.1%	$650.6	$717.8	$67.2	9.4%
MTA Bus	129.2	147.2	18.0	12.2%	62.8	70.5	7.7	10.9%
LIRR	241.3	280.3	39.0	13.9%	114.3	134.7	20.4	15.2%
MNR	200.9	215.4	14.5	6.7%	100.2	101.8	1.6	1.6%
B&T	63.0	73.4	10.3	14.1%	31.2	35.8	4.6	12.9%
MTA HQ	105.0	125.3	20.4	16.2%	51.3	61.3	10.1	16.4%
MTA C&D	15.0	13.8	(1.2)	-8.9%	6.6	6.5	(0.1)	-1.4%
Total	**$2,118.1**	**$2,322.6**	**$204.5**	**8.8%**	**$1,017.0**	**$1,128.5**	**$111.5**	**9.9%**

Preliminary expenses for February were favorable by $111.5 million, or 9.9%. The variance at NYCT primarily reflects the favorable timing for prescription drug rebates and materials & supplies expenses, lower electric power and paratransit service contracts, as well as vacancy-related savings, partially offset by higher overtime and reimbursable overhead. The LIRR variance mainly reflects the timing of material usage and vacant positions. At MNR, the variance primarily reflects the favorable timing of rolling stock maintenance work and related material usage based on the reduced service schedule, lower infrastructure repair needs, and lower costs for electric power and procured services. The MTA Bus variance reflects the favorable timing of maintenance work, material usage and professional services, including interagency billing and the roll-out of bus technologies, and claims expenses. The MTA HQ variance largely reflects vacancy-related savings, lower overtime, and the timing of maintenance and repairs. The B&T variance mainly reflects timing and lower spending for E-ZPass tags, bond issuance costs, engineering services, toll collection processing fees, overtime, and vacancies.

Year-to-date expenses were favorable by $204.5 million, or 8.8%, and mainly reflect the factors noted for the month. MTA C&D was unfavorable primarily due to higher cleaning expenses at 2 Broadway and the timing of recoveries from agencies.

Overtime

	YTD February 2021 ($ in millions)				Month of February 2021 ($ in millions)			
		Adopted				Adopted		
	Actual	Budget	Diff	% Diff	Actual	Budget	Diff	% Diff
NYCT	$101.1	$91.7	($9.5)	-10.3%	$59.6	$44.7	($14.9)	-33.2%
MTA Bus	13.3	16.8	3.5	20.6%	7.0	8.1	1.1	14.0%
LIRR	21.7	21.5	(0.3)	-1.3%	13.3	10.6	(2.7)	-25.4%
MNR	13.5	14.6	1.1	7.3%	7.1	6.6	(0.5)	-8.2%
B&T	2.4	3.4	1.1	31.3%	1.3	1.7	0.4	24.8%
MTA HQ	3.5	5.0	1.4	28.8%	1.6	2.4	0.8	32.7%
MTA C&D	0.0	0.0	0.0	N/A	0.0	0.0	0.0	N/A
Total	**$155.6**	**$152.9**	**($2.7)**	**-1.8%**	**$89.9**	**$74.2**	**($15.7)**	**-21.2%**

Overtime costs for the month of February were higher than budget. The unfavorable results at NYCT, MNR and the LIRR are mainly due to adverse winter weather, with NYCT and the LIRR also impacted by vacancy/absentee coverage needs. MTA Bus was favorable mainly due to lower maintenance requirements, reduced traffic congestion and lower unscheduled service overtime. The favorable variance at B&T reflects management efficiencies, improved scheduling and deployment practices, and rescheduled maintenance. At MTA HQ, lower costs are primarily due to revised deployment assumptions for the MTAPD.

YTD Overtime expenses were $2.7 million, or 1.8%, higher than the budget. At NYCT, MTA Bus, B&T and MTA HQ, YTD results reflect a continuation of the same drivers noted for the month. Additionally, the LIRR also reflects lower maintenance overtime and tightened management procedures, and MNR includes favorable results in Transportation due to operating on a reduced service schedule and lower vacancy coverage needs.

Debt Service

Debt Service for the month of February was $238.1 million, which was $15.2 million or 6.0% favorable due to lower than budgeted variable rates and timing. Year-to-Date Debt Service expenses were $481.5 million, which were $20.5 million or 4.1% favorable primarily due to the same factors noted for the month.

State Dedicated Taxes and Fees

MMTOA was on budget. PBT receipts were $13.7 million favorable in March, but year-to-date PBT receipts were unfavaroble by $23.9 million (17.8%). March Payroll Mobility Tax (PMT) receipts were $77.0 million (72.8%) favorable, and year-to-date collections were favorable by $171.9 million (68.8%). MTA Aid receipts, which are transferred quarterly, were $8.4 million (15.9%) favorable year-to-date. FHV receipts were unfavorable by $9.5 million (41.4%) for the month and by $27.4 million (40.5%) year-to-date.

Real Estate Transaction Taxes

	YTD March 2021 ($ in millions)				Month of March 2021 ($ in millions)			
		Adopted				Adopted		
	Actual	Budget	Diff	% Diff	Actual	Budget	Diff	% Diff
MRT	$142.1	$72.0	$70.1	97.4%	$43.2	$24.0	$19.2	80.0%
NYC Urban Tax	99.4	79.9	19.5	24.4%	23.9	26.6	(2.7)	-10.2%
Total	**$241.5**	**$151.9**	**$89.7**	**59.0%**	**$67.1**	**$50.6**	**$16.5**	**32.5%**

Total real estate transaction taxes for March, which reflect transaction activity during the month of February, were $16.5 million (32.5%) favorable to the Adopted Budget, with the YTD variance favorable by $89.7 million (59.0%).

When compared with last year through March, real estate taxes were $80.4 million (25.0%) lower; the Urban Tax was off last year's level by $103.5 million, or 51.0%, while MRT was favorable compared with last year by $23.1 million, or 19.4%.

Regional Mortgage Recording Tax[4] receipts for March were $19.2 million, or 80.0%, favorable; MRT-1 was favorable by $9.6 million, and MRT-2 receipts were favorable by $9.6 million. YTD MRT receipts were favorable by $70.1 million (97.4%), with MRT-1 receipts $38.0 million favorable and MRT-2 receipts $32.1 million favorable.

New York City Urban Tax[5] receipts for March were $2.7 million, or 10.2%, unfavorable, and YTD Urban Tax receipts were $19.5 million (24.4%) favorable. For March, the Real Property Transfer Tax (RPTT) portion of the Urban Tax was unfavorable by $0.8 million, or 5.1%, while the MRT portion of the Urban Tax was $1.9 million or 18.6% favorable. YTD,

[1] PMT replacement funds, expected to total $272.9 million in 2021, are excluded from the results reported in this table.

[2] MTA Aid includes the License Fee, Vehicle Registration Fee, Taxi Fee and Automobile Rental Fee.

[3] For-Hire Vehicle Surcharge.

[4] Mortgage Recording Taxes consist of two separate taxes on mortgages recorded in the twelve-county region: MRT-1 is a tax on all mortgages, while MRT-2 is also imposed on residential real estate structures containing up to six dwelling units.

[5] New York City Urban Taxes are imposed on commercial property and apartment building transactions within New York City. The MRT component is imposed on mortgages exceeding $500,000, and the Real Property Transfer Tax component is imposed on transfers exceeding $500,000.

RPTT receipts were $17.3 million (35.0%) favorable, while the MRT portion of the Urban Tax was $2.2 million (7.2%) favorable.

Capital Lockbox Funding Sources

	YTD March 2021 ($ in millions)				Month of March 2021 ($ in millions)			
		Adopted				Adopted		
	Actual	Budget	Diff	% Diff	Actual	Budget	Diff	% Diff
Mansion Tax [6]	$65.5	$46.4	$19.0	41.0%	$17.1	$15.5	$1.6	10.5%
Internet Sales Tax [7]	97.8	84.7	13.1	15.5%	59.5	28.2	31.3	110.7%
Total	**$163.3**	**$131.1**	**$32.2**	**24.5%**	**$76.6**	**$43.7**	**$32.9**	**75.2%**

March Mansion Tax receipts were $1.6 million (10.5%) favorable, and year-to-date receipts were favorable by $19.0 million (41.0%). Internet Sales Tax receipts were $31.3 million (110.7%) favorable in March, and year-to-date receipts were $13.1 million (15.5%) favorable. The 2020-2021 New York State Enacted Budget amended Public Authorities Law 553-j, to allow the MTA to use monies in the Capital Lockbox funds in 2020 and 2021 to offset decreases in revenue or increases in operating costs due "in whole or in part" to the State emergency disaster caused by COVID-19. The law stipulates that if Capital Lockbox funds are used for operations, the MTA will need to repay to the lockbox any amount used for operating purposes if sufficient funds are received from the federal government or from insurance due to COVID-19, but only after first re-paying any COVID-19 related public or private borrowings, draws on lines of credit, issuances of revenue anticipation notes, internal loans or OPEB Trust. To date, receipts from the Mansion Tax and the Internet Sales Tax remain in the lockbox and have not been used for operating budget needs.

[6] The Real Property Transfer Tax Surcharge (the "Mansion Tax") is an increase in the transfer tax on the sale of residential properties valued at $25 million or more in New York City.

[7] Internet Marketplace Sales Tax receipts are captured through the elimination of the tax loophole that previously exempted third-party internet marketplace providers from collecting and remitting New York sales taxes on transactions conducted on their sites.

Preliminary December 2020 employment in New York City reflects the impact of the COVID pandemic on employment levels, with a loss of 578,000 jobs (12.2%) when compared to last December's employment level. December marks the tenth consecutive month in which employment has declined over its level from one year earlier, after 119 consecutive months of increases ended with declines in March 2020. Decreases were significant across all sectors, but hardest hit were Leisure & Hospitality, down 223,200 jobs (46.6%), and Professional & Business Services, down 88,000 jobs (10.9%).

Employment in New York City's service-providing sectors decreased by 547,100 jobs (12.1%) over the December 2019 level; back in February before the impact of the pandemic began, year-over-year growth totaled 78,200 jobs (1.8%). Private-sector service-providing employment in New York City decreased by 529,200 jobs (13.5%), the tenth consecutive month of year-to-year decline after 120 consecutive months of increases ended in February.

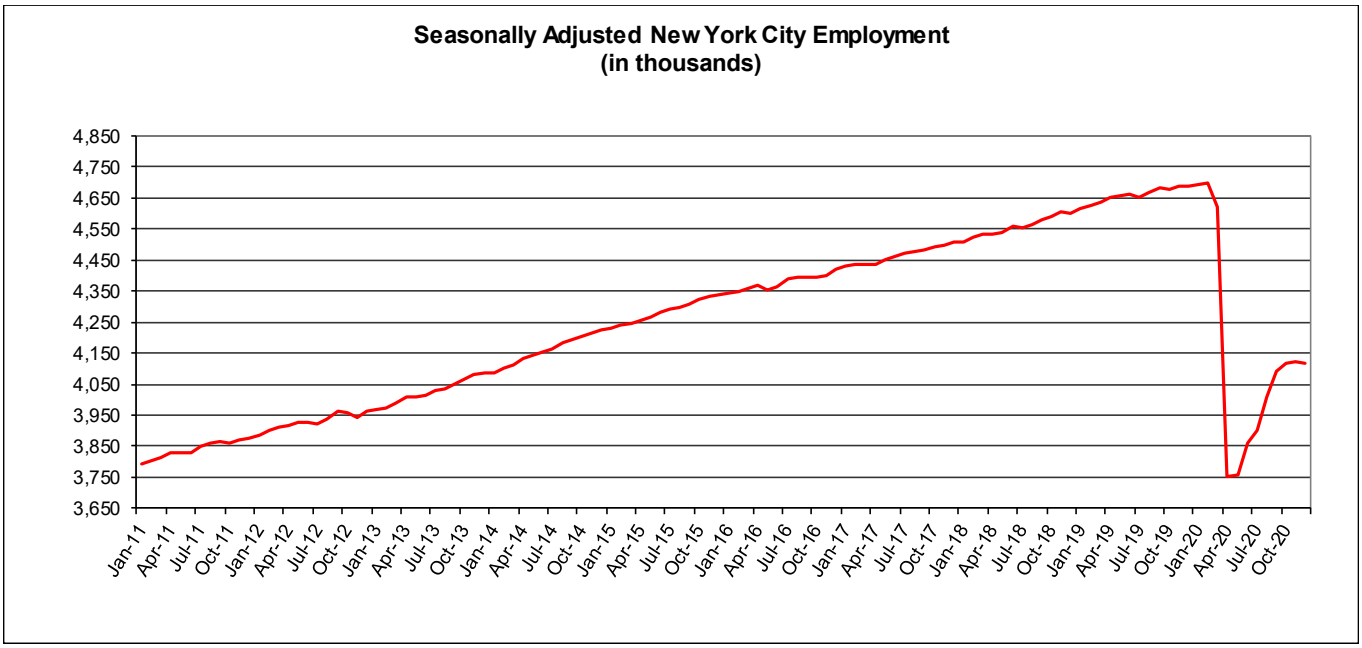
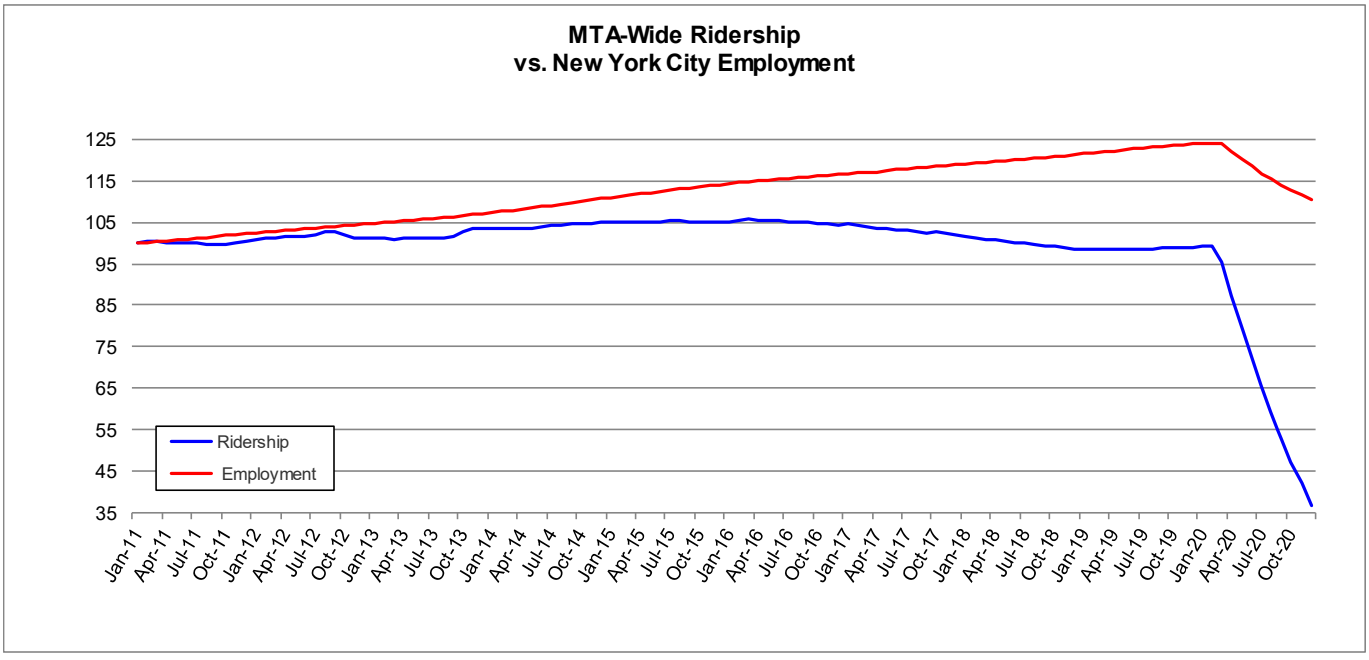
BUDGETWATCH
Regional Economy Report

In December 2020, seasonally adjusted New York City employment of 4.11 million was lower than in December 2019 by 570,100 jobs (12.2%); December seasonally adjusted employment was 7,500 jobs less than last month, a 0.18% decrease, the first monthly decline after seventh consecutive monthly increases since employment bottomed in April.



Ridership and Employment

Since January 2011, the twelve-month average for employment increased by 24.1% through February 2020, while the 12-month average MTA-wide ridership fell by 0.7%. Over the past nine months, however, the impact of the COVID pandemic has altered the trajectories of both, with employment standing at just 10.3% above the January 2011 level, while MTA-wide ridership is 62.7% below its January 2011 level.



The following ridership and vehicular traffic trend graphs depict 12-month averages; for example, the January 2014 data point is the average of February 2013 to January 2014, and the February 2014 data point is the average of March 2013 to February 2014, providing a visual representation of trends over time. Further, data have been standardized to 1.0, allowing for an easier comparison of trends on a single graph.

PURPOSE:

The MTA Finance Department is seeking Triborough Bridge and Tunnel Authority ("TBTA" or "MTA Bridges and Tunnels") Board ratification of the previously approved annexed Triborough Bridge and Tunnel Authority Payroll Mobility Tax Obligation Resolution and approval of supplemental resolutions to provide for the issuance of senior lien or second lien TBTA Payroll Mobility Tax Obligations ("TBTA PMT Bonds") to finance approved Capital Program Transit and Commuter Projects as described in approved Capital Programs. Even though the Board has previously approved the forms and substance of the annexed agreements, the TBTA Act requires this additional approval following MTA Capital Program Review Board ("CPRB") approval, which is scheduled to become effective at 12:01AM on March 17, 2021, before TBTA can issue its bonds and notes to finance approved Capital Program Transit and Commuter Projects.

The approval of the annexed agreements further authorizes TBTA to issue bonds and notes to finance the remaining $1.3 billion of transit and commuter projects authorized to be financed during 2021 that was previously approved by the MTA Board in December 2020. The use of the TBTA PMT Resolution will broaden MTA's access to the credit markets with a highly rated credit in addition to the existing Transportation Revenue Bond ("TRB") and Dedicated Tax Fund ("DTF") credits.

The annexed resolutions authorize TBTA to finance such projects through the issuance of bonds, notes, commercial paper, or other forms of indebtedness that are payable from and secured by Payroll Mobility Tax Receipts ("Mobility Tax Receipts") and the Aid Trust Account Receipts ("ATA Receipts" and, collectively with the Mobility Tax Receipts, the "PMT Receipts") described below.

The MTA Finance Department has provided for the development of separate senior lien and second lien bond resolutions secured by the PMT Receipts on a parity basis that (1) permits MTA to issue bonds to finance COVID-19 lost revenues and increased costs and fund working capital of the MTA agencies and TBTA in accordance with legislation enacted in March 2020 and (2) permits TBTA to issue bonds to finance approved Capital Program Transit and Commuter Projects. In order to provide the mechanism for the MTA and TBTA to share the PMT Receipts ratably, MTA and TBTA will enter into the PMT Financing Agreement which contains provisions for the allocation and transfer of the PMT Receipts between

the two resolutions. The MTA adopted its MTA Payroll Mobility Tax Obligation Resolution ("MTA PMT Resolution") in November 2020.

SUMMARY OF PROPOSAL:

MTA is seeking approval of the attached (1) TBTA Payroll Mobility Tax Obligation Resolution and Annexes (collectively, the "TBTA PMT Resolution"), (2) Payroll Mobility Tax Financing Agreement between MTA and TBTA (the "PMT Financing Agreement"), (3) TBTA PMT New Money Supplemental Resolution (the "TBTA PMT New Money Supplemental Resolution") that provides for the issuance during 2021 of up to $1.3 billion of TBTA PMT Bonds to finance approved Capital Program Transit and Commuter Projects, (4) TBTA PMT Bond Anticipation Note Supplemental Resolution that provides for the issuance during 2021 of up to $1.3 billion of bond anticipation notes ("TBTA PMT BANs") that can be sold in anticipation of the issuance of TBTA PMT Bonds and TBTA PMT Refunding Obligations, and (5) TBTA PMT Refunding Obligations Supplemental Resolution that provides for the issuance at any time of refunding obligations to refund, refinance or restructure outstanding TBTA PMT BANs and TBTA PMT Bonds.

CREDIT HIGHLIGHTS OF PROPOSED TBTA PMT OBLIGATIONS

- Senior and Second Lien Revenue Pledge: Mobility Tax Receipts and ATA Receipts.
- Debt Service Set-Aside: Monthly 1/5th interest and 1/10th principal.
- Additional Bonds Test: 2.25x Senior Maximum Annual Debt Service and at least 1.50x aggregate Senior and Second Lien Maximum Annual Debt Service with details and level of coverage requirement to be delegated to staff prior to initial issuance based upon rating agency discussions, investor feedback and market conditions.
- TBTA PMT Resolution authorizes bonds solely for approved Capital Program transit and commuter projects.
- After monthly set-aside, excess pledged revenues are available for debt service on Transportation Revenue Bonds and then transit and commuter operating expenses.
- Non-impairment covenant of the State in the TBTA Act.

DISCUSSION AND BACKGROUND:

In 2009, legislation was enacted to provide MTA with the receipts generated by (1) a payroll mobility tax (the Mobility Tax Receipts) imposed within the MTA Commuter Transportation District (the "MCTD") and (2) supplemental motor vehicle license and registration fees within the MCTD, a fifty-cent tax per certain taxicab rides originating in New York City and a supplemental tax on the cost of automobile rentals within the MCTD (the ATA Receipts). In 2011, the State made changes to the Payroll Mobility Tax that reduced the amount available to MTA from the imposition of that tax and provided for the State's payment to MTA through the State's budget of moneys to offset a portion of the amounts lost due to the Payroll Mobility Tax reductions (the "PMT Revenue Offset"). The PMT Revenue Offset funds are <u>not</u> being pledged to the payment of the TBTA PMT BANs or TBTA PMT Bonds. MTA's expectation since 2009 has been to create a separate highly rated bond credit secured by the PMT Receipts to reduce reliance on the issuance of obligations through the Transportation Revenue Bond Resolution.

On November 18, 2020, the MTA Board approved the MTA PMT Resolution authorizing the MTA to issue bonds, notes and other obligations secured by the PMT (but not the PMT Revenue Offset) and the Aid Trust Account Monies for the purposes of offsetting decreases in revenue and increases in costs caused by the pandemic as authorized by legislation enacted in 2020. In December 2020, MTA issued a $2.9 billion bond anticipation note to the Municipal Liquidity Facility to finance COVID-19 lost revenues and working capital. The approval of the annexed resolutions and agreements following CPRB approval continues the ability to use the PMT Receipts to finance approved transit and commuter projects with a highly rated credit.

BNY Mellon was appointed as the Trustee under the MTA PMT Resolution with the understanding that the firm would also serve as the Trustee under the TBTA PMT Resolution under the parity arrangement anticipated in the MTA PMT Resolution.

Staff Summary

MTA BRIDGES AND TUNNELS BOARD ACTION:

MTA Bridges and Tunnels Board approval is now sought for the following resolutions, documents and supplemental resolutions attached hereto and activities in connection with the issuance of TBTA Payroll Mobility Tax Obligations in bonds, notes, commercial paper or other form of indebtedness:

- TBTA PMT Resolution, including the Annexes attached thereto;
- PMT Financing Agreement; and
- Separate Supplemental Resolutions (collectively, the "TBTA PMT Supplemental Resolutions") authorizing senior lien and second lien new money obligations ("TBTA PMT Bonds"), bond anticipation notes ("TBTA PMT BANs") and refunding obligations ("TBTA PMT Refunding Obligations"), including providing for the following:
  - The issuance of TBTA PMT Bonds and TBTA PMT BANs under the TBTA PMT Resolution, in one or more series from time to time, in an amount not to exceed $1.3 billion (reduced by TRB Bonds, TRB BANs, DTF Bonds or DTF BANs) and TBTA Refunding Obligations to refund, refinance or restructure the TBTA PMT Bonds and TBTA PMT BANs under the TBTA PMT Resolution or other MTA or TBTA obligations issued to finance transit and commuter projects, in one or more series from time to time,
  - Issuance of such TBTA PMT Bonds, TBTA PMT BANs and TBTA PMT Refunding Obligations in competitive or negotiated public sales, by direct placement or in connection with a revolving credit or other loan agreement, and
  - Parity Obligations and other Parity Debt in an amount sufficient to secure any Credit Facilities entered into in connection with the issuance of the TBTA PMT Bonds, TBTA PMT BANs and TBTA PMT Refunding Obligations.

With respect to the above-referenced financial transactions, MTA Bridges and Tunnels Board approval is also sought:

(a) delegating authority to the Chairman, the Chair of the Finance Committee, the Chief Financial Officer, the Deputy Chief, Financial Services, or the Director, Finance of MTA, or their designees, to make revisions to the TBTA PMT Resolution, PMT Financing Agreement and the TBTA Supplemental Resolutions as necessary or convenient, including to incorporate revisions requested by the rating agencies and others, and to award the obligations either pursuant to a competitive bid or to members (or entities related to such firms) of the Board-approved MTA underwriting syndicate or to federal and State programs, and to execute and/or deliver in each case, where appropriate: Notices of Sale and bid forms; Purchase Agreements with underwriters and/or other purchasers; Direct Purchase Agreements; Revolving Credit Agreements or other Loan Agreements; Official Statements and other disclosure documents; Continuing Disclosure Agreements and related filings; Remarketing Agreements and Firm Remarketing Agreements; Dealer and Broker/Dealer Agreements; Issuing and Paying Agent and Tender Agent Agreements; Credit Facilities and related Parity Reimbursement Obligations and Parity Debt; Investment Agreements; and Deposit Account Control Agreements with financial institutions to accept deposits, make transfers or withdrawals from the accounts and subaccounts established under, or in connection with, the resolutions. Any such documents will be in substantially the form of any document previously entered into by MTA or TBTA for previous issues, with such changes as approved by any one or more of the foregoing officers; and

(b) authorizing such officers to terminate, amend, supplement, replace or extend any such documents, including Credit Facilities (and related Parity Reimbursement Obligations and Parity Debt), as they shall deem advisable, and to take such other actions as may be necessary or desirable to effectuate the issuance of bonds, notes, commercial paper or other form of indebtedness and other financial transactions set forth above, on behalf of TBTA.

To maintain the ability of TBTA to finance capital projects in the capital improvement programs on a tax-exempt or tax-advantaged basis, consistent with Federal tax law, the TBTA Board must adopt a reimbursement resolution. Federal tax law requires that official action that sets forth the issuer's intent to spend tax-exempt bond proceeds on a project must be taken by an issuer that wants to reimburse itself from tax-exempt bond proceeds for capital project costs that were funded from another source of revenue.

4834-6557-5391.8

Staff Summary

The MTA Bridges and Tunnels Board is also requested to approve the attached reimbursement resolution.

In addition, due to the MTA Transformation Plan, new positions and titles are being created and the duties and responsibilities of those titles and positions are being restructured to streamline the organization. Prior resolutions and actions taken by this Board for the MTA and its subsidiaries and affiliates may have designated specific positions or titles to take certain actions, especially in financial transactions. It is therefore important that the Board delegate to the Chairman and the Chief Financial Officer the power to designate authorized officers and representatives to take all actions under any and all financial agreements, including, without limitation, bond resolutions, trust indentures, trust agreements and other financial agreements and instruments, in substitution for or in addition to such prior designations. Attached hereto is a resolution delegating to the Chairman and the Chief Financial Officer the power to make those designations for all financial agreements.

ALTERNATIVES:

The approval of the attached agreements and resolutions continues the transit and commuter financing program previously envisioned and adopted by MTA and TBTA and there are no viable alternatives.

RECOMMENDATION:

It is recommended that the MTA Bridges and Tunnels Board authorize the above-referenced resolutions and documents and all other actions described above, including the execution and delivery of such other documents, and the taking of all other actions, from time to time deemed necessary or desirable by such officers in connection therewith, including the ratification of the trustee and paying agent and other fiduciaries and consultants thereunder previously chosen by the MTA for the corresponding MTA bond resolution that meets the requirements of the resolutions, in order that MTA Bridges and Tunnels can begin to issue obligations to finance the costs of transit and commuter projects in approved Capital Programs. The authorization to issue the bonds, notes, commercial paper or other forms of indebtedness and take other related actions hereunder shall continue in effect without any further action by the MTA Bridges and Tunnels Board until the adoption by the MTA Bridges and Tunnels Board of subsequent bond supplemental resolutions relating to 2022 note and bond issues (except that 2021 BANS and Bonds may still be issued to refinance 2021 BANS outstanding at any time) unless (a) the MTA Bridges and Tunnels Board shall have confirmed the effectiveness of this authorization for an additional period, or (b) the MTA Bridges and Tunnels Board shall have modified or repealed this authorization.

PAYROLL MOBILITY TAX OBLIGATION RESOLUTION

BE IT RESOLVED by the Members of the Triborough Bridge and Tunnel Authority as follows:

ARTICLE I
STANDARD RESOLUTION PROVISIONS; DEFINITIONS

Section 101. Standard Resolution Provisions. Except as otherwise specifically provided herein or by Supplemental Resolution, the Standard Resolution Provisions Applicable to MTA and TBTA PMT Obligations and Parity Debt appended hereto as Annex A (the "**Senior Lien Standard Resolution Provisions**"), the Standard Resolution Provisions Applicable to MTA and TBTA Second Lien PMT Obligations and Second Lien Parity Debt appended hereto as Annex B (the "**Second Lien Standard Resolution Provisions**") and the Additional Resolution Provisions Applicable to MTA and TBTA Senior Lien PMT Obligations and Second Lien PMT Obligations appended hereto as Annex C (the "**PMT Standard Resolution Provisions**") constitute an integral part of the Resolution and have the same force and effect as if set forth in the forepart of the Resolution.

Section 102. Definitions. Except as the context shall otherwise require, capitalized terms used but not otherwise defined herein shall have the respective meanings set forth in the Senior Lien Standard Resolution Provisions, the Second Lien Standard Resolution Provisions or the PMT Standard Resolution Provisions, as applicable. In the event any such term is defined in one or more of the Senior Lien Standard Resolution Provisions, the Second Lien Standard Resolution Provisions, and the PMT Standard Resolution Provisions, the definition contained in the Senior Lien Standard Resolution Provisions shall control in respect of Obligations and Parity Debt and the definition contained in the Second Lien Standard Resolution Provisions shall control in respect of Second Lien Obligations and Second Lien Parity Debt. In addition, to the extent that the State, by law and consistent with their agreements set forth herein and in the Financing Agreement, changes any funds and accounts referred to herein or in the Financing Agreement, such definitions shall be deemed to include any successor provisions. The following terms shall, for all purposes of the Resolution, have the following meanings:

Authorized Purpose shall mean to pay or to provide for the payment of all or part of the Capital Costs included in a Capital Program Plan (within the meaning of Section 1269-b of the MTA Act or any successor provision) if a Capital Program Plan is then required.

Issuer shall mean TBTA.

Obligations shall mean any bonds, notes, commercial paper or other form of indebtedness of the Issuer payable from the Senior Lien Debt Service Fund, authorized by Section 201 and delivered pursuant to Section 202 or authorized pursuant to Section A-203 of Annex A, but *excluding* Obligation Anticipation Notes to the extent payable from, and expected by an Authorized Officer to be paid from, the proceeds of Obligations or other Obligation Anticipation Notes.

Obligations COI Subaccount shall mean the applicable Subaccount by that name established in the Obligations Proceeds Fund for a Series of Obligations pursuant to Section 503.

Obligations Event of Default shall mean the events defined as such in Section C-401 of Annex C.

Obligations Proceeds Account shall have the meaning given such term in Section 503.

Obligations Proceeds Fund shall mean the fund by that name established in Section 502.

Obligations Trust Estate shall mean, collectively, but subject to the terms and provisions of Section 501 and the proviso contained in Section 604 hereof, all right, title and interest of the Issuer in:

(i) the proceeds of the sale of the Obligations;

(ii) (x) the Financing Agreement, including the right of the Issuer to receive the PMT Receipts thereunder and (y) the funds and accounts established under the Financing Agreement into which the PMT Receipts are to be deposited;

(iii) the Obligations Proceeds Fund and the Senior Lien Debt Service Fund, any money on deposit therein and any money received and held by the Issuer which is required to be deposited therein;

(iv) all Funds, Accounts and Subaccounts established by the Resolution (other than (a) the Second Lien Obligations Proceeds Fund and the Second Lien Debt Service Fund, and any accounts and subaccounts therein and (b) funds and any accounts and subaccounts therein established pursuant to a Supplemental Resolution in connection with Variable Interest Rate Obligations, Put Obligations or Parity Debt; provided, however, that, in the case of funds described in clause (b) hereof, such funds, accounts and subaccounts are specifically excepted from the Obligations Trust Estate by the Supplemental Resolution authorizing such Variable Interest Rate Obligations, Put Obligations or Parity Debt), including the investments, if any, thereof; and

(v) all funds, moneys and securities and any and all other rights and interests in property, whether tangible or intangible, from time to time hereafter by delivery or by writing of any kind conveyed, mortgaged, pledged, assigned or transferred as and for additional security hereunder for the Obligations by the Issuer, or by anyone on its behalf, or with its written consent, to the Trustee, which is hereby authorized to receive any and all such property at any and all times, and to hold and apply the same subject to the terms hereof.

Other Subordinated Obligations shall mean any payment obligation (other than a payment obligation constituting Parity Debt or Second Lien Parity Debt) arising under any other contract, agreement or other obligation of the Issuer designated as "Other Subordinated Obligations" in a certificate of an Authorized Officer of the Issuer payable from amounts available to be transferred in accordance with this Resolution or the Financing Agreement and shall include, without limitation, swap termination or other fees, expenses, indemnification or other such obligations, Reimbursement Obligations not constituting Parity Reimbursement

Obligations, and Reimbursement Second Lien Obligations not constituting Parity Reimbursement Second Lien Obligations.

PMT Receipts shall mean the Mobility Tax Receipts and the ATA Receipts.

Principal Payment Date shall mean the dates specified as such in the applicable Supplemental Resolution.

Refunding Obligations shall mean all Obligations authenticated and delivered on original issuance pursuant to Section C-202 of Annex C.

Refunding Second Lien Obligations shall mean all Second Lien Obligations authenticated and delivered upon original issuance pursuant to Section C-204 of Annex C.

Resolution shall mean this Payroll Mobility Tax Obligation Resolution (including the Senior Lien Standard Resolution Provisions appended hereto as Annex A, the Second Lien Standard Resolution Provisions appended hereto as Annex B and the PMT Standard Resolution Provisions appended hereto as Annex C), as from time to time amended or supplemented by Supplemental Resolutions in accordance with the terms hereof.

Second Lien Debt Service Fund shall mean the Fund by that name established in Section 502.

Second Lien Debt Service Fund Requirement shall mean, as of any date, the greater of (1) an amount equal to the sum of the Monthly Second Lien Deposit Requirements required to have been deposited under the Financing Agreement attributable to all Second Lien Obligations and Second Lien Parity Debt payable over the immediately succeeding 12-month period or (2) an amount equal to the sum of the amounts of accrued and unpaid Second Lien Obligation Debt Service with respect to all Second Lien Obligations and Second Lien Parity Debt, calculating the accrued Second Lien Obligation Debt Service with respect to Outstanding Second Lien Obligations at an amount equal to the sum of (i) as estimated by an Authorized Officer, interest on the Second Lien Obligations and interest components of Second Lien Parity Debt accrued and unpaid and to accrue to the end of the then current calendar month, and (ii) Second Lien Obligation Principal Installments due and unpaid and that portion of the Second Lien Obligation Principal Installment for such Second Lien Obligations and Second Lien Parity Debt next due which would have accrued (if deemed to accrue in the manner set forth in the definition of Debt Service) to the end of such calendar month. For purposes of calculating deposits relating to the Second Lien Debt Service Fund, Second Lien Obligation Principal Installments shall not include amounts that an Authorized Officer has notified the Second Lien Trustee are to be paid from sources other than Mobility Tax Receipts and ATA Tax Receipts, nor shall Accrued Second Lien Debt Service include any amounts that, as certified by an Authorized Officer, have been set aside hereunder or otherwise in trust for the payment thereof; *provided, however, that* the amount calculated pursuant to clause (i) above for any Series of Second Lien Obligations shall never exceed the interest due and payable on such next succeeding Interest Payment Date (including additional interest pursuant to any related Second Lien Parity Debt) and the amount calculated pursuant to clause (ii) shall never exceed the Principal Installment due on the next succeeding Principal Payment Date; and *provided further that*, with respect to each Series of Second Lien

Obligations, commencing five Business Days prior to each Debt Service Payment Date, the Second Lien Debt Service Requirement shall be no less than the interest and Principal Installments, if any, payable on such Debt Service Payment Date with respect to such Series. For purposes of computing the Second Lien Debt Service Fund Requirement, the Second Lien Obligations of a Series and any Second Lien Parity Debt payable on each different Interest Payment Date shall be treated as a separate Series, and if Second Lien Obligations of any Series or any Second Lien Parity Debt have different Interest/and or Principal Payment Dates, such computation shall be done separately in respect of each such Interest and/or Principal Payment Date.

Second Lien Obligations shall mean any bonds, notes, commercial paper or other forms of indebtedness of the Issuer, payable from the Second Lien Debt Service Fund, authorized by Section 203 and delivered pursuant to Section 204 or authorized pursuant to Section B-203 of Annex B, but *excluding* Second Lien Obligation Anticipation Notes to the extent payable from, and expected by an Authorized Officer to be paid from, the proceeds of Second Lien Obligations or other Second Lien Obligation Anticipation Notes. All Second Lien Obligations shall be payable and secured in the manner permitted by Article V, and any lien on and pledge of any portion of the Second Lien Obligations Trust Estate securing Second Lien Obligations shall be junior and inferior to the lien on and a pledge of the Obligations Trust Estate herein created for the payment of the Obligations and Parity Debt.

Second Lien Obligations COI Subaccount shall mean the applicable Subaccount by that name established in the Second Lien Obligations Proceeds Fund for a Series of Second Lien Obligations pursuant to Section 504.

Second Lien Obligations Event of Default shall mean the events defined as such in Section C-404 of Annex C.

Second Lien Obligations Proceeds Fund shall mean the Fund by that name established in Section 502.

Second Lien Obligations Trust Estate shall mean, collectively, but subject to the terms and provisions of subordination set forth in Article V and the proviso contained in Section 604 hereof, all right, title and interest of the Issuer in:

(i) the proceeds of the sale of the Second Lien Obligations;

(ii) (x) the Financing Agreement, including the right of the Issuer to receive the PMT Receipts thereunder and (y) the funds and accounts established under the Financing Agreement into which the PMT Receipts are to be deposited;

(iii) the Second Lien Obligations Proceeds Fund and the Second Lien Debt Service Fund, any money on deposit therein and any money received and held by the Issuer which is required to be deposited therein, subject to the subordination provisions set forth in Article V of the Resolution;

(iv) all Funds, Accounts and Subaccounts established by the Resolution (other than (a) the Obligations Proceeds Fund and the Senior Lien Debt Service

Fund, and any accounts and subaccounts therein and (b) funds and any accounts and subaccounts therein established pursuant to a Supplemental Resolution in connection with Variable Interest Rate Second Lien Obligations, Second Lien Put Obligations or Second Lien Parity Debt; provided, however, that, in the case of funds described in clause (b) hereof, such funds, accounts and subaccounts are specifically excepted from the Second Lien Obligations Trust Estate by the Supplemental Resolution authorizing such Variable Interest Rate Second Lien Obligations, Second Lien Put Obligations or Second Lien Parity Debt), including the investments, if any, thereof, subject to the subordination provisions set forth in Article V of the Resolution; and

(v) all funds, moneys and securities and any and all other rights and interests in property, whether tangible or intangible, from time to time hereafter by delivery or by writing of any kind conveyed, mortgaged, pledged, assigned or transferred as and for additional security hereunder for the Second Lien Obligations by the Issuer, or by anyone on its behalf, or with its written consent, to the Second Lien Trustee, which is hereby authorized to receive any and all such property at any and all times, and to hold and apply the same subject to the terms hereof.

Second Lien Parity Owners shall have the meaning set forth in Annex C.

Second Lien Trustee shall mean the Trustee or, if so provided in the Supplemental Resolution creating any Second Lien Obligations or Second Lien Parity Debt, the entity meeting the requirements of subdivision 3 of Section B-710 of Annex B and designated as Second Lien Trustee in a Supplemental Resolution.

Senior Lien Debt Service Fund shall mean the Fund by that name established in Section 502.

Senior Lien Debt Service Fund Requirement shall mean, as of any date, the greater of (1) an amount equal to the sum of the Monthly Senior Lien Deposit Requirements required to have been deposited under the Financing Agreement attributable to all Obligations and Parity Debt payable over the immediately succeeding 12-month period or (2) an amount equal to the sum of the amounts of accrued and unpaid Obligation Debt Service with respect to all Outstanding Obligations and Parity Debt, calculating the accrued Debt Service with respect to Outstanding Obligations at an amount equal to the sum of (i) as estimated by an Authorized Officer, the interest on the Obligations and interest components of Parity Debt accrued and unpaid and to accrue to the end of the then current calendar month, and (ii) the Principal Installments due and unpaid and that portion of the Principal Installment for such Obligations and Parity Debt next due which would have accrued (if deemed to accrue in the manner set forth in the definition of Debt Service) to the end of such calendar month. For purposes of calculating deposits relating to the Senior Lien Debt Service Fund, Principal Installments shall not include amounts that an Authorized Officer has notified the Trustee are to be paid from sources other than Mobility Tax Receipts and ATA Tax Receipts, nor shall Accrued Senior Lien Debt Service include any amounts that, as certified by an Authorized Officer, have been set aside hereunder or otherwise in trust for the payment thereof; *provided, however, that* the amount calculated

pursuant to clause (i) above for any Series of Obligations shall never exceed the interest due and payable on such next succeeding Interest Payment Date (including additional interest pursuant to any related Parity Debt) and the amount calculated pursuant to clause (ii) shall never exceed the Principal Installment due on the next succeeding Principal Payment Date; and *provided further that*, with respect to each Series of Obligations, commencing five Business Days prior to each Debt Service Payment Date, the Senior Lien Debt Service Fund Requirement shall be no less than the interest and Principal Installments, if any, payable on such interest payment date with respect to such Series. For purposes of computing the Senior Lien Debt Service Fund Requirement, the Obligations of a Series and any Parity Debt payable on each different Debt Service Payment Date shall be treated as a separate Series, and if Obligations of any Series or any Parity Debt have different Interest and/or Principal Payment Dates, such computation shall be done separately in respect of each such Interest and/or Principal Payment Date.

Senior Lien Parity Owners shall have the meaning set forth in Annex C.

Subaccount or **Subaccounts** shall mean each subaccount or all of the subaccounts established in Article V, as the case may be.

Section 103. Interpretation; Amendments to Certain Standard Resolution Provisions.

1. Second Lien Obligations shall constitute Subordinated Indebtedness and Second Lien Parity Debt shall constitute Subordinated Contract Obligations for purposes of Annex A hereto.

2. Subsection 4 of Section A-202 of Annex A is hereby amended to delete all references therein to "Subordinated Contract Obligations and inserting "Other Subordinated Obligations" in replacement thereof.

3. Notwithstanding any other provisions of the Resolution, including Annexes A, B and C, to the extent the consent of Owners of Obligations and Second Lien Owners is at any time required, the existence of the consent of the required percentages of Owners of Obligations and of Second Lien Owners shall be determined separately for Obligations and for Second Lien Obligations.

ARTICLE II
AUTHORIZATION AND ISSUANCE OF OBLIGATIONS AND SECOND LIEN OBLIGATIONS

Section 201. Authorization of the Obligations and Parity Debt.

1. The Resolution hereby authorizes Obligations of the Issuer designated as "Payroll Mobility Tax Obligations", which Obligations, if and when authorized by the Issuer pursuant to one or more Supplemental Resolutions, may be issued in one or more Series or subseries. Obligations may be issued as Tax-Exempt Obligations, as Taxable Obligations, as obligations which convert on a particular date or dates from Taxable Obligations to Tax-Exempt Obligations, or as Taxable Obligations which are mandatorily exchangeable on a particular date or dates for Tax-Exempt Obligations, or otherwise as determined by Supplemental Resolution and not contrary to the Resolution as then in effect. The Obligations shall be *special obligations* of the Issuer payable solely from the Obligations Trust Estate pledged to the payment thereof pursuant to subsection 1 of Section 501, but subject to the proviso contained in Section 604 hereof. The aggregate principal amount of the Obligations which may be executed, authenticated and delivered under the Resolution is not limited except as provided in the Resolution or as may from time to time be limited by law.

2. The Obligations may, if and when authorized by the Issuer pursuant to one or more Supplemental Resolutions, be issued in one or more Series or subseries, and the designations thereof, in addition to the name "Payroll Mobility Tax Bonds", shall include such further or different designations in such title for the Obligations of any particular Series or subseries as the Issuer may determine. Each Obligation shall bear upon its face the designation so determined for the Series or subseries to which it belongs.

3. Nothing in the Resolution shall be deemed to prevent the consolidation into a single Series or subseries for purposes of issuance and sale of Obligations otherwise permitted by the Resolution to be issued at the same time in two or more separate Series or subseries. In the event that separate Series or subseries are combined for purposes of issuance and sale, they may be issued under a single Supplemental Resolution notwithstanding any other provision of the Resolution. Nothing in the Resolution (except to the extent required by Supplemental Resolution) shall be deemed to prevent the separation into separate Series or subseries for purposes of issuance and sale of Obligations otherwise permitted by the Resolution to be issued in one Series or subseries.

4. Obligations may be issued for any Authorized Purpose.

Section 202. General Provisions for Issuance of Obligations. Obligations may be issued for any Authorized Purpose pursuant to a Supplemental Resolution upon (a) satisfaction of the provisions of Section A-201 of Annex A, except that the Opinion of Bond Counsel required by Section A-201.2(a)(iii) of Annex A shall be to the effect that the Obligations are valid, binding, special obligations of the Issuer, enforceable in accordance with their terms and the terms of the Resolution and entitled to the benefits of the Issuer Act and the Resolution, as

amended to the date of such Opinion of Bond Counsel, (b) satisfaction of the provisions of Section C-201 of Annex C, and (c) receipt by the Trustee of a copy of the Financing Agreement, certified by an Authorized Officer of the Issuer.

Section 203. Authorization of Second Lien Obligations.

1. The Resolution hereby authorizes Second Lien Obligations of the Issuer designated as "Payroll Mobility Tax Second Lien Obligations", which Second Lien Obligations, if and when authorized by the Issuer pursuant to one or more Supplemental Resolutions, may be issued in one or more Series or subseries. Second Lien Obligations may be issued as Tax-Exempt Second Lien Obligations, as Taxable Second Lien Obligations, as obligations which convert on a particular date or dates from Taxable Second Lien Obligations to Tax-Exempt Second Lien Obligations, or as Taxable Second Lien Obligations which are mandatorily exchangeable on a particular date or dates for Tax-Exempt Second Lien Obligations, or otherwise as determined by Supplemental Resolution and not contrary to the Resolution as then in effect. The Second Lien Obligations shall be *special obligations* of the Issuer payable solely from the Second Lien Obligations Trust Estate pledged to the payment thereof pursuant to subsection 5 of Section 501, but subject to the proviso contained in Section 604 hereof. The aggregate principal amount of the Second Lien Obligations which may be executed, authenticated and delivered under the Resolution is not limited except as provided in the Resolution or as may from time to time be limited by law.

2. The Second Lien Obligations may, if and when authorized by the Issuer pursuant to one or more Supplemental Resolutions, be issued in one or more Series or subseries, and the designations thereof, in addition to the name "Payroll Mobility Tax Second Lien Obligations", shall include such further or different designations in such title for the Second Lien Obligations of any particular Series or subseries as the Issuer may determine. Each Second Lien Obligation shall bear upon its face the designation so determined for the Series or subseries to which it belongs.

3. Nothing in the Resolution shall be deemed to prevent the consolidation into a single Series or subseries for purposes of issuance and sale of Second Lien Obligations otherwise permitted by the Resolution to be issued at the same time in two or more separate Series or subseries. In the event that separate Series or subseries are combined for purposes of issuance and sale, they may be issued under a single Supplemental Resolution notwithstanding any other provision of the Resolution. Nothing in the Resolution (except to the extent required by Supplemental Resolution) shall be deemed to prevent the separation into separate Series or subseries for purposes of issuance and sale of Second Lien Obligations otherwise permitted by the Resolution to be issued in one Series or subseries.

4. Second Lien Obligations may be issued for any Authorized Purpose.

Section 204. General Provisions for Issuance of Second Lien Obligations. Second Lien Obligations may be issued pursuant to a Supplemental Resolution upon (a) satisfaction of the provisions of Section B-201 of Annex B, except that the Opinion of Bond Counsel required by Section B-201.2(a)(iii) of Annex B shall be to the effect that the Second Lien Obligations are valid and binding special obligations of the Issuer, enforceable in accordance with their terms

and the terms of the Resolution and entitled to the benefits of the Issuer Act and the Resolution, each as amended to the date of such Opinion of Bond Counsel, (b) satisfaction of the provisions of Section C-203 of Annex C, and (c) receipt by the Second Lien Trustee of a copy of the Financing Agreement, certified by an Authorized Officer of the Issuer.

ARTICLE III
FORM OF OBLIGATIONS AND SECOND LIEN OBLIGATIONS

Section 301. Form of Obligations. Subject to the provisions of the Resolution and except as otherwise provided pursuant to a Supplemental Resolution, each Series of Obligations shall be issued as fully registered securities in substantially the form provided in Exhibit One appended hereto. Any Authorized Officer executing and delivering any such Obligations may make such changes in the form thereof as deemed necessary or convenient by such Authorized Officer, including changes to conform with (i) the terms of sale, (ii) the provisions of the related Supplemental Resolution, (iii) the requirements of the related Securities Depository, provider of a Credit Facility or Rating Agency, (iv) industry practice or (v) federal, State or City regulatory requirements, and the execution (whether manual or by facsimile) and delivery of any such obligations shall be conclusive evidence of the approval of all terms thereof by such Authorized Officer.

Section 302. Form of Second Lien Obligations. Subject to the provisions of the Resolution and except as otherwise provided pursuant to a Supplemental Resolution, each Series of Second Lien Obligations shall be issued as fully registered securities in substantially the form provided in Exhibit Two appended hereto. Any Authorized Officer executing and delivering any such Second Lien Obligations may make such changes in the form thereof as deemed necessary or convenient by such Authorized Officer, including changes to conform with (i) the terms of sale, (ii) the provisions of the related Supplemental Resolution, (iii) the requirements of the related Securities Depository, provider of a Second Lien Obligation Credit Facility or Rating Agency, (iv) industry practice or (v) federal, State or City regulatory requirements, and the execution (whether manual or by facsimile) and delivery of any such obligations shall be conclusive evidence of the approval of all terms thereof by such Authorized Officer.

ARTICLE IV
REDEMPTION AT DEMAND OF THE STATE OR THE CITY

Section 401. Redemption at Demand of the State or the City. Except as otherwise provided pursuant to a Supplemental Resolution, either the State or the City may, upon furnishing sufficient funds therefor, require the Issuer to redeem all or any portion of the Obligations or Second Lien Obligations as provided in the Issuer Act as in effect on the date any such Obligations or Second Lien Obligations were issued.

ARTICLE V
PLEDGE; MAINTENANCE AND ESTABLISHMENT OF FUNDS AND ACCOUNTS AND APPLICATION THEREOF

Section 501. The Pledge Effected by the Resolution.

1. There are hereby pledged for the payment of the principal and Redemption Price of, and interest on, and Sinking Fund Installments for, the Obligations and, on a parity basis, the Parity Debt, in accordance with their terms and the provisions of the Resolution, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution, all right, title and interest of the Issuer in the Obligations Trust Estate.

2. The pledge created by subsection 1 of this Section 501 shall in all respects secure on a *pari passu* basis all of the Obligations and Parity Debt and, except as expressly so provided, nothing contained in the Resolution shall be deemed to confer on the Owners of any Obligations or Parity Debt any rights in the Obligations Trust Estate superior or inferior to the Owners of any other Obligations or Parity Debt. The Obligations and Parity Debt are payable solely from the Obligations Trust Estate.

3. The pledge created by subsection 1 of this Section 501 shall be valid and binding from and after the date of issuance and delivery of the first Obligations, and the Obligations Trust Estate shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Issuer irrespective of whether such parties have notice thereof.

4. Subject to the provisions of subsections 1 and 9 of this Section 501, the Obligations Trust Estate is and shall be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge created by the Resolution, and all corporate action on the part of the Issuer to that end has been duly and validly taken. Notwithstanding the foregoing, all right, title and interest of the Issuer in and to the Financing Agreement and receipt of amounts payable thereunder for the benefit of Obligations and Parity Debt, is of equal rank with the all right, title and interest of the MTA in and to the Financing Agreement and receipt of amounts payable thereunder for the benefit of MTA Obligations and MTA Parity Debt.

5. The Second Lien Obligations and Second Lien Parity Debt constitute Subordinated Indebtedness (as defined in Annex A) and the rights of Second Lien Owners and holders of Second Lien Parity Debt to payment of principal of and interest on the Second Lien Obligations and Second Lien Parity Debt are subordinated to the rights of Owners of Obligations and Parity Debt to the extent and in the manner provided in this Article V and the Financing Agreement. There are hereby pledged for the payment of the principal and Redemption Price of, interest on, and Second Lien Sinking Fund Installments for, the Second Lien Obligations and, on a parity basis, Second Lien Parity Debt, in accordance with their terms and the provisions of the

Resolution, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution, all right, title and interest of the Issuer in the Second Lien Obligations Trust Estate.

6. The Second Lien Obligations and Second Lien Parity Debt are payable solely from the Second Lien Obligations Trust Estate which Second Lien Obligations Trust Estate is subject, subordinate and junior to the Obligations Trust Estate with respect to payments to be made on account of Obligations and Parity Debt as set forth in paragraph 8 below. The Second Lien Obligations and Second Lien Parity Debt shall be payable from such amounts as shall from time to time be available for transfer pursuant to the Financing Agreement, and any amounts so transferred shall thereafter be free and clear of the lien of the Obligations Trust Estate. The pledge created by this subsection 5 shall in all respects secure on a *pari passu* basis all of the Second Lien Obligations and Second Lien Parity Debt and, except as expressly so provided, nothing contained in the Resolution shall be deemed to confer on any Second Lien Owners and the holders of any Second Lien Parity Debt any rights in the Second Lien Obligations Trust Estate superior or inferior to the Second Lien Owners of any other Second Lien Obligations and the holders of any Second Lien Parity Debt.

7. The pledge created by subsection 5 of this Section 501 shall be valid and binding from and after the date of issuance and delivery of the first Second Lien Obligations, and the Second Lien Obligations Trust Estate shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Issuer irrespective of whether such parties have notice thereof.

8. Subject to the provisions of subsections 1 and 5 of this Section 501, the Second Lien Obligations Trust Estate is and shall be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge created by the Resolution, and all corporate action on the part of the Issuer to that end has been duly and validly taken. Notwithstanding the foregoing, all right, title and interest of the Issuer in and to the Financing Agreement and receipt of amounts payable thereunder for the benefit of Second Lien Obligations and Second Lien Parity Debt, is (a) subordinate to (i) the right, title and interest of the Issuer in and to the Financing Agreement and receipt of amounts payable thereunder for the benefit of Obligations and Parity Debt and (ii) the right, title and interest of the MTA in and to the Financing Agreement and receipt of amounts payable thereunder for the benefit of MTA Obligations and MTA Parity Debt and (b) of equal rank with the right, title and interest of the MTA in and to the Financing Agreement and receipt of amounts payable thereunder for the benefit of MTA Second Lien Obligations and MTA Second Lien Parity Debt.

9. Nothing contained in this Section 501 shall be construed as limiting any authority granted to the Issuer elsewhere in the Resolution to issue or incur Obligation Anticipation Notes or Second Lien Obligation Anticipation Notes or shall be deemed a limitation upon the authority of the Issuer to issue any other bonds, notes or other obligations under the Issuer Act secured by any income and funds other than the Obligations Trust Estate or the Second Lien Obligations Trust Estate, including Subordinated Indebtedness or Subordinated Contract Obligations. In accordance with Section A-203 of Annex A in connection with Obligation Anticipation Notes and in accordance with Section B-203 of Annex B in connection with Second Lien Obligation

Anticipation Notes, the proceeds and other amounts from Obligation Anticipation Notes renewals and Second Lien Obligation Anticipation Notes renewals, respectively, and bonds or other obligations issued to refinance such Obligation Anticipation Notes and Second Lien Obligation Anticipation Notes, respectively, may be pledged for the payment of the principal, premium, and interest on such Obligation Anticipation Notes and Second Lien Obligation Anticipation Notes, respectively, and any such pledge of proceeds and other amounts related to such renewals and refinancing bonds or other obligations shall have priority over any other pledge created by the Resolution, including this Section 501.

Section 502. Establishment of Funds, Accounts and Subaccounts.

1. The following Funds are hereby established:

(a) The Obligations Proceeds Fund, which shall be held and administered by the Issuer;

(b) The Second Lien Obligations Proceeds Fund, which shall be held and administered by the Issuer;

(c) The Senior Lien Debt Service Fund, which shall be held and administered by the Trustee; and

(d) The Second Lien Debt Service Fund, which shall be held and administered by the Trustee or, if so provided in a Supplemental Resolution, the Second Lien Trustee.

2. Amounts held at any time by the Issuer, the Trustee or the Second Lien Trustee in any of the Funds or Accounts established pursuant to this Section shall be held in trust separate and apart from all other funds. Additional funds, accounts or subaccounts may be established by the Issuer in its discretion pursuant to this Section upon the delivery of a certificate to the Trustee or Second Lien Trustee, as applicable, or by Supplemental Resolution.

3. Except as otherwise provided herein or in a Supplemental Resolution, all investment income earned on amounts on deposit in the Funds, Accounts or Subaccounts established under the Resolution shall remain on deposit in such Funds, Accounts or Subaccounts and applied in accordance with the provisions applicable to such Funds, Accounts or Subaccounts.

Section 503. Obligations Proceeds Fund and Application Thereof.

1. There shall be established within the Obligations Proceeds Fund a separate account ("Obligations Proceeds Account") for each Series of Obligations and within each such Account a separate Obligations COI Subaccount. Additional Subaccounts may be established by certificate of an Authorized Officer within each such Obligations Proceeds Account.

2. The Issuer shall pay into the Obligations Proceeds Fund and each Obligations Proceeds Account, if any, and each Subaccount, if any, such amounts as shall be provided for by Supplemental Resolution or in the resolution authorizing Obligation Anticipation Notes. The portion of any such amount determined by Supplemental Resolution to be used for the payment

of Costs of Issuance shall be paid into and disbursed from the related Obligations COI Subaccount. Excess amounts in any Obligation COI Subaccount may be transferred by the Issuer to the related Obligations Proceeds Account and applied for an Authorized Purpose in the manner and upon such conditions, if any, as the Issuer may provide in the Supplemental Resolution authorizing such Obligations or transferred by the Issuer to the Senior Lien Debt Service Fund and applied to the payment of interest on the related Obligations.

3. Unless otherwise provided for in a Supplemental Resolution or in the resolution authorizing Obligation Anticipation Notes, amounts in each Obligations Proceeds Account and each Subaccount shall be applied for an Authorized Purpose in the manner and upon such conditions, if any, as the Issuer may provide in such Supplemental Resolution or in the resolution authorizing Obligation Anticipation Notes; *provided, however, that*, subject to any priority for Obligation Anticipation Notes, if on any Interest Payment Date or Principal Payment Date the amounts in the Senior Lien Debt Service Fund shall be less than Debt Service payable on such date, the Issuer shall apply amounts from the Obligations Proceeds Fund to the extent necessary to make up the deficiency; *provided, further, however that* if the amounts to be applied to make up any such deficiency are proceeds of Tax-Exempt Obligations, such amounts shall not be so applied unless there shall be filed with the Trustee and the Issuer an opinion of Bond Counsel to the effect that such action will not adversely affect the exclusion of interest on any Series of Tax-Exempt Obligations.

Section 504. Second Lien Obligations Proceeds Fund and Application Thereof.

1. There shall be established within the Second Lien Obligations Proceeds Fund a separate account ("Second Lien Obligations Proceeds Account") for each Series of Second Lien Obligations and within each such Account a separate Second Lien Obligations COI Subaccount. Additional Subaccounts may be established by certificate of an Authorized Officer within each such Second Lien Proceeds Account.

2. The Issuer shall pay into the Second Lien Obligations Proceeds Fund and each Second Lien Proceeds Account and each Second Lien Obligations COI Subaccount, such amounts as shall be provided for by Supplemental Resolution or in the resolution authorizing Second Lien Obligation Anticipation Notes. The portion of any such amount determined by Supplemental Resolution to be used for the payment of Second Lien Costs of Issuance shall be paid into and disbursed from the related Second Lien Obligations COI Subaccount. Excess amounts in any Second Lien Obligations COI Subaccount may be transferred by the Issuer to the related Second Lien Obligation Proceeds Account and applied for an Authorized Purpose in the manner and upon such conditions, if any, as the Issuer may provide in the Supplemental Resolution authorizing such Second Lien Obligations or transferred by the Issuer to the Second Lien Debt Service Fund and applied to the payment of interest on the related Second Lien Obligations.

3. Unless otherwise provided for in a Supplemental Resolution or in the resolution authorizing Second Lien Obligation Anticipation Notes, amounts in each Second Lien Proceeds Account, if any, and each Subaccount, if any, shall be applied for an Authorized Purpose in the manner and upon such conditions, if any, as the Issuer may provide in such Supplemental Resolution or in the resolution authorizing Second Lien Obligation Anticipation Notes; *provided,*

however, that, subject to any priority for Second Lien Obligation Anticipation Notes, if on any Interest Payment Date or Second Lien Obligations Principal Payment Date the amounts in the Second Lien Debt Service Fund shall be less than Second Lien Debt Service payable on such date, the Issuer shall apply amounts from the Second Lien Obligations Proceeds Fund to the extent necessary to make up the deficiency; *provided, further, however that* if the amounts to be applied to make up any such deficiency are proceeds of Tax-Exempt Obligations, such amounts shall not be so applied unless there shall be filed with the Trustee and the Issuer an opinion of Bond Counsel to the effect that such action will not adversely affect the exclusion of interest on any Series of Tax-Exempt Obligations.

Section 505. Senior Lien Debt Service Fund.

1. The Trustee shall deposit, upon receipt thereof, all amounts transferred to the Trustee for deposit in the Senior Lien Debt Service Fund in accordance with the Financing Agreement.

2. The Trustee shall pay out of the Senior Lien Debt Service Fund to the respective Paying Agents (i) on or before each Interest Payment Date for any of the Obligations and any related Parity Debt, the amount required for the interest payable on such date; (ii) on or before each Principal Payment Date, the amount required for the Principal Installment (including the portion thereof payable in respect of Parity Debt) payable on such due date; and (iii) on or before any redemption date for the Obligations or Parity Debt which occurs on any date other than an Interest Payment Date, the amount required for the payment of interest on the Obligations or Parity Debt then to be redeemed. Such amounts shall be applied by the Paying Agents to such payments on and after the due dates thereof.

3. If on any date the sum of the amounts on deposit in the Senior Lien Debt Service Fund exceeds the Senior Lien Debt Service Fund Requirement calculated as of such date, the Trustee shall, upon direction of the Issuer, first apply any or all of such excess to cure or reduce any deficiency then existing in any Fund or Account under the Resolution and then transfer any and all of the remaining amount of such excess to the Issuer or as otherwise required or permitted by law free and clear of any lien, pledge and claim under the Resolution.

4. In the event of the refunding (including in connection with any payment at maturity, redemption, purchase, tender or exchange) of any Obligations, the Trustee shall, upon the direction of the Issuer, (a) withdraw from the Senior Lien Debt Service Fund all or any portion of the amounts accumulated therein with respect to the Debt Service on the Obligations being refunded and deposit such amounts, free and clear of any lien, pledge or claim of the Resolution, with itself as Trustee or with an escrow agent to be held in trust solely for the purchase, exchange or payment of the principal or Redemption Price, if applicable, of and interest on the Obligations being refunded, (b) apply such amounts to pay the Costs of Issuance of the Refunding Obligations, (c) deposit or transfer to the Trustee to deposit such amounts in any Fund or Account established hereunder, or (d) pay such amounts over to the Issuer or to the MTA free and clear of any lien, pledge or claim under the Resolution for deposit, in the discretion of the Issuer, into any fund or account as otherwise required or permitted by law; provided, however, that no such withdrawal or deposit shall be made unless (i) upon such refunding, the Obligations being refunded shall be deemed to have been paid within the meaning

and with the effect provided in Section A-901 of Annex A, and (ii) at the time of and giving effect to such withdrawal and refunding, there shall exist no deficiency in any Fund or Account established under the Resolution.

5. Notwithstanding the foregoing provisions of subsections 3 and 4 of this Section 505, in the event the Trustee transfers to the Issuer any excess amounts in the Senior Lien Debt Service Fund under subsection 3 or the Trustee pays to the Issuer any amount under clause (d) of subsection 4, the Issuer shall, before using such moneys for any other purpose, determine that there are no debt service fund deficiencies relating to (i) MTA Obligations or MTA Parity Debt, or (ii) (a) MTA Second Lien Obligations or MTA Second Lien Parity Debt or (b) TBTA Second Lien Obligations or TBTA Second Lien Parity Debt, in which case the Issuer shall transfer such moneys to the Applicable Trustees in the following order of priority: first, in such amount as required to cure any deficiencies with respect to MTA Obligations or MTA Parity Debt, and second, in such amounts as required to cure any such deficiencies with respect to MTA Second Lien Obligations and MTA Second Lien Parity Debt and TBTA Second Lien Obligations and TBTA Second Lien Parity Debt (provided, however, that if the excess amounts shall be insufficient to cure all such Second Lien deficiencies then such amounts shall be transferred to the Second Lien Trustee pro rata (in proportion to the amount of any deficiencies relative to each other) on a *pari passu* basis).

Section 506. Second Lien Debt Service Fund.

1. The Second Lien Trustee shall deposit, upon receipt thereof, all amounts transferred to the Second Lien Trustee for deposit in the Second Lien Debt Service Fund in accordance with the Financing Agreement.

2. The Second Lien Trustee shall pay out of the Second Lien Debt Service Fund to the respective Paying Agents (i) on or before each Interest Payment Date for any of the Second Lien Obligations and any related Second Lien Parity Debt, the amount required for the interest payable on such date; (ii) on or before each Second Lien Principal Payment Date, the amount required for the Second Lien Principal Installment (including the portion thereof payable in respect of a Second Lien Parity Debt) payable on such due date; and (iii) on or before any redemption date for the Second Lien Obligations or Second Lien Parity Debt which occurs on any Interest Payment Date, the amount required for the payment of interest on the Second Lien Obligations or Second Lien Parity Debt then to be redeemed. Such amounts shall be applied by the Paying Agents to such payments on and after the due dates thereof.

3. If on any date the sum of the amounts on deposit in the Second Lien Debt Service Fund exceeds the Second Lien Debt Service Fund Requirement calculated as of such date, the Second Lien Trustee shall, upon direction of the Issuer, first apply or transfer to the Trustee or the Second Lien Trustee, as appropriate, to apply any or all of such excess to cure or reduce any deficiency then existing in any Fund or Account under this Resolution and then transfer any and all of the remaining amount of such excess to the Issuer free and clear of any lien, pledge and claim under the Resolution.

4. In the event of the refunding (including in connection with any payment at maturity, redemption, purchase, tender or exchange) of any Second Lien Obligations, the Second

Lien Trustee shall, upon the direction of the Issuer, (a) withdraw from the Second Lien Debt Service Fund all or any portion of the amounts accumulated therein with respect to the Debt Service on the Second Lien Obligations being refunded and deposit such amounts, free and clear of any lien, pledge or claim of this Resolution, with itself as Second Lien Trustee or with an escrow agent to be held in trust solely for the purchase, exchange or payment of the principal or Redemption Price, if applicable, of and interest on the Second Lien Obligations being refunded, (b) apply such amounts to pay the Costs of Issuance of the Refunding Second Lien Obligations, (c) deposit or transfer to the Second Lien Trustee to deposit such amounts in any Fund or Account established hereunder, or (d) pay such amounts over to the Issuer or to the MTA free and clear of any lien, pledge or claim under the Resolution for deposit, in the discretion of the Issuer, into any fund or account or as otherwise required or permitted by law; provided, however, that no such withdrawal or deposit shall be made unless (i) upon such refunding, the Second Lien Obligations being refunded shall be deemed to have been paid within the meaning and with the effect provided in Section A-901 of Annex A, and (ii) at the time of and giving effect to such withdrawal and refunding, there shall exist no deficiency in any Fund or Account established under the Resolution.

5. The Issuer shall have the right to covenant with Persons to whom Second Lien Obligations and Second Lien Parity Debt run and with the Second Lien Owners or holders from time to time of Second Lien Obligations and Second Lien Parity Debt in order to add to the conditions, limitations and restrictions under which any Additional Obligations or Refunding Obligations may be issued or Parity Debt may be incurred; provided, however, that the Supplemental Resolution or indenture or other agreement providing for the issuance of such Second Lien Obligations and Second Lien Parity Debt or the incurrence of such Second Lien Obligations and Second Lien Parity Debt shall not permit the holders of such obligations to declare the same, nor to instruct such holders' trustee to declare the same, to be immediately due and payable prior to any time that all Obligations and Parity Debt have become due and payable.

6. The Issuer shall have the right to covenant with Persons to whom Other Subordinated Obligations run and with the holders from time to time of Other Subordinated Obligations in order to add to the conditions, limitations and restrictions under which any Additional Obligations, Refunding Obligations, Additional Second Lien Obligations or Refunding Obligations may be issued or Parity Debt or Second Lien Parity Debt may be incurred; provided, however, that the Supplemental Resolution or indenture or other agreement providing for the issuance of such Other Subordinated Obligations or the incurrence of such Other Subordinated Obligations shall not permit the holders of such obligations to declare the same, nor to instruct such holders' trustee to declare the same, to be immediately due and payable prior to any time that all Obligations, Second Lien Obligations, Parity Debt and Second Lien Parity Debt have become due and payable.

7. Notwithstanding the foregoing provisions of subsections 3 and 4 of this Section 506, in the event the Second Lien Trustee transfers to the Issuer any excess amounts in the Second Lien Debt Service Fund under subsection 3 or the Second Lien Trustee pays to the Issuer any amount under clause (d) of subsection 4, the Issuer shall, before using such moneys for any other purpose, determine that there are no debt service deficiencies relating to (a)(i) TBTA Obligations or TBTA Parity Debt or (ii) MTA Obligations or MTA Parity Debt or (b) MTA Second Lien Obligations or MTA Second Lien Parity Debt, in which case the Issuer shall

transfer such moneys to the Applicable Trustees thereunder in the following order of priority: first, in such amount as required to cure any deficiencies with respect to TBTA Obligations or TBTA Parity Debt and MTA Obligations or MTA Parity Debt (provided, however, that if the excess amounts shall be insufficient to cure all such deficiencies then such amounts shall be transferred to the Applicable Trustee pro rata (in proportion to the amount of any deficiencies relative to each other) on a *pari passu* basis), and second, in such amounts as required to cure any such deficiencies with respect to MTA Second Lien Obligations and MTA Second Lien Parity Debt.

ARTICLE VI
PARTICULAR COVENANTS OF THE ISSUER

The Issuer covenants and agrees as follows:

Section 601. Power to Issue Obligations and Effect Pledge of Obligations Trust Estate.

1. Subject to Section 703 hereof, the Issuer is duly authorized under all applicable laws to create and issue the Obligations, adopt the Resolution and pledge the Obligations Trust Estate in the manner and to the extent provided in the Resolution. The Obligations Trust Estate is and shall be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge created by the Resolution, and all corporate action on the part of the Issuer to that end has been and will be duly and validly taken. The Obligations and the provisions of the Resolution are and shall be the legally valid and binding special obligations of the Issuer enforceable in accordance with their terms and the terms of the Resolution. The Issuer shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Obligations Trust Estate and all the rights of the Owners of Obligations under the Resolution against all claims and demands of all Persons whomsoever.

2. Until the pledge created in subsection 1 of Section 501 of the Resolution shall be discharged and satisfied as provided in Section A-901 of Annex A, the Issuer shall not issue any bonds or other evidences of indebtedness, other than the Obligations and Parity Debt, secured by an equal or prior pledge of the payments from the PMT Receipts being made under the Financing Agreement or the Obligations Trust Estate, nor create or cause to be created any equal or prior pledge of, or lien, charge or encumbrance on, any of the payments from the Mobility Tax Receipts or the ATA Receipts being made under the Financing Agreement or the items comprising the Obligations Trust Estate; *provided, however,* that nothing contained in the Resolution shall prevent the Issuer from at any time incurring any Parity Debt in accordance with Section A-201 of Annex A and Section C-201 of Annex C or issuing Obligation Anticipation Notes secured as provided in Section A-203 of Annex A, Second Lien Obligations in accordance with Section 203 hereof, Second Lien Parity Debt in accordance with Section B-202 of Annex B and Section C-203 of Annex C, or Second Lien Obligation Anticipation Notes secured as provided in Section B-203 of Annex B; and *provided, further however,* that nothing shall prevent MTA from issuing MTA PMT Senior Lien Indebtedness under the MTA PMT Resolution which shall be secured on a *pari passu* basis with all right, title and interest of TBTA in and to the Financing Agreement and the receipt of amounts payable thereunder for the benefit of TBTA Obligations and TBTA Parity Debt.

Section 602. Compliance with and Enforcement of the Financing Agreement. The Issuer shall, at all times, use its best efforts to require the MTA to comply with its obligations under the Financing Agreement, as set forth therein including, without limitation, the obligation to make all transfers and pay all payments payable thereunder, as the same shall become due and payable and to comply with all covenants contained therein, and to comply with any directions of the Applicable Trustee (as defined in the Financing Agreement) with respect to the enforcement of the Financing Agreement; provided, however, that the Issuer may delay, defer or waive enforcement of one or more provisions of said Financing Agreement (other than provisions requiring the payment of moneys to any Fund or Account established hereunder), if the Issuer determines such delay, deferment or waiver will not materially adversely affect the right, security and interest of the Owners of Obligations and the Parity Debt and the Second Lien Obligations and the Second Lien Parity Debt, as applicable.

Section 603. Amendments to the Financing Agreement.

1. (a) The Issuer shall not alter, change, modify or amend any provision of the Financing Agreement so as to affect adversely in a material way (i) the interest of all of the Senior Lien Parity Owners without the prior written consent of the Senior Lien Parity Owners of at least a majority in aggregate principal amount of the Obligations then Outstanding under this Resolution and the MTA PMT Resolution, or (ii) in case less than all of such Obligations then Outstanding are affected by the alteration, change, modification or amendment, the Senior Lien Parity Owners of not less than a majority in aggregate principal amount of such Obligations so affected then Outstanding; provided, however, that if such alteration, change, modification or amendment will, by its terms, not take effect so long as any such Obligations of any specified maturity remain Outstanding, the consent of the Senior Lien Parity Owners of such Obligations shall not be required, and such Obligations shall not be deemed to be Outstanding for the purposes of any calculation of Outstanding Obligations under this Section; and provided further, that no such alteration, change, modification or amendment shall decrease the amount of any payment required to be made under the Financing Agreement or extend the time of payment thereof. The Financing Agreement may be altered, changed, modified or amended in a manner that will not adversely affect in a material way the Senior Lien Parity Owners of the Outstanding Obligations without the consent of the Senior Lien Parity Owners of such Outstanding Obligations. For the purposes of this paragraph (a) of subsection 1 of Section 603, Obligations under this Resolution shall be deemed to be affected by an alteration, change, modification or amendment of the Financing Agreement if the same adversely affects or diminishes in a material way the rights of the Senior Lien Parity Owners of such Obligations. The Trustee under this Resolution and the Trustee under the MTA PMT Resolution may, in their discretion, determine whether or not, in accordance with the foregoing powers of alteration, change, modification or amendment, any particular Obligations would be affected by any alteration, change, modification or amendment of the Financing Agreement. In any event, the Issuer shall not consent to any material adverse alteration, change, modification or amendment to the Financing Agreement without the consent of such Trustee.

(b) If any alteration, change, modification or amendment to the Financing Agreement would adversely affect in a material way the interests of all or a portion of the Second Lien Parity Owners, then the Issuer shall not alter, change, modify or amend any provision of the Financing Agreement without the prior written consent of the Second Lien Parity Owners of at

least a majority in aggregate principal amount of the Second Lien Obligations then Outstanding affected by alteration, change, modification or amendment in addition to obtaining the consent of the Senior Lien Parity Owners required by clause (i) of paragraph (a) of subsection 1 of this Section 603 to the extent applicable; provided, however, that if such alteration, change, modification or amendment will, by its terms, not take effect so long as any such Second Lien Obligations of any specified maturity remain Outstanding, the consent of the Second Lien Parity Owners of such Second Lien Obligations shall not be required, and such Second Lien Obligations shall not be deemed to be Outstanding for the purposes of any calculation of Outstanding Second Lien Obligations under this Section. The Financing Agreement may be altered, changed, modified or amended in a manner that will not adversely affect in a material way the Second Lien Parity Owners of the Outstanding Second Lien Obligations without the consent of the Second Lien Parity Owners of such Outstanding Second Lien Obligations. For the purposes of this paragraph (b) of subsection 1 of Section 603, Second Lien Obligations shall be deemed to be affected by an alteration, change, modification or amendment of the Financing Agreement if the same adversely affects or diminishes in a material way the rights of the Second Lien Parity Owners of such Obligations. The Second Lien Trustee under this Resolution and the Second Lien Trustee under the MTA PMT Resolution may, in their discretion, determine whether or not, in accordance with the foregoing powers of alteration, change, modification or amendment, any particular such Second Lien Obligations would be affected by any alteration, change, modification or amendment of the Financing Agreement. In any event, the Issuer shall not consent to any material adverse alteration, change, modification or amendment to the Financing Agreement without the consent of such Second Lien Trustee.

2. Obligations or Second Lien Obligations owned or held by or for the account of the Issuer or any Related Entity shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Obligations or Second Lien Obligations provided for in this Section 603 and the Issuer shall not be entitled with respect to such Obligations or Second Lien Obligations to give any consent or take any other action provided for in this Section 603. At the time of any consent or other action taken under this Section 603, the Issuer shall furnish the Trustee and/or the Second Lien Trustee, as applicable, a certificate of an Authorized Officer of the Issuer, upon which the Trustee and/or Second Lien Trustee may rely, describing all Obligations and Second Lien Obligations so to be excluded.

3. Consents under this Section 603 shall be obtained in the same manner as modifications and amendments under Article C-VI of Annex C.

Section 604. Agreement of the State; Limited Waiver by Owners.

1. The Issuer does hereby incorporate herein the pledges, covenants and agreements of the State with the Owners of the Obligations and Parity Debt and the Second Lien Obligations and Second Lien Parity Debt set forth in Sections 563 and 566-a of the Issuer Act as though set forth in full herein; provided, however, nothing contained in this Section or elsewhere in the Resolution shall be deemed to restrict the right of the State to amend, repeal, modify or otherwise alter statutes imposing or relating to the taxes or fees producing revenues for deposit by the MTA in the Mobility Tax Receipts Subaccount of the MTA Finance Fund and/or the ATA Receipts Subaccount of the Corporate Transportation Account of the MTA Special Assistance Fund or, if applicable, the appropriations relating thereto.

2. Notwithstanding the provisions of the agreement of the State contained in subdivisions 2 and 3 of Section 563 of the Issuer Act, all Owners, by their acceptance and holding of the Obligations and Parity Debt and the Second Lien Obligations and Second Lien Parity Debt, consent to the construction and operation by the Issuer (or to the construction by Persons other than the Issuer if the Issuer shall have assumed the operation thereof), and waive any and all rights under said subdivisions of said Section 563 with respect to such construction and operation, of any vehicular toll bridge or toll tunnel crossing the East River in the City.

Section 605. Power to Issue Second Lien Obligations and Effect Pledge of Second Lien Obligations Trust Estate.

1. Subject to Section 703 hereof, the Issuer is duly authorized under all applicable laws to create and issue the Second Lien Obligations, adopt the Resolution and pledge the Second Lien Obligations Trust Estate in the manner and to the extent provided in the Resolution. The Second Lien Obligations Trust Estate, except to the extent provided in Section 501 and 601, is and shall be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge created by the Resolution, and all corporate action on the part of the Issuer to that end has been duly and validly taken. The Second Lien Obligations and the provisions of the Resolution are and shall be the legally valid and binding special obligations of the Issuer enforceable in accordance with their terms and the terms of the Resolution. The Issuer shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Second Lien Obligations Trust Estate and all the rights of the Second Lien Owners under the Resolution against all claims and demands of all Persons whomsoever. Notwithstanding the foregoing, nothing shall prohibit the Issuer from creating and issuing the Obligations and Parity Debt, and pledging the separate lien on the Obligations Trust Estate securing Obligations and Parity Debt all as set forth herein, which Obligations and Parity Debt are secured on a superior basis with respect to amounts payable under the Financing Agreement.

2. Until the pledge created in subsection 5 of Section 501 of the Resolution shall be discharged and satisfied as provided in Section B-901 of Annex B, the Issuer shall not issue any bonds or other evidences of indebtedness, other than the Obligations, Parity Debt, Second Lien Obligations and Second Lien Parity Debt secured by an equal or prior pledge of the payments from the Mobility Tax Receipts or the ATA Receipts being made under the Financing Agreement or the Second Lien Obligations Trust Estate, nor create or cause to be created any equal or prior pledge of, or lien, charge or encumbrance on, any of the payments from the Mobility Tax Receipts or the ATA Receipts being made under the Financing Agreement or the items comprising the Second Lien Obligations Trust Estate; *provided, however, that* nothing contained in the Resolution shall prevent the Issuer from at any time incurring any Obligations or Parity Debt in accordance with Section A-201 of Annex A and C-201 of Annex C or issuing Obligation Anticipation Notes secured as provided in Section A-203 of Annex A, Second Lien Obligations in accordance with Section 203 hereof, Second Lien Parity Debt in accordance with Section B-202 of Annex B and C-203 of Annex C, or Second Lien Obligation Anticipation Notes secured as provided in Section B-203 of Annex B; and *provided, further however,* that nothing shall prevent the MTA from issuing MTA PMT Second Lien Indebtedness under the MTA PMT Resolution which shall be secured on a *pari passu* basis with all right, title and interest of TBTA in and to the Financing Agreement and the receipt of amounts payable thereunder for the benefit of TBTA Second Lien Obligations and TBTA Second Lien Parity Debt.

Section 606. Creation of Liens, Issuance of Subordinated Indebtedness, Subordinated Contract Obligations and Other Debt. The Issuer shall not issue any bonds or other evidences of indebtedness, other than the Obligations and Parity Debt and the Second Lien Obligations and Second Lien Parity Debt as provided herein, secured by a pledge of the Obligations Trust Estate and the Second Lien Obligations Trust Estate, respectively, and shall not create or cause to be created any lien or charge on the Obligations Trust Estate or the Second Lien Obligations Trust Estate, except to the extent provided in Section 501; provided, however, that the Issuer may, at any time, or from time to time, incur Subordinated Indebtedness or enter into Subordinated Contract Obligations payable out of and which may be secured by a pledge of, such amounts as may from time to time be available for the purpose of the payment thereof in accordance with the Financing Agreement and such pledge shall be, and shall be expressed to be, subordinate in all respects to the pledge created by the Resolution as security for payment of the Obligations and Parity Debt and Second Lien Obligations and Second Lien Parity Debt; and provided further that nothing contained in the Resolution shall prevent the Issuer from issuing (i) bonds, notes, or other obligations or evidences of indebtedness under another and separate resolution to finance Other Subordinated Obligations, or (ii) other bonds, notes, or other obligations or evidences of indebtedness under another and separate resolution payable from, among other sources, money released from the lien of this Resolution pursuant to the Financing Agreement.

ARTICLE VII
MISCELLANEOUS; REMEDIES

Section 701. Authority to Deliver this Resolution. An Authorized Officer of the Issuer is hereby authorized and directed to deliver this Resolution with such changes, insertions, and omissions as may be approved by such Authorized Officer and as may be required and approved by the CPRB or by such Authorized Officer prior to the issuance of the initial Series of Obligations authenticated and delivered hereunder; such delivery being conclusive evidence of such approvals; and provided, however, that such changes, insertions, and omissions shall be necessary to effectuate the intent of this Resolution and shall not have a material adverse impact on the MTA or its obligations under the Financing Agreement or on the Owners of Obligations and Second Lien Obligations under the MTA PMT Resolution.

Section 702. Appointment of Receiver Abrogated. The right of the Trustee to the appointment of a receiver as provided in Section 567 of the Issuer Act is hereby abrogated.

Section 703. Effective Date. The effectiveness of the provisions of this Resolution relating to the authority of the Issuer to finance the PMT Transit and Commuter Project are subject to the receipt of the approval (or deemed approval) of the CPRB pursuant to the Issuer Act.

STANDARD RESOLUTION PROVISIONS APPLICABLE TO MTA AND TBTA SECOND LIEN PMT OBLIGATIONS AND SECOND LIEN PARITY DEBT

ANNEX C

ADDITIONAL RESOLUTION PROVISIONS APPLICABLE TO MTA AND TBTA SENIOR LIEN PMT OBLIGATIONS AND SECOND LIEN PMT OBLIGATIONS

EXHIBIT ONE

FORM OF OBLIGATIONS

THE BONDS SHALL NOT BE A DEBT OF THE STATE OF NEW YORK OR THE CITY OF NEW YORK AND NEITHER THE STATE NOR THE CITY SHALL BE LIABLE THEREON.

Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the issuer or its agent for registration of transfer, exchange or payment, and any certificate issued is registered in the name of Cede & Co. or such other name as requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

As provided in the Resolution referred to herein, until the termination of the system of book-entry-only transfers through DTC and notwithstanding any other provision of the Resolution to the contrary, a portion of the principal amount of this Bond may be paid or redeemed without surrender hereof to the Paying Agent. DTC or a nominee, transferee or assignee of DTC of this Bond may not rely upon the principal amount indicated hereon as the principal amount hereof outstanding and unpaid. The principal amount hereof outstanding and unpaid shall for all purposes be the amount determined in the manner provided in the Resolution.

TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY
PAYROLL MOBILITY TAX BOND,
SERIES _____

No. _____ **$**

Interest Rate	**Maturity Date**	**Dated Date**	**CUSIP**

Registered Owner: Cede & Co.

Principal Amount: _____ Dollars

TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY (herein called "TBTA"), a body corporate and politic constituting a public benefit corporation, organized and existing under and by virtue of the laws of the State of New York, acknowledges itself indebted to, and for value received hereby promises to pay to the Registered Owner stated above, or registered

assigns, on the Maturity Date set forth above, but solely from the Obligations Trust Estate defined below, upon presentation and surrender of this Bond at the office or agency of TBTA designated for such payment in the Borough of Manhattan, City and State of New York, or, at the option of the Registered Owner hereof, at any other office or agency of TBTA designated by TBTA for such payment, the Principal Amount set forth above in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts, and to pay to the Registered Owner hereof interest on such Principal Amount, such payment to be made by The Bank of New York Mellon, as Paying Agent, from the Dated Date set forth above or such later date to which interest has been paid, at the Interest Rate per annum set forth above, payable on _____ and semi-annually thereafter on the _____ day of _____ and _____ in each year, until TBTA's obligation with respect to the payment of such Principal Amount shall be discharged. Interest on the Series _____ Bonds shall be computed on the basis of a 360-day year consisting of twelve 30-day months. Interest will be paid by check mailed on the interest payment date by the Paying Agent to the Registered Owner at his address as it appears on the registration records or, at the option of any Owner of at least one million dollars ($1,000,000) in principal amount of the Series _____ Bonds, by wire transfer in immediately available funds on each interest payment date to such Owner, provided such Owner has notified the Trustee (as hereinafter defined) in writing of such Owner's wire transfer address (which shall be in the continental United States) at least 15 days prior to the relevant payment date. *In the event that any payment date is not a business day, payment will be made on the next business day with the same force and effect as if made on the nominal date provided in the Resolution and no interest shall accrue during the intervening period with respect to any payment so deferred.*

This Bond is one of a duly authorized issue of obligations of TBTA designated as its "Payroll Mobility Tax Obligations" (herein called the "Bonds") issued under and pursuant to the Triborough Bridge and Tunnel Authority Act, being Title 3 of Article 3 of the New York Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State of New York, as amended (herein called the "TBTA Act"), and under and pursuant to a resolution of TBTA adopted on _____ __, 2021, entitled "Payroll Mobility Tax Obligation Resolution", as supplemented. Said resolution, as supplemented and amended, is herein called the "Resolution". This Bond is one of a series of Bonds designated as "Payroll Mobility Tax Bonds, Series _____" (herein called the "Series _____ Bonds"), issued in the aggregate principal amount of $_____ under said Resolution. All capitalized terms used but not otherwise defined have the respective meanings ascribed by the Resolution.

Copies of the Resolution are on file at the office of TBTA and at the principal corporate trust office of The Bank of New York Mellon, New York, New York, as Trustee under the Resolution, or its successor as Trustee (herein called the "Trustee"), in the Borough of Manhattan, City and State of New York, and reference to the Resolution and any and all supplements thereto and modifications and amendments thereof and to the TBTA Act is hereby made for a complete description of the pledge and covenants securing the Series _____ Bonds, the nature, extent and manner of enforcement of, and limitations with respect to, such pledge, the rights and remedies of the registered owners of the Series _____ Bonds with respect thereto, and the terms and conditions upon which the Bonds are issued and may be issued thereunder.

This Series ____ Bond is a special obligation of TBTA, secured by a pledge, subject only to the provisions of the Resolution and the MTA PMT Resolution referred to below permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution and the MTA PMT Resolution, of all right, title and interest of TBTA in the "Obligations Trust Estate", being (i) the proceeds of the sale of the Obligations; (ii) all right, title and interest of TBTA in and to the Financing Agreement and TBTA's *pro rata* share of the payments of ATA Receipts and the Mobility Tax Receipts from the funds and accounts established under the Financing Agreement into which the ATA Receipts and the Mobility Tax Receipts are to be deposited, (iii) all Funds, Accounts and Subaccounts established by the Resolution (other than the Second Lien Obligations Proceeds Fund and the Second Lien Debt Service Fund and subject to specified provisions of the Resolution) including the investments, if any, thereof, and (iv) certain funds, moneys and securities and any all other rights and interests in property, whether tangible or intangible, from time to time hereafter by delivery or by writing of any kind conveyed, mortgaged, pledged, assigned or transferred as and for additional security for the Bonds as provided in the Resolution.

To the extent provided in the Resolution, Bonds may be issued from time to time pursuant to Supplemental Resolutions in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Resolution. The aggregate principal amount of Bonds which may be issued under the Resolution is not limited except as provided in the Resolution and the TBTA Act, and all Bonds issued and to be issued under the Resolution are and shall be equally secured by the pledge and covenants made therein, except as otherwise expressly provided or permitted in the Resolution. The Bondholders, by their acceptance and holding of the Bonds, waive, to the extent provided in the Resolution, all rights under subdivisions 2 and 3 of Section 563 of the TBTA Act with respect to certain competitive connections for vehicular traffic across the East River in The City of New York.

On November 18, 2020, the Metropolitan Transportation Authority ("MTA") adopted and delivered a resolution (the "MTA PMT Resolution") that authorizes the issuance of bonds, notes and other obligations secured by all right, title and interest of MTA in, to and under the MTA PMT Resolution or the Financing Agreement, as applicable, and including MTA's right to payment of the ATA Receipts and the Mobility Tax Receipts and the funds and accounts established under the MTA PMT Resolution or the Financing Agreement, as applicable, into which the ATA Receipts and the Mobility Tax Receipts are to be deposited on parity with the Bonds. The Bonds and the obligations issued by MTA under the MTA PMT Resolution are collectively referred to herein as the "Parity Bonds".

The events specified in the Resolution as such shall constitute Obligations Event of Default and the Trustee and the Owners shall have the rights and remedies provided by the Resolution. Neither the Trustee nor the Owners of the Series __ Bonds shall have the right to declare all of the Bonds to be immediately due and payable in the event of a default with respect to the Resolution or any of the Parity Bonds.

To the extent provided in the Resolution, Parity Debt, secured on a parity with the Bonds with respect to all right, title and interest of TBTA in the Obligations Trust Estate may be issued or entered into by TBTA. The aggregate principal amount of Parity Debt which may be issued

or entered into under the Resolution is not limited except as provided in the Resolution and the TBTA Act. Similarly, to the extent provided in the MTA PMT Resolution, the MTA may issue parity debt on a parity with obligations issued under the MTA PMT Resolution that is not limited except as provided in the Resolution.

To the extent and in the manner permitted by the terms of the Resolution, modification or amendment of the Resolution and of the rights and obligations of TBTA and of the Owners of the Bonds may be made by a Supplemental Resolution, in certain instances without the written consent of the Owners, of the Bonds. Reference is made to the Resolution for the terms and provisions thereof relating to amendments and supplements.

The Series _____ Bonds are issued by means of a book-entry-only system, with no physical distribution of bond certificates to be made except as provided in the Resolution. Transfers of ownership shall be effected on the records of the Securities Depository and its participants pursuant to rules and procedures established by the Securities Depository and its participants. TBTA and the Trustee will recognize the Securities Depository Nominee, while the Registered Owner of this Bond, as the owner of this Bond for all purposes, including payments of principal of and Redemption Price and interest on this Bond, notices and voting. In the event the Series _____ Bonds are no longer held in book-entry-only form, the Series _____ Bonds would be issuable in the form of fully registered Bonds without coupons in the denomination of $5,000 or any integral multiple thereof.

The Series _____ Bonds are subject to redemption as provided in the Certificate of Determination relating to the Series ____ Bonds.

[Provisions relating to conditional redemption or mandatory tender in lieu of optional redemption to be added if applicable.]

Notice of redemption shall be given not less than twenty (20) days before the redemption date, to the Registered Owners of any Series _____ Bonds or portions of Series _____ Bonds which are to be redeemed, at their last addresses, if any, appearing upon the registry records of TBTA, and otherwise, all in the manner, and upon the terms and conditions set forth in the Resolution. If notice of redemption shall have been given as aforesaid, then the Series _____ Bonds or portions thereof so called for redemption shall become due and payable on the redemption date so designated at the Redemption Price, plus interest accrued and unpaid up to but not including the redemption date, and, upon presentation and surrender thereof at the office specified in such notice, such Series _____ Bonds or portions thereof shall be paid at the Redemption Price plus interest accrued and unpaid up to but not including the redemption date, and, from and after the redemption date interest on such Series _____ Bonds or portions thereof so called for redemption shall cease to accrue and be payable. Any redemption notice or other notices required by the Resolution shall be sent only to the Securities Depository Nominee, initially Cede & Co., as nominee of DTC, and will not be published so long as the Series _____ Bonds are held in book-entry-only form.

The TBTA Act provides that neither the members of TBTA nor any person executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

.

It is hereby certified and recited that all conditions, acts and things required by law and the Resolution to exist, to have happened and to have been performed precedent to and in the issuance of this Bond, exist, have happened and have been performed and that the issue of the Series _____ Bonds, together with all other indebtedness of TBTA, is within every debt and other limit prescribed by the laws of the State of New York.

This Bond shall not be entitled to any benefit under the Resolution or be valid or become obligatory for any purpose until this Bond shall have been authenticated by the execution by the Trustee of the Trustee's Certificate of Authentication hereon.

IN WITNESS WHEREOF, TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY has caused this Bond to be signed in its name and on its behalf by the manual or facsimile signature of its Authorized Officer as of the Dated Date.

EXHIBIT TWO

FORM OF SECOND LIEN OBLIGATIONS

THE BONDS SHALL NOT BE A DEBT OF THE STATE OF NEW YORK OR THE CITY OF NEW YORK AND NEITHER THE STATE NOR THE CITY SHALL BE LIABLE THEREON.

Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the issuer or its agent for registration of transfer, exchange or payment, and any certificate issued is registered in the name of Cede & Co. or such other name as requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

As provided in the Resolution referred to herein, until the termination of the system of book-entry-only transfers through DTC and notwithstanding any other provision of the Resolution to the contrary, a portion of the principal amount of this Bond may be paid or redeemed without surrender hereof to the Paying Agent. DTC or a nominee, transferee or assignee of DTC of this Bond may not rely upon the principal amount indicated hereon as the principal amount hereof outstanding and unpaid. The principal amount hereof outstanding and unpaid shall for all purposes be the amount determined in the manner provided in the Resolution.

TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY
PAYROLL MOBILITY TAX SECOND LIEN BOND,
SERIES _____

No. _____ **$**

Interest Rate	**Maturity Date**	**Dated Date**	**CUSIP**

Registered Owner: Cede & Co.

Principal Amount: _____ Dollars

TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY (herein called "TBTA"), a body corporate and politic constituting a public benefit corporation, organized and existing under and by virtue of the laws of the State of New York, acknowledges itself indebted to, and for value received hereby promises to pay to the Registered Owner stated above, or registered

assigns, on the Maturity Date set forth above, but solely from the Second Lien Obligations Trust Estate defined below, upon presentation and surrender of this Bond at the office or agency of TBTA designated for such payment in the Borough of Manhattan, City and State of New York, or, at the option of the Registered Owner hereof, at any other office or agency of TBTA designated by TBTA for such payment, the Principal Amount set forth above in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts, and to pay to the Registered Owner hereof interest on such Principal Amount, such payment to be made by The Bank of New York Mellon, as Paying Agent, from the Dated Date set forth above or such later date to which interest has been paid, at the Interest Rate per annum set forth above, payable on _____ and semi-annually thereafter on the _____ day of _____ and _____ in each year, until TBTA's obligation with respect to the payment of such Principal Amount shall be discharged. Interest on the Series _____ Bonds shall be computed on the basis of a 360-day year consisting of twelve 30-day months. Interest will be paid by check mailed on the interest payment date by the Second Lien Paying Agent to the Registered Owner at his address as it appears on the registration records or, at the option of any Owner of at least one million dollars ($1,000,000) in principal amount of the Series _____ Bonds, by wire transfer in immediately available funds on each interest payment date to such Second Lien Owner, provided such Second Lien Owner has notified the Second Lien Trustee (as hereinafter defined) in writing of such Second Lien Owner's wire transfer address (which shall be in the continental United States) at least 15 days prior to the relevant payment date. *In the event that any payment date is not a business day, payment will be made on the next business day with the same force and effect as if made on the nominal date provided in the Resolution and no interest shall accrue during the intervening period with respect to any payment so deferred.*

This Bond is one of a duly authorized issue of obligations of TBTA designated as its "Payroll Mobility Tax Second Lien Obligations" (herein called the "Bonds") issued under and pursuant to the Triborough Bridge and Tunnel Authority Act, being Title 3 of Article 3 of the New York Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State of New York, as amended (herein called the "TBTA Act"), and under and pursuant to a resolution of TBTA adopted on _____ __, 2021, entitled "Payroll Mobility Tax Obligation Resolution", as supplemented. Said resolution, as supplemented and amended, is herein called the "Resolution". This Bond is one of a series of Bonds designated as "Payroll Mobility Tax Second Lien Bonds, Series _____" (herein called the "Series _____ Bonds"), issued in the aggregate principal amount of $_____ under said Resolution. All capitalized terms used but not otherwise defined have the respective meanings ascribed by the Resolution.

Copies of the Resolution are on file at the office of TBTA and at the principal corporate trust office of The Bank of New York Mellon, New York, New York, as Second Lien Trustee under the Resolution, or its successor as Trustee (herein called the "Second Lien Trustee"), in the Borough of Manhattan, City and State of New York, and reference to the Resolution and any and all supplements thereto and modifications and amendments thereof and to the TBTA Act is hereby made for a complete description of the pledge and covenants securing the Series _____ Bonds, the nature, extent and manner of enforcement of, and limitations with respect to, such pledge, the rights and remedies of the registered owners of the Series _____ Bonds with respect thereto, and the terms and conditions upon which Second Lien Bonds are issued and Second Lien Bonds may be issued thereunder.

This Bond is a special obligation of TBTA, secured by a pledge, subject only to the provisions of the Resolution and the MTA PMT Resolution referred to below permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution and the MTA PMT Resolution, of all right, title and interest of TBTA in the "Second Lien Obligations Trust Estate", being (i) the proceeds of the sale of the Second Lien Obligations; (ii) all right, title and interest of TBTA in and to the Financing Agreement and TBTA's *pro rata* share of the payments of ATA Receipts and Mobility Tax Receipts from the funds and accounts established under the Financing Agreement into which the ATA Receipts and the Mobility Tax Receipts are to be deposited, (iii) the Second Lien Obligations Proceeds Fund and the Second Lien Debt Service Fund, including the investments, if any, thereof, and (iv) certain funds, moneys and securities and any all other rights and interests in property, whether tangible or intangible, from time to time hereafter by delivery or by writing of any kind conveyed, mortgaged, pledged, assigned or transferred as and for additional security for the Bonds as provided in the Resolution. *Any lien on and pledge of any portion of the Second Lien Obligations Trust Estate securing Second Lien Obligations is, and is hereby expressly declared to be, junior and inferior to the lien on and pledge of the Obligations Trust Estate created in the Resolution for the payment of the Obligations and Parity Debt.*

To the extent provided in the Resolution, the Second Lien Bonds may be issued from time to time pursuant to Supplemental Resolutions in one or more series, or subseries, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Resolution. The aggregate principal amount of Second Lien Bonds which may be issued under the Resolution is not limited except as provided in the Resolution and the TBTA Act, and all Second Lien Bonds issued and to be issued under the Resolution are and shall be equally secured by the pledge and covenants made therein, except as otherwise expressly provided or permitted in the Resolution. The Bondholders, by their acceptance and holding of the Bonds, waive, to the extent provided in the Resolution, all rights under subdivisions 2 and 3 of Section 563 of the TBTA Act with respect to certain competitive connections for vehicular traffic across the East River in The City of New York.

On November 18, 2020, the Metropolitan Transportation Authority ("MTA") adopted and delivered a resolution (the "MTA PMT Resolution") that authorizes the issuance of bonds, notes and other obligations secured by all right, title and interest of MTA in, to and under the MTA PMT Resolution or the Financing Agreement, as applicable, and including MTA's right to payment of the ATA Receipts and the Mobility Tax Receipts and the funds and accounts established under the MTA PMT Resolution or the Financing Agreement, as applicable, into which the ATA Receipts and the Mobility Tax Receipts are to be deposited on parity with the Bonds. The Bonds and the obligations issued by MTA under the MTA PMT Resolution are collectively referred to herein as the "Parity Bonds".

The events specified in the Resolution as such shall constitute Second Lien Obligations Events of Default and the Second Lien Trustee and the Second Lien Owners shall have the rights and remedies provided by the Resolution. Neither the Second Lien Trustee nor the Second Lien Owners of the Bonds shall have the right to declare all of the Parity Bonds to be immediately due and payable in the event of a default with respect to the Resolution or any of the Bonds.

To the extent provided in the Resolution, Second Lien Parity Debt, secured on a parity with the Bonds with respect to all right, title and interest of TBTA in the Second Lien Obligations Trust Estate may be issued or entered into by TBTA. The aggregate principal amount of Second Lien Parity Debt which may be issued or entered into under the Resolution is not limited except as provided in the Resolution and the TBTA Act. Similarly, to the extent provided in the MTA PMT Resolution, the MTA may issue parity debt on a parity with obligations issued under the MTA PMT Resolution that is not limited except as provided in the Resolution.

To the extent and in the manner permitted by the terms of the Resolution, modification or amendment of the Resolution and of the rights and obligations of TBTA and of the Second Lien Owners of the Bonds may be made by a Supplemental Resolution, in certain instances without the written consent of the Second Lien Owners, of the Bonds. Reference is made to the Resolution for the terms and provisions thereof relating to amendments and supplements.

The Series _____ Bonds are issued by means of a book-entry-only system, with no physical distribution of bond certificates to be made except as provided in the Resolution. Transfers of ownership shall be effected on the records of the Securities Depository and its participants pursuant to rules and procedures established by the Securities Depository and its participants. TBTA and the Trustee will recognize the Securities Depository Nominee, while the Registered Owner of this Bond, as the owner of this Bond for all purposes, including payments of principal of and Redemption Price and interest on this Bond, notices and voting. In the event the Series _____ Bonds are no longer held in book-entry-only form, the Series _____ Bonds would be issuable in the form of fully registered Bonds without coupons in the denomination of $5,000 or any integral multiple thereof.

The Series _____ Bonds are subject to redemption as provided in the Certificate of Determination relating to the Series ____ Bonds.

[Provisions relating to conditional redemption or mandatory tender in lieu of optional redemption to be added if applicable.]

This Bond is payable upon redemption at the above mentioned office or agency of TBTA. So long as DTC is the securities depository for the Series _____ Bonds, the Trustee must mail redemption notices to DTC at least 20 days before the redemption date. If the Series _____ Bonds are not held in book-entry-only form, then the Trustee must mail redemption notices directly to bondholders within the same time frame. Any redemption of the Series ____ Bonds is valid and effective even if DTC's procedures for notice should fail. Any notice of optional redemption may state that it is conditional upon receipt by the Trustee of money sufficient to pay the Redemption Price or upon the satisfaction of any other condition, or that it may be rescinded upon the occurrence of any other event, and any conditional notice so given may be rescinded at any time before the payment of the Redemption Price if any such condition so specified is not satisfied or if any such other event occurs. All redemptions are final - even if beneficial owners did not receive their notice, and even if that notice had a defect.

The TBTA Act provides that neither the members of TBTA nor any person executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

It is hereby certified and recited that all conditions, acts and things required by law and the Resolution to exist, to have happened and to have been performed precedent to and in the issuance of this Bond, exist, have happened and have been performed and that the issue of the Series _____ Bonds, together with all other indebtedness of TBTA, is within every debt and other limit prescribed by the laws of the State of New York.

This Bond shall not be entitled to any benefit under the Resolution or be valid or become obligatory for any purpose until this Bond shall have been authenticated by the execution by the Second Lien Trustee of the Second Lien Trustee's Certificate of Authentication hereon.

IN WITNESS WHEREOF, TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY has caused this Bond to be signed in its name and on its behalf by the manual or facsimile signature of its Authorized Officer as of the Dated Date.

ARTICLE A-I.

DEFINITIONS AND STATUTORY AUTHORITY

Section A-101. Definitions. Capitalized terms used but not otherwise defined in this Annex A shall have the meanings set forth in the Resolution to which this Annex A is appended. The following terms shall, for all purposes herein and (except as the context may otherwise require) in the Resolution to which this Annex A is appended, have the following meanings:

Account or **Accounts** shall mean each account or all of the accounts established in Article V of the Resolution.

Accreted Value shall mean with respect to any Capital Appreciation Obligations (i) as of any Valuation Date, the amount set forth for such date in the Supplemental Resolution authorizing such Capital Appreciation Obligations and (ii) as of any date other than a Valuation Date, the sum of (a) the Accreted Value on the preceding Valuation Date and (b) the product of (1) a fraction, the numerator of which is the number of days having elapsed from the preceding Valuation Date and the denominator of which is the number of days from such preceding Valuation Date to the next succeeding Valuation Date and (2) the difference between the Accreted Values for such Valuation Dates. For purposes of this definition, the number of days having elapsed from the preceding Valuation Date and the number of days from the preceding Valuation Date to the next succeeding Valuation Date shall be calculated on the basis of a 360-day year of twelve 30-day months, unless otherwise provided pursuant to a Supplemental Resolution.

Accrued Debt Service shall mean, as of any date of calculation, an amount equal to the sum of the amounts of accrued and unpaid Debt Service with respect to all Obligations and Parity Debt, calculating the accrued Debt Service with respect to each obligation at an amount equal to the sum of (i) as estimated by an Authorized Officer, interest on the Obligations and interest components of Parity Debt accrued and unpaid and to accrue to the end of the then current calendar month, and (ii) Principal Installments due and unpaid and that portion of the Principal Installment for such Obligations and Parity Debt next due which would have accrued (if deemed to accrue in the manner set forth in the definition of "Debt Service") to the end of such calendar month. For purposes of calculating Senior Debt Service Fund deposits, Principal Installments shall not include amounts that an Authorized Officer has notified the Trustee are to be paid from sources other than Mobility Tax Receipts and ATA Receipts, nor shall Accrued Debt Service include any amounts that, as certified by an Authorized Officer, have been set aside hereunder or otherwise in trust for the payment thereof.

Amortized Value, when used with respect to Authorized Investments purchased at a premium above or a discount below par, shall mean the value of such Authorized Investments computed by using an industry standard constant yield method selected by an Authorized Officer of the Issuer.

Appreciated Value shall mean with respect to any Deferred Income Obligations (i) as of any Valuation Date, the amount set forth for such date in the Supplemental Resolution authorizing such Deferred Income Obligations, (ii) as of any date prior to the Interest Commencement Date other than a Valuation Date, the sum of (a) the Appreciated Value on the preceding Valuation Date and (b) the product of (1) a fraction, the numerator of which is the number of days having elapsed from the preceding Valuation Date and the denominator of which is the number of days from such preceding Valuation Date to the next succeeding Valuation Date and (2) the difference between the Appreciated Values for such Valuation Dates, and (iii) as of any date on and after the Interest Commencement Date, the Appreciated Value on the Interest Commencement Date. For purposes of this definition, the number of days having elapsed from the preceding Valuation Date and the number of days from the preceding Valuation Date to the next succeeding Valuation Date shall be calculated on the basis of a 360-day year of twelve 30-day months, unless otherwise provided pursuant to a Supplemental Resolution.

Authorized Investments shall mean and include any of the following, to the extent the same are legal for investment of the Issuer's funds:

(i) obligations of the State or the United States government;

(ii) obligations the timely payment of the principal and interest on which are unconditionally guaranteed by the State or the United States government;

(iii) certificates of deposit of banks or trust companies in the State, secured, if the Issuer shall so require, by obligations of the United States or of the State of a market value equal at all times to the amount of the deposit;

(iv) banker's acceptances with a maturity of 90 days or less which are eligible for purchase by the federal reserve banks and whose rating at the time of purchase is in the highest Rating Category of each of the Rating Agencies that then rates such banker's acceptances;

(v) obligations of any bank or corporation created under the laws of either the United States or any state of the United States maturing within 270 days, provided that such obligations are rated in the highest Rating Category of each of the Rating Agencies that then rates such obligations;

(vi) notes, bonds, debentures, mortgages and other evidences of indebtedness, issued or guaranteed at the time of the investment by the United States Postal Service, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Student Loan Marketing Association, the Federal Farm Credit System, or any other United States government sponsored agency, provided that at the time of the investment such agency or its obligations are rated and the agency receives, or its obligations receive, ratings in the highest Rating Category of each of the Rating Agencies that then rates such agency or its obligations;

(vii) (A) general obligation bonds and notes of any state other than the State, provided that such bonds and notes are rated in the highest Rating Category of each of the Rating Agencies that then rates such bonds and notes, and (B) bonds and notes of any

county, town, city, village, fire district or school district of the State, provided that such bonds and notes are rated in either of the 2 highest Rating Categories of each of the Rating Agencies that then rates such bonds and notes;

(viii) mutual funds registered with the United States Securities and Exchange Commission, whose investments are limited to obligations of the State described in clause (i) above, obligations the principal and interest of which are guaranteed by the State as described in clause (ii) above, and those securities described in clause (vii) above, and that are rated in the highest Rating Category of each of the Rating Agencies that then rates such funds;

(ix) repurchase agreements with any dealer or bank, which agreement is secured by any one or more of the securities described in clauses (i), (ii) or (vi) above, which securities shall (A) at all times have a market value of not less than the full amount held or invested pursuant to the agreement and (B) be delivered to a Bank as defined in clause (i) or (ii) of the definition thereof, as custodian, that is independent from the dealer or bank with whom the repurchase agreement is executed; and

(x) any other investment in which the Issuer is authorized from time to time to invest under applicable law with respect to which an Authorized Officer has, on or before the date thereof, delivered to the Trustee (A) a certificate to the Trustee designating the additional investment as an Authorized Investment and (B) Rating Confirmation.

In addition to the foregoing, in the case of any money held in reserve and sinking funds "Authorized Investments" shall include any other securities in which the trustee or trustees of any public retirement system or pension fund has the power to invest the money thereof pursuant to Article four-a of the Retirement and Social Security Law of the State, each such reserve and sinking fund being treated as a separate fund for the purposes of Article four-a of the Retirement and Social Security Law of the State.

Any investment in any of the foregoing obligations may be made in the form of an entry made on the records of the issuer of the particular obligations or of a recognized securities depository.

Authorized Officer shall mean (i) the Chairman and the Vice Chairman, (ii) the Executive Director, the Comptroller, the Chief Financial Officer, the Secretary and any Assistant Secretary of the Issuer, (iii) the Chief Financial Officer, the Director of Finance, and the Director of Budget and Financial Management of the MTA, and (iv) any other Person authorized by the Issuer to perform the act or sign the document in question

Balloon Obligations shall mean Obligations which have been identified in a Certificate of Determination as a Balloon Obligation. Such Certificate of Determination shall set forth the expected refinancing, including the expected ultimate final maturity and amortization schedule of the refinancing or refinancings of such Balloon Obligation (including successor Balloon Obligations) and the Estimated Average Interest Rate for purposes of determining Calculated Debt Service of such Balloon Obligation.

Bank shall mean any (i) bank or trust company organized under the laws of any state of the United States of America, (ii) national banking association, (iii) savings bank or savings and loan association chartered or organized under the laws of any state of the United States of America, or (iv) federal branch or agency pursuant to the International Banking Act of 1978 or any successor provisions of law, or domestic branch or agency of a foreign bank which branch or agency is duly licensed or authorized to do business under the laws of any state or territory of the United States of America.

Business Day shall mean any day of the year other than (i) Saturday or Sunday, (ii) any day on which Banks located in New York, New York or the city in which the Principal Office of the Trustee is located are required or authorized by law to remain closed, or (iii) any day on which the New York Stock Exchange is closed.

Calculated Debt Service for any period shall mean, as of any date of calculation and with respect to any Series of Obligations or any Parity Debt, the sum of Debt Service for such period determined by the Issuer based on the following adjustments:

(1) Interest on Variable Interest Rate Obligations shall be based on the Estimated Average Interest Rate applicable thereto.

(2) Interest on any Obligation or Parity Debt in respect of which the Issuer has entered into a Qualified Swap shall be based on:

(a) the fixed rate or rates of the Qualified Swap if the Issuer has entered into what is generally referred to as a "floating-to-fixed" Qualified Swap (where the Issuer pays a fixed rate and receives a floating rate); or

(b) the lower of (i) the Estimated Average Interest Rate and (ii) the effective capped rate of any Obligation or Parity Debt if the Issuer has entered into a Qualified Swap that is generally referred to as an "interest rate cap" (where the Issuer receives a payment if a variable rate exceeds a certain amount); or

(c) the Estimated Average Interest Rate of the Qualified Swap if the Issuer has entered into either what is generally referred to as a "fixed-to-floating" Qualified Swap (where the Issuer pays a variable rate and receives a fixed rate) or a "floating-to-floating" Qualified Swap (where the Issuer pays a variable rate and receives a different variable rate).

(3) With respect to Put Obligations and Balloon Obligations of a Series, (i) Principal Installments shall be deemed to amortize over a 30-year period from their date of issuance based on substantially level debt service as estimated by the Issuer, and (ii) interest shall be based on the actual interest rate or the Estimated Average Interest Rate, as applicable, or for both (i) and (ii) above as otherwise set forth in a Supplemental Resolution or Certificate of Determination with respect to the issuance of such Obligations.

(4) If the Issuer has irrevocably deposited Authorized Investments or money with the Trustee (or otherwise in trust) for the payment of any portion of Debt Service, the

expected future cash flow from such Authorized Investments and money shall be deducted from Debt Service.

(5) If the Issuer has, at any time, irrevocably called for redemption one or more Series of Obligations, including pursuant to a covenant to apply any portion of the Obligations Trust Estate to redeem Obligations or Parity Debt (which particular Obligations or Parity Debt need not be specifically identified in advance, except as to interest rate and maturity), the Issuer shall take into account such redemption for purposes of determining Calculated Debt Service.

(6) With respect to Parity Reimbursement Obligations, accelerated payments of principal shall only be taken into account if, at the time of calculation, such amounts are payable due to a draw under a credit or liquidity facility.

Capital Appreciation Obligations shall mean any Obligations denominated as such and issued as to which interest is payable only at the maturity or prior redemption of such Obligations. Except as otherwise provided by Supplemental Resolution, for the purposes of (i) receiving payment of the Redemption Price if a Capital Appreciation Obligation is redeemed prior to maturity, (ii) computing the principal amount of Obligations held by the registered owner of a Capital Appreciation Obligation in giving to the Issuer or the Trustee any notice, consent, request, or demand pursuant to the Resolution for any purpose whatsoever or (iii) computing Debt Service, the principal amount of a Capital Appreciation Obligation shall be deemed to be its Accreted Value (which in the case of clause (ii) may be the Accreted Value as of the immediately preceding Valuation Date).

Certificate of Determination shall mean a certificate of an Authorized Officer of the Issuer fixing terms, conditions and other details of Obligations, Parity Debt, Credit Facilities, Subordinated Indebtedness or Subordinated Contract Obligations in accordance with the delegation of power to do so under a Supplemental Resolution.

City shall mean The City of New York.

Costs of Issuance shall mean the costs of the authorization, sale and issuance of a Series of Obligations, Obligation Anticipation Notes, Subordinated Indebtedness, Parity Debt, Subordinated Contract Obligations or other obligations authorized under the Resolution, including with respect to any party to a transaction State bond issuance charges, document printing and reproduction costs, filing and recording fees, costs of credit ratings, fees and charges of the Trustee and other Fiduciaries and agents, legal fees and charges, professional consultants' fees, underwriting fees, fees and charges for execution, transportation and safekeeping of Obligations, premiums, fees and charges in order to obtain, renew, extend or terminate Credit Facilities and Qualified Swaps and other financial arrangements, costs and expenses of refunding such Obligations, Obligation Anticipation Notes, Subordinated Indebtedness, Parity Debt, Subordinated Contract Obligations or other obligations authorized under this Resolution, and other costs, charges and fees, including those of the Issuer and any other Related Entities, in connection with the foregoing.

Counsel's Opinion or **Opinion of Counsel** or **Opinion** shall mean an opinion signed by an attorney or firm of attorneys of recognized standing (who may be counsel to the Issuer) selected by the Issuer.

Credit Facility shall mean any letter of credit, standby bond purchase agreement, line of credit, policy of bond insurance, surety bond, guarantee or similar instrument, or any agreement relating to the reimbursement of any payment thereunder (or any combination of the foregoing), which is obtained by the Issuer and is issued by a financial institution, insurance provider or other Person and which provides security or liquidity in respect of any Outstanding Obligations, Parity Debt or Obligation Anticipation Notes.

Debt Service for any period shall mean, as of any date of calculation and with respect to any Series of Obligations or any Parity Debt outstanding, the sum of (i) interest on the Obligations of such Series and the interest components of Parity Debt accruing during such period and (ii) that portion of each Principal Installment for such Obligations and Parity Debt that would accrue during such period if such Principal Installment were deemed to accrue daily in equal amounts from the preceding Principal Installment payment date on Outstanding Obligations and Parity Debt; provided, however, that, unless otherwise set forth in a Supplemental Resolution, no Principal Installment shall be deemed to begin accruing until the later of one year prior to such Principal Installment's due date and the date of issuance or incurrence of the related Obligation or Parity Debt.

Debt Service Payment Date shall mean, with respect to any portion of Debt Service, the date on which the Debt Service shall be payable.

Defeasance Security shall mean

(i) an Authorized Investment as specified in clause (i) of the definition thereof (other than an obligation of the State), which is not redeemable at the option of the issuer thereof,

(ii) an Authorized Investment as specified in clause (i) (which is an obligation of the State), (ii), (iii), (vi) or (vii) of the definition thereof, which is not redeemable at the option of the issuer thereof and which shall be rated at the time of the investment in the highest long-term Rating Category by each Rating Agency,

(iii) any depositary receipt issued by a Bank as custodian with respect to any Defeasance Security which is specified in clause (a) above and held by such Bank for the account of the holder of such depositary receipt, or with respect to any specific payment of principal of or interest on any such Defeasance Security which is so specified and held, provided that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depositary receipt from any amount received by the custodian in respect of the Defeasance Security or the specific payment of principal or interest evidenced by such depositary receipt,

(iv) any certificate of deposit specified in clause (iii) of the definition of Authorized Investments in Section A-101, including certificates of deposit issued by the Trustee or by a Paying Agent, secured by obligations specified in clause (a) above of a

market value equal at all times to the amount of the deposit, which shall be rated at the time of the investment in the highest long-term Rating Category by each Rating Agency, or

(v) any other Authorized Investment designated in a Supplemental Resolution as a Defeasance Security for purposes of defeasing the Obligations authorized by such Supplemental Resolution, which is not redeemable at the option of the issuer thereof and which shall be rated at the time of the investment in the highest long-term Rating Category by each Rating Agency.

Deferred Income Obligation shall mean any Obligation (A) as to which interest accruing thereon prior to the Interest Commencement Date of such Obligation is (i) compounded on each Valuation Date for such Deferred Income Obligation and (ii) payable only at the maturity or prior redemption of such Obligations and (B) as to which interest accruing after the Interest Commencement Date is payable on the first interest payment date succeeding the Interest Commencement Date and periodically thereafter on the dates specified in or determined by Supplemental Resolution. Except as otherwise provided by Supplemental Resolution, for the purposes of (i) receiving payment of the Redemption Price if a Deferred Income Obligation is redeemed prior to maturity, (ii) computing the principal amount of Obligations held by the registered owner of a Deferred Income Obligation in giving to the Issuer or the Trustee any notice, consent, request, or demand pursuant to the Resolution for any purpose whatsoever or (iii) computing Debt Service, the principal amount of a Deferred Income Obligation shall be deemed to be its Appreciated Value (which in the case of clause (ii) may be the Appreciated Value as of the immediately preceding Valuation Date).

Estimated Average Interest Rate shall mean, as to any Variable Interest Rate Obligations or Qualified Swap and as of any date of calculation, the average interest rate or rates anticipated to be borne by such Obligations or Qualified Swap, or by the combination of such arrangements, over the period or periods for which such rate or rates are anticipated to be in effect, all as estimated by an Authorized Officer.

Fiduciary or Fiduciaries shall mean the Trustee, any Registrar, any Paying Agent, any tender agent or any or all of them, as may be appropriate, or any Person appointed to act as a Fiduciary as provided in the Resolution.

Final Judgment shall mean any judgment or order of any court of competent jurisdiction, or of any arbitrator or panel of arbitrators, as to which all appeals have been exhausted.

Fund or Funds shall mean each fund or all of the funds established in or pursuant to Article V of the Resolution.

Interest Commencement Date shall mean, with respect to any particular Deferred Income Obligation, the date determined by Supplemental Resolution after which interest accruing on such Obligation shall be payable on the first interest payment date succeeding such Interest Commencement Date and periodically thereafter on the dates determined pursuant to such Supplemental Resolution.

Issuer Act shall mean the MTA Act in the event that the MTA is defined in the Resolution as the Issuer or the TBTA Act in the event that the TBTA is defined in the Resolution as the Issuer,

together with any other applicable law of the State authorizing the issuance of the related Obligations by the Issuer or expressly limiting the issuance thereof or governing the security therefor.

LIRR shall mean The Long Island Rail Road Company and any successor thereto.

MaBSTOA shall mean the Manhattan and Bronx Surface Transit Operating Authority and any successor thereto.

MNCRC shall mean the Metro-North Commuter Railroad Company and any successor thereto.

MTA shall mean the Metropolitan Transportation Authority, the corporation organized and existing under the MTA Act, and any successor thereto.

MTA Act shall mean the Metropolitan Transportation Authority Act, being Title 11 of Article 5 of the New York Public Authorities Law, as from time to time amended.

MTA Bus shall mean MTA Bus Company and any successor thereto.

Obligation Anticipation Notes shall mean any such notes issued and delivered pursuant to Section A-203, except to the extent (but only to the extent) that all or any portion of such notes either are not payable, or are anticipated by the Issuer not to be paid, from the proceeds of the Obligations in anticipation of which such notes are being issued.

Opinion of Bond Counsel shall mean an opinion signed by Nixon Peabody LLP, D. Seaton and Associates, P.A., P.C., Orrick, Herrington & Sutcliffe LLP, and Bryant Rabbino LLP, or any other attorney or firm of attorneys of nationally recognized standing in the field of law relating to the issuance of obligations by state and municipal entities, selected by the Issuer.

Outstanding, when used with reference to Obligations or Obligations of a Series, shall mean, as of any date, Obligations or Obligations of such Series theretofore or thereupon to be delivered under the Resolution except:

(i) Any Obligations canceled at or prior to such date;

(ii) Obligations the principal and Redemption Price, if any, of and interest on which have been paid in accordance with the terms thereof;

(iii) Obligations in lieu of or in substitution for which other Obligations shall have been delivered pursuant to Article A-III or Section A-406 or Section C-606;

(iv) Obligations deemed to have been paid as provided in subsection 2 of Section A-901;

(v) Put Obligations tendered or deemed tendered in accordance with the provisions of the Supplemental Resolution authorizing such Obligations on the applicable tender date, if the Purchase Price thereof and interest thereon shall have been paid or

amounts are available and set aside for such payment as provided in such Supplemental Resolution, except to the extent such tendered Put Obligations thereafter may be resold pursuant to the terms thereof and of such Supplemental Resolution; and

(vi) For the purpose of any consent to be given or other action to be taken by or upon the direction of Owners of a specified portion of Obligations Outstanding, Obligations excluded pursuant to Section A-911.

The principal component of any Parity Debt shall be deemed to be Outstanding in a principal amount equal to the principal amount of the obligation then owed by the Issuer thereunder in lieu of the related Obligation, regardless of the authorized amount of the principal component of such Parity Debt or the related Obligation and provided that, unless otherwise required pursuant to the related Supplemental Resolution, the principal component of such Parity Debt shall not by itself increase the Outstanding principal amount of Obligations.

Owner, or any similar terms, shall mean the registered owner of any Obligation as shown on the books for the registration and transfer of Obligations maintained in accordance with Section A-305.

Parity Debt shall mean any Parity Reimbursement Obligation, any Parity Swap Obligation or any other contract, agreement or other obligation of the Issuer designated as constituting "Parity Debt" in a certificate of an Authorized Officer delivered to the Trustee; *provided, however, that* any such Parity Reimbursement Obligation, Parity Swap Obligation, or other contract, agreement or other obligation shall not constitute Parity Debt solely to the extent of any obligations to pay termination or other fees, expenses, indemnification or other similar payments to the counterparty to such arrangement; *provided further that* Parity Reimbursement Obligations may include accelerated principal amortization provisions to the extent permitted by subsection 4 of Section A-202.

Parity Reimbursement Obligation has the meaning provided in subsection 4 of Section A-202.

Parity Swap Obligation has the meaning provided in subsection 6 of Section A-202.

Paying Agent shall mean any paying agent for the Obligations of any Series and its successor or successors and any other Person which may at any time be substituted in its place pursuant to the Resolution.

Person shall mean any individual, corporation, firm, partnership, joint venture, association, joint-stock company, trust, unincorporated association, limited liability company or other legal entity or group of entities, including any public benefit corporation, public instrumentality, quasi-governmental or governmental entity or any agency or subdivision thereof.

Principal Installments shall mean, as of any date of calculation and with respect to any Series of Obligations or any Parity Debt, as applicable, (a) the principal amount of Outstanding Obligations of such Series, due on the dates and in the amounts specified by Supplemental Resolution, reduced by the principal amount of such Obligations which would be retired by reason of the payment when due and application in accordance with the Resolution of Sinking Fund

Installments payable before such dates, plus the unsatisfied balance (determined as provided in Section A-502 of the Resolution) of any Sinking Fund Installments due on any certain future date for Obligations of such Series, together with such redemption premiums, if any, applicable on any such future date, and (b) with respect to any Parity Debt, the amount due thereunder on the dates and in the amounts established in accordance with Section A-202 as a principal component of such Parity Debt payable on a parity with the Obligations.

Principal Office of the Trustee shall mean the designated corporate trust office of the Trustee.

Purchase Price shall mean, with respect to any Obligation, 100% of the principal amount thereof plus accrued interest, if any, plus in the case of an Obligation subject to mandatory tender for purchase on a date when such Obligation is also subject to optional redemption at a premium, an amount equal to the premium that would be payable on such Obligation if redeemed on such date.

Put Obligations shall mean Obligations which by their terms may be tendered at the option of the Owner thereof, or are subject to a mandatory tender other than at the election of the Issuer or a Related Entity, for payment or purchase prior to the stated maturity or redemption date thereof.

Qualified Swap shall mean, to the extent from time to time permitted by law, with respect to Obligations, any financial arrangement (i) which is entered into by the Issuer with an entity that is a Qualified Swap Provider at the time the arrangement is entered into, (ii) which is a cap, floor or collar; forward rate; future rate; swap (such swap may be based on an amount equal either to the principal amount of such Obligations of the Issuer as may be designated or a notional principal amount relating to all or a portion of the principal amount of such Obligations); asset, index, price or market-linked transaction or agreement; other exchange or rate protection transaction agreement; other similar transaction (however designated); or any combination thereof; or any option with respect thereto, in each case executed by the Issuer for the purpose of moderating interest rate fluctuations, reducing debt service costs or creating either fixed interest rate Obligations or Variable Interest Rate Obligations on a synthetic basis or otherwise, and (iii) which has been designated in writing to the Trustee by an Authorized Officer as a Qualified Swap with respect to such Obligations.

Qualified Swap Provider shall mean an entity whose senior long term obligations, other senior unsecured long term obligations, financial program rating, counterparty rating, or claims paying ability, or whose payment obligations under an interest rate exchange agreement are guaranteed by an entity whose senior long term debt obligations, other senior unsecured long term obligations, financial program rating, counterparty rating, or claims paying ability, are rated either at least as high as (i) the third highest Rating Category of each Rating Agency then maintaining a rating for the Qualified Swap Provider or (ii) any such lower Rating Categories which each such Rating Agency indicates in writing to the Issuer and the Trustee will not, by itself, result in a reduction or withdrawal of its rating on the Outstanding Obligations subject to such Qualified Swap that is in effect prior to entering into such Qualified Swap.

Rating Agency shall mean each nationally recognized statistical rating organization then maintaining a rating on the Obligations at the request of the Issuer.

Rating Category shall mean one of the generic rating categories of any Rating Agency without regard to any refinement or gradation of such rating by a numerical modifier or otherwise.

Rating Confirmation shall mean evidence that no rating then in effect from a Rating Agency will be withdrawn or reduced solely as the result of an action to be taken hereunder; provided, however, that no action requiring Rating Confirmation shall be undertaken unless at least one Rating Agency at that time maintains a rating on Obligations.

Record Date, except as otherwise provided by Supplemental Resolution or a certificate of an Authorized Officer, shall mean the last Business Day preceding a payment date or other date on which an action is to be taken.

Redemption Price shall mean, with respect to any Obligation, 100% of the principal amount thereof plus the applicable premium, if any, payable upon the redemption thereof pursuant to the Resolution.

Registrar shall mean any registrar for the Obligations of any Series and its successor or successors and any other Person which may at any time be substituted in its place pursuant to the Resolution.

Reimbursement Obligation has the meaning provided in subsection 4 of Section A-202.

Related Entity shall mean any of the MTA, TBTA, MaBSTOA, the Transit Authority, MNCRC, LIRR, SIRTOA, MTA Bus and any affiliate or subsidiary of any of the foregoing now or hereafter established and designated as a Related Entity by an Authorized Officer.

Responsible Officer shall mean any officer assigned to the corporate trust office of the Trustee, or any other officer of the Trustee customarily performing functions similar to those performed by any of such officers and who has direct responsibility for the administration of the Resolution, and also, with respect to a particular matter, any other officer, to whom such matter is referred because of such officer's knowledge of and familiarity with the particular subject.

Securities Depository shall mean a recognized securities depository selected by the Issuer to maintain a book-entry system in respect to all or any portion of a Series of Obligations (including, as appropriate, any nominee thereof), and shall include any substitute for or successor to the Securities Depository initially acting as Securities Depository.

Series shall mean all of the Obligations delivered on original issuance pursuant to a single Supplemental Resolution and denominated therein a single series, and any Obligations thereafter delivered in lieu of or in substitution therefor pursuant to Article A-III or Section A-406 or Section C-606, regardless of variations in maturity, interest rate or other provisions.

Sinking Fund Installment shall mean, as of a particular date, any Sinking Fund Installment established pursuant to paragraph (m) of subsection 1 of Section A-201.

SIRTOA shall mean the Staten Island Rapid Transit Operating Authority and any successor thereto.

State shall mean the State of New York.

Subordinated Contract Obligation shall mean any payment obligation (other than a payment obligation constituting Parity Debt or Subordinated Indebtedness) arising under (a) any Credit Facility which has been designated as constituting a "Subordinated Contract Obligation" in a certificate of an Authorized Officer delivered to the Trustee, (b) any Qualified Swap or portion thereof which has been designated as constituting a "Subordinated Contract Obligation" in a certificate of an Authorized Officer delivered to the Trustee, and (c) any other contract, agreement or other obligation of the Issuer designated as constituting a "Subordinated Contract Obligation" in a certificate of an Authorized Officer delivered to the Trustee. Each Subordinated Contract Obligation shall be payable and secured in a manner permitted by Article V, and any lien on and pledge of any portion of the Obligations Trust Estate securing Subordinated Contract Obligations shall be junior and inferior to the lien on and pledge of the Obligations Trust Estate herein created for the payment of the Obligations and Parity Debt.

Subordinated Indebtedness shall mean any bond, note or other indebtedness authorized by Supplemental Resolution or other resolution of the Issuer and designated as constituting "Subordinated Indebtedness" in a certificate of an Authorized Officer delivered to the Trustee, which shall be payable and secured in a manner permitted by Article V of the Resolution, and any lien on and pledge of any portion of the Obligations Trust Estate securing Subordinated Indebtedness shall be junior and inferior to the lien on and pledge of the Obligations Trust Estate herein created for the payment of the Obligations and Parity Debt.

Supplemental Resolution shall mean any resolution supplemental to or amendatory of the Resolution adopted by the Issuer in accordance with the Resolution and, except as the context may otherwise require, including any related Certificate of Determination.

TA Act shall mean the New York City Transit Authority Act being Title 9 of Article 5 of the New York Public Authorities law, as amended from time to time.

Taxable Obligations shall mean any Obligations which are not Tax-Exempt Obligations.

Tax-Exempt Obligations shall mean any Obligations the interest on which is intended by the Issuer to be generally excluded from gross income for federal income tax purposes and which are designated as Tax-Exempt Obligations in the Supplemental Resolution authorizing such obligations.

TBTA shall mean the Triborough Bridge and Tunnel Authority, the corporation organized and existing under the TBTA Act, and any successor thereto.

TBTA Act shall mean the Triborough Bridge and Tunnel Authority Act, being Title 3 of Article 3 of the New York Public Authorities Law, as amended from time to time.

Transit Authority shall mean the New York City Transit Authority, the corporation organized and existing under the TA Act, and any successor thereto.

Transportation District shall mean the Metropolitan Commuter Transportation District created by Section 1262 of the MTA Act.

Transportation District Project shall mean any project, program or facility that the Issuer or any other Related Entity (in either case, by itself or with any other Person) is authorized from time to time by law to plan, design, acquire, establish, construct, effectuate, operate, maintain, renovate, improve, extend, rehabilitate or repair within, or for the benefit of, the Transportation District.

Trustee shall mean the trustee appointed by the Issuer pursuant to Section A-701, and its successor or successors and any other Person which may at any time be substituted in its place pursuant to the Resolution.

Valuation Date shall mean (i) with respect to any Capital Appreciation Obligations the date or dates set forth in the Supplemental Resolution authorizing such Obligations on which specific Accreted Values are assigned to the Capital Appreciation Obligations and (ii) with respect to any Deferred Income Obligations, the date or dates on or prior to the Interest Commencement Date set forth in the Supplemental Resolution authorizing such Obligations on which specific Appreciated Values are assigned to the Deferred Income Obligations.

Variable Interest Rate shall mean a variable interest rate to be borne by any Obligation. The method of computing such variable interest rate shall be specified in the Supplemental Resolution authorizing such Series of Obligations.

Variable Interest Rate Obligations shall mean Obligations which bear a Variable Interest Rate.

Section A-102. Rules of Construction.

1. Words of one gender shall be deemed and construed to include correlative words of any other gender. Except where the context otherwise requires, words importing the singular number shall include the plural number and vice versa, and words importing persons shall include firms, associations and corporations.

2. Except as otherwise specified herein, all references in the Resolution (including this Annex A) to Articles, Sections, and other subdivisions are to the corresponding Articles, Sections or subdivisions of the Resolution (including this Annex A), and the words herein, hereof, hereunder and other words of similar import refer to the Resolution as a whole (including this Annex A) and not to any particular Article, Section or subdivision of the Resolution or of this Annex A. References in the Resolution to Articles or Sections with "A-" preceding the number of an Article or Section are to such Article or Section of this Annex A.

3. This Annex A constitutes an integral part of the Resolution and, except to the extent provided in the next 2 sentences, has the same force and effect as if set forth in the forepart of the Resolution. To the extent expressly provided in the Resolution (not including this Annex A), the Issuer may negate, amend or modify any provision of this Annex A. In the event of any conflict between this Annex A and the forepart of the Resolution, the forepart of the Resolution shall control.

4. The headings or titles of the several Articles and Sections hereof, and any table of contents appended to copies hereof (including any table of contents in the Resolution), shall be

solely for convenience of reference and shall not limit or otherwise affect the meaning, construction or effect of the Resolution (including this Annex A) or describe the scope or intent of any provisions hereof.

5. All accounting terms not otherwise defined herein have the meanings assigned to them in accordance with applicable generally accepted accounting principles as in effect from time to time.

6. All references herein to resolutions, contracts or other agreements shall be deemed to include any amendments to such documents that are approved in accordance with the terms thereof and hereof.

7. Every "request," "order," "demand," "application," "appointment," "notice," "statement," "certificate," "consent," or similar action hereunder by any party shall, unless the form thereof is specifically provided, be in writing signed by a duly authorized representative of such party with a duly authorized signature, which may be delivered and "signed" pursuant to facsimile or other electronic-mail transmission in accordance with applicable law and practice.

8. The word "or" is not exclusive.

9. The word "including" means including without limitation.

Section A-103. Authority for the Resolution. The Resolution is adopted pursuant to the Issuer Act.

Section A-104. Resolution to Constitute Contract. In consideration of the purchase and acceptance of any and all of the Obligations and Parity Debt authorized to be issued hereunder by those who are Owners of the Obligations and Parity Debt from time to time, the Resolution shall be deemed to be and shall constitute a contract between the Issuer and the Owners from time to time of the Obligations and Parity Debt; and the pledge made in the Resolution and the covenants and agreements therein set forth to be performed on behalf of the Issuer shall be for the equal benefit, protection and security of the Owners of any and all of the Obligations and Parity Debt, all of which, regardless of the time or times of their authentication, issuance and delivery, or maturity, shall be of equal rank without preference, priority or distinction of any of the Obligations or Parity Debt over any other Obligations or Parity Debt, except as expressly provided in or permitted by the Resolution.

ARTICLE A-II.

GENERAL PROVISIONS FOR ISSUANCE OR INCURRENCE OF OBLIGATIONS, PARITY DEBT AND OBLIGATION ANTICIPATION NOTES

Section A-201. General Provisions for Issuance of Obligations.

1. Obligations may be issued pursuant to a Supplemental Resolution in such principal amount or amounts for each Series or subseries as may be specified in such Supplemental Resolution. Obligations of any Series or subseries shall be authorized by a Supplemental

Resolution which shall specify, among other things, the following matters (or the manner of determining such matters):

(a) The authorized principal amount, designation and Series of such Obligations;

(b) The purpose or purposes for which such Obligations are being issued which shall be one or more of the purposes set forth in Section 201;

(c) The dates and the maturity dates of the Obligations of such Series;

(d) If the Obligations of such Series are interest bearing Obligations, the interest rates of the Obligations of such Series and the interest payment dates therefor;

(e) If Obligations of such Series are Capital Appreciation Obligations, the Valuation Dates for such Obligations and the Accreted Value on each such Valuation Date;

(f) If Obligations of such Series are Deferred Income Obligations, the Interest Commencement Date for such Obligations, the Valuation Dates prior to the Interest Commencement Date for such Obligations and the Appreciated Value on each such Valuation Date;

(g) If Obligations of such Series are Capital Appreciation Obligations or Deferred Income Obligations, the manner in which and the period during which principal and interest shall be deemed to accrue on such Obligations;

(h) If Obligations of such Series are Variable Interest Rate Obligations, the maximum interest rate, if any, or the method of calculating such maximum rate for such Obligations, and the provisions, if any, as to the calculation or change of Variable Interest Rates;

(i) If Obligations of such Series are Put Obligations, provisions regarding tender for purchase or redemption thereof and payment of the purchase or Redemption Price thereof;

(j) The denominations of and the manner of dating, numbering and lettering, the Obligations of such Series;

(k) The Paying Agents, if any, and the places of payment of the principal and Redemption Price, if any, of, and interest on, the Obligations of such Series;

(l) The Redemption Prices, if any, and the redemption terms, if any, for the Obligations of such Series, provided that Obligations of any maturity for which Sinking Fund Installments shall be established pursuant to paragraph (m) of this subsection 1 shall in any event be redeemable, or payable at maturity, by application of the Sinking Fund Installments for such Obligations on the due dates of such Sinking Fund Installments;

(m) The amount and due date of each Sinking Fund Installment, if any, for Obligations of like maturity of such Series;

(n) Provisions necessary to authorize, in compliance with all applicable law, Obligations of such Series to be issued in the form of Obligations issued and held in book-entry form on the books of the Issuer or any Fiduciary appointed for that purpose by the Issuer and, in connection therewith, make such additional changes in the Resolution, not adverse to the rights of the Owners of the Obligations, as are necessary or appropriate to accomplish or recognize such book-entry form Obligations and specify and determine the matters and things relative to the issuance of such book-entry form Obligations as are appropriate or necessary;

(o) To the extent applicable, the provisions relating to (a) any Credit Facility, Qualified Swap or other financial arrangement entered into in connection with the issuance of the Obligations of such Series and (b) the obligations payable thereunder;

(p) The amount, if any, to be deposited in the Obligations Proceeds Fund or any Account therein;

(q) If so determined by the Issuer, provisions for the application of any money available therefor to the purchase, exchange or redemption of Obligations of such Series and for the order of purchase, exchange or redemption of such Obligations;

(r) If so determined by the Issuer, provisions for the sale of the Obligations of such Series;

(s) The forms of the Obligations of such Series and of the Trustee's certificate of authentication if other than as provided in Section 301; and

(t) Such other matters, not contrary to or inconsistent with the Resolution, as the Issuer may deem advisable or necessary in connection with the authorization, issuance, sale, or delivery of such Series of Obligations.

An Authorized Officer to whom a Supplemental Resolution has delegated the power to determine any of the foregoing shall execute a Certificate of Determination evidencing such determinations or other actions taken pursuant to the delegation under such Supplemental Resolution, and such Certificate of Determination shall be conclusive evidence of the determinations or actions of such Authorized Officer as to the matters stated therein. The matters set forth in any such Certificate of Determination shall have the same effect as if set forth in the related Supplemental Resolution.

2. The Obligations may be sold in one or more Series or subseries (each of which shall contain a designation distinguishing it from other Series or subseries), and shall be delivered by the Issuer under the Resolution but only upon receipt by the Trustee of:

(a) An Opinion of Bond Counsel in customary form to the effect that (i) the Issuer has the right and power under the Issuer Act to adopt the Resolution, and the Resolution has been duly and lawfully adopted by the Issuer, is in full force and effect, and

is valid and binding upon the Issuer, and enforceable in accordance with its terms, and no other authorization for the Resolution is required as of the date thereof; (ii) the Resolution creates the valid pledge which it purports to create of the Obligations Trust Estate in the manner and to the extent provided in Section 501; and (iii) the Obligations are valid and binding obligations of the Issuer, enforceable in accordance with their terms and the terms of the Resolution and entitled to the benefits of the Issuer Act as amended to the date of such Opinion of Bond Counsel, and (iv) such Obligations have been duly and validly authorized and issued in accordance with law and the Resolution;

(b) A copy of the Supplemental Resolution authorizing such Obligations, certified by an Authorized Officer;

(c) A written order of the Issuer as to the delivery of the Obligations, signed by an Authorized Officer;

(d) A certificate of an Authorized Officer to the effect that, upon the delivery of the Obligations of such Series (i) no event which constitutes a default under the Resolution or any of the Obligations shall have occurred and be continuing or, if such an event is continuing, upon issuance of the Obligations such default shall be cured, and (ii) no such event would result from the authentication and delivery of the Obligations of such Series;

(e) If any Obligations are Variable Interest Rate Obligations or a Qualified Swap is being entered into that will result in a variable interest rate obligation of the Issuer, a determination by an Authorized Officer of the Estimated Average Interest Rate;

(f) If any Obligations of such Series are Put Obligations, a determination by an Authorized Officer of the method or methods to be employed to provide for the purchase or redemption of all Put Obligations of such Series if the Owners thereof elected to tender for purchase or redemption the entire aggregate Outstanding principal amount of the Put Obligations of such Series; and

(g) Such further documents and money as are required by the provisions of Article II, this Article A-II or Article C-V.

3. If Obligations are to be listed on a domestic or foreign stock exchange, the Authorized Officers are hereby authorized to take all such actions as they deem necessary or appropriate to comply with the listing requirements of such exchange, including the appointment of a member of such exchange as listing agent, the publication where required by such exchange of all redemption notices, the appointment of a special clearing agent and paying agent, and the execution of an undertaking letter with such exchange.

4. The Obligations shall not be a debt of the State or the City and neither the State nor the City shall be liable thereon, nor shall Obligations be payable out of any funds other than those of the Issuer as provided in the Resolution.

Section A-202. Credit Facilities; Qualified Swaps and Other Similar Arrangements; Parity Debt.

1. The Issuer may include such provisions in a Supplemental Resolution authorizing the issuance of a Series of Obligations secured by a Credit Facility as the Issuer deems appropriate, and no such provisions shall be deemed to constitute an amendment to the Resolution requiring action under Article C-V or Article C-VI, including:

(a) So long as the Credit Facility is in full force and effect and payment on the Credit Facility is not in default, then (i) the issuer of the Credit Facility shall be deemed to be the sole Owner of the Outstanding Obligations the payment of which such Credit Facility secures or (ii) in the alternative or with respect to particular matters, the approval, consent or action of the issuer of the Credit Facility shall be required in addition to the approval, consent or action of the applicable percentage of the Owners of the Outstanding Obligations, in either case when the approval, consent or action of the Owners for such Obligations is required or may be exercised under the Resolution and following an Event of Default hereunder; provided, however, that no issuer of a Credit Facility shall be deemed to be the sole Owner of Outstanding Obligations pursuant to this provision in the event that the Credit Facility or Credit Facilities securing such Obligations provide only liquidity support.

(b) In the event that the principal, Sinking Fund Installments, if any, and Redemption Price, if applicable, and interest due on any Outstanding Obligations (or Purchase Price of any Outstanding Obligations to the extent the issuer of the Credit Facility has not been reimbursed) shall be paid under the provisions of the Credit Facility, all covenants, agreements and other obligations of the Issuer to the Owners of such Obligations shall continue to exist and such issuer of the Credit Facility shall be subrogated to the rights of such Owners in accordance with the terms of such Credit Facility.

2. In addition, such Supplemental Resolution may establish such provisions as are necessary (i) to comply with the provisions of each such Credit Facility, (ii) to provide relevant information to the issuer of the Credit Facility, (iii) to provide a mechanism for paying Principal Installments and interest on Obligations secured by the Credit Facility, and (iv) to make provision for any events of default or for additional or improved security required by the issuer of a Credit Facility.

3. The Issuer may enter into such agreements with the issuer of such Credit Facility providing for, *inter alia*: (i) the payment of fees and expenses to such issuer for the issuance of such Credit Facility, (ii) the terms and conditions of such Credit Facility and the Obligations affected thereby, and (iii) the security, if any, to be provided for the issuance of such Credit Facility.

4. The Issuer may secure such Credit Facility by an agreement providing for the purchase of the Obligations secured thereby with such adjustments to the rate of interest, method of determining interest, maturity, or redemption provisions as specified by the Issuer in the applicable Supplemental Resolution. The Issuer may also in an agreement with the issuer of such Credit Facility agree to directly reimburse such issuer for amounts paid under the terms of such

Credit Facility (together with interest thereon, the "**Reimbursement Obligation**"); *provided, however*, that no amounts shall be payable by the Issuer under a Reimbursement Obligation for purposes of the Resolution, until amounts are paid under such Credit Facility by the issuer thereof. As determined by Supplemental Resolution, any such Reimbursement Obligation, which may include interest calculated at a rate higher than the interest rate on the related Obligation and accelerated principal amortization, (i) may be secured by a pledge of, and a lien on, the Obligations Trust Estate on a parity with the lien created by Section 501 of the Resolution to secure the Obligations (a "**Parity Reimbursement Obligation**"), but only to the extent that (prior to any acceleration of all Obligations, if permitted) any principal amortization requirements are *either* (A) commensurate with the amortization requirements for such related Obligations, without acceleration or (B) accelerated to no greater extent than to require repayment in equal principal installments over 5 or more years, or (ii) may constitute a Subordinated Contract Obligation, as determined by the Issuer. Parity Reimbursement Obligations shall not include any payments (other than interest calculated at a higher rate pursuant to a Credit Facility) (i) of any fees or expenses, (ii) pursuant to any indemnification provisions or (iii) pursuant to term-loan or other principal amortization requirements in reimbursement of any such advance that are more accelerated than permitted by clauses (A) and (B) of the preceding sentence, and any such payments of the items specified in clauses (i), (ii) or (iii) shall constitute Subordinated Contract Obligations.

5. Any such Credit Facility shall be for the benefit of and secure such Obligations or portion thereof as specified in any applicable Supplemental Resolution.

6. In connection with the issuance of any Obligations or at any time thereafter so long as Obligations remain Outstanding, the Issuer may, to the extent permitted pursuant to law, from time to time enter into Qualified Swaps. The Issuer's obligation to pay any amount under any Qualified Swap may be secured by a pledge of, and a lien on, the Obligations Trust Estate on a parity with the lien created by Section 501 of the Resolution to secure the Obligations (a "**Parity Swap Obligation**"), or may constitute a Subordinated Contract Obligation, as determined by the Issuer. Parity Swap Obligations shall not include any payments of any termination or other fees, expenses, indemnification or other obligations to a counterparty to a Qualified Swap, which payments shall be Subordinated Contract Obligations.

7. Parity Debt shall not be a debt of the State or the City and neither the State nor the City shall be liable thereon, nor shall Parity Debt be payable out of any funds other than those of the Issuer pledged therefor pursuant to the Resolution.

8. Except to the extent that an Authorized Officer directs that such amounts be deposited in any other Fund or Account pledged to the payment of Obligations, any amounts paid to the Issuer under a Qualified Swap shall be deposited in the Senior Debt Service Fund.

9. To the extent applicable and not readily apparent with respect any Parity Debt, either the terms of such Parity Debt shall specify (or an Authorized Officer shall specify in writing) the interest and principal components of, or the scheduled payments corresponding to principal and interest under, such Parity Debt or the manner of determining the foregoing.

Section A-203. Obligation Anticipation Notes. Whenever the Issuer shall have, by Supplemental Resolution, authorized the issuance of a Series of Obligations, the Issuer may by

resolution authorize the issuance of Obligation Anticipation Notes in anticipation of the issuance of such authorized Series of Obligations, in a principal amount not exceeding the principal amount of the Obligations of such Series so authorized. The principal of and premium, if any, and interest on such Obligation Anticipation Notes and any renewals of such Obligation Anticipation Notes shall be payable only from any or all of the following items designated by the Issuer at or prior to issuance of any such series of Obligation Anticipation Notes (i) the proceeds of any renewals of such Obligation Anticipation Notes issued to repay such Obligation Anticipation Notes, (ii) the proceeds of the sale of the Series of Obligations, Refunding Obligations or Refunding Second Lien Obligations or other obligations in anticipation of which such Obligation Anticipation Notes are issued or expected to be refinanced or restructured, (iii) amounts available to pay Other Subordinated Obligations, or (iv) any other money available therefor and not pledged under the Resolution. Such proceeds and other amounts set forth in clauses (i), (ii), (iii) and (iv) may be pledged for the payment of the principal of and premium, if any, and interest on such Obligation Anticipation Notes, and any such pledge of the items set forth in clauses (i) and (ii) shall have priority over any other pledge created by the Resolution, including Section 501. In any case, such Obligation Anticipation Notes shall be retired or provision shall be made for their retirement not later than the date of authentication and delivery of the Series of Obligations in anticipation of which they are issued. The proceeds of the sale of Obligation Anticipation Notes other than renewals thereof shall be applied to the purposes for which the Obligations, Refunding Obligations or Refunding Second Lien Obligations or other obligations in anticipation of which such Obligation Anticipation Notes are authorized and shall be deposited in the appropriate Fund or Account established by the Resolution for such purposes or, if so provided in the resolution authorizing renewals of Obligation Anticipation Notes issued to pay outstanding Obligation Anticipation Notes, applied directly to such payment. Investment earnings from any amounts on deposit in any Fund or Account under the Resolution representing the proceeds of any Obligation Anticipation Notes shall be applied in the manner set forth in the resolution authorizing such Obligation Anticipation Notes.

ARTICLE A-III.

GENERAL TERMS AND PROVISIONS OF OBLIGATIONS

Except as otherwise provided by Supplemental Resolution, the Obligations shall be subject to the terms and provisions of these Standard Resolution Provisions.

Section A-301. Medium of Payment; Form and Date.

1. The Obligations and Parity Debt shall be payable, with respect to interest, principal and Redemption Price, in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts (or to the extent permitted by law, in any other coin or currency authorized pursuant to a Supplemental Resolution for related Obligations and Parity Debt).

2. Obligations shall be issued in the form of fully registered Obligations without coupons. Obligations, the certificate of authentication, if any, and the form of assignment shall be in substantially the form provided for in Exhibit One with such appropriate variations, omissions, substitutions and insertions as are permitted or required hereby or thereby or are required by law,

and may have such letters, numbers or other marks of identification and such legends and endorsements placed thereon as may be required to comply with any applicable laws or rules or regulations, or as may, consistent herewith, be determined by the officers executing such Obligations, as evidenced by their execution of the Obligations. Any portion of the text of any Obligation may be set forth on the reverse thereof, with an appropriate reference thereto on the face of such Obligation, or as multiple pages (with or without such a reference). Obligations may be typewritten, printed, engraved, lithographed or otherwise produced.

3. Obligations shall be dated, and shall bear or not bear interest, as provided in the Supplemental Resolution authorizing such Obligations.

Section A-302. Legends. Obligations may contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions of the Resolution as may be necessary or desirable to comply with custom, the rules of any securities exchange or commission or brokerage board, or otherwise, as may be determined by the Issuer.

Section A-303. Execution and Authentication.

1. The Obligations shall be executed in the name of the Issuer by the manual or facsimile signature of an Authorized Officer or in such other manner as may be required by law or specified in a Supplemental Resolution. In case any of the officers who shall have signed any of the Obligations shall cease to be such officer before the Obligations so signed shall have been actually delivered, such Obligations may, nevertheless, be delivered as herein provided, and may be issued as if the Persons who signed such Obligations had not ceased to hold such offices. Any Obligation may be signed on behalf of the Issuer by such Persons as at the actual time of the execution of such Obligation shall be duly authorized or hold the proper office in the Issuer, although at the date of the Obligations such Persons may not have been so authorized or have held such office.

2. Obligations of each Series shall bear thereon a certificate of authentication, executed manually by the Trustee. Only such Obligations as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under the Resolution and no Obligation shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee. Such certificate of the Trustee upon any Obligation executed on behalf of the Issuer shall be conclusive evidence that the Obligation so authenticated has been duly authenticated and delivered under the Resolution and that the Owner thereof is entitled to the benefits of the Resolution.

Section A-304. Interchangeability of Obligations. Obligations, upon surrender thereof at the office of the Registrar with a written instrument of transfer satisfactory to the Registrar, duly executed by the Owner or his duly authorized attorney, may, at the option of such Owner, be exchanged for an equal aggregate principal amount of Obligations of the same Series, maturity and interest rate of any other authorized denomination.

Section A-305. Negotiability, Transfer and Registry. All the Obligations issued under the Resolution shall be negotiable, subject to the provisions for registration and registration of transfer contained in the Resolution and in the Obligations. So long as any of the Obligations

shall remain Outstanding, the Issuer shall maintain and keep, at the office of the Registrar, books for the registration and registration of transfer of Obligations; and, upon presentation thereof for such purpose at said office and under such reasonable regulations as it or the Registrar may prescribe, the Issuer shall register or cause to be registered therein, and permit to be transferred thereon, the registration of any Obligation entitled to registration or registration of transfer. So long as any of the Obligations remain Outstanding, the Issuer shall make all necessary provision to permit the exchange of Obligations at the office of the Registrar.

Section A-306. Transfer of Obligations.

1. The transfer of each Obligation shall be registerable only upon the books of the Issuer, which shall be kept by the Registrar, by the Owner thereof in person or by his attorney authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Registrar executed by the Owner or his authorized attorney. Upon the registration of transfer of any such Obligation, the Issuer shall issue in the name of the transferee a new Obligation of the same aggregate principal amount, Series, maturity and interest rate as the surrendered Obligation.

2. The Issuer and each Fiduciary may deem and treat the Person in whose name any Outstanding Obligation shall be registered upon the books of the Issuer as the absolute owner of such Obligation, whether such Obligation shall be overdue or not, for the purpose of receiving payment of or on account of, the principal and Redemption Price, if any, of and interest on such Obligation and for all other purposes, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Obligation to the extent of the sum or sums so paid, and neither the Issuer nor any Fiduciary shall be affected by any notice to the contrary. The Issuer agrees to indemnify and save each Fiduciary harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, unless acting in bad faith or with negligence under the Resolution, in so treating such registered owner.

Section A-307. Regulations With Respect to Exchanges and Transfers. In all cases in which the privilege of exchanging Obligations or registering the transfer of Obligations is exercised, the Issuer shall execute and the Registrar shall deliver Obligations in accordance with the provisions of the Resolution. All Obligations surrendered in any such exchanges or registrations of transfer shall forthwith be canceled by the Registrar. For every such exchange or registration of transfer of Obligations, whether temporary or definitive, the Issuer or the Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer.

Section A-308. Obligations Mutilated, Destroyed, Stolen or Lost. In case any Obligation shall become mutilated or be destroyed, stolen or lost, the Issuer shall execute, and thereupon the Trustee and Registrar shall deliver, a new Obligation of like tenor, Series, maturity, interest rate and principal amount as the Obligation so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Obligation, upon surrender and cancellation of such mutilated Obligation, or in lieu of and substitution for the Obligation destroyed, stolen or lost, upon filing with the Trustee and Registrar evidence satisfactory to the Issuer and the Trustee and Registrar that such Obligation has been destroyed, stolen or lost and proof of ownership thereof,

and upon furnishing the Issuer and the Trustee and Registrar with indemnity satisfactory to them and complying with such other reasonable regulations as the Issuer and the Trustee and Registrar may prescribe and paying such expenses as the Issuer and Trustee and Registrar may incur. All Obligations so surrendered to the Registrar shall be canceled by it. If any such Obligation shall have matured, or if such Obligation shall have been called for redemption or a redemption date pertaining thereto shall have passed, instead of issuing a new Obligation the Issuer may cause the same to be paid without surrender thereof upon indemnity satisfactory to the Issuer and the Trustee. Any such new Obligations issued pursuant to this Section in substitution for Obligations alleged to be destroyed, stolen or lost shall constitute original additional contractual obligations on the part of the Issuer, whether or not the Obligations so alleged to be destroyed, stolen or lost be at any time enforceable by anyone, and shall be equally secured by and entitled to equal and proportionate benefits with all other Obligations issued under the Resolution, in any money or securities held by the Issuer or the Fiduciary for the benefit of the Owners of Obligations.

Section A-309. Book-Entry-Only System. The Issuer may employ a book-entry-only system of registration with respect to any Obligations and may utilize the procedures regarding such registration set forth in this Section A-309, as such procedures may be modified or superseded pursuant to the Supplemental Resolution authorizing such Obligations. Any provisions of the Resolution inconsistent with book-entry-only Obligations shall not be applicable to such book-entry-only Obligations.

Any Authorized Officer is hereby authorized to take all actions required for each Series of Obligations to be eligible under the rules and regulations of The Depository Trust Company ("**DTC**"), 55 Water Street, New York, New York, for investment and trading as uncertificated securities. DTC is hereby appointed as the initial Securities Depository for the Obligations, with Cede & Co., a nominee thereof, being the initial registered owner of the Obligations. In the event that any Securities Depository resigns or is removed, any Authorized Officer may select a substitute Securities Depository. The Issuer and any Fiduciary, and any agent of the Issuer or any Fiduciary, may treat any Securities Depository in whose name any Obligations is registered as the owner of such Obligation for all purposes under the Resolution. For so long as the Securities Depository is the registered owner of the Obligations, procedures with respect to the transmission of notices and the transfer of ownership of, redemption of and payment of principal or Redemption Price, if any, of and interest on such Obligations so held shall be in accordance with arrangements among the Trustee, the Issuer and the Securities Depository.

So long as the Obligations are registered in the name of the Securities Depository, the Issuer and the Trustee shall have no responsibility or obligation to any Securities Depository participant, indirect participant or beneficial owner of the Obligations. Without limiting the immediately preceding sentence, the Issuer and the Trustee shall have no responsibility or obligation with respect to (i) the accuracy of the records of any Securities Depository or any Securities Depository participant or indirect participant with respect to any beneficial ownership interest in the Obligations, (ii) the delivery to any Securities Depository participant, indirect participant, beneficial owner or any other person, other than the Securities Depository, of any notice with respect to the Obligations, including any notice of redemption or tender, or (iii) the payment to any Securities Depository participant, indirect participant, beneficial owner or any other person, other than the Securities Depository, of any amount with respect to the principal of or Redemption Price or interest on the Obligations.

The Issuer, in its sole discretion and without the consent of any other person, may terminate the services of any Securities Depository with respect to any Series of Obligations. Notice of such termination shall be given by the Issuer to the Trustee prior to or simultaneously with such termination. In the event the book-entry only system is discontinued with respect to the Obligations, principal and Redemption Price of and interest on the Obligations shall be paid as provided in the Resolution.

Consistent with DTC book-entry provisions, one or more typewritten certificates shall be prepared for each maturity of the Obligations of a Series and registered in the name of the Securities Depository. There shall be no physical distribution of bond or other certificates to beneficial owners of such Obligations. In the event that the Obligations do not qualify to be held by the Securities Depository or that either the Issuer determines to discontinue the book-entry only system or DTC determines to discontinue providing its service with respect to the Obligations and there is no successor Securities Depository, the bond or other certificates shall be delivered in the form required by the Resolution.

Unless otherwise directed by an Authorized Officer, "CUSIP" identification numbers will be imprinted on the Obligations, but such numbers shall not constitute a part of the contract evidenced by the Obligations and any error or omission with respect thereto shall not constitute cause for refusal of any purchaser to accept delivery of and pay for the Obligations. As a convenience to the Owners of the Obligations, the Issuer and the Trustee may use such CUSIP numbers in any notices to the Owners of the Obligations, including any notices of redemption of the Obligations. Failure on the part of the Issuer or the Trustee to use such CUSIP numbers in any notice to Owners of the Obligations shall not constitute an Event of Default or any similar violation of the Issuer's contract with such Owners. The Issuer will promptly notify the Trustee of any change in the CUSIP numbers.

ARTICLE A-IV.

REDEMPTION AND TENDER OF OBLIGATIONS

Section A-401. Privilege of Redemption and Redemption Price. Except as otherwise provided in the Resolution or a Supplemental Resolution, Obligations subject to redemption pursuant to a Supplemental Resolution shall be subject to redemption only in accordance with this Article A-IV.

Obligations subject to redemption prior to maturity pursuant to a Supplemental Resolution shall be redeemable, upon written notice as provided in this Article A-IV, at such times, at such Redemption Prices and upon such terms as may be specified in the Supplemental Resolution authorizing such Obligations.

Section A-402. Redemption at the Election of the Issuer; Tender to Related Entities. In the case of any redemption of Obligations at the election of the Issuer, the Issuer shall give written notice to the Trustee of its election so to redeem, of the redemption date, of the Series, of the principal amounts of the Obligations of each maturity and interest rate of such Series to be redeemed (which Series, maturities, interest rates and principal amounts thereof to be redeemed shall be determined by the Issuer in its sole discretion, subject to any limitations with respect

thereto contained in any Supplemental Resolution). Such notice shall be given at least 45 days prior to the redemption date or such shorter period as may be provided in the Supplemental Resolution or as shall be acceptable to the Trustee. In the event notice of redemption shall have been given as in Section A-405 provided but subject to the second paragraph of Section A-405, the Issuer shall on or prior to the redemption date cause to be paid out to the appropriate Paying Agent or Paying Agents out of money available therefor an amount in cash which, in addition to other money, if any, available therefor held by such Paying Agent or Paying Agents, will be sufficient to redeem on the redemption date at the Redemption Price thereof, all of the Obligations to be redeemed.

The Issuer may, in its sole discretion, purchase or grant to any Related Entity the option to purchase, at any time and from time to time, any Obligations which are redeemable at the election of the Issuer at a purchase price equal to the redemption price therefor. To exercise any such option, the Issuer or the Related Entity shall give the Trustee a written request exercising such option within the time periods specified in the related Supplemental Resolution as though such written request were a written request of the related Issuer for redemption, and the Trustee shall thereupon give the Owners of the Obligations to be purchased notice of such purchase in the manner specified in the related Supplemental Resolution as though such purchase were a redemption. On the date fixed for purchase pursuant to any exercise of such an option, the Issuer or the Related Entity shall pay the purchase price of the Obligations then being purchased to the Trustee in immediately available funds, and the Trustee shall pay the same to the sellers of such Obligations against delivery thereof. Following such purchase, the Trustee shall cause such Obligations to be registered in the name of the Issuer or the Related Entity or its nominee and shall deliver them to the Issuer, the Related Entity or its nominee. Except to the extent otherwise directed by an Authorized Officer, no purchase of Obligations pursuant to such an option shall operate to extinguish the indebtedness of the Issuer evidenced thereby. Any such option to purchase by a Related Entity either shall be conditioned on the provision of sufficient money therefor by the Related Entity or shall be an obligation of the Issuer in the event that the Related Entity does not provide sufficient money therefor.

Section A-403. Redemption Otherwise Than at the Issuer's Election. Whenever by the terms of the Resolution Obligations are required to be redeemed otherwise than at the election of the Issuer, the Trustee shall select the Obligations to be redeemed, give the notice of redemption and pay out of money available therefor the Redemption Price to the appropriate Paying Agents in accordance with the terms of this Article A-IV. The Trustee shall have no liability in making such selection.

Section A-404. Selection of Obligations to Be Redeemed. In the event of redemption of less than all the Outstanding Obligations of like tenor, Series, maturity and interest rate, the Trustee shall select, as directed by the Issuer (as to the timing of such selection, manner of such selection or otherwise) or otherwise in such manner as the Trustee in its discretion shall deem appropriate and fair, the numbers of the Obligations to be redeemed and portions of any thereof to be redeemed in part. Obligations of denominations equal or less than the minimum authorized denomination thereof may be redeemed only as a whole. Obligations of denominations of more than the minimum authorized denomination thereof may be redeemed either as a whole or in part (which, if redeemed in part, must assure that the portion of the Obligation which is not redeemed is an authorized denomination). For the purposes of this Section A-404, Obligations, or

portions thereof, which have theretofore been selected for redemption shall not be deemed Outstanding.

Section A-405. Notice of Redemption. When the Trustee shall receive notice from the Issuer of its election to redeem Obligations pursuant to Section A-402, and when redemption of Obligations is required by the Resolution pursuant to Section A-403, the Trustee shall give notice, in the name of the Issuer, of the redemption of such Obligations, which notice shall specify the Series (including CUSIP numbers), maturities and, if any maturity shall include Obligations bearing different interest rates and all Obligations of such maturity are not being redeemed, the interest rate of the Obligations to be redeemed, the redemption date and the place or places where amounts due upon such redemption will be payable and, if less than all of the Obligations of any like tenor, Series, maturity and interest rate are to be redeemed, the letters and numbers or other distinguishing marks of such Obligations so to be redeemed, and, in the case of Obligations to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed, and, if applicable, that such notice is conditional and the conditions that must be satisfied. Such notice shall further state that on such date there shall become due and payable upon each Obligation to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal thereof in the case of Obligations to be redeemed in part only, together with interest accrued to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable. Such notice shall be given not less than 20 days nor more than 45 days, or for such other period as may be specified in a Supplemental Resolution authorizing a particular Series, before the redemption date, to the Owners of any Obligations or portions of Obligations which are to be redeemed. Failure so to give any such notice to any particular Owner shall not affect the validity of the proceedings for the redemption of Obligations not owned by such Owner and failure of any Owner to receive such notice shall not affect the validity of the proposed redemption of Obligations. The Issuer may provide notices of redemption at such additional times as it may determine necessary or appropriate.

Any notice of optional redemption given pursuant to this Section may state that it is conditional upon receipt by the Trustee of money sufficient to pay the Redemption Price of such Obligations or upon the satisfaction of any other condition, or that it may be rescinded upon the occurrence of any other event, and any conditional notice so given may be rescinded at any time before payment of such Redemption Price if any such condition so specified is not satisfied or if any such other event occurs. Notice of such rescission shall be given by the Trustee to affected Owners of Obligations as promptly as practicable upon the failure of such condition or the occurrence of such other event.

Unless otherwise provided by Supplemental Resolution, notices of redemption shall be sent by first class mail, postage prepaid.

Notice of redemption of any Series of Obligations shall also be sent by the Trustee to such additional Persons as may be specified in the Supplemental Resolution authorizing such Series.

Section A-406. Payment of Redeemed Obligations. Notice having been given in the manner provided in Section A-405, the Obligations or portions thereof so called for redemption shall, subject to the second paragraph of Section A-405, become due and payable on the redemption date so designated at the Redemption Price, plus interest accrued and unpaid to the

redemption date, and, upon presentation and surrender thereof at the office specified in such notice, such Obligations, or portions thereof, shall be paid at the Redemption Price plus interest accrued and unpaid to the redemption date. If there shall be called for redemption less than all of an Obligation, the Issuer shall execute and cause to be delivered, upon the surrender of such Obligation, without charge to the owner thereof, for the unredeemed balance of the principal amount of the Obligation so surrendered, at the option of the owner thereof, Obligations of like tenor, Series, maturity and interest rate in any of the authorized denominations. If, on the redemption date, money for the redemption of all the Obligations or portions thereof of any like tenor, Series, maturity and interest rate to be redeemed, together with interest to the redemption date, shall be held by the Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the redemption date interest on the Obligations or portions thereof of such Series, maturity and interest rate so called for redemption shall cease to accrue. If said money shall not be so available on the redemption date, such Obligations or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

ARTICLE A-V.

INVESTMENT OF FUNDS; SINKING FUND INSTALLMENTS; CANCELLATION AND DISPOSITION OF OBLIGATIONS

Section A-501. Investment of Funds.

1. Subject to the provisions of Section A-904, amounts in the Funds and Accounts established by Section 502 of the Resolution may be invested only in Authorized Investments and only when and as specifically directed in writing by an Authorized Officer.

2. The Trustee or the Issuer shall sell any Authorized Investments held in any Fund, Account or subaccount to the extent required for payments from such Fund, Account or subaccount. The proceeds of such sales, and of all payments at maturity or upon redemption of such investments, shall be held in the applicable Fund, Account or subaccount to the extent required to meet the requirements of such Fund, Account or subaccount. Except as provided by Supplemental Resolution, in computing the amount of such Funds, Accounts and subaccounts, investments shall be valued at par, or if purchased at other than par, shall be valued at Amortized Value. Accrued interest received upon the sale of any Authorized Investment to the extent such amount exceeds any accrued interest paid on the purchase of such Authorized Investment shall be treated as interest earned on such Authorized Investment for purposes of this Section.

3. Nothing in the Resolution shall prevent any Authorized Investments acquired as investments of or security for any Fund, Account or subaccount held under the Resolution from being held in book-entry form.

4. In making any investment in any Authorized Investments with money in any Fund or Account established under the Resolution, the Trustee or the Issuer may combine such money with money in any other Fund or Account held by it, but solely for purposes of making such investment in such Authorized Investments.

Section A-502. Satisfaction of Sinking Fund Installments.

1. Any amount accumulated in the Senior Debt Service Fund in respect of and up to the unsatisfied balance of each Sinking Fund Installment shall be applied by the Trustee to either (a) or (b) below as directed by the Issuer (together with amounts accumulated in the Senior Debt Service Fund with respect to interest on the Series of Obligations for which such Sinking Fund Installment was established) if so directed by an Authorized Officer prior to the 45th day preceding the due date of such Sinking Fund Installment as follows:

(a) to the purchase of Obligations for which such Sinking Fund Installment was established, at prices (including any brokerage and other charges) not exceeding the principal amount of such Obligations plus unpaid interest accrued to the date of purchase, such purchases to be made in such manner as the Issuer shall direct; or

(b) to the redemption of Obligations for which such Sinking Fund Installment was established, if then redeemable by their terms at the prices referred to in clause (a) of this subsection 1 of this Section A-502.

All Obligations so purchased or redeemed shall be canceled by the Trustee prior to the 45th day preceding the due date of such Sinking Fund Installment.

2. Upon the purchase or redemption of any Obligation pursuant to subsection 1 of this Section, an amount equal to the principal amount of the Obligations so purchased or redeemed shall be credited toward the next Sinking Fund Installment thereafter to become due with respect to the Obligations of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Installment shall be credited by the Trustee against future Sinking Fund Installments for such Series as specified by an Authorized Officer. Prior to the purchase or redemption of such Obligations, the Issuer shall deliver to the Paying Agent and to the Trustee a certificate of an Authorized Officer specifying (i) the principal amount, Series, maturity, interest rate and numbers of the Obligations so to be purchased or redeemed, (ii) the date and Series of the Sinking Fund Installment in satisfaction of which such Obligations are so to be purchased or redeemed, (iii) the aggregate principal amount of the Obligations so to be purchased or redeemed, and (iv) the unsatisfied balance of each such Sinking Fund Installment after giving effect to the delivery of such Obligations.

3. In satisfaction, in whole or in part, of any Sinking Fund Installment, the Issuer may deliver to the Trustee at least 45 days prior to the date of such Sinking Fund Installment, for cancellation, Obligations acquired by purchase or redemption, except Obligations acquired by purchase or redemption pursuant to the provisions of subsection 1 of this Section, of the maturity and interest rate entitled to such Sinking Fund Installment. All Obligations so delivered to the Trustee in satisfaction of a Sinking Fund Installment shall reduce the amount thereof by the amount of the aggregate principal amount of such Obligations. Concurrently with such delivery of such Obligations the Issuer shall deliver to the Paying Agent and to the Trustee a certificate of an Authorized Officer, specifying (i) the principal amount, Series, maturity, interest rate and numbers of the Obligations so delivered, (ii) the date and Series of the Sinking Fund Installment in satisfaction of which such Obligations are so delivered, (iii) the aggregate principal amount of the

Obligations so delivered, and (iv) the unsatisfied balance of each such Sinking Fund Installment after giving effect to the delivery of such Obligations.

4. The Trustee shall, upon receipt of the notice and in the manner required by the Resolution, call for redemption, on the date of each Sinking Fund Installment falling due prior to maturity, such principal amount of Obligations of the Series, interest rate and maturity entitled to such Sinking Fund Installment as is required to exhaust the unsatisfied balance of such Sinking Fund Installment.

Section A-503. Cancellation and Disposition of Obligations. All Obligations that have been paid (whether at maturity or by acceleration, call for redemption, purchase by the Issuer and presentation for cancellation, or otherwise) or delivered to the Trustee for cancellation shall be canceled and not reissued, except as otherwise provided in a Supplemental Resolution with respect to Put Obligations. Unless otherwise directed by the Issuer, the Trustee shall treat canceled Obligations in accordance with its document retention policies. Notwithstanding any other provision of the Resolution, the Issuer may in its sole discretion purchase any obligations of the Issuer or any Related Entity for investment purposes and any such obligations shall remain outstanding unless and until presented for cancellation.

ARTICLE A-VI.

PARTICULAR COVENANTS OF THE ISSUER

The Issuer covenants and agrees with the Trustee and the Owners of Obligations as follows:

Section A-601. Payment of Obligations and Parity Debt. The Issuer shall duly and punctually pay or cause to be paid from the Obligations Trust Estate as provided in the Resolution the principal or Redemption Price, if any, of every Obligation and the interest thereon and all Parity Debt, at the dates and places, and in the manner provided in the Obligations and Parity Debt, according to the true intent and meaning thereof.

Section A-602. Extension of Payment of Obligations. The Issuer shall not directly or indirectly extend or assent to the extension of the maturity of any of the Obligations or the time of payments of any claims for interest by the purchase or funding of such Obligations or claims for interest or by any other arrangement and in case the maturity of any of the Obligations or the time for payment of such claims for interest shall be extended, such Obligations or claims for interest shall not be entitled, in case of any Event of Default, to the benefit of the Resolution or to any payment out of the Obligations Trust Estate, except subject to the prior payment of the principal of all Obligations Outstanding the maturity of which has not been extended and of such portion of the accrued interest on the Obligations as shall not be represented by such extended claims for interest. Nothing herein shall be deemed to limit the right of the Issuer (i) to issue refunding obligations as provided in the Resolution and such issuance shall not be deemed to constitute an extension of maturity of the Obligations, (ii) to issue Put Obligations and neither such issuance nor the operation of the provisions of such Put Obligations shall be deemed to constitute an extension of maturity of the Obligations, (iii) to apply any amount in any Fund held under the Resolution for such purpose to the purchase or redemption of Obligations or (iv) to issue securities

having a maturity date, including any extension of maturity contemplated at the time of issuance, of no more than 270 days from the issue date.

Section A-603. Offices for Servicing Obligations. Except as otherwise provided in the Resolution, the Issuer shall at all times maintain one or more offices or agencies in the City and State of New York where Obligations may be presented for payment, registration, transfer or exchange, and where notices, demands and other documents may be served upon the Issuer in respect of the Obligations or of the Resolution. The Issuer may appoint the Trustee or any other Fiduciary as its agent to maintain such office or agency for the payment, redemption, registration, transfer or exchange of Obligations and for the service upon the Issuer of such notices, demands and other documents. The Issuer may also maintain one or more offices or agencies outside of the City or State for the same purposes.

Section A-604. Further Assurance. To the extent permitted by law, the Issuer from time to time shall make, do, execute, adopt, acknowledge and deliver, and take all and every such further acts, deeds, conveyances, assignments, resolutions, transfers and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights and interests in the Obligations Trust Estate or assigned, or intended so to be, or which the Issuer may become bound to pledge or assign.

Section A-605. Accounts and Reports.

1. The Issuer shall keep proper books of record and account of its operations. Such books of account are to be audited at least annually by independent certified public accountants experienced in governmental accounting selected by the Issuer. A copy of each audit report, annual balance sheet and income and expense statement shall be filed with the Trustee and sent to any Owner filing with the Issuer a written request therefor.

2. The Issuer shall annually, within 6 months after the close of each fiscal year or at such other time required under applicable law or a subsequent contract with all or certain Owners (or, if not available by such date, when and if available), file with the Trustee, and otherwise as provided by law, a copy of an annual report for such year, accompanied by the opinion of the accountants specified in subsection 1 of this Section.

Section A-606. General.

1. The Issuer shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the Issuer under the provisions of the Resolution and, to the extent material to the interests of Owners, the Issuer Act.

2. Upon the date of authentication and delivery of any of the Obligations, all conditions, acts and things required by law and the Resolution to exist, to have happened and to have been performed precedent to and in connection with the issuance of such Obligations (and any related Parity Debt then being incurred) shall exist, shall have happened and shall have been performed and the issuance of such Obligations (and any related Parity Debt then being incurred), together with all other indebtedness of the Issuer, shall be within every debt and other limit prescribed by the laws of the State, as applicable.

ARTICLE A-VII.

CONCERNING THE TRUSTEE, PAYING AGENTS AND THE REGISTRAR

Section A-701. Trustee; Appointment and Acceptance of Duties. On or prior to the delivery of any Obligations, the Issuer shall appoint a Trustee. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by the Resolution by executing and delivering to the Issuer a written acceptance thereof.

Section A-702. Duties, Liabilities and Rights of the Trustee.

1. Prior to the occurrence of an Event of Default of which a Responsible Officer of the Trustee has written notice or actual knowledge, and after the curing or waiver of any Event of Default which may have occurred:

(a) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in the Resolution, and no implied covenants or obligations shall be read into the Resolution against the Trustee; and

(b) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of the Resolution; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee is under a duty to examine same to determine whether or not they conform to the requirements of the Resolution.

2. In case an Event of Default of which a Responsible Officer of the Trustee has written notice or actual knowledge has occurred and is continuing, the Trustee shall exercise such of the rights and powers vested in it by the Resolution, and use the same degree of care and skill in their exercise, as a prudent Person would exercise or use in the conduct of such Person's own affairs.

3. No provision of the Resolution shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(a) this subsection (c) shall not be construed to limit the effect of subsection (a) of this Section A-702;

(b) the Trustee is not and shall not be liable for any error of judgment made in good faith by a Responsible Officer of the Trustee, unless it is proven that the Trustee was negligent in ascertaining the pertinent facts;

(c) the Trustee is not and shall not be liable with respect to any action taken or omitted to be taken by it in good faith (i) in accordance with the direction of the Owners of the applicable percentage of Obligations then Outstanding relating to the time, method

and place of conducting any proceeding for any remedy available to the Trustee, or (ii) which it believes to be authorized or within its rights or powers under the Resolution;

(d) no provision of the Resolution shall require the Trustee to expend or risk its own funds or otherwise incur any personal or financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, for which it has not received a satisfactory indemnity;

(e) the Trustee may rely on any document believed by it to be genuine and to have been signed or presented by the proper Person and shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit;

(f) the Trustee shall not be charged with knowledge of an Event of Default unless a Responsible Officer of the Trustee shall have received written notice from an Owner or the Issuer or have actual knowledge; provided that the Trustee shall be deemed to have actual knowledge of any failure to pay principal or Redemption Price of or interest on Obligations when due;

(g) the Trustee shall not be under any obligation, to take any action that is discretionary hereunder;

(h) neither the Trustee nor any of its directors, officers, employees or agents shall be personally liable for any action taken, suffered or omitted by the Trustee in good faith and believed by it to be authorized or within the discretion or rights or powers conferred upon the Trustee by the Resolution;

(i) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents, attorneys, custodians, or nominees and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent, attorney, custodians or nominees appointed with due care by it hereunder; and

(j) the Trustee may request that the Issuer deliver a certificate of an Authorized Officer setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant hereto, which certificate may be signed by any Person authorized to sign such a certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

4. Whether or not expressly so provided, every provision of the Resolution relating to the conduct or affecting the liability of or affording protection to the Trustee is subject to the provisions of this Section A-702.

5. In the event that the Trustee is also acting as Paying Agent or Registrar hereunder, the rights and protections afforded to the Trustee pursuant to this Article A-VII shall also be afforded to the Paying Agent and Registrar.

Section A-703. Paying Agents and Registrars; Appointment and Acceptance of Duties.

1. The Trustee is hereby appointed the Registrar and a Paying Agent with respect to the Obligations. The Issuer may at any time or from time to time appoint one or more other Paying Agents and Registrars in the manner and subject to the conditions set forth in Section A-713 for the appointment of a successor Paying Agent or Registrar. The Issuer may be appointed a Paying Agent or Registrar.

2. Each Paying Agent and Registrar other than the Trustee shall signify its acceptance of the duties and obligations imposed upon it by the Resolution by executing and delivering to the Issuer and to the Trustee a written acceptance thereof.

Section A-704. Responsibilities of Fiduciaries. The recitals of fact contained in the Resolution and in the Obligations shall be taken as the statements of the Issuer and no Fiduciary assumes any responsibility for the correctness of the same. No Fiduciary makes any representations as to the validity or sufficiency of the Resolution or of any Obligations issued thereunder or in respect of the security afforded by the Resolution, and no Fiduciary shall incur any liability in respect thereof. No Fiduciary shall be under any responsibility or duty with respect to the issuance of the Obligations for value or the application of the proceeds thereof or the application of any money paid to the Issuer. No Fiduciary shall be under any responsibility or duty with respect to the application of any money paid to any other Fiduciary. No Fiduciary shall be liable in connection with the performance of its duties under the Resolution, or for any losses, fees, taxes or other charges incurred upon the purchase or sale or redemption of any securities purchased for or held in any Fund under the Resolution, including any losses incurred by reason of having to sell securities prior to their maturity date, except in each case for its own willful misconduct, negligent action or negligent failure to act.

Section A-705. Evidence on Which Fiduciaries May Act.

1. Each Fiduciary shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, opinion, bond, or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties. Each Fiduciary may consult with counsel of its selection, who may or may not be counsel to the Issuer, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, omitted to be taken or suffered by it under the Resolution in good faith and in accordance therewith.

2. Whenever any Fiduciary shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under the Resolution, such matter (unless other evidence in respect thereof be therein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Officer, and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of the

Resolution; but in its discretion the Fiduciary may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable.

3. Except as otherwise expressly provided in the Resolution, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision thereof by the Issuer to any Fiduciary shall be sufficiently executed if executed in the name of the Issuer by an Authorized Officer.

Section A-706. Compensation. The Issuer shall pay to each Fiduciary from time to time such compensation as shall be agreed to in writing between the Fiduciary and the Issuer for all services rendered under the Resolution (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust), and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under the Resolution. To the extent permitted by law, the Issuer further agrees to indemnify and save each Fiduciary and its officers, directors, agents, and employees harmless against any and all liabilities, losses, damages, claims or expenses which it may incur in the acceptance, exercise and performance of its powers and duties hereunder and which are not due to its willful misconduct, negligence or bad faith. The obligations of this Section A-706 shall survive the discharge of the Resolution. No obligation of the Issuer to make any payment to any Fiduciary shall have the benefit of any lien on or pledge or assignment of the Obligations Trust Estate.

A Fiduciary shall notify the Issuer promptly of any claim for which it may seek indemnity. The Issuer shall defend the claim and the Trustee shall cooperate in the defense. The Fiduciary may have separate counsel and the Issuer shall pay the reasonable fees and expenses of such counsel.

Section A-707. Certain Permitted Acts. Any Fiduciary may become the owner of any Obligations or any other obligations of the Issuer, with the same rights it would have if it were not a Fiduciary. To the extent permitted by law and pursuant to the Resolution, any Fiduciary may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Owners of Obligations or the holders of any other obligations of the Issuer or to effect or aid in any reorganization growing out of the enforcement of the Obligations or any other obligations of the Issuer or the Resolution, whether or not any such committee shall represent the Owners of a majority in principal amount of the Obligations then Outstanding.

Section A-708. Resignation of Trustee. The Trustee may at any time resign and be discharged of the duties and obligations created by the Resolution by giving not less than 60 days' written notice to the Issuer and mailing notice thereof to the Owners of the Obligations, specifying the date when such resignation shall take effect, at least 45 days prior to the effective date, provided that such resignation shall take effect upon *the later of* (i) the day specified in such notice and (ii) the day a successor shall have been appointed by the Issuer or the Owners of Obligations as provided in Section A-710 and shall have qualified therefor.

Section A-709. Removal of Trustee. The Trustee may be removed at any time by an instrument or concurrent instruments in writing, filed with the Trustee, and signed by the

Owners of a majority in principal amount of the Obligations then Outstanding or their attorneys-in-fact duly authorized, excluding any Obligations held by or for the account of the Issuer or any Related Entity. In addition, so long as no Event of Default shall have occurred and be continuing hereunder and the Trustee is not pursuing any right or remedy available to it pursuant to the Resolution, the Trustee may be removed by the Issuer at any time for failure to provide reasonably acceptable services, failure to charge reasonably acceptable fees or any other reasonable cause, all as determined by a certificate of an Authorized Officer filed with the Trustee. Any such removal shall not be effective until a successor shall have been appointed by the Issuer or the Owners of Obligations as provided in Section A-710 and shall have qualified therefor.

Section A-710. Appointment of Successor Trustee.

1. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, a successor may be appointed by the Owners of a majority in principal amount of the Obligations then Outstanding, excluding any Obligations held by or for the account of the Issuer, by an instrument or concurrent instruments in writing signed and acknowledged by such Owners of Obligations or by their attorneys-in-fact duly authorized and delivered to such successor Trustee, notification thereof being given to the Issuer and the predecessor Trustee; *provided, nevertheless, that* unless a successor Trustee shall have been appointed by the Owners of Obligations as aforesaid, the Issuer by a duly executed written instrument signed by an Authorized Officer of the Issuer shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee shall be appointed by the Owners of Obligations as authorized in this Section A-710. The Issuer shall mail notice of any such appointment made by it to all Owners within 20 days after such appointment. Any successor Trustee appointed by the Issuer shall, immediately and without further act, be superseded by a Trustee appointed by the Owners of Obligations.

2. If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within 45 days after the Trustee shall have given to the Issuer written notice as provided in Section A-708 or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act, the Trustee or the Owner of any Obligation may, at the expense of the Issuer, apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

3. Any Trustee appointed under the provisions of this Section A-710 in succession to the Trustee shall be a Bank that is organized under the laws of the State, or, if organized under the laws of another state, authorized to do business in the State of New York, or is a national banking association organized under the laws of the United States of America, doing business and having a corporate trust office in The City of New York, and which at the time of selection meets all thresholds for being well capitalized or adequately capitalized under the prompt corrective action framework applicable to insured depositary institutions under Section 38 of the Federal Deposit Insurance Act as in effect from time to time or all thresholds for substantially equivalent categories in any successor legislation, if there be such a Bank willing and able to accept the office on

reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution.

Section A-711. Transfer of Rights and Property to Successor Trustee. Any successor Trustee appointed under the resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the Issuer, an instrument accepting such appointment, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all money, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee; but the Trustee ceasing to act shall nevertheless, on the written request of the Issuer, or of the successor Trustee, and, upon the payment of all of its charges hereunder, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under the Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the Issuer be required by such successor Trustee for more fully and certainly vesting in and confirming to such successor Trustee any such estates, rights, powers and duties, any and all such deeds, conveyances and instruments in writing shall, on request, and so far as may be authorized by law, be executed, acknowledged and delivered by the Issuer. Any successor Trustee shall promptly notify the Registrar and the Paying Agents of its appointment as Trustee.

Section A-712. Merger or Consolidation. Any Person into which any Fiduciary may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which any Fiduciary may sell or transfer all or substantially all of its municipal corporate trust business, provided such Person shall be a Bank that is organized under the laws of the State, or, if organized under the laws of another state, authorized to do business in the State of New York, or is a national banking association organized under the laws of the United States of America, doing business and having a corporate trust office in The City of New York, and which at the time of selection meets all thresholds for being well capitalized or adequately capitalized under the prompt corrective action framework applicable to insured depositary institutions under Section 38 of the Federal Deposit Insurance Act as in effect from time to time or all thresholds for substantially equivalent categories in any successor legislation, if there be such a Bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution, and shall be the successor to such Fiduciary without the execution or filing of any paper or the performance of any further act.

Section A-713. Resignation or Removal of Paying Agent or Registrar and Appointment of Successor. 1. Any Paying Agent or Registrar may at any time resign and be discharged of the duties and obligations created by the Resolution by giving at least 60 days' written notice to the Issuer, the Trustee, and the other Paying Agents or Registrar, as the case may be. Any Paying Agent or Registrar may be removed at any time by an instrument filed with such Paying Agent or Registrar and the Trustee and signed by the Issuer. Any successor Paying Agent or Registrar shall be appointed by the Issuer, with the approval of the Trustee, and (subject to the requirements of Section A-603) shall be a Bank that is organized under the laws of the State, or, if organized under the laws of another state, authorized to do business in the State of New York, or

is a national banking association organized under the laws of the United States of America, doing business and having a corporate trust office in The City of New York, and which at the time of selection meets all thresholds for being well capitalized or adequately capitalized under the prompt corrective action framework applicable to insured depositary institutions under Section 38 of the Federal Deposit Insurance Act as in effect from time to time or all thresholds for substantially equivalent categories in any successor legislation, if there be such a Bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution.

1. In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any money held by it as Paying Agent to its successor, or if there be no successor, to the Trustee. In the event that for any reason there shall be a vacancy in the office of any Paying Agent, the Trustee shall act as such Paying Agent.

2. In the event of the resignation or removal of any Registrar, such Registrar shall transfer and deliver all records, certificates and documents held by it as Registrar to its successor, or if there be no successor, to the Trustee. In the event that for any reason there shall be a vacancy in the office of any Registrar, the Trustee shall act as such Registrar.

Section A-714. Adoption of Authentication. In case any of the Obligations contemplated to be issued under the Resolution shall have been authenticated but not delivered, any successor Trustee may adopt the certificate of authentication of any predecessor Trustee so authenticating such Obligations and deliver the Obligations so authenticated; and in case any of such Obligations shall not have been authenticated, any successor Trustee may authenticate such Obligations in the name of the predecessor Trustee, or in the name of the successor Trustee, and in all such cases such certificate shall have the full force which it is anywhere in said Obligations or in the Resolution provided that the certificate of the Trustee shall have.

Section A-715. Continuing Disclosure Agreements. The Trustee shall be entitled to the same rights and the same degree of indemnification in its execution and performance of each continuing disclosure agreement entered into pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 as amended, as it is under the Resolution.

ARTICLE A-VIII.

DEFAULT AND REMEDIES

Section A-801. Abrogation of Right to Appoint Statutory Trustee; Preservation of Statutory Rights and Remedies. Any right of the Owners of Obligations to appoint a trustee under the Issuer Act is hereby abrogated. Subject to the foregoing sentence of this Section A-801 and the provisions of Section 702 of the Resolution, the Owners of Obligations and the Trustee acting on behalf of the Owners of Obligations shall be entitled to all of the rights and remedies provided or permitted by law.

ARTICLE A-IX.

MISCELLANEOUS

Section A-901. Defeasance.

1. If the Issuer shall pay or cause to be paid to the Owners of all Obligations then Outstanding the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then, at the option of the Issuer, expressed in an instrument in writing signed by an Authorized Officer and delivered to the Trustee, the covenants, agreements and other obligations of the Issuer to the Owners of Obligations shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Issuer, execute and deliver to the Issuer all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries shall pay over or deliver to the Issuer all money, securities and funds held by them pursuant to the Resolution which are not required for the payment or redemption of Obligations not theretofore surrendered for such payment or redemption.

2. Outstanding Obligations or any portions thereof for the payment or redemption of which money shall have been set aside and shall be held in trust by the Paying Agents shall at the respective maturity or redemption dates thereof be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section A-901. Outstanding Obligations or any portions thereof shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section either (A) with respect to the defeasance of Taxable Obligations, Tax-Exempt Obligations or otherwise, as provided in the Supplemental Resolution authorizing their issuance or (B) if (a) in case any of said Obligations are to be redeemed on any date prior to their maturity, the Issuer shall have given to the Trustee in form satisfactory to it irrevocable instructions to mail as provided in Article A-IV notice of redemption on said date of such Obligations, (b) there shall have been irrevocably deposited with the Trustee either money in an amount which shall be sufficient, or Defeasance Securities the principal of and the interest on which when due will provide money which, together with the money, if any, deposited with the Trustee at the same time, shall be sufficient, without further investment or reinvestment of either the principal amount thereof or the interest earnings thereon, to pay when due, the principal or Redemption Price, if applicable, and interest due and to become due on such Obligations or such portions thereof on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event such Obligations are not by their terms maturing or are not subject to redemption within the next succeeding 60 days, the Issuer shall have given the Trustee in form satisfactory to it irrevocable instructions to mail, as soon as practicable, a notice to the Owners of such Obligations that the deposit required by (b) above has been made with the Trustee and that said Obligations are deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which money is to be available for the payment of the principal or Redemption Price, if applicable, on such Obligations. Neither Defeasance Securities nor money deposited with the Trustee pursuant to this Section nor principal or interest payments on any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Obligations; *provided, however*, that any money on deposit with the Trustee, (i) to the extent such money will not be required at any time for such purpose, shall be paid over to the Issuer as received by the Trustee, free and clear of any trust, lien or pledge

securing said Obligations or otherwise existing under the Resolution, and (ii) to the extent such money will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Defeasance Securities maturing at times and in amounts sufficient, together with any money available to the Trustee for such purpose, to pay when due the principal or Redemption Price, if applicable, and interest to become due on said Obligations on and prior to such redemption date or maturity date thereof, as the case may be. Notwithstanding any other provision hereof, the Issuer may at the time of defeasance elect to retain the right to redeem or require the tender of any obligations deemed paid pursuant to this subsection 2 of Section A-901. The Trustee shall, at the direction of the Issuer, select the Obligations or portions thereof that are deemed to have been paid in advance of the redemption of such Obligations.

3. Anything in the Resolution to the contrary notwithstanding, any money held by a Fiduciary in trust for the payment and discharge of the principal or Redemption Price of or interest on any of the Obligations which remains unclaimed for 2 years after the date when such principal, Redemption Price or interest, respectively, has become due and payable, either at stated maturity dates or by call for earlier redemption, if such money was held by the Fiduciary at such date, or for 2 years after the date of deposit of such money if deposited with the Fiduciary after the date when such principal, Redemption Price, or interest, respectively, became due and payable, shall, at the written request of the Issuer, be repaid by the Fiduciary to the Issuer, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Owners of Obligations shall look only to the Issuer for the payment of such principal, Redemption Price, or interest, respectively. Notwithstanding the foregoing or anything in the Resolution to the contrary, any money held by a Fiduciary in trust for the payment and discharge of any Obligations which remains unclaimed after such money was to be applied to the payment of such Obligations in accordance with the Resolution may be applied in accordance with the provisions of the Abandoned Property Law of the State, being Chapter 1 of the Consolidated Laws of the State or any successor provision thereto, and upon such application, the Fiduciary shall thereupon be released and discharged with respect thereto and the Owners of Obligations shall look only to the Issuer or the Comptroller of the State for the payment of such Obligations. Before being required to make any such payment to the Issuer or to apply such money in accordance with the Abandoned Property Law of the State, the Fiduciary shall, at the expense of the Issuer, cause to be mailed to the Owners entitled to receive such money a notice that said money remains unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of the mailing, the balance of such money then unclaimed will be returned to the Issuer or applied in accordance with the Abandoned Property Law of the State, as the case may be.

Section A-902. Evidence of Signatures of Owners of Obligations and Ownership of Obligations.

1. Any request, consent, revocation of consent or other instrument which the Resolution may require or permit to be signed and executed by the Owners of Obligations may be in one or more instruments of similar tenor, and shall be signed or executed by such Owners of Obligations in Person or by their attorneys-in-fact appointed in writing or by such electronic or other means as may be recognized pursuant to applicable law. Proof of (i) the execution of any such instrument, or of an instrument appointing any such attorney, or (ii) the holding by any Person of the Obligations shall be sufficient for any purpose of the Resolution (except as otherwise therein

expressly provided) if made in the following manner, or in any other manner satisfactory to the Trustee, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

(a) The fact and date of the execution by any Owner or his attorney-in-fact of such instrument may be proved by the certificate of a signature guarantor, or of any notary public or other officer authorized to take acknowledgments of deeds, that the Person signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer. Where such execution is by an officer of a corporation or association or a member of a partnership, on behalf of such corporation, association or partnership such certificate or affidavit shall also constitute sufficient proof of his authority;

(b) The ownership of Obligations and the amount, numbers and other identification, and date of holding the same shall be proved by the registry books.

2. Any request or consent by the Owner of any Obligation shall bind all future Owners of such Obligation in respect of anything done or suffered to be done by the Issuer or any Fiduciary in accordance therewith.

Section A-903. Money Held for Particular Obligations. The amounts held by any Fiduciary for the payment of the interest, principal or Redemption Price due on any date with respect to particular Obligations shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Owners of Obligations entitled thereto.

Section A-904. General Regulations as to Money and Funds.

1. Each of the Funds and Accounts established by the Resolution shall be a trust fund for the purposes thereof.

2. All amounts of the Issuer held or set aside under the Resolution shall, until paid over to the Fiduciaries or otherwise invested or applied as provided in the Resolution, be deposited by the Issuer in its name, on demand or time deposit, in such Banks as shall be selected by the Issuer. Any amounts held by any Fiduciary under the Resolution shall be deposited in such Banks as the Issuer may select. Any such deposit may be made in the commercial banking department of any Fiduciary which may honor checks on such deposit with the same force and effect as if it were not such Fiduciary, and without any duty to inquire into whether any withdrawals of such funds are in accordance with or might violate any of the provisions of the Resolution. Such deposits shall be continuously secured by the obligations of the United States of America or of the State, which obligations shall have a market value (exclusive of accrued interest) at all times at least equal to the amount of such deposits, which obligations shall be segregated in trust for the account of the Issuer, or shall be otherwise held as the Issuer and the depository may agree. Securities deposited with the Federal Reserve Bank to secure all trust accounts of a depository shall be deemed to comply with the foregoing requirement.

3. Unless otherwise specified in a Supplemental Resolution authorizing the issuance of Obligations, all money held by any Fiduciary, as such, may be deposited by such Fiduciary in its banking department on demand or, if and to the extent directed by the Issuer and acceptable to

such Fiduciary, on time deposit, and all such deposits shall be continuously secured by the obligations of the United States of America or of the State which obligations shall have a market value (exclusive of accrued interest) at all times at least equal to the amount of such deposits. Securities deposited with the Federal Reserve Bank to secure all trust accounts of the Fiduciary shall be deemed to comply with the foregoing requirement. Such Fiduciary shall allow and credit on such money such interest, if any, as it customarily allows upon similar funds of similar size and under similar conditions or as required by law.

Section A-905. Preservation and Inspection of Documents. All documents received by a Fiduciary under the provisions of the Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Issuer, any other Fiduciary, and any Owners of at least 5% aggregate principal amount of Obligations and their agents and their representatives, any of whom may make copies thereof.

Section A-906. Parties Interest Herein. Nothing in the Resolution expressed or implied is intended or shall be construed to confer upon, or to give to any Person, other than the Issuer, the Fiduciaries, the Owners of Obligations and the holders of Parity Debt, any right, remedy or claim under or by reason of the Resolution or any covenant, condition or stipulation thereof, and all the covenants, stipulations, promises and agreements in the Resolution contained by and on behalf of the Issuer shall be for the sole and exclusive benefit of the Issuer, the Fiduciaries, the Owners of Obligations and the holders of Parity Debt.

Section A-907. No Recourse on the Obligations. No recourse shall be had for the payment of the principal or Redemption Price of or interest on the Obligations or Parity Debt or for any claim based thereon or on the Resolution against any member, officer, or employee of the Issuer or any Person executing the Obligations.

Section A-908. Successors and Assigns. Whenever in the Resolution the Issuer is named or referred to, it shall be deemed to include its successors and assigns and all the covenants and agreements in the Resolution contained by or on behalf of the Issuer shall bind and ensure to the benefit of its successors and assigns whether so expressed or not.

Section A-909. Business Days. Except as otherwise provided pursuant to a Supplemental Resolution, if the date for making any payment or the last date for performance of any act or the exercising of any right, as provided in the Resolution, is not a Business Day, such payment may be made or act performed or right exercised on the next succeeding Business Day with the same force and effect as if made or done on the nominal date provided in the Resolution and no interest shall accrue during the intervening period with respect to any payment so deferred.

Section A-910. Severability of Invalid Provisions. If any term or provision of this Annex A or the Resolution shall be invalid, inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions or in all jurisdictions, or in all cases because it conflicts with any other provision or provisions hereof or any constitution or statute or rule of public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstance, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable

to any extent whatever, and such term and provision shall be valid and enforced to the fullest extent permitted by law.

The invalidity of any one or more phrases, sentences, clauses or Sections of the Resolution shall not affect the remaining portions of the Resolution, or any part hereof, including any part of this Annex A.

Section A-911. Exclusion of Obligations. Obligations owned or held by or for the account of the Issuer or any Related Entity shall not be deemed Outstanding for the purpose of any consent to be given or other action to be taken by or upon the direction of Owners of a specified portion of Obligations Outstanding, and the Issuer or any Related Entity shall not be entitled with respect to such Obligations to give any such consent or to take, or direct the taking of, any such action. At the time of any such consent or action, the Issuer shall furnish to the Trustee a certificate of an Authorized Officer, upon which the Trustee may conclusively rely, describing all Obligations so to be excluded.

Section A-912. Governing Law. The Resolution, including this Annex A, shall be governed by and interpreted in accordance with internal laws of the State, without regard to conflict of law principles thereof.

STANDARD RESOLUTION PROVISIONS

APPLICABLE TO MTA AND TBTA

SECOND LIEN PMT OBLIGATIONS AND SECOND LIEN PARITY DEBT

ARTICLE B-I

DEFINITIONS AND STATUTORY AUTHORITY

Section B-101 Definitions. Capitalized terms used but not otherwise defined in this Annex B shall have the meanings set forth in the Resolution to which this Annex B is appended. The following terms shall, for all purposes herein and (except as the context may otherwise require) in the Resolution to which this Annex B is appended, have the following meanings:

Accrued Second Lien Debt Service shall mean, as of any date of calculation, an amount equal to the sum of the amounts of accrued and unpaid Second Lien Obligation Debt Service with respect to all Second Lien Obligations and Second Lien Parity Debt, calculating the accrued Second Lien Obligation Debt Service with respect to Second Lien Obligations at an amount equal to the sum of (i) as estimated by an Authorized Officer, interest on the Second Lien Obligations and interest components of Second Lien Parity Debt accrued and unpaid and to accrue to the end of the then current calendar month, and (ii) Second Lien Obligation Principal Installments due and unpaid and that portion of the Second Lien Obligation Principal Installment for such Second Lien Obligations and Second Lien Parity Debt next due which would have accrued (if deemed to accrue in the manner set forth in the definition of Second Lien Obligation Debt Service) to the end of such calendar month. For purposes of calculating deposits relating to Second Lien Debt Service Fund, Second Lien Obligation Principal Installments shall not include amounts that an Authorized Officer has notified the Second Lien Trustee are to be paid from sources other than the Mobility Tax Receipts and ATA Receipts, nor shall Accrued Second Lien Debt Service include any amounts that, as certified by an Authorized Officer, have been set aside hereunder or otherwise in trust for the payment thereof.

Balloon Second Lien Obligations shall mean Second Lien Obligations which have been identified in a Certificate of Determination as a Balloon Second Lien Obligation. Such Certificate of Determination shall set forth the expected refinancing, including the expected ultimate final maturity and amortization schedule of the refinancing or refinancings of such Balloon Second Lien Obligation (including successor Balloon Obligations or Balloon Second Lien Obligations) and the Estimated Average Interest Rate for purposes of determining Calculated Second Lien Debt Service of such Balloon Second Lien Obligation.

Calculated Second Lien Debt Service for any period shall mean, as of any date of calculation and with respect to any Series of Second Lien Obligations or any Second Lien Parity Debt, the sum of Second Lien Obligation Debt Service for such period determined by the Issuer based on the following adjustments:

(i) Interest on Variable Interest Rate Second Lien Obligations shall be based on the Second Lien Obligation Estimated Average Interest Rate applicable thereto.

(ii) Interest on any Second Lien Obligations or Second Lien Parity Debt in respect of which the Issuer has entered into a Qualified Second Lien Swap shall be based on:

(a) the fixed rate or rates of the Qualified Second Lien Swap if the Issuer has entered into what is generally referred to as a "floating-to-fixed" Qualified Second Lien Swap (where the Issuer pays a fixed rate and receives a floating rate); or

(b) the lower of (i) the Second Lien Obligation Estimated Average Interest Rate and (ii) the effective capped rate of any Second Lien Obligations or Second Lien Parity Debt if the Issuer has entered into a Qualified Second Lien Swap that is generally referred to as an "interest rate cap" (where the Issuer receives a payment if a variable rate exceeds a certain amount); or

(c) the Second Lien Obligation Estimated Average Interest Rate of the Qualified Second Lien Swap if the Issuer has entered into either what is generally referred to as a "fixed-to-floating" Qualified Second Lien Swap (where the Issuer pays a variable rate and receives a fixed rate) or a "floating-to-floating" Qualified Second Lien Swap (where the Issuer pays a variable rate and receives a different variable rate).

(i) With respect to Second Lien Put Obligations and Balloon Second Lien Obligations of a Series (i) Principal Installments shall be deemed to amortize over a 30-year period from their date of issuance based on substantially level debt service as estimated by the Issuer, and (ii) interest shall be based on the actual interest rate or the Estimated Average Interest Rate, as applicable, or for both (i) and (ii) above, as otherwise set forth in a Supplemental Resolution or Certificate of Determination with respect to the issuance of such Second Lien Obligations.

(ii) If the Issuer has irrevocably deposited Authorized Investments or money with the Second Lien Trustee (or otherwise in trust) for the payment of any portion of Second Lien Obligation Debt Service, the expected future cash flow from such Authorized Investments and money shall be deducted from Second Lien Obligation Debt Service.

(iii) If the Issuer has, at any time, irrevocably called for redemption one or more Series of Second Lien Obligations, including pursuant to a covenant to apply any portion of the Second Lien Obligations Trust Estate to redeem Second Lien Obligations or Second Lien Parity Debt (which particular Second Lien Obligations or Second Lien Parity Debt need not be specifically identified in advance, except as to interest rate and maturity), the Issuer shall take into account such redemption for purposes of determining Calculated Second Lien Debt Service.

(iv) With respect to Parity Reimbursement Second Lien Obligations, accelerated payments of principal shall only be taken into account if, at the time of calculation, such amounts are payable due to a draw under a credit or liquidity facility.

Capital Appreciation Second Lien Obligations shall mean any Second Lien Obligations denominated as such and issued as to which interest is payable only at the maturity or prior redemption of such Second Lien Obligations. Except as otherwise provided by Supplemental Resolution, for the purposes of (i) receiving payment of the Second Lien Obligation Redemption Price if Capital Appreciation Second Lien Obligations are redeemed prior to maturity, (ii) computing the principal amount of Second Lien Obligations held by the registered owner of a Capital Appreciation Second Lien Obligations in giving to the Issuer or the Second Lien Trustee any notice, consent, request, or demand pursuant to the Resolution for any purpose whatsoever or (iii) computing Second Lien Obligation Debt Service, the principal amount of a Capital Appreciation Second Lien Obligations shall be deemed to be its Second Lien Obligation Accreted Value (which in the case of clause (ii) may be the Second Lien Obligation Accreted Value as of the immediately preceding Second Lien Obligation Valuation Date).

Certificate of Determination, when used with reference to Second Lien Obligations or Second Lien Parity Debt, shall mean a certificate of an Authorized Officer of the Issuer fixing terms, conditions and other details of Second Lien Obligations, Second Lien Parity Debt, Second Lien Obligation Anticipation Notes or Second Lien Obligation Credit Facilities or such other matters in accordance with the delegation of power to do so under the Resolution or a Supplemental Resolution.

Deferred Income Second Lien Obligations shall mean any Second Lien Obligations (A) as to which interest accruing thereon prior to the Second Lien Obligation Interest Commencement Date of such Second Lien Obligations is (i) compounded on each Second Lien Obligation Valuation Date for such Deferred Income Second Lien Obligations and (ii) payable only at the maturity or prior redemption of such Second Lien Obligations and (B) as to which interest accruing after the Second Lien Obligation Interest Commencement Date is payable on the first interest payment date succeeding the Second Lien Obligation Interest Commencement Date and periodically thereafter on the dates specified in or determined by Supplemental Resolution. Except as otherwise provided by Supplemental Resolution, for the purposes of (i) receiving payment of the Second Lien Obligation Redemption Price if Deferred Income Second Lien Obligations are redeemed prior to maturity, (ii) computing the principal amount of Second Lien Obligations held by the registered owner of a Deferred Income Second Lien Obligations in giving to the Issuer or the Second Lien Trustee any notice, consent, request, or demand pursuant to the Resolution for any purpose whatsoever or (iii) computing Second Lien Obligation Debt Service, the principal amount of a Deferred Income Second Lien Obligations shall be deemed to be its Second Lien Obligation Appreciated Value (which in the case of clause (ii) may be the Second Lien Obligation Appreciated Value as of the immediately preceding Second Lien Obligation Valuation Date).

DTC has the meaning provided in Section B-309.

Fiduciary or Fiduciaries, when used with reference to Second Lien Obligations or Second Lien Party Debt, shall mean the Trustee, the Second Lien Trustee, any Registrar or Second Lien Registrar, any Paying Agent, any Second Lien Paying Agent, any tender agent or any or all of them, as may be appropriate, or any Person appointed to act as a Fiduciary as provided in the Resolution.

Issuer Act, when used with reference to Second Lien Obligations or Second Lien Parity Debt, shall mean the MTA Act in the event that the MTA is defined in the Resolution as the Issuer or the TBTA Act in the event that the TBTA is defined in the Resolution as the Issuer, together with any other applicable law of the State authorizing the issuance of the related Second Lien Obligations by the Issuer or expressly limiting the issuance thereof or governing the security therefor.

Opinion of Bond Counsel, when used with reference to Second Lien Obligations or Second Lien Parity Debt, shall mean an opinion signed by Nixon Peabody LLP, D. Seaton and Associates, P.A., P.C., Orrick, Herrington & Sutcliffe LLP, and Bryant Rabbino LLP, or any other attorney or firm of attorneys of nationally recognized standing in the field of law relating to the issuance of Second Lien Obligations by state and municipal entities, selected by the Issuer.

Outstanding, when used with reference to Second Lien Obligations or Second Lien Obligations of a Series, shall mean, as of any date, Second Lien Obligations or Second Lien Obligations of such Series theretofore or thereupon to be delivered under the Resolution except:

(i) Any Second Lien Obligations canceled at or prior to such date;

(ii) Second Lien Obligations the principal and Second Lien Obligation Redemption Price, if any, of and interest on which have been paid in accordance with the terms thereof;

(iii) Second Lien Obligations in lieu of or in substitution for which other Second Lien Obligations shall have been delivered pursuant to Article B-III or Section B-406 or Section C-606;

(iv) Second Lien Obligations deemed to have been paid as provided in subsection 2 of Section B-901;

(v) Second Lien Put Obligations tendered or deemed tendered in accordance with the provisions of the Supplemental Resolution authorizing such Second Lien Obligations on the applicable tender date, if the Second Lien Obligation Purchase Price thereof and interest thereon shall have been paid or amounts are available and set aside for such payment as provided in such Supplemental Resolution, except to the extent such tendered Second Lien Put Obligations thereafter may be resold pursuant to the terms thereof and of such Supplemental Resolution; and

(vi) For the purpose of any consent to be given or other action to be taken by or upon the direction of Second Lien Owners of a specified portion of Second Lien Obligations Outstanding, Second Lien Obligations excluded pursuant to Section B-908.

The principal component of any Second Lien Parity Debt shall be deemed to be Outstanding in a principal amount equal to the principal amount of the Second Lien Obligations then owed by the Issuer thereunder in lieu of the related Second Lien Obligations, regardless of the authorized amount of the principal component of such Second Lien Parity Debt or the related

Second Lien Obligations and provided that, unless otherwise required pursuant to the related Supplemental Resolution, the principal component of such Second Lien Parity Debt shall not by itself increase the Outstanding principal amount of Second Lien Obligations.

Parity Reimbursement Second Lien Obligation has the meaning provided in subsection 4 of Section B-202.

Parity Swap Second Lien Obligation has the meaning provided in subsection 6 of Section B-202.

Principal Office of the Second Lien Trustee shall mean the designated corporate trust office of the Second Lien Trustee.

Qualified Second Lien Swap shall mean, to the extent from time to time permitted by law, with respect to Second Lien Obligations, any financial arrangement (i) which is entered into by the Issuer with an entity that is a Qualified Second Lien Swap Provider at the time the arrangement is entered into, (ii) which is a cap, floor or collar; forward rate or future rate swap (such swap may be based on an amount equal either to the principal amount of such Second Lien Obligations of the Issuer as may be designated or a notional principal amount relating to all or a portion of the principal amount of such Second Lien Obligations); asset, index, price or market-linked transaction or agreement; other exchange or rate protection transaction agreement; other similar transaction (however designated); or any combination thereof; or any option with respect thereto, in each case executed by the Issuer for the purpose of moderating interest rate fluctuations, reducing debt service costs or creating either fixed interest rate Second Lien Obligations or Variable Interest Rate Second Lien Obligations on a synthetic basis or otherwise, and (iii) which has been designated in writing to the Second Lien Trustee by an Authorized Officer as a Qualified Second Lien Swap with respect to such Second Lien Obligations.

Qualified Second Lien Swap Provider shall mean an entity whose senior long-term obligations, other senior unsecured long-term obligations, financial program rating, counterparty rating, or claims paying ability, or whose payment obligations under an interest rate exchange agreement are guaranteed by an entity whose senior long-term debt obligations, other senior unsecured long-term obligations, financial program rating, counterparty rating, or claims paying ability, are rated either at least as high as (i) the third highest Rating Category of each Rating Agency then maintaining a rating for the Qualified Second Lien Swap Provider or (ii) any such lower Rating Categories which each such Rating Agency indicates in writing to the Issuer and the Second Lien Trustee will not, by itself, result in a reduction or withdrawal of its rating on the Outstanding Second Lien Obligations subject to such Qualified Second Lien Swap that is in effect prior to entering into such Qualified Second Lien Swap.

Rating Agency, when used with reference to Second Lien Obligations or Second Lien Parity Debt, shall mean each nationally recognized statistical rating organization then maintaining a rating on the Second Lien Obligations at the request of the Issuer.

Rating Confirmation, when used with reference to Second Lien Obligations or Second Lien Parity Debt, shall mean evidence that no rating then in effect from a Rating Agency will be withdrawn or reduced solely as the result of an action to be taken hereunder; provided, however,

that no action requiring Rating Confirmation shall be undertaken unless at least one Rating Agency at that time maintains a rating on Second Lien Obligations.

Reimbursement Second Lien Obligations has the meaning provided in subsection 4 of Section B-202.

Responsible Second Lien Obligation Officer shall mean any officer assigned to the corporate trust office of the Second Lien Trustee, or any other officer of the Second Lien Trustee customarily performing functions similar to those performed by any of such officers and who has direct responsibility for the administration of the Resolution, and also, with respect to a particular matter, any other officer, to whom such matter is referred because of such officer's knowledge of and familiarity with the particular subject.

Second Lien Costs of Issuance shall mean Costs of Issuance as defined in the Standard Resolution Provisions relating to Second Lien Obligations, Second Lien Parity Debt or Second Lien Obligation Anticipation Notes.

Second Lien Obligation Accreted Value shall mean with respect to any Capital Appreciation Second Lien Obligations (i) as of any Second Lien Obligation Valuation Date, the amount set forth for such date in the Supplemental Resolution authorizing such Capital Appreciation Second Lien Obligations and (ii) as of any date other than a Second Lien Obligation Valuation Date, the sum of (a) the Second Lien Obligation Accreted Value on the preceding Second Lien Obligation Valuation Date and (b) the product of (1) a fraction, the numerator of which is the number of days having elapsed from the preceding Second Lien Obligation Valuation Date and the denominator of which is the number of days from such preceding Second Lien Obligation Valuation Date to the next succeeding Second Lien Obligation Valuation Date and (2) the difference between the Second Lien Obligation Accreted Values for such Second Lien Obligation Valuation Dates. For purposes of this definition, the number of days having elapsed from the preceding Second Lien Obligation Valuation Date and the number of days from the preceding Second Lien Obligation Valuation Date to the next succeeding Second Lien Obligation Valuation Date shall be calculated on the basis of a 360-day year of 12 30-day months, unless otherwise provided pursuant to a Supplemental Resolution.

Second Lien Obligation Anticipation Notes shall mean any such notes issued and delivered pursuant to Section B-203, except to the extent (but only to the extent) that all or any portion of such notes either are not payable, or are anticipated by the Issuer not to be paid, from the proceeds of the Second Lien Obligations in anticipation of which such notes are being issued.

Second Lien Obligation Appreciated Value shall mean with respect to any Deferred Income Second Lien Obligations (i) as of any Second Lien Obligation Valuation Date, the amount set forth for such date in the Supplemental Resolution authorizing such Deferred Income Second Lien Obligations, (ii) as of any date prior to the Second Lien Obligation Interest Commencement Date other than a Second Lien Obligation Valuation Date, the sum of (a) the Second Lien Obligation Appreciated Value on the preceding Second Lien Obligation Valuation Date and (b) the product of (1) a fraction, the numerator of which is the number of days having elapsed from the preceding Second Lien Obligation Valuation Date and the denominator of which is the number of days from such preceding Second Lien Obligation Valuation Date to the

next succeeding Second Lien Obligation Valuation Date and (2) the difference between the Second Lien Obligation Appreciated Values for such Second Lien Obligation Valuation Dates, and (iii) as of any date on and after the Second Lien Obligation Interest Commencement Date, the Second Lien Obligation Appreciated Value on the Second Lien Obligation Interest Commencement Date. For purposes of this definition, the number of days having elapsed from the preceding Second Lien Obligation Valuation Date and the number of days from the preceding Second Lien Obligation Valuation Date to the next succeeding Second Lien Obligation Valuation Date shall be calculated on the basis of a 360-day year of 12 30-day months, unless otherwise provided pursuant to a Supplemental Resolution.

Second Lien Obligation Business Day shall mean any day of the year other than (i) Saturday or Sunday, (ii) any day on which Banks located in New York, New York or the cities in which the Principal Office of the Trustee and the Second Lien Trustee are located are required or authorized by law to remain closed, or (iii) any day on which the New York Stock Exchange is closed.

Second Lien Obligation Credit Facility shall mean any letter of credit, standby bond purchase agreement, line of credit, policy of bond insurance, surety bond, guarantee or similar instrument, or any agreement relating to the reimbursement of any payment thereunder (or any combination of the foregoing), which is obtained by the Issuer and is issued by a financial institution, insurance provider or other Person and which provides security or liquidity in respect of any Outstanding Second Lien Obligations, Second Lien Parity Debt or Second Lien Obligation Anticipation Notes.

Second Lien Obligation Debt Service for any period shall mean, as of any date of calculation and with respect to any Series of Second Lien Obligations or any Second Lien Parity Debt Outstanding, the sum of: (i) interest on the Second Lien Obligations of such Series and the interest components of Second Lien Parity Debt accruing during such period and (ii) that portion of each Second Lien Obligation Principal Installment for such Second Lien Obligations and Second Lien Parity Debt that would accrue during such period if such Second Lien Obligation Principal Installment were deemed to accrue daily in equal amounts from the preceding Second Lien Obligation Principal Installment payment date on Outstanding Second Lien Obligations and Second Lien Parity Debt; provided, however, that, unless otherwise set forth in a Supplemental Resolution, no Second Lien Obligation Principal Installment shall be deemed to begin accruing until the later of one year prior to such Second Lien Obligation Principal Installment's due date and the date of issuance or incurrence of the related Second Lien Obligations or Second Lien Parity Debt.

Second Lien Obligation Debt Service Payment Date shall mean, with respect to any portion of Second Lien Obligation Debt Service, the date on which the Second Lien Obligation Debt Service shall be payable.

Second Lien Obligation Defeasance Security shall mean

(i) an Authorized Investment as specified in clause (i) of the definition thereof (other than an obligation of the State), which is not redeemable at the option of the issuer thereof,

(ii) an Authorized Investment as specified in clause (i) (which is an obligation of the State), (ii), (iii), (vi) or (vii) of the definition thereof, which is not redeemable at the option of the issuer thereof and which shall be rated at the time of the investment in the highest long-term Rating Category by each Rating Agency,

(iii) any depositary receipt issued by a Bank as custodian with respect to any Second Lien Obligation Defeasance Security which is specified in clause (i) above and held by such Bank for the account of the holder of such depositary receipt or with respect to any specific payment of principal of or interest on any such Second Lien Obligation Defeasance Security which is so specified and held, provided that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depositary receipt from any amount received by the custodian in respect of the Second Lien Obligation Defeasance Security or the specific payment of principal or interest evidenced by such depositary receipt,

(iv) any certificate of deposit specified in clause (iii) of the definition of Authorized Investments in Section A-101, including certificates of deposit issued by the Trustee, Second Lien Trustee, a Paying Agent or a Second Lien Paying Agent, secured by obligations specified in clause (i) above of a market value equal at all times to the amount of the deposit, which shall be rated at the time of the investment in the highest long-term Rating Category by each Rating Agency, or

(v) any other Authorized Investment designated in a Supplemental Resolution as a Second Lien Obligation Defeasance Security for purposes of defeasing the Second Lien Obligations authorized by such Supplemental Resolution, which is not redeemable at the option of the issuer thereof and which shall be rated at the time of the investment in the highest long-term Rating Category by each Rating Agency.

Second Lien Obligation Estimated Average Interest Rate shall mean, as to any Variable Interest Rate Second Lien Obligations or Qualified Second Lien Swap and as of any date of calculation, the average interest rate or rates anticipated to be borne by such Second Lien Obligations or Qualified Second Lien Obligation Swap, or by the combination of such arrangements, over the period or periods for which such rate or rates are anticipated to be in effect, all as estimated by an Authorized Officer.

Second Lien Obligation Interest Commencement Date shall mean, with respect to any particular Deferred Income Second Lien Obligations, the date determined by Supplemental Resolution after which interest accruing on such Second Lien Obligations shall be payable on the first interest payment date succeeding such Second Lien Obligation Interest Commencement Date and periodically thereafter on the dates determined pursuant to such Supplemental Resolution.

Second Lien Obligation Principal Installments shall mean, as of any date of calculation and with respect to any Series of Second Lien Obligations or any Second Lien Parity Debt, as applicable, (a) the principal amount of Outstanding Second Lien Obligations of such Series, due on the dates and in the amounts specified by Supplemental Resolution, reduced by the principal amount of such Second Lien Obligations which would be retired by reason of the payment when due and application in accordance with the Resolution of Second Lien Sinking Fund Installments payable before such dates, plus the unsatisfied balance (determined as provided in Section B-501 of the Resolution) of any Second Lien Sinking Fund Installments due on any certain future date for Second Lien Obligations of such Series, together with such redemption premiums, if any, applicable on any such future date, and (b) with respect to any Second Lien Parity Debt, the amount due thereunder on the dates and in the amounts established in accordance with Section B-202 as a principal component of such Second Lien Parity Debt payable on a parity with the Second Lien Obligations.

Second Lien Obligation Purchase Price shall mean, with respect to any Second Lien Obligations, 100% of the principal amount thereof plus accrued interest, if any, plus in the case of a Second Lien Obligation subject to mandatory tender for purchase on a date when such Second Lien Obligations are also subject to optional redemption at a premium, an amount equal to the premium that would be payable on such Second Lien Obligations if redeemed on such date.

Second Lien Obligation Redemption Price shall mean, with respect to any Second Lien Obligations, 100% of the principal amount thereof plus the applicable premium, if any, payable upon the redemption thereof pursuant to the Resolution.

Second Lien Obligation Valuation Date shall mean (i) with respect to any Capital Appreciation Second Lien Obligations the date or dates set forth in the Supplemental Resolution authorizing such Second Lien Obligations on which specific Second Lien Obligation Accreted Values are assigned to the Capital Appreciation Second Lien Obligations and (ii) with respect to any Deferred Income Second Lien Obligations, the date or dates on or prior to the Second Lien Obligation Interest Commencement Date set forth in the Supplemental Resolution authorizing such Second Lien Obligations on which specific Second Lien Obligation Appreciated Values are assigned to the Deferred Income Second Lien Obligations.

Second Lien Obligation Variable Interest Rate shall mean a variable interest rate to be borne by any Second Lien Obligations. The method of computing such variable interest rate shall be specified in the Supplemental Resolution authorizing such Series of Second Lien Obligations.

Second Lien Owner, or any similar terms, shall mean the registered owner of any Second Lien Obligations as shown on the books for the registration and transfer of Second Lien Obligations maintained in accordance with Section B-305.

Second Lien Parity Debt shall mean any Parity Reimbursement Second Lien Obligations, any Parity Swap Second Lien Obligations or any other contract, agreement or other Second Lien Obligations of the Issuer designated as constituting "Second Lien Parity Debt" in a certificate of an Authorized Officer delivered to the Second Lien Trustee; provided, however, that any such Parity Reimbursement Second Lien Obligations, Parity Swap Second Lien

Obligations, or other contract, agreement or other Second Lien Obligations shall not constitute Second Lien Parity Debt solely to the extent of any obligation to pay termination or other fees, expenses, indemnification or other similar payments to the counterparty to such arrangement; provided further that Parity Reimbursement Second Lien Obligations may include accelerated principal amortization provisions to the extent permitted by subsection 4 of Section B-202. Each Second Lien Parity Debt shall be payable and secured in a manner permitted by Article V, and any lien on and pledge of any portion of the Second Lien Obligations Trust Estate securing Second Lien Parity Debt shall be junior and inferior to the lien on and pledge of the Obligations Trust Estate created for the payment of the Obligations and Parity Debt.

Second Lien Paying Agent shall mean any paying agent for the Second Lien Obligations of any Series and its successor or successors and any other Person which may at any time be substituted in its place pursuant to the Resolution.

Second Lien Put Obligations shall mean Second Lien Obligations which by their terms may be tendered at the option of the Second Lien Owner thereof, or are subject to a mandatory tender other than at the election of the Issuer or a Related Entity, for payment or purchase prior to the stated maturity or redemption date thereof.

Second Lien Registrar shall mean any registrar for the Second Lien Obligations of any Series and its successor or successors and any other Person which may at any time be substituted in its place pursuant to the Resolution.

Second Lien Sinking Fund Installment shall mean, as of a particular date, any Second Lien Sinking Fund Installment established pursuant to paragraph (m) of subsection 1 of Section B-201.

Securities Depository shall mean a recognized securities depository selected by the Issuer to maintain a book-entry system in respect to all or any portion of a Series of Second Lien Obligations (including, as appropriate, any nominee thereof), and shall include any substitute for or successor to the Securities Depository initially acting as Securities Depository.

Series, when used with reference to Second Lien Obligations or Second Lien Parity Debt, shall mean all of the Second Lien Obligations delivered on original issuance pursuant to a single Supplemental Resolution and denominated therein a single series, and any Second Lien Obligations thereafter delivered in lieu of or in substitution therefor pursuant to Article B-III or Section B-406 or Section C-606, regardless of variations in maturity, interest rate, or other provisions.

Taxable Second Lien Obligations shall mean any Second Lien Obligations which are not Tax-Exempt Second Lien Obligations.

Tax-Exempt Second Lien Obligations shall mean any Second Lien Obligations the interest on which is intended by the Issuer to be generally excluded from gross income for federal income tax purposes and which are designated as Tax-Exempt Second Lien Obligations in the Supplemental Resolution authorizing such Second Lien Obligations.

Variable Interest Rate Second Lien Obligations shall mean Second Lien Obligations which bear a Variable Interest Rate.

Section B-102 Rules of Construction.

1. This Annex B constitutes an integral part of the Resolution and, except to the extent provided in the next two sentences, has the same force and effect as if set forth in the forepart of the Resolution. To the extent expressly provided in the Resolution (not including this Annex B), the Issuer may negate, amend or modify any provision of this Annex B. In the event of any conflict between this Annex B and the forepart of the Resolution, the forepart of the Resolution shall control. In the event of any conflict between this Annex B and Annex A in respect of Second Lien Obligations or Second Lien Parity Debt, this Annex B shall control.

2. Second Lien Obligations shall constitute Subordinated Indebtedness for all purposes of Annex A.

Section B-103 Resolution to Constitute Contract. In consideration of the purchase and acceptance of any and all of the Second Lien Obligations and Second Lien Parity Debt authorized to be issued hereunder by those who are Second Lien Owners of the Second Lien Obligations and Second Lien Parity Debt from time to time, the Resolution shall be deemed to be and shall constitute a contract between the Issuer and the Second Lien Owners and the holders of Second Lien Parity Debt from time to time; and the pledge made in the Resolution and the covenants and agreements therein set forth to be performed on behalf of the Issuer shall be for the equal benefit, protection and security of the Second Lien Owners of any and all of the Second Lien Obligations and Second Lien Parity Debt, all of which, regardless of the time or times of their authentication, issuance and delivery, or maturity, shall be of equal rank without preference, priority or distinction of any of the Second Lien Obligations or Second Lien Parity Debt over any other Second Lien Obligations or Second Lien Parity Debt, except as expressly provided in or permitted by the Resolution.

ARTICLE B-II

GENERAL PROVISIONS FOR ISSUANCE OR INCURRENCE OF SECOND LIEN OBLIGATIONS, SECOND LIEN PARITY DEBT AND SECOND LIEN OBLIGATION ANTICIPATION NOTES

Section B-201 General Provisions for Issuance of Second Lien Obligations.

1. Second Lien Obligations may be issued pursuant to a Supplemental Resolution in such principal amount or amounts for each Series or subseries as may be specified in such Supplemental Resolution. Second Lien Obligations of any Series or subseries shall be authorized by a Supplemental Resolution which shall specify, among other things, the following matters (or the manner of determining such matters):

(a) The authorized principal amount, designation and Series of such Second Lien Obligations;

(b) The purpose or purposes for which such Second Lien Obligations are being issued which shall be one or more of the purposes set forth in Section 201;

(c) The dates and the maturity dates of the Second Lien Obligations of such Series;

(d) If the Second Lien Obligations of such Series are interest bearing Second Lien Obligations, the interest rates of the Second Lien Obligations of such Series and the interest payment dates therefor;

(e) If Second Lien Obligations of such Series are Capital Appreciation Second Lien Obligations, the Second Lien Obligation Valuation Dates for such Second Lien Obligations and the Second Lien Obligation Accreted Value on each such Second Lien Obligation Valuation Date;

(f) If Second Lien Obligations of such Series are Deferred Income Second Lien Obligations, the Second Lien Obligation Interest Commencement Date for such Second Lien Obligations, the Second Lien Obligation Valuation Dates prior to the Second Lien Obligation Interest Commencement Date for such Second Lien Obligations and the Second Lien Obligation Appreciated Value on each such Second Lien Obligation Valuation Date;

(g) If Second Lien Obligations of such Series are Capital Appreciation Second Lien Obligations or Deferred Income Second Lien Obligations, the manner in which and the period during which principal and interest shall be deemed to accrue on such Second Lien Obligations;

(h) If Second Lien Obligations of such Series are Variable Interest Rate Second Lien Obligations, the maximum interest rate, if any, or the method of calculating such maximum rate for such Second Lien Obligations, and the provisions, if any, as to the calculation or change of Second Lien Obligation Variable Interest Rates;

(i) If Second Lien Obligations of such Series are Second Lien Put Obligations, provisions regarding tender for purchase or redemption thereof and payment of the purchase or Second Lien Obligation Redemption Price thereof;

(j) The denominations of, and the manner of dating, numbering and lettering, the Second Lien Obligations of such Series;

(k) The Second Lien Paying Agents, if any, and the places of payment of the principal and Second Lien Obligation Redemption Price, if any, of, and interest on, the Second Lien Obligations of such Series;

(l) The Second Lien Obligation Redemption Prices, if any, and the redemption terms, if any, for the Second Lien Obligations of such Series, provided that Second Lien Obligations of any maturity for which Second Lien Sinking Fund Installments shall be established pursuant to paragraph (m) of this subsection 1 shall in any event be redeemable, or payable at maturity, by application of the Second Lien

Sinking Fund Installments for such Second Lien Obligations on the due dates of such Second Lien Sinking Fund Installments;

(m) The amount and due date of each Second Lien Sinking Fund Installment, if any, for Second Lien Obligations of like maturity of such Series;

(n) Provisions necessary to authorize, in compliance with all applicable law, Second Lien Obligations of such Series to be issued in the form of Second Lien Obligations issued and held in book-entry form on the books of the Issuer or any Fiduciary appointed for that purpose by the Issuer and, in connection therewith, make such additional changes in the Resolution, not adverse to the rights of the Second Lien Owners, as are necessary or appropriate to accomplish or recognize such book-entry form Second Lien Obligations and specify and determine the matters and things relative to the issuance of such book-entry form Second Lien Obligations as are appropriate or necessary;

(o) To the extent applicable, the provisions relating to (a) any Second Lien Obligation Credit Facility, Qualified Second Lien Swap or other financial arrangement entered into in connection with the issuance of the Second Lien Obligations of such Series and (b) the obligations payable thereunder;

(p) The amount, if any, to be deposited in the Second Lien Obligations Proceeds Fund or any Account therein;

(q) If so determined by the Issuer, provisions for the application of any money available therefor to the purchase, exchange or redemption of Second Lien Obligations of such Series and for the order of purchase, exchange or redemption of such Second Lien Obligations;

(r) If so determined by the Issuer, provisions for the sale of the Second Lien Obligations of such Series;

(s) The forms of the Second Lien Obligations of such Series and of the Second Lien Trustee's certificate of authentication if other than as provided in Section 301; and

(t) Such other matters, not contrary to or inconsistent with the Resolution, as the Issuer may deem advisable or necessary in connection with the authorization, issuance, sale, or delivery of such Series of Second Lien Obligations.

An Authorized Officer to whom a Supplemental Resolution has delegated the power to determine any of the foregoing shall execute a Certificate of Determination evidencing such determinations or other actions taken pursuant to the delegation under such Supplemental Resolution, and such Certificate of Determination shall be conclusive evidence of the terminations or actions of such Authorized Officer as to the matters stated therein. The matters set forth in any such Certificate of Determination shall have the same effect as if set forth in the related Supplemental Resolution.

2. The Second Lien Obligations may be sold in one or more Series or subseries (each of which shall contain a designation distinguishing it from other Series or subseries) and shall be delivered by the Issuer under the Resolution but only upon receipt by the Second Lien Trustee of

(a) An Opinion of Bond Counsel in customary form to the effect that (i) the Issuer has the right and power under the Issuer Act to adopt the Resolution, and the Resolution has been duly and lawfully adopted by the Issuer, is in full force and effect, and is valid and binding upon the Issuer, and enforceable in accordance with its terms, and no other authorization for the Resolution is required as of the date thereof; (ii) the Resolution creates the valid pledge which it purports to create of the Second Lien Obligations Trust Estate in the manner and to the extent provided in Section 501; (iii) the Second Lien Obligations are valid and binding obligations of the Issuer, enforceable in accordance with their terms and the terms of the Resolution and entitled to the benefits of the Issuer Act and the Resolution, each as amended to the date of such Opinion of Bond Counsel; and (iv) such Second Lien Obligations have been duly and validly authorized and issued in accordance with law and the Resolution;

(b) A copy of the Supplemental Resolution authorizing such Second Lien Obligations, certified by an Authorized Officer;

(c) A written order of the Issuer as to the delivery of the Second Lien Obligations, signed by an Authorized Officer;

(d) A certificate of an Authorized Officer to the effect that, upon the delivery of the Second Lien Obligations of such Series (i) no event which constitutes a default under the Resolution or any of the Second Lien Obligations shall have occurred and be continuing or, if such an event is continuing, upon issuance of the Second Lien Obligations such default shall be cured, and (ii) no such event would result from the authentication and delivery of the Second Lien Obligations of such Series;

(e) If any Second Lien Obligations are Variable Interest Rate Second Lien Obligations or a Qualified Second Lien Swap is being entered into that will result in a variable interest rate obligation of the Issuer, a determination by an Authorized Officer of the Second Lien Obligation Estimated Average Interest Rate;

(f) If any Second Lien Obligations of such Series are Second Lien Put Obligations, a determination by an Authorized Officer of the method or methods to be employed to provide for the purchase or redemption of all Second Lien Put Obligations of such Series if the Second Lien Owners thereof elected to tender for purchase or redemption the entire aggregate Outstanding principal amount of the Second Lien Put Obligations of such Series; and

(g) Such further documents and money as are required by the provisions of Article II, this Article B-II or Article C-V.

3. If Second Lien Obligations are to be listed on a domestic or foreign stock exchange, the Authorized Officers are hereby authorized to take all such actions as they deem

necessary or appropriate to comply with the listing requirements of such exchange, including the appointment of a member of such exchange as listing agent, the publication where required by such exchange of all redemption notices, the appointment of a special clearing agent and paying agent, and the execution of an undertaking letter with such exchange.

4. The Second Lien Obligations shall not be a debt of the State or the City and neither the State nor the City shall be liable thereon, nor shall Second Lien Obligations be payable out of any funds other than those of the Issuer as provided in the Resolution.

Section B-202 Second Lien Obligation Credit Facilities; Qualified Second Lien Swaps and Other Similar Arrangements; Second Lien Parity Debt.

1. The Issuer may include such provisions in a Supplemental Resolution authorizing the issuance of a Series of Second Lien Obligations secured by a Second Lien Obligation Credit Facility as the Issuer deems appropriate, and no such provisions shall be deemed to constitute an amendment to the Resolution requiring action under Article C-V or Article C-VI, including:

(a) So long as the Second Lien Obligation Credit Facility is in full force and effect and payment on the Second Lien Obligation Credit Facility is not in default, then (i) the issuer of the Second Lien Obligation Credit Facility shall be deemed to be the sole owner of the Outstanding Second Lien Obligations the payment of which such Second Lien Obligation Credit Facility secures or (ii) in the alternative or with respect to particular matters, the approval, consent or action of the issuer of the Second Lien Obligation Credit Facility shall be required in addition to the approval, consent or action of the applicable percentage of the Second Lien Owners of the Outstanding Second Lien Obligations, in either case when the approval, consent or action of the Second Lien Owners for such Second Lien Obligations is required or may be exercised under the Resolution including Section B-803 hereof and following a Second Lien Obligations Event of Default hereunder; provided, however, that no issuer of a Second Lien Obligation Credit Facility shall be deemed to be the sole owner of Outstanding Second Lien Obligations pursuant to this provision in the event that the Second Lien Obligation Credit Facility or Second Lien Obligation Credit Facilities securing such Second Lien Obligations provide only liquidity support.

(b) In the event that the principal, Second Lien Sinking Fund Installments, if any, and Second Lien Obligation Redemption Price, if applicable, and interest due on any Outstanding Second Lien Obligations (or Second Lien Obligation Purchase Price of any Outstanding Second Lien Obligations to the extent the issuer of the Second Lien Obligation Credit Facility has not been reimbursed) shall be paid under the provisions of the Second Lien Obligation Credit Facility, all covenants, agreements and other Second Lien Obligations of the Issuer to the Second Lien Owners of such Second Lien Obligations shall continue to exist and such issuer of the Second Lien Obligation Credit Facility shall be subrogated to the rights of such Second Lien Owners in accordance with the terms of such Second Lien Obligation Credit Facility.

2. In addition, such Supplemental Resolution may establish such provisions as are necessary (i) to comply with the provisions of each such Second Lien Obligation Credit Facility,

(ii) to provide relevant information to the issuer of the Second Lien Obligation Credit Facility, (iii) to provide a mechanism for paying Second Lien Obligation Principal Installments and interest on Second Lien Obligations secured by the Second Lien Obligation Credit Facility, and (iv) to make provision for any events of default or for additional or improved security required by the issuer of a Second Lien Obligation Credit Facility.

3. The Issuer may enter into such agreements with the issuer of such Second Lien Obligation Credit Facility providing for, *inter alia*: (i) the payment of fees and expenses to such issuer for the issuance of such Second Lien Obligation Credit Facility, (ii) the terms and conditions of such Second Lien Obligation Credit Facility and the Second Lien Obligations affected thereby, and (iii) the security, if any, to be provided for the issuance of such Second Lien Obligation Credit Facility.

4. The Issuer may secure such Second Lien Obligation Credit Facility by an agreement providing for the purchase of the Second Lien Obligations secured thereby with such adjustments to the rate of interest, method of determining interest, maturity, or redemption provisions as specified by the Issuer in the applicable Supplemental Resolution. The Issuer may also in an agreement with the issuer of such Second Lien Obligation Credit Facility agree to directly reimburse such issuer for amounts paid under the terms of such Second Lien Obligation Credit Facility (together with interest thereon, the "Reimbursement Second Lien Obligations"); *provided*, *however*, that no amounts shall be payable by the Issuer under a Reimbursement Second Lien Obligation for purposes of the Resolution, until amounts are paid under such Second Lien Obligation Credit Facility by the issuer thereof as determined by Supplemental Resolution, any such Reimbursement Second Lien Obligations, which may include interest calculated at a rate higher than the interest rate on the related Second Lien Obligations and accelerated principal amortization, (i) may be secured by a pledge of, and a lien on, the Second Lien Obligations Trust Estate on a parity with the lien created by Section 501 of the Resolution to secure the Second Lien Obligations (a "Parity Reimbursement Second Lien Obligation"), but only to the extent that (prior to any acceleration of all Second Lien Obligations, if permitted) any principal amortization requirements are *either* (A) commensurate with the amortization requirements for such related Second Lien Obligations, without acceleration or (B) accelerated to no greater extent than to require repayment in equal principal installments over 5 or more years, or (ii) may constitute an Other Subordinated Contract Obligation, as determined by the Issuer. Parity Reimbursement Second Lien Obligations shall not include any payments (other than interest calculated at a higher rate pursuant to a Second Lien Obligation Credit Facility) (x) of any fees or expenses, (y) pursuant to any indemnification provisions or (z) pursuant to term-loan or other principal amortization requirements in reimbursement of any such advance that are more accelerated than permitted by clauses (A) and (B) of the preceding sentence, and any such payments of the items specified in clauses (x), (y) or (z) shall constitute Subordinated Contract Obligations.

5. Any such Second Lien Obligation Credit Facility shall be for the benefit of and secure such Second Lien Obligations or portion thereof as specified in any applicable Supplemental Resolution.

6. In connection with the issuance of any Second Lien Obligations or at any time thereafter so long as Second Lien Obligations remain Outstanding, the Issuer may, to the extent

permitted pursuant to law, from time to time enter into Qualified Second Lien Swaps. The Issuer's obligation to pay any amount under any Qualified Second Lien Swap may be secured by a pledge of, and a lien on the Second Lien Obligations Trust Estate on a parity with the lien created by Section 501 of the Resolution to secure the Second Lien Obligations (a "Parity Swap Second Lien Obligation"), or may constitute a Second Lien Parity Debt, as determined by the Issuer. Parity Swap Second Lien Obligations shall not include any payments of (x) of any fees or expenses, (y) pursuant to any indemnification provisions or (z) any termination payments or other obligations to a counterparty to a Qualified Second Lien Swap, which payments shall be Subordinated Contract Obligations.

7. Second Lien Parity Debt shall not be a debt of the State or the City and neither the State nor the City shall he liable thereon, nor shall Second Lien Parity Debt be payable out of any funds other than those of the Issuer pledged therefor pursuant to the Resolution.

8. Except to the extent that an Authorized Officer directs that such amounts be deposited in any other Fund or Account pledged to the payment of Second Lien Obligations, any amounts paid to the Issuer under a Qualified Second Lien Swap shall be deposited in the Second Lien Obligations Debt Service Fund.

9. To the extent applicable and not readily apparent with respect any Second Lien Parity Debt, either the terms of such Second Lien Parity Debt shall specify (or an Authorized Officer shall specify in writing) the interest and principal components of or the scheduled payments corresponding to principal and interest under such Second Lien Parity Debt or the manner of determining the foregoing.

Section B-203 Second Lien Obligation Anticipation Notes. Whenever the Issuer shall have, by Supplemental Resolution, authorized the issuance of a Series of Second Lien Obligations, the Issuer may by resolution authorize the issuance of Second Lien Obligation Anticipation Notes in anticipation of the issuance of such authorized Series of Second Lien Obligations, in a principal amount not exceeding the principal amount of the Second Lien Obligations of such Series so authorized. The principal of and premium, if any, and interest on such Second Lien Obligation Anticipation Notes and any renewals of such Second Lien Obligation Anticipation Notes shall be payable only from any or all of the following items designated by the Issuer at or prior to issuance of any such series of Second Lien Obligation Anticipation Notes: (i) the proceeds of any renewals of such Second Lien Obligation Anticipation Notes issued to repay such Second Lien Obligation Anticipation Notes, (ii) the proceeds of the sale of the Series of Second Lien Obligations, Refunding Obligations or Refunding Second Lien Obligations or other obligations in anticipation of which such Second Lien Obligation Anticipation Notes are issued or expected to be refinanced or restructured, (iii) amounts available to pay Other Subordinated Obligations, or (iv) any other money available therefor and not pledged under the Resolution. Such proceeds and other amounts set forth in clauses (i), (ii), (iii) and (iv) may be pledged for the payment of the principal of and premium, if any, and interest on such Second Lien Obligation Anticipation Notes, and any such pledge of the items set forth in clauses (i) and (ii) shall have priority over any other pledge created by the Resolution, including Section 501. In any case, such Second Lien Obligation Anticipation Notes shall be retired or provision shall be made for their retirement not later than the date of authentication and delivery of the Series of Second Lien Obligations in anticipation of which

they are issued. The proceeds of the sale of Second Lien Obligation Anticipation Notes other than renewals thereof shall be applied to the purposes for which the Second Lien Obligations, Refunding Obligations or Refunding Second Lien Obligations or other obligations in anticipation of which such Second Lien Obligation Anticipation Notes are authorized and shall be deposited in the appropriate Fund or Account established by the Resolution for such purposes or, if so provided in the resolution authorizing renewals of Second Lien Obligation Anticipation Notes issued to pay outstanding Second Lien Obligation Anticipation Notes, applied directly to such payment. Investment earnings from any amounts on deposit in any Fund or Account under the Resolution representing the proceeds of any Second Lien Obligation Anticipation Notes shall be applied in the manner set forth in the resolution authorizing such Second Lien Obligation Anticipation Notes.

ARTICLE B-III

GENERAL TERMS AND PROVISIONS OF SECOND LIEN OBLIGATIONS

Except as otherwise provided by Supplemental Resolution, the Second Lien Obligations and Second Lien Parity Debt shall be subject to the terms and provisions of the Standard Resolutions Provisions and these Supplemental Standard Resolution Provisions.

Section B-301 Medium of Payment; Form and Date.

1. The Second Lien Obligations and Second Lien Parity Debt shall be payable, with respect to interest, principal and Redemption Price, in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts (or to the extent permitted by law, in any other coin or currency authorized pursuant to a Supplemental Resolution for Second Lien Obligations and related Second Lien Parity Debt).

2. Second Lien Obligations shall be issued in the form of fully registered Second Lien Obligations without coupons. Second Lien Obligations, the certificate of authentication, if any, and the form of assignment shall be in substantially the form provided for in Exhibit Two of the Resolution with such appropriate variations, omissions, substitutions and insertions as are permitted or required hereby or thereby or are required by law, and may have such letters, numbers or other marks of identification and such legends and endorsements placed thereon as may be required to comply with any applicable laws or rules or regulations, or as may, consistent herewith, be determined by the officers executing such Second Lien Obligations, as evidenced by their execution of the Second Lien Obligations. Any portion of the text of any Second Lien Obligations may be set forth on the reverse thereof, with an appropriate reference thereto on the face of such security evidencing Second Lien Obligations, or as multiple pages (with or without such a reference). Second Lien Obligations may be typewritten, printed, engraved, lithographed or otherwise produced.

3. Second Lien Obligations shall be dated, and shall bear or not bear interest, as provided in the Supplemental Resolution authorizing such Second Lien Obligations.

Section B-302 Legends. Second Lien Obligations may contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions

of the Resolution as may be necessary or desirable to comply with custom, the rules of any securities exchange or commission or brokerage board, or otherwise, as may be determined by the Issuer.

Section B-303 Execution and Authentication.

1. The Second Lien Obligations shall be executed in the name of the Issuer by the manual or facsimile signature of an Authorized Officer or in such other manner as may be required by law or specified in a Supplemental Resolution. In case any of the officers who shall have signed any of the Second Lien Obligations shall cease to be such officer before the Second Lien Obligations so signed shall have been actually delivered, such Second Lien Obligations may, nevertheless, be delivered as herein provided, and may be issued as if the Persons who signed such Second Lien Obligations had not ceased to hold such offices. Any Second Lien Obligations may be signed on behalf of the Issuer by such Persons as at the actual time of the execution of such Second Lien Obligations shall be duly authorized or hold the proper office in the Issuer, although at the date of the Second Lien Obligations such Persons may not have been so authorized or have held such office.

2. Second Lien Obligations of each Series shall hear thereon a certificate of authentication, executed manually by the Second Lien Trustee. Only such Second Lien Obligations as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under the Resolution and no Second Lien Obligations shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Second Lien Trustee. Such certificate of the Second Lien Trustee upon any Second Lien Obligations executed on behalf of the Issuer shall be conclusive evidence that the Second Lien Obligations so authenticated has been duly authenticated and delivered under the Resolution and that the Second Lien Owner thereof is entitled to the benefits of the Resolution.

Section B-304 Interchangeability of Second Lien Obligations. Second Lien Obligations, upon surrender thereof at the office of the Second Lien Registrar with a written instrument of transfer satisfactory to the Second Lien Registrar, duly executed by the Second Lien Owner or his duly authorized attorney, may, at the option of such Second Lien Owner, be exchanged for an equal aggregate principal amount of Second Lien Obligations of the same Series, maturity and interest rate of any other authorized denomination.

Section B-305 Negotiability, Transfer and Registry. All the Second Lien Obligations issued under the Resolution shall be negotiable, subject to the provisions for registration and registration of transfer contained in the Resolution and in the Second Lien Obligations. So long as any of the Second Lien Obligations shall remain Outstanding, the Issuer shall maintain and keep, at the office of the Second Lien Registrar, books for the registration and registration of transfer of Second Lien Obligations; and, upon presentation thereof for such purpose at said office and under such reasonable regulations as it or the Second Lien Registrar may prescribe, the Issuer shall register or cause to be registered therein, and permit to be transferred thereon, the registration of any Second Lien Obligations entitled to registration or registration of transfer. So long as any of the Second Lien Obligations remain Outstanding, the Issuer shall make all necessary provision to permit the exchange of Second Lien Obligations at the office of the Second Lien Registrar.

Section B-306 Transfer of Second Lien Obligations.

1. The transfer of each Second Lien Obligations shall be registerable only upon the books of the Issuer, which shall be kept by the Second Lien Registrar, by the Second Lien Owner thereof in person or by his attorney authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Second Lien Registrar executed by the Second Lien Owner or his authorized attorney. Upon the registration of transfer of any such Second Lien Obligations, the Issuer shall issue in the name of the transferee a new Second Lien Obligation of the same aggregate principal amount, Series, maturity and interest rate as the surrendered Second Lien Obligation.

2. The Issuer and each Fiduciary may deem and treat the Person in whose name any Outstanding Second Lien Obligations shall be registered upon the books of the Issuer as the absolute owner of such Second Lien Obligations, whether such Second Lien Obligations shall be overdue or not, for the purpose of receiving payment of or on account of the principal and Second Lien Obligation Redemption Price, if any, of and interest on such Second Lien Obligations and for all other purposes, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Second Lien Obligations to the extent of the sum or sums so paid, and neither the Issuer nor any Fiduciary shall be affected by any notice to the contrary. The Issuer agrees to indemnify and save each Fiduciary harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, unless acting in bad faith or with negligence under the Resolution, in so treating such registered owner.

Section B-307 Regulations With Respect to Exchanges and Transfers. In all cases in which the privilege of exchanging Second Lien Obligations or registering the transfer of Second Lien Obligations is exercised, the Issuer shall execute and the Second Lien Registrar shall deliver Second Lien Obligations in accordance with the provisions of the Resolution. All Second Lien Obligations surrendered in any such exchanges or registrations of transfer shall forthwith be canceled by the Second Lien Registrar. For every such exchange or registration of transfer of Second Lien Obligations, whether temporary or definitive, the Issuer or the Second Lien Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer.

Section B-308 Second Lien Obligations Mutilated, Destroyed, Stolen or Lost. In case any Second Lien Obligations shall become mutilated or be destroyed, stolen or lost, the Issuer shall execute, and thereupon the Second Lien Trustee and Second Lien Registrar shall deliver, a new Second Lien Obligations of like tenor, Series, maturity, interest rate and principal amount as the Second Lien Obligations so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Second Lien Obligations, upon surrender and cancellation of such mutilated Second Lien Obligations, or in lieu of and substitution for the Second Lien Obligations destroyed, stolen or lost, upon filing with the Second Lien Trustee and Second Lien Registrar evidence satisfactory to the Issuer and the Second Lien Trustee and Second Lien Registrar that such Second Lien Obligations has been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the Issuer and the Second Lien Trustee and Second Lien Registrar with indemnity satisfactory to them and complying with such other reasonable regulations as the Issuer and the Second Lien Trustee and Second Lien Registrar may prescribe and paying such

expenses as the Issuer and Second Lien Trustee and Second Lien Registrar may incur. All Second Lien Obligations so surrendered to the Second Lien Registrar shall be canceled by it. If any such Second Lien Obligations shall have matured, or if such Second Lien Obligations shall have been called for redemption or a redemption date pertaining thereto shall have passed, instead of issuing a new Second Lien Obligation the Issuer may cause the same to be paid without surrender thereof upon indemnity satisfactory to the Issuer and the Second Lien Trustee. Any such new Second Lien Obligations issued pursuant to this Section in substitution for Second Lien Obligations alleged to be destroyed, stolen or lost shall constitute original additional contractual obligations on the part of the Issuer, whether or not the Second Lien Obligations so alleged to be destroyed, stolen or lost be at any time enforceable by anyone, and shall be equally secured by and entitled to equal and proportionate benefits with all other Second Lien Obligations issued under the Resolution, in any money or securities held by the Issuer or the Fiduciary for the benefit of the Second Lien Owners.

Section B-309 Book-Entry-Only System. The Issuer may employ a book-entry-only system of registration with respect to any Second Lien Obligations and may utilize the procedures regarding such registration set forth in this Section B-309, as such procedures may be modified or superseded pursuant to the Supplemental Resolution authorizing such Second Lien Obligations. Any provisions of the Resolution inconsistent with book-entry-only Second Lien Obligations shall not be applicable to such book-entry-only Second Lien Obligations.

Any Authorized Officer is hereby authorized to take all actions required for each Series of Second Lien Obligations to be eligible under the rules and regulations of The Depository Trust Company ("DTC"), 55 Water Street, New York, New York, for investment and trading as uncertificated securities. DTC is hereby appointed as the initial Securities Depository for the obligations, with Cede & Co., a nominee thereof, being the initial registered owner of the Second Lien Obligations. In the event that any Securities Depository resigns or is removed, any Authorized Officer may select a substitute Securities Depository. The Issuer and any Fiduciary, and any agent of the Issuer or any Fiduciary, may treat any Securities Depository in whose name any Second Lien Obligation is registered as the owner of such Second Lien Obligations for all purposes under the Resolution. For so long as the Securities Depository is the registered owner of the Second Lien Obligations, procedures with respect to the transmission of notices and the transfer of ownership of, redemption of and payment of principal or Second Lien Obligation Redemption Price, if any, of and interest on such Second Lien Obligations so held shall be in accordance with arrangements among the Second Lien Trustee, the Issuer and the Securities Depository.

So long as the Second Lien Obligations are registered in the name of the Securities Depository, the Issuer and the Second Lien Trustee shall have no responsibility or obligation to any Securities Depository participant, indirect participant or beneficial owner of the Second Lien Obligations. Without limiting the immediately preceding sentence, the Issuer and the Second Lien Trustee shall have no responsibility or obligation with respect to (i) the accuracy of the records of any Securities Depository or any Securities Depository participant or indirect participant with respect to any beneficial ownership interest in the Second Lien Obligations, (ii) the delivery to any Securities Depository participant, indirect participant, beneficial owner or any other person, other than the Securities Depository, of any notice with respect to the Second Lien Obligations, including any notice of redemption or tender, or (iii) the payment to any

Securities Depository participant, indirect participant, beneficial owner or any other person, other than the Securities Depository, of any amount with respect to the principal of or Second Lien Obligation Redemption Price or interest on the Second Lien Obligations.

The Issuer, in its sole discretion and without the consent of any other person, may terminate the services of any Securities Depository with respect to any Series of Second Lien Obligations. Notice of such termination shall be given by the Issuer to the Second Lien Trustee prior to or simultaneously with such termination. In the event the book-entry only system is discontinued with respect to the Second Lien Obligations, principal and Redemption Price of and interest on the Second Lien Obligations shall be paid as provided in the Resolution.

Consistent with DTC book-entry provisions, one or more typewritten certificates shall be prepared for each maturity of the Second Lien Obligations of a Series and registered in the name of the Securities Depository. There shall be no physical distribution of bond or other certificates to beneficial owners of such Second Lien Obligations. In the event that the Second Lien Obligations do not qualify to be held by the Securities Depository or that either the Issuer determines to discontinue the book-entry only system or DTC determines to discontinue providing its service with respect to the Second Lien Obligations and there is no successor Securities Depository, the bond or other certificates shall be delivered in the form required by the Resolution.

Unless otherwise directed by an Authorized Officer, "CUSIP" or other recognized identification numbers ("CUSIP numbers") will be imprinted on the Second Lien Obligations, but such numbers shall not constitute a part of the contract evidenced by the Second Lien Obligations and any error or omission with respect thereto shall not constitute cause for refusal of any purchaser to accept delivery of and pay for the Second Lien Obligations. As a convenience to the Second Lien Owners, the Issuer and the Second Lien Trustee may use such CUSIP numbers in any notices to the Second Lien Owners, including any notices of redemption of the Second Lien Obligations. Failure on the part of the Issuer or the Second Lien Trustee to use such CUSIP numbers in any notice to Second Lien Owners shall not constitute a Second Lien Obligations Event of Default or any similar violation of the Issuer's contract with such Second Lien Owners. The Issuer will promptly notify the Second Lien Trustee of any change in the CUSIP numbers.

ARTICLE B-IV

REDEMPTION AND TENDER OF SECOND LIEN OBLIGATIONS

Section B-401 Privilege of Redemption and Second Lien Obligation Redemption Price. Except as otherwise provided in the Resolution or a Supplemental Resolution, Second Lien Obligations subject to redemption pursuant to a Supplemental Resolution shall be subject to redemption only in accordance with this Article B-IV.

Second Lien Obligations subject to redemption prior to maturity pursuant to a Supplemental Resolution shall be redeemable, upon written notice as provided in this Article B-IV, at such times, at such Second Lien Obligation Redemption Prices and upon such

terms as may be specified in the Supplemental Resolution authorizing such Second Lien Obligations.

Section B-402 Redemption at the Election of the Issuer; Tender to Related Entities. In the case of any redemption of Second Lien Obligations at the election of the Issuer, the Issuer shall give written notice to the Second Lien Trustee of its election so to redeem, of the redemption date, of the Series, of the principal amounts of the Second Lien Obligations of each maturity and interest rate of such Series to be redeemed (which Series, maturities, interest rates and principal amounts thereof to be redeemed shall be determined by the Issuer in its sole discretion, subject to any limitations with respect thereto contained in any Supplemental Resolution). Such notice shall be given at least 45 days prior to the redemption date or such shorter period as may be provided in the Supplemental Resolution or as shall be acceptable to the Second Lien Trustee. In the event notice of redemption shall have been given as in Section B-405 provided but subject to the second paragraph of Section B-405, the Issuer shall on or prior to the redemption date cause to be paid out to the appropriate Second Lien Paying Agent or Second Lien Paying Agents out of money available therefor an amount in cash which, in addition to other money, if any, available therefor held by such Second Lien Paying Agent or Second Lien Paying Agents, will be sufficient to redeem on the redemption date at the Second Lien Obligation Redemption Price thereof, all of the Second Lien Obligations to be redeemed.

The Issuer may, in its sole discretion, purchase or grant to any Related Entity the option to purchase, at any time and from time to time, any Second Lien Obligations which are redeemable at the election of the Issuer at a purchase price equal to the redemption price therefor. To exercise any such option, the Issuer or the Related Entity shall give the Second Lien Trustee a written request exercising such option within the time periods specified in the related Supplemental Resolution as though such written request were a written request of the related Issuer for redemption, and the Second Lien Trustee shall thereupon give the Second Lien Owners of the Second Lien Obligations to be purchased notice of such purchase in the manner specified in the related Supplemental Resolution as though such purchase were a redemption. On the date fixed for purchase pursuant to any exercise of such an option, the Issuer or the Related Entity shall pay the purchase price of the Second Lien Obligations then being purchased to the Second Lien Trustee in immediately available funds, and the Second Lien Trustee shall pay the same to the sellers of such Second Lien Obligations against delivery thereof. Following such purchase, the Second Lien Trustee shall cause such Second Lien Obligations to be registered in the name of the Issuer or the Related Entity or its nominee and shall deliver them to the Issuer, the Related Entity or its nominee. Except to the extent otherwise directed by an Authorized Officer, no purchase of Second Lien Obligations pursuant to such an option shall operate to extinguish the indebtedness of the Issuer evidenced thereby. Any such option to purchase by a Related Entity either shall be conditioned on the provision of sufficient money therefor by the Related Entity or shall be an obligation of the Issuer in the event that the Related Entity does not provide sufficient money therefor.

Section B-403 Redemption Otherwise Than at the Issuer's Election. Whenever by the terms of the Resolution Second Lien Obligations are required to be redeemed otherwise than at the election of the Issuer, the Second Lien Trustee shall select the Second Lien Obligations to be redeemed, give the notice of redemption and pay out of money available therefor the Second Lien Obligation Redemption Price to the appropriate Second Lien Paying Agents in accordance

with the terms of this Article B-IV. The Second Lien Trustee shall have no liability in making such selection.

Section B-404 Selection of Second Lien Obligations to Be Redeemed. In the event of redemption of less than all the Outstanding Second Lien Obligations of like tenor, Series, maturity and interest rate, the Second Lien Trustee shall select, as directed by the Issuer (as to the timing of such selection, manner of such selection or otherwise) or otherwise in such manner as the Second Lien Trustee in its discretion shall deem appropriate and fair, the numbers of the Second Lien Obligations to be redeemed and portions of any thereof to be redeemed in part. Second Lien Obligations of denominations equal or less than the minimum authorized denomination thereof may be redeemed only as a whole. Second Lien Obligations of denominations of more than the minimum authorized denomination thereof may be redeemed either as a whole or in part (which, if redeemed in part, must assure that the portion of the Second Lien Obligations which is not redeemed is an authorized denomination). For the purposes of this Section B-404, Second Lien Obligations, or portions thereof, theretofore selected for redemption shall not be deemed Outstanding.

Section B-405 Notice of Redemption. When the Second Lien Trustee shall receive notice from the Issuer of its election to redeem Second Lien Obligations pursuant to Section B-402, and when redemption of Second Lien Obligations is required by the Resolution pursuant to Section B-403, the Second Lien Trustee shall give notice, in the name of the Issuer, of the redemption of such Second Lien Obligations, which notice shall specify the Series (including CUSIP numbers), maturities and, if any maturity shall include Second Lien Obligations bearing different interest rates and all Second Lien Obligations of such maturity are not being redeemed, the interest rate of the Second Lien Obligations to be redeemed, the redemption date and the place or places where amounts due upon such redemption will be payable and, if less than all of the Second Lien Obligations of any like tenor, Series, maturity and interest rate are to be redeemed, the letters and numbers or other distinguishing marks of such Second Lien Obligations so to be redeemed, and, in the case of Second Lien Obligations to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed, and, if applicable, that such notice is conditional and the conditions that must be satisfied. Such notice shall further state that on such date there shall become due and payable upon the Second Lien Obligations to be redeemed the Second Lien Obligation Redemption Price thereof, or the Second Lien Obligation Redemption Price of the specified portions of the principal thereof in the case of Second Lien Obligations to be redeemed in part only, together with interest accrued to the redemption date; and that from and after such date interest thereon shall cease to accrue and be payable. Such notice shall be given not less than 30 days nor more than 45 days, or for such other period as may be specified in a Supplemental Resolution authorizing a particular Series, before the redemption date, to the Second Lien Owners of any Second Lien Obligations or portions of Second Lien Obligations which are to be redeemed. Failure so to give any such notice to any particular Owner shall not affect the validity of the proceedings for the redemption of Second Lien Obligations not owned by such Second Lien Owner and failure of any Second Lien Owner to receive such notice shall not affect the validity of the proposed redemption of Second Lien Obligations. The Issuer may provide notices of redemption at such additional times as it may determine necessary or appropriate.

Any notice of optional redemption given pursuant to this Section may state that it is conditional upon receipt by the Second Lien Trustee of money sufficient to pay the Second Lien Obligation Redemption Price of such Second Lien Obligations or upon the satisfaction of any other condition, or that it may be rescinded upon the occurrence of any other event, and any conditional notice so given may be rescinded at any time before payment of such Second Lien Obligation Redemption Price if any such condition so specified is not satisfied or if any such other event occurs. Notice of such rescission shall be given by the Second Lien Trustee to affected Second Lien Owners as promptly as practicable upon the failure of such condition or the occurrence of such other event.

Unless otherwise provided by Supplemental Resolution, notices of redemption shall be sent by first class mail, postage prepaid.

Notice of redemption of any Series of Second Lien Obligations shall also be sent by the Second Lien Trustee to such additional Persons as may be specified in the Supplemental Resolution authorizing such Series.

Section B-406 Payment of Redeemed Second Lien Obligations. Notice having been given in the manner provided in Section B-405, the Second Lien Obligations or portions thereof so called for redemption shall, subject to the second paragraph of Section B-405, become due and payable on the redemption date so designated at the Second Lien Obligation Redemption Price, plus interest accrued and unpaid to the redemption date, and, upon presentation and surrender thereof at the office specified in such notice, such Second Lien Obligations, or portions thereof, shall be paid at the Second Lien Obligation Redemption Price plus interest accrued and unpaid to the redemption date. If there shall be called for redemption less than all of a Second Lien Obligation, the Issuer shall execute and cause to be delivered, upon the surrender of such Second Lien Obligation, without charge to the owner thereof, for the unredeemed balance of the principal amount of the Second Lien Obligation so surrendered, at the option of the owner thereof, Second Lien Obligations of like tenor, Series, maturity and interest rate in any of the authorized denominations. If, on the redemption date, money for the redemption of all the Second Lien Obligations or portions thereof of any like tenor, Series, maturity and interest rate to be redeemed, together with interest to the redemption date, shall be held by the Second Lien Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the redemption date interest on the Second Lien Obligations or portions thereof of such Series, maturity and interest rate so called for redemption shall cease to accrue. If said money shall not be so available on the redemption date, such Second Lien Obligations or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

ARTICLE B-V

SECOND LIEN SINKING FUND INSTALLMENTS; CANCELLATION AND DISPOSITION OF SECOND LIEN OBLIGATIONS

Section B-501 Satisfaction of Second Lien Sinking Fund Installments.

1. Any amount accumulated in the Second Lien Debt Service Fund in respect of and up to the unsatisfied balance of each Second Lien Sinking Fund Installment shall be applied by the Second Lien Trustee to either (a) or (b) below as directed by the Issuer (together with amounts accumulated in the Second Lien Debt Service Fund with respect to interest on the Series of Second Lien Obligations for which such Second Lien Sinking Fund Installment was established) if so directed by an Authorized Officer prior to the 45th day preceding the due date of such Second Lien Sinking Fund Installment as follows:

(a) to the purchase of Second Lien Obligations for which such Second Lien Sinking Fund Installment was established, at prices (including any brokerage and other charges) not exceeding the principal amount of such Second Lien Obligations plus unpaid interest accrued to the date of purchase, such purchases to be made in such manner as the Issuer shall direct; or

(b) to the redemption of Second Lien Obligations for which such Second Lien Sinking Fund Installment was established, if then redeemable by their terms at the prices referred to in clause (a) of this subsection 1 of this Section B-501.

All Second Lien Obligations so purchased or redeemed shall be canceled by the Second Lien Trustee prior to the 45th day preceding the due date of such Second Lien Sinking Fund Installment.

2. Upon the purchase or redemption of any Second Lien Obligations pursuant to subsection 1 of this Section, an amount equal to the principal amount of the Second Lien Obligations so purchased or redeemed shall he credited toward the next Second Lien Sinking Fund Installment thereafter to become due with respect to the Second Lien Obligations of such maturity and the amount of any excess of the amounts so credited over the amount of such Second Lien Sinking Fund Installment shall be credited by the Second Lien Trustee against future Second Lien Sinking Fund Installments for such Series as specified by an Authorized Officer. Prior to the purchase or redemption of such Second Lien Obligations, the Issuer shall deliver to the Second Lien Paying Agent and to the Second Lien Trustee a certificate of an Authorized Officer specifying (i) the principal amount, Series, maturity, interest rate and numbers of the Second Lien Obligations so to be purchased or redeemed, (ii) the date and Series of the Second Lien Sinking Fund Installment in satisfaction of which such Second Lien Obligations are so to be purchased or redeemed, (iii) the aggregate principal amount of the Second Lien Obligations so to be purchased or redeemed, and (iv) the unsatisfied balance of each such Second Lien Sinking Fund Installment after giving effect to the delivery of such Second Lien Obligations.

3. In satisfaction, in whole or in part, of any Second Lien Sinking Fund Installment, the Issuer may deliver to the Second Lien Trustee at least 45 days prior to the date of such Second Lien Sinking Fund Installment, for cancellation, Second Lien Obligations acquired by purchase or redemption, except Second Lien Obligations acquired by purchase or redemption pursuant to the provisions of subsection 1 of this Section, of the maturity and interest rate entitled to such Second Lien Sinking Fund Installment. All Second Lien Obligations so delivered to the Second Lien Trustee in satisfaction of a Second Lien Sinking Fund Installment shall reduce the amount thereof by the amount of the aggregate principal amount of such Second

Lien Obligations. Concurrently with such delivery of such Second Lien Obligations the Issuer shall deliver to the Second Lien Paying Agent and to the Second Lien Trustee a certificate of an Authorized Officer, specifying (i) the principal amount, Series, maturity, interest rate and numbers of the Second Lien Obligations so delivered, (ii) the date and Series of the Second Lien Sinking Fund Installment in satisfaction of which such Second Lien Obligations are so delivered, (iii) the aggregate principal amount of the Second Lien Obligations so delivered, and (iv) the unsatisfied balance of each such Second Lien Sinking Fund Installment after giving effect to the delivery of such Second Lien Obligations.

4. The Second Lien Trustee shall, upon receipt of the notice and in the manner required by the Resolution, call for redemption, on the date of each Second Lien Sinking Fund Installment falling due prior to maturity, such principal amount of Second Lien Obligations of the Series, interest rate and maturity entitled to such Second Lien Sinking Fund Installment as is required to exhaust the unsatisfied balance of such Second Lien Sinking Fund Installment.

Section B-502 Cancellation and Disposition of Second Lien Obligations. All Second Lien Obligations that have been paid (whether at maturity or by acceleration, call for redemption, purchase by the Issuer and presentation for cancellation, or otherwise) or delivered to the Second Lien Trustee for cancellation shall be canceled and not reissued, except as otherwise provided in a Supplemental Resolution with respect to Second Lien Put Obligations. Unless otherwise directed by the Issuer, the Second Lien Trustee shall treat canceled Second Lien Obligations in accordance with its document retention policies. Notwithstanding any other provision of the Resolution, the Issuer may in its sole discretion purchase any Second Lien Obligations of the Issuer or any Related Entity for investment purposes and any such Second Lien Obligations shall remain outstanding unless and until presented for cancellation.

ARTICLE B-VI

PARTICULAR COVENANTS OF THE ISSUER

The Issuer covenants and agrees with the Second Lien Trustee and the Second Lien Owners as follows:

Section B-601 Payment of Second Lien Obligations and Second Lien Parity Debt. The Issuer shall duly and punctually pay or cause to be paid from the Second Lien Obligations Trust Estate as provided in the Resolution the principal or Second Lien Obligation Redemption Price, if any, of every Second Lien Obligations and the interest thereon and all Second Lien Parity Debt, at the dates and places, and in the manner provided in the Second Lien Obligations and Second Lien Parity Debt, according to the true intent and meaning thereof.

Section B-602 Extension of Payment of Second Lien Obligations. The Issuer shall not directly or indirectly extend or assent to the extension of the maturity of any of the Second Lien Obligations or the time of payments of any claims for interest by the purchase or funding of such Second Lien Obligations or claims for interest or by any other arrangement, and in case the maturity of any of the Second Lien Obligations or the time for payment of such claims for interest shall be extended, such Second Lien Obligations or claims for interest shall not be entitled, in case of any Second Lien Obligations Event of Default, to the benefit of the

Resolution or to any payment out of the Second Lien Obligations Trust Estate, except subject to the prior payment of the principal of all Second Lien Obligations Outstanding the maturity of which has not been extended and of such portion of the accrued interest on the Second Lien Obligations as shall not be represented by such extended claims for interest. Nothing herein shall be deemed to limit the right of the Issuer (i) to issue refunding Second Lien Obligations as provided in the Resolution and such issuance shall not be deemed to constitute an extension of maturity of the Second Lien Obligations, (ii) to issue Second Lien Put Obligations and neither such issuance nor the operation of the provisions of such Second Lien Put Obligations shall be deemed to constitute an extension of maturity of the Second Lien Obligations, (iii) to apply any amount in any Fund held under the Resolution for such purpose to the purchase or redemption of Second Lien Obligations or (iv) to issue securities having a maturity date, including any extension of maturity contemplated at the time of issuance, of no more than 270 days from the issue date.

Section B-603 Offices for Servicing Second Lien Obligations. Except as otherwise provided in the Resolution, the Issuer shall at all times maintain one or more offices or agencies in the City and State where Second Lien Obligations may be presented for payment, registration, transfer or exchange, and where notices, demands and other documents may be served upon the Issuer in respect of the Second Lien Obligations or of the Resolution. The Issuer may appoint the Second Lien Trustee or any other Fiduciary as its agent to maintain such office or agency for the payment, redemption, registration, transfer or exchange of Second Lien Obligations and for the service upon the Issuer of such notices, demands and other documents. The Issuer may also maintain one or more offices or agencies outside of the City or State for the same purposes.

Section B-604 Further Assurance. To the extent permitted by law, the Issuer from time to time shall make, do, execute, adopt, acknowledge and deliver, and take all and every such further acts, deeds, conveyances, assignments, resolutions, transfers and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights and interests in the Second Lien Obligations Trust Estate or assigned, or intended so to be, or which the Issuer may become bound to pledge or assign.

Section B-605 Accounts and Reports.

1. The Issuer shall keep proper books of record and account of its operations. Such books of account are to be audited at least annually by independent certified public accountants experienced in governmental accounting selected by the Issuer. A copy of each audit report, annual balance sheet and income and expense statement shall be filed with the Second Lien Trustee and sent to any Second Lien Owner filing with the Issuer a written request therefor.

2. The Issuer shall annually, within 6 months after the close of each fiscal year or at such other time required under applicable law or a subsequent contract with all or certain Second Lien Owners (or, if not available by such date, when and if available), file with the Second Lien Trustee, and otherwise as provided by law, a copy of an annual report for such year, accompanied by the opinion of the accountants specified in subsection 1 of this Section.

Section B-606 General.

1. The Issuer shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the Issuer under the provisions of the Resolution and, to the extent material to the interests of Second Lien Owners, the Issuer Act.

2. Upon the date of authentication and delivery of any of the Second Lien Obligations, all conditions, acts and things required by law and the Resolution to exist, to have happened and to have been performed precedent to and in connection with the issuance of such Second Lien Obligations (and any related Second Lien Parity Debt then being incurred) shall exist, shall have happened and shall have been performed and the issuance of such Second Lien Obligations (and any related Second Lien Parity Debt then being incurred), together with all other indebtedness of the Issuer, shall be within every debt and other limit prescribed by the laws of the State, as applicable.

ARTICLE B-VII

CONCERNING THE SECOND LIEN TRUSTEE, SECOND LIEN PAYING AGENTS AND THE SECOND LIEN REGISTRAR

Section B-701 Second Lien Trustee; Appointment and Acceptance of Duties. On or prior to the delivery of any Second Lien Obligations, the Issuer shall appoint a Second Lien Trustee. The Second Lien Trustee shall signify its acceptance of the duties and Second Lien Obligations imposed upon it by the Resolution by executing and delivering to the Issuer a written acceptance thereof.

Section B-702 Duties, Liabilities and Rights of the Second Lien Trustee.

1. Prior to the occurrence of a Second Lien Obligations Event of Default of which a Responsible Second Lien Obligation Officer has written notice or actual knowledge, and after the curing or waiver of any Second Lien Obligations Event of Default which may have occurred:

(a) the Second Lien Trustee undertakes to perform such duties and only such duties as are specifically set forth in the Resolution, and no implied covenants or Second Lien Obligations shall be read into the Resolution against the Second Lien Trustee; and

(b) in the absence of bad faith on its part, the Second Lien Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Second Lien Trustee and conforming to the requirements of the Resolution; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Second Lien Trustee, the Second Lien Trustee is under a duty to examine same to determine whether or not they conform to the requirements of the Resolution.

2. In case a Second Lien Obligations Event of Default of which a Responsible Second Lien Obligation Officer has written notice or actual knowledge has occurred and is continuing, the Second Lien Trustee shall exercise such of the rights and powers vested in it by

the Resolution, and use the same degree of care and skill in their exercise, as a prudent Person would exercise or use in the conduct of such Person's own affairs.

3. No provision of the Resolution shall be construed to relieve the Second Lien Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(a) this subsection 3 shall not be construed to limit the effect of subsection 1 of this Section B-702;

(b) the Second Lien Trustee is not and shall not be liable for any error of judgment made in good faith by a Responsible Second Lien Obligation Officer, unless it is proven that the Second Lien Trustee was negligent in ascertaining the pertinent facts;

(c) the Second Lien Trustee is not and shall not be liable with respect to any action taken or omitted to be taken by it in good faith (i) in accordance with the direction of the Second Lien Owners of the applicable percentage of Second Lien Obligations then Outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Second Lien Trustee, or (ii) which it believes to be authorized or within its rights or powers under the Resolution;

(d) no provision of the Resolution shall require the Second Lien Trustee to expend or risk its own funds or otherwise incur any personal or financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, for which it has not received a satisfactory indemnity;

(e) the Second Lien Trustee may rely on any document believed by it to be genuine and to have been signed or presented by the proper Person and shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Second Lien Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit;

(f) the Second Lien Trustee shall not be charged with knowledge of a Second Lien Obligations Event of Default unless a Responsible Second Lien Obligation Officer shall have received written notice from a Second Lien Owner or the Issuer or have actual knowledge; provided that the Second Lien Trustee shall be deemed to have actual knowledge of any failure to pay principal or Second Lien Obligation Redemption Price of or interest on Second Lien Obligations when due;

(g) the Second Lien Trustee shall not be under any obligation to take any action that is discretionary hereunder;

(h) neither the Second Lien Trustee nor any of its directors, officers, employees or agents shall be personally liable for any action taken, suffered or omitted by the Second Lien Trustee in good faith and believed by it to be authorized or within the discretion or rights or powers conferred upon the Second Lien Trustee by the Resolution;

(i) the Second Lien Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents, attorneys, custodians, or nominees and the Second Lien Trustee shall not be responsible for any misconduct or negligence on the part of any agent, attorney, custodians or nominees appointed with due care by it hereunder; and

(j) the Second Lien Trustee may request that the Issuer deliver a certificate of an Authorized Officer setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant hereto, which certificate may be signed by any Person authorized to sign such a certificate, including any Person specified as so authorized in any such certificate previously delivered and not superseded.

4. Whether or not expressly so provided, every provision of the Resolution relating to the conduct or affecting the liability of or affording protection to the Second Lien Trustee is subject to the provisions of this Section B-702.

5. In the event that the Second Lien Trustee is also acting as Second Lien Paying Agent or Second Lien Registrar hereunder, the rights and protections afforded to the Second Lien Trustee pursuant to this Article B-VII shall also be afforded to the Second Lien Paying Agent and Second Lien Registrar.

Section B-703 Second Lien Paying Agents and Second Lien Registrars; Appointment and Acceptance of Duties.

1. The Second Lien Trustee is hereby appointed the Second Lien Registrar and a Second Lien Paying Agent with respect to the Second Lien Obligations. The Issuer may at any time or from time to time appoint one or more other Second Lien Paying Agents and Second Lien Registrars in the manner and subject to the conditions set forth in Section B-713 for the appointment of a successor Second Lien Paying Agent or Second Lien Registrar. The Issuer may be appointed a Second Lien Paying Agent or Second Lien Registrar.

2. Each Second Lien Paying Agent and Second Lien Registrar other than the Second Lien Trustee shall signify its acceptance of the duties and obligations imposed upon it by the Resolution by executing and delivering to the Issuer and to the Second Lien Trustee a written acceptance thereof.

Section B-704 Responsibilities of Fiduciaries. The recitals of fact contained in the Resolution and in the Second Lien Obligations shall be taken as the statements of the Issuer and no Fiduciary assumes any responsibility for the correctness of the same. No Fiduciary makes any representations as to the validity or sufficiency of the Resolution or of any Second Lien Obligations issued thereunder or in respect of the security afforded by the Resolution, and no Fiduciary shall incur any liability in respect thereof. No Fiduciary shall be under any responsibility or duty with respect to the issuance of the Second Lien Obligations for value or the application of the proceeds thereof or the application of any money paid to the Issuer. No Fiduciary shall be under any responsibility or duty with respect to the application of any money paid to any other Fiduciary. No Fiduciary shall be liable in connection with the performance of its duties under the Resolution, or for any losses, fees, taxes or other charges incurred upon the

purchase or sale or redemption of any securities purchased for or held in any Fund under the Resolution, including any losses incurred by reason of having to sell securities prior to their maturity date, except in each case for its own willful misconduct, negligent action or negligent failure to act.

Section B-705 Evidence on Which Fiduciaries May Act.

1. Each Fiduciary shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, report, opinion, bond, or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties. Each Fiduciary may consult with counsel of its selection, who may or may not be counsel to the Issuer, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, omitted to be taken or suffered by it under the Resolution in good faith and in accordance therewith.

2. Whenever any Fiduciary shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under the Resolution, such matter (unless other evidence in respect thereof be therein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Officer, and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of the Resolution; but in its discretion the Fiduciary may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable.

3. Except as otherwise expressly provided in the Resolution, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision thereof by the Issuer to any Fiduciary shall be sufficiently executed if executed in the name of the Issuer by an Authorized Officer.

Section B-706 Compensation. The Issuer shall pay to each Fiduciary from time to time such compensation as shall be agreed to in writing between the Fiduciary and the Issuer for all services rendered under the Resolution (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust), and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under the Resolution. To the extent permitted by law, the Issuer further agrees to indemnify and save each Fiduciary and its officers, directors, agents, and employees harmless against any and all liabilities, losses, damages, claims or expenses which it may incur in the acceptance, exercise and performance of its powers and duties hereunder and which are not due to its willful misconduct, negligence or bad faith. The obligations of this Section B-706 shall survive the discharge of the Resolution. No obligations of the Issuer to make any payment to any Fiduciary shall have the benefit of any lien on or pledge or assignment of the Obligations Trust Estate or the Second Lien Obligations Trust Estate.

A Fiduciary shall notify the Issuer promptly of any claim for which it may seek indemnity. The Issuer shall defend the claim and the Second Lien Trustee shall cooperate in the

defense. The Fiduciary may have separate counsel and the Issuer shall pay the reasonable fees and expenses of such counsel.

Section B-707 Certain Permitted Acts. Any Fiduciary may become the owner of any Second Lien Obligations or any other obligations of the Issuer, with the same rights it would have if it were not a Fiduciary. To the extent permitted by law and pursuant to the Resolution, any Fiduciary may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Second Lien Owners or the holders of any other obligations of the Issuer or to effect or aid in any reorganization growing out of the enforcement of the Second Lien Obligations or any other obligations of the Issuer under the Resolution, whether or not any such committee shall represent the Second Lien Owners of a majority in principal amount of the Second Lien Obligations then Outstanding.

Section B-708 Resignation of Second Lien Trustee. The Second Lien Trustee may at any time resign and be discharged of the duties and obligations created by the Resolution by giving not less than 60 days' written notice to the Issuer and mailing notice thereof to the Second Lien Owners of the Second Lien Obligations, specifying the date when such resignation shall take effect, at least 45 days prior to the effective date, provided that such resignation shall take effect upon *the later of* (i) the day specified in such notice and (ii) the day a successor shall have been appointed by the Issuer or the Second Lien Owners as provided in Section B-710 and shall have qualified therefor.

Section B-709 Removal of Second Lien Trustee. The Second Lien Trustee may be removed at any time by an instrument or concurrent instruments in writing, filed with the Second Lien Trustee, and signed by the Second Lien Owners of a majority in principal amount of the Second Lien Obligations then Outstanding or their attorneys-in-fact duly authorized, excluding any Second Lien Obligations held by or for the account of the Issuer or any Related Entity. In addition, so long as no Second Lien Obligations Event of Default shall have occurred and be continuing hereunder and the Second Lien Trustee is not pursuing any right or remedy available to it pursuant to the Resolution, the Second Lien Trustee may be removed by the Issuer at any time for failure to provide reasonably acceptable services, failure to charge reasonably acceptable fees or any other reasonable cause, all as determined by a certificate of an Authorized Officer filed with the Second Lien Trustee. Any such removal shall not be effective until a successor shall have been appointed by the Issuer or the Second Lien Owners as provided in Section B-710 and shall have qualified therefor.

Section B-710 Appointment of Successor Second Lien Trustee.

1. In case at any time the Second Lien Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Second Lien Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Second Lien Trustee, or of its property or affairs, a successor may be appointed by the Second Lien Owners of a majority in principal amount of the Second Lien Obligations then Outstanding, excluding any Second Lien Obligations held by or for the account of the Issuer, by an instrument or concurrent instruments in writing signed and acknowledged by such Second Lien Owners or by their attorneys-in-fact

duly authorized and delivered to such successor Second Lien Trustee, notification thereof being given to the Issuer and the predecessor Second Lien Trustee; provided, nevertheless, that unless a successor Second Lien Trustee shall have been appointed by the Second Lien Owners as aforesaid, the Issuer by a duly executed written instrument signed by an Authorized Officer of the Issuer shall therewith appoint a Second Lien Trustee to fill such vacancy until a successor Second Lien Trustee shall be appointed by the Second Lien Owners as authorized in this Section B-710. The Issuer shall mail notice of any such appointment made by it to all Second Lien Owners within 20 days after such appointment. Any successor Second Lien Trustee appointed by the Issuer shall, immediately and without further act, be superseded by a Second Lien Trustee appointed by the Second Lien Owners.

2. If in a proper case no appointment of a successor Second Lien Trustee shall be made pursuant to the foregoing provisions of this Section within 45 days after the Second Lien Trustee shall have given to the Issuer written notice as provided in Section B-708 or after a vacancy in the office of the Second Lien Trustee shall have occurred by reason of its inability to act, the Second Lien Trustee or the Second Lien Owner of any Second Lien Obligations may, at the expense of the Issuer, apply to any court of competent jurisdiction to appoint a successor Second Lien Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Second Lien Trustee.

3. Any Second Lien Trustee appointed under the provisions of this Section B-710 in succession to the Second Lien Trustee shall be a Bank that is organized under the laws of the State, or, if organized under the laws of another state, authorized to do business in the State of New York**,** or is a national banking association organized under the laws of the United States of America, doing business and having a corporate trust office in The City of New York, and which at the time of selection meets all thresholds for being well capitalized or adequately capitalized under the prompt corrective action framework applicable to insured depositary institutions under Section 38 of the Federal Deposit Insurance Act as in effect from time to time or all thresholds for substantially equivalent categories in any successor legislation, if there be such a Bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution.

Section B-711 Transfer of Rights and Property to Successor Second Lien Trustee. Any successor Second Lien Trustee appointed under the resolution shall execute, acknowledge and deliver to its predecessor Second Lien Trustee, and also to the Issuer, an instrument accepting such appointment, and thereupon such successor Second Lien Trustee, without any further act, deed or conveyance, shall become fully vested with all money, estates, properties, rights, powers, duties and obligations of such predecessor Second Lien Trustee, with like effect as if originally named as Second Lien Trustee; but the Second Lien Trustee ceasing to act shall nevertheless, on the written request of the Issuer, or of the successor Second Lien Trustee, and, upon the payment of all of its charges hereunder, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably he required for more fully and certainly vesting and confirming in such successor Second Lien Trustee all the right, title and interest of the predecessor Second Lien Trustee in and to any property held by it under the Resolution, and shall pay over, assign and deliver to the successor Second Lien Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the Issuer be

required by such successor Second Lien Trustee for more fully and certainly vesting in and confirming to such successor Second Lien Trustee any such estates, rights, powers and duties, any and all such deeds, conveyances and instruments in writing shall, on request, and so far as may be authorized by law, be executed, acknowledged and delivered by the Issuer. Any successor Second Lien Trustee shall promptly notify the Second Lien Registrar and the Second Lien Paying Agents of its appointment as Second Lien Trustee.

Section B-712 Merger or Consolidation. Any Person into which any Fiduciary may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which any Fiduciary may sell or transfer all or substantially all of its municipal corporate trust business, provided such Person shall be a Bank that is organized under the laws of the State, or, if organized under the laws of another state, authorized to do business in the State of New York**,** or is a national banking association organized under the laws of the United States of America, doing business and having a corporate trust office in The City of New York, and which at the time of selection meets all thresholds for being well capitalized or adequately capitalized under the prompt corrective action framework applicable to insured depositary institutions under Section 38 of the Federal Deposit Insurance Act as in effect from time to time or all thresholds for substantially equivalent categories in any successor legislation, if there be such a Bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution and shall be the successor to such Fiduciary without the execution or filing of any paper or the performance of any further act.

Section B-713 Resignation or Removal of Second Lien Paying Agent or Second Lien Registrar and Appointment of Successor.

1. Any Second Lien Paying Agent or Second Lien Registrar may at any time resign and be discharged of the duties and obligations created by the Resolution by giving at least 60 days' written notice to the Issuer, the Second Lien Trustee, and the other Second Lien Paying Agents or Second Lien Registrar, as the case may be. Any Second Lien Paying Agent or Second Lien Registrar may be removed at any time by an instrument filed with such Second Lien Paying Agent or Second Lien Registrar, the Second Lien Trustee and the Trustee and signed by the Issuer. Any successor Second Lien Paying Agent or Second Lien Registrar shall be appointed by the Issuer, with the approval of the Second Lien Trustee, and (subject to the requirements of Section B-603) shall be a Bank that is organized under the laws of the State, or, if organized under the laws of another state, authorized to do business in the State of New York**,** or is a national banking association organized under the laws of the United States of America, doing business and having a corporate trust office in The City of New York, and which at the time of selection meets all thresholds for being well capitalized or adequately capitalized under the prompt corrective action framework applicable to insured depositary institutions under Section 38 of the Federal Deposit Insurance Act as in effect from time to time or all thresholds for substantially equivalent categories in any successor legislation, if there be such a Bank willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by the Resolution.

2. In the event of the resignation or removal of any Second Lien Paying Agent, such Second Lien Paying Agent shall pay over, assign and deliver any money held by it as Second

Lien Paying Agent to its successor, or if there be no successor, to the Second Lien Trustee. In the event that for any reason there shall be a vacancy in the office of any Second Lien Paying Agent, the Second Lien Trustee shall act as such Second Lien Paying Agent.

3. In the event of the resignation or removal of any Second Lien Registrar, such Second Lien Registrar shall transfer and deliver all records, certificates and documents held by it as Second Lien Registrar to its successor, or if there be no successor, to the Second Lien Trustee. In the event that for any reason there shall be a vacancy in the office of any Second Lien Registrar, the Second Lien Trustee shall act as such Second Lien Registrar.

Section B-714 Adoption of Authentication. In case any of the Second Lien Obligations contemplated to be issued under the Resolution shall have been authenticated but not delivered, any successor Second Lien Trustee may adopt the certificate of authentication of any predecessor Second Lien Trustee so authenticating such Second Lien Obligations and deliver the Second Lien Obligations so authenticated; and in case any of such Second Lien Obligations shall not have been authenticated, any successor Second Lien Trustee may authenticate such Second Lien Obligations in the name of the predecessor Second Lien Trustee, or in the name of the successor Second Lien Trustee, and in all such cases such certificate shall have the full force which it is anywhere in said Second Lien Obligations or in the Resolution provided that the certificate of the Second Lien Trustee shall have.

Section B-715 Continuing Disclosure Agreements. The Second Lien Trustee shall be entitled to the same rights and the same degree of indemnification in its execution and performance of each continuing disclosure agreement entered into pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended, as it is under the Resolution.

ARTICLE B-VIII

DEFAULT AND REMEDIES

Section B-801 Abrogation of Right to Appoint Statutory Second Lien Trustee; Preservation of Statutory Rights and Remedies. Any right of the Second Lien Owners to appoint a trustee under the Issuer Act is hereby abrogated. Subject to the foregoing sentence of this Section B-901 and the provisions of Section 702, the Second Lien Owners and the Second Lien Trustee acting on behalf of the Second Lien Owners shall be entitled to all of the rights and remedies provided or permitted by law.

ARTICLE B-IX

MISCELLANEOUS

Section B-901 Defeasance.

1. If the Issuer shall pay or cause to be paid to the Second Lien Owners of all Second Lien Obligations then Outstanding the principal and interest and Second Lien Obligation Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then, at the option of the Issuer, expressed in an instrument in

writing signed by an Authorized Officer and delivered to the Second Lien Trustee, the covenants, agreements and other obligations of the Issuer to the Second Lien Owners shall be discharged and satisfied. In such event, the Second Lien Trustee shall, upon the request of the Issuer, execute and deliver to the Issuer all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries for the Second Lien Obligations shall pay over or deliver to the Issuer all money, securities and funds held by them pursuant to the Resolution which are not required for the payment or redemptions of Second Lien Obligations not theretofore surrendered for such payment or redemption.

2. Outstanding Second Lien Obligations or any portions thereof for the payment or redemption of which money shall have been set aside and shall be held in trust by the Second Lien Paying Agents shall at the respective maturity or redemption dates thereof be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section. Outstanding Second Lien Obligations or any portions thereof shall, prior to the respective maturity or redemption dates thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section either (A) as provided in the Supplemental Resolution authorizing their issuance or (B) if not so provided, if (a) in case any of said Second Lien Obligations are to be redeemed on any date prior to their maturity, the Issuer shall have given to the Second Lien Trustee in form satisfactory to it irrevocable instructions to mail as provided in Article B-IV notice of redemption on said date of such Second Lien Obligations, (b) there shall have been irrevocably deposited with the Second Lien Trustee either money in an amount which shall be sufficient, or Second Lien Obligation Defeasance Securities the principal of and the interest on which when due will provide money which, together with the money, if any, deposited with the Second Lien Trustee at the same time, shall be sufficient, without further investment or reinvestment of either the principal amount thereof or the interest earnings thereon, to pay when due, the principal or Second Lien Obligation Redemption Price, if applicable, and interest due and to become due on such Second Lien Obligations or such portions thereof on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event such Second Lien Obligations are not by their terms maturing or are not subject to redemption within the next succeeding 60 days, the Issuer shall have given the Second Lien Trustee in form satisfactory to it irrevocable instructions to mail, as soon as practicable, a notice to the Second Lien Owners of such Second Lien Obligations that the deposit required by (b) above has been made with the Second Lien Trustee and that said Second Lien Obligations are deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which money is to be available for the payment of the principal or Second Lien Obligation Redemption Price, if applicable, on such Second Lien Obligations. Neither Second Lien Obligation Defeasance Securities nor money deposited with the Second Lien Trustee pursuant to this Section nor principal or interest payments on any such Second Lien Obligation Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Second Lien Obligation Redemption Price, if applicable, and interest on said Second Lien Obligations; *provided, however*, that any money on deposit with the Second Lien Trustee, (i) to the extent such money will not be required at any time for such purpose, shall be paid over to the Issuer as received by the Second Lien Trustee, free and clear of any trust, lien or pledge securing said Second Lien Obligations or otherwise existing under the Resolution, and (ii) to the extent such money will be required for such purpose at a later date, shall, to the extent practicable, be reinvested in Second Lien Obligation Defeasance Securities maturing at times and in amounts sufficient, together with any money available to the Second

Lien Trustee for such purpose, to pay when due the principal or Second Lien Obligation Redemption Price, if applicable, and interest to become due on said Second Lien Obligations on and prior to such redemption date or maturity date thereof, as the case may be. Notwithstanding any other provision hereof, the Issuer may at the time of defeasance elect to retain the right to redeem or require the tender of obligations deemed paid pursuant to this Section B-901.2. The Second Lien Trustee shall, at the direction of the Issuer, select the Second Lien Obligations or portions thereof that are deemed to have been paid in advance of the redemption of such Second Lien Obligations.

3. Anything in the Resolution to the contrary notwithstanding, any money held by a Fiduciary in trust for the payment and discharge of the principal or Second Lien Obligation Redemption Price of or interest on any of the Second Lien Obligations which remains unclaimed for 2 years after the date when such principal, Second Lien Obligation Redemption Price or interest, respectively, has become due and payable, either at stated maturity dates or by call for earlier redemption, if such money was held by the Fiduciary at such date, or for 2 years after the date of deposit of such money if deposited with the Fiduciary after the date when such principal, Second Lien Obligation Redemption Price, or interest, respectively, became due and payable, shall, at the written request of the Issuer, be repaid by the Fiduciary to the Issuer, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Second Lien Owners shall look only to the Issuer for the payment of such principal, Second Lien Obligation Redemption Price, or interest, respectively. Notwithstanding the foregoing or anything in the Resolution to the contrary, any money held by a Fiduciary in trust for the payment and discharge of any Second Lien Obligations which remains unclaimed after such money was to be applied to the payment of such Second Lien Obligations in accordance with the Resolution may be applied in accordance with the provisions of the Abandoned Property Law of the State, being Chapter 1 of the Consolidated Laws of the State or any successor provision thereto, and upon such application, the Fiduciary shall thereupon be released and discharged with respect thereto and the Second Lien Owners shall look only to the Issuer or the Comptroller of the State for the payment of such Second Lien Obligations. Before being required to make any such payment to the Issuer or to apply such money in accordance with the Abandoned Property Law of the State, the Fiduciary shall, at the expense of the Issuer, cause to be mailed to the Second Lien Owners entitled to receive such money a notice that said money remains unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of the mailing, the balance of such money then unclaimed will be returned to the Issuer or applied in accordance with the Abandoned Property Law of the State, as the case may be.

Section B-902 Evidence of Signatures of Second Lien Owners and Ownership of Second Lien Obligations.

1. Any request, consent, revocation of consent or other instrument which the Resolution may require or permit to be signed and executed by the Second Lien Owners may be in one or more instruments of similar tenor, and shall be signed or executed by such Second Lien Owners in Person or by their attorneys-in-fact appointed in writing or by such electronic or other means as may be recognized pursuant to applicable law. Proof of (i) the execution of any such instrument, or of an instrument appointing any such attorney, or (ii) the holding by any Person of the Second Lien Obligations shall be sufficient for any purpose of the Resolution, except as

otherwise therein expressly provided, if made in the following manner, or in any other manner satisfactory to the Second Lien Trustee, which may nevertheless in its discretion require further or other proof in cases where it deems the same desirable:

(a) The fact and date of the execution by any Second Lien Owner or his attorney-in-fact of such instrument may he proved by the certificate of a signature guarantor, or of any notary public or other officer authorized to take acknowledgments of deeds, that the Person signing such request or other instrument acknowledged to him or her the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer. Where such execution is by an officer of a corporation or association or a member of a partnership, on behalf of such corporation, association or partnership such certificate or affidavit shall also constitute sufficient proof of his authority; and

(b) The ownership of Second Lien Obligations and the amount, numbers and other identification, and date of holding the same shall be proved by the registry books.

2. Any request or consent by a Second Lien Owner of Second Lien Obligations shall bind all future Second Lien Owners of such Second Lien Obligations in respect of anything done or suffered to be done by the Issuer or any Fiduciary in accordance therewith.

Section B-903 Money Held for Particular Second Lien Obligations. The amounts held by any Fiduciary for the payment of the interest, principal or Second Lien Obligation Redemption Price due on any date with respect to particular Second Lien Obligations shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Second Lien Owners entitled thereto.

Section B-904 Preservation and Inspection of Documents. All documents received by a Fiduciary under the provisions of the Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Issuer, any other Fiduciary, and any Second Lien Owners of at least 5% aggregate principal amount of Second Lien Obligations and their agents and their representatives, any of whom may make copies thereof.

Section B-905 Interest of Parties Herein. Nothing in the Resolution expressed or implied is intended or shall be construed to confer upon, or to give to any Person, other than the Issuer, the Fiduciaries, the Second Lien Owners and the holders of Second Lien Parity Debt, any right, remedy or claim under or by reason of the Resolution or any covenant, condition or stipulation thereof, and all the covenants, stipulations, promises and agreements in the Resolution contained by and on behalf of the Issuer shall be for the sole and exclusive benefit of the Issuer, the Fiduciaries, the Second Lien Owners and the holders of Second Lien Parity Debt.

Section B-906 No Recourse on the Second Lien Obligations. No recourse shall be had for the payment of the principal or Second Lien Obligation Redemption Price of or interest on the Second Lien Obligations or Second Lien Parity Debt or for any claim based thereon or on the Resolution against any member, officer, or employee of the Issuer or any Person executing the Second Lien Obligations.

Section B-907 Severability of Invalid Provisions. If any term or provision of this Annex B or the Resolution shall be invalid, inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions or in all jurisdictions, or in all cases because it conflicts with any other provision or provisions hereof or any constitution or statute or rule of public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstance, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable to any extent whatever, and such term and provision shall be valid and enforced to the fullest extent permitted by law.

The invalidity of any one or more phrases, sentences, clauses or Sections of the Resolution shall not affect the remaining portions of the Resolution, or any part thereof, including any part of this Annex B.

Section B-908 Exclusion of Second Lien Obligations. Second Lien Obligations owned or held by or for the account of the Issuer or any Related Entity shall not be deemed Outstanding for the purpose of any consent to be given or other action to be taken by or upon the direction of Second Lien Owners of a specified portion of Second Lien Obligations Outstanding, and the Issuer or any Related Entity shall not be entitled with respect to such Second Lien Obligations to give any such consent or to take, or direct the taking of, any such action. At the time of any such consent or action, the Issuer shall furnish to the Second Lien Trustee a certificate of an Authorized Officer, upon which the Second Lien Trustee may conclusively rely, describing all Second Lien Obligations so to be excluded.

Section B-909 Governing Law. The Resolution, including this Annex B, shall be governed by and interpreted in accordance with internal laws of the State, without regard to conflict of law principles thereof.

ADDITIONAL RESOLUTION PROVISIONS
APPLICABLE TO MTA AND TBTA
SENIOR LIEN PMT OBLIGATIONS AND SECOND LIEN PMT OBLIGATIONS

ARTICLE C-I

DEFINITIONS AND STATUTORY AUTHORITY

Section C-101. Definitions. Capitalized terms used but not otherwise defined in this Annex C shall have the meanings set forth in the Resolution to which this Annex C is appended. The following terms shall, for all purposes herein and (except as the context may otherwise require) in the Resolution to which this Annex C is appended, have the following meanings:

Additional Obligations shall mean all MTA Senior Lien Obligations in the event that the MTA is defined in the Resolution as the Issuer or TBTA Senior Lien Obligations in the event that the TBTA is defined in the Resolution as the Issuer authenticated and delivered pursuant to Section C-201.

Additional Second Lien Obligations shall mean all MTA Second Lien Obligations in the event that the MTA is defined in the Resolution as the Issuer or TBTA Second Lien Obligations in the event that the TBTA is defined in the Resolution as the Issuer authenticated and delivered pursuant to Section C-203.

Applicable Debt Service Payment Date shall mean a Debt Service Payment Date on which an Applicable Trustee is required to make a payment of Debt Service from the MTA Second Lien Debt Service Fund, the MTA Senior Lien Debt Service Fund, the TBTA Second Lien Debt Service Fund or the TBTA Senior Lien Debt Service Fund, as the context requires.

Applicable Trustee shall mean the TBTA Second Lien Trustee, the TBTA Senior Lien Trustee, the MTA Second Lien Trustee or the MTA Senior Lien Trustee, as the context requires.

ATA Receipts shall mean amounts required to be deposited in the Corporate Transportation Account in the MTA Special Assistance Fund pursuant to paragraphs (b-1) and (c-3) of subdivision 2 of Section 503 and Article 17-C of the Vehicle and Traffic Law, as amended, and Article 29-A and Section 1166-a of the Tax Law, as amended, or any successor provisions of law, or any other provision of law directing or permitting the moneys to be pledged hereunder.

Board shall mean, when used with respect to the Issuer, the board of the Issuer acting as such pursuant to the provisions of the Issuer Act.

Capital Costs shall mean (i) the costs of the Issuer or any other Related Entity for the planning, design, acquisition, construction, reconstruction, rehabilitation or improvement of all or any part of the PMT Transit and Commuter Project, including costs of acquisition of real or personal property or any interests therein, legal, administrative, engineering, planning, design, studies, insurance, financing costs (including Costs of Issuance), and initial working capital

required for the commencement of operation of any such project and any capital contributions, whether or not represented by equity or debt securities or other evidences of indebtedness made by the Issuer or any other Related Entity to any Person participating in a PMT Transit and Commuter Project for the purpose of funding any costs described in this clause (i); (ii) amounts paid into any Fund or Account upon the issuance of any Obligations or Second Lien Obligations; and (iii) payment when due (whether at the maturity of principal or on the due date of interest or upon redemption or when otherwise due, including by purchase or through tender or exchange) on any indebtedness or obligation of the Issuer or any other Related Entity which was issued or incurred to finance costs that could at the time of such payment be funded directly hereunder, including Obligations, Obligation Anticipation Notes, Parity Debt, Second Lien Obligations, Second Lien Obligation Anticipation Notes, Second Lien Parity Debt, Other Subordinated Obligations, any termination or other payments for financial, fuel or other hedging arrangements, or any such indebtedness or obligation issued or incurred by any Related Entity in connection with the PMT Transit and Commuter Project.

Corporate Transportation Account shall mean the account bearing such name established by the MTA in the metropolitan transportation authority special assistance fund pursuant to Section 1270-a of the MTA Act, or any successor fund or account provided by law.

Debt Service Year shall mean, unless otherwise provided in a Supplemental Resolution, the twelve-month period commencing on May 16 of each calendar year and ending on May 15 of the next succeeding calendar year, except that the first Debt Service Year shall begin on the date specified in the Supplemental Resolution authorizing the first Series of Obligations or Second Lien Obligations to be issued under the Resolution.

Financing Agreement shall mean the Payroll Mobility Tax Financing Agreement to be entered into by and between the MTA and TBTA in the event that a resolution similar to the MTA PMT Resolution is adopted by TBTA and approved by the Metropolitan Transportation Authority Capital Program Review Board to enable TBTA to issue parity obligations secured under substantially the same terms and conditions as MTA is authorized to issue obligations under the Resolution, as amended and supplemented from time to time.

Initial Interest Period shall mean the period from the date of issuance of Senior Lien Indebtedness or Second Lien Indebtedness, as applicable, to the first Interest Payment Date.

Initial Principal Period shall mean the period from the date of issuance of Senior Lien Indebtedness or Second Lien Indebtedness, as applicable, to date of the first Principal Installment.

Mobility Tax Receipts shall mean all amounts required to be deposited into the Mobility Tax Trust Subaccount in the MTA Finance Fund pursuant to any provision of law directing or permitting the deposit of such amounts and the revenue, including taxes, interest and penalties collected in accordance with Article 23 of the Tax Law.

Monthly Deposit Requirement shall mean an amount equal to the sum of (i) the Monthly Senior Lien Deposit Requirement and (ii) the Monthly Second Lien Deposit Requirement attributable to and payable from PMT Receipts in the amounts for each Month.

MTA PMT Resolution shall mean Metropolitan Transportation Authority Payroll Mobility Tax Obligation Resolution, adopted on November 18, 2020, including Annex A – Standard Resolution Provisions Applicable to MTA and TBTA PMT Obligations and Parity Debt, Annex B – Standard Resolution Provisions Applicable to MTA and TBTA Second Lien PMT Obligations and Second Lien Parity Debt and Annex C – Additional Resolution Provisions Applicable to MTA and TBTA Senior Lien PMT Obligations and Second Lien PMT Obligations appended thereto, as amended and supplemented from time to time.

MTA Second Lien Parity Debt shall mean Second Lien Parity Debt issued under the MTA PMT Resolution.

MTA Senior Lien Parity Debt shall mean Parity Debt issued under the MTA PMT Resolution.

MTA Second Lien Obligations shall mean the Metropolitan Transportation Authority Payroll Mobility Tax Second Lien Revenue Obligations authorized to be issued under Section 203 of the MTA PMT Resolution.

MTA Senior Lien Obligations shall mean the Metropolitan Transportation Authority Payroll Mobility Tax Revenue Obligations authorized to be issued under Section 201 of the MTA PMT Resolution.

MTA Second Lien Indebtedness shall mean MTA Second Lien Obligations and MTA Second Lien Parity Debt.

MTA Senior Lien Indebtedness shall mean MTA Senior Lien Obligations and MTA Parity Debt.

PMT Transit and Commuter Project shall mean any Transportation District Project that may be financed with obligations the payment of which may be secured by and paid from the Mobility Tax Receipts and the ATA Receipts.

Principal Installments shall mean, as of any date of calculation and with respect to any Series of Obligations or any Parity Debt or Second Lien Obligations or Second Lien Parity Debt, as applicable, (a) the principal amount of Outstanding Obligations of such Series, due on the dates and in the amounts specified by Supplemental Resolution, reduced by the principal amount of such Obligations which would be retired by reason of the payment when due and application in accordance with the Resolution of Sinking Fund Installments payable before such dates, plus the unsatisfied balance (determined as provided in Section A-502 of Annex A) of any Sinking Fund Installments due on any certain future date for Obligations of such Series, together with such redemption premiums, if any, applicable on any such future date, (b) with respect to any Parity Debt, the amount due thereunder on the dates and in the amounts established in accordance with Section A-202 of Annex A as a principal component of such Parity Debt payable on a parity with the Obligations, (c) the principal amount of Outstanding Second Lien Obligations of such Series, due on the dates and in the amounts specified by Supplemental Resolution, reduced by the principal amount of such Second Lien Obligations which would be retired by reason of the payment when due and application in accordance with the Resolution of Sinking Fund Installments payable before such dates, plus the unsatisfied balance (determined as

provided in Section B-501 of Annex B) of any Sinking Fund Installments due on any certain future date for Second Lien Obligations of such Series, together with such redemption premiums, if any, applicable on any such future date, (b) with respect to any Second Lien Parity Debt, the amount due thereunder on the dates and in the amounts established in accordance with Section B-202 of Annex B as a principal component of such Parity Debt payable on a parity with the Obligations

Responsible Second Lien Trustee shall mean, in the event a modification or amendment to the MTA PMT Resolution or the TBTA PMT Resolution, as applicable, affects Second Lien Obligations only, or upon the occurrence of a Second Lien Obligations Event of Default, (a) in the event the modification or amendment or the Second Lien Obligations Event of Default affects either the MTA PMT Resolution or the TBTA PMT Resolution, but not both, the applicable Second Lien Trustee, and (b) in the event the modification or amendment or the Second Lien Obligations Event of Default affects both the MTA PMT Resolution and the TBTA PMT Resolution, the Second Lien Trustee who at the time of the proposed modification or amendment or occurrence of the Second Lien Trustee Event of Default has the greater principal amount of Second Lien Obligations Outstanding.

Responsible Senior Lien Trustee shall mean, in the event a modification or amendment to the MTA PMT Resolution or the TBTA PMT Resolution, as applicable, affects Obligations only or affects both Obligations and Second Lien Obligations, or upon the occurrence of an Obligations Event of Default, (a) in the event the modification or amendment or the Obligations Event of Default affects either the MTA PMT Resolution or the TBTA PMT Resolution, but not both, the applicable Senior Lien Trustee, and (b) in the event the modification or amendment or the Obligations Event of Default affects both the MTA PMT Resolution and the TBTA PMT Resolution, the Senior Lien Trustee who at the time of the proposed modification or amendment or the occurrence of the Obligations Event of Default has the greater principal amount of Obligations Outstanding.

Second Lien Indebtedness shall mean MTA Second Lien Indebtedness and TBTA Second Lien Indebtedness.

Second Lien Parity Owners shall mean the Owners of the Second Lien Obligations issued under the MTA PMT Resolution and the Owners of the Second Lien Obligations issued under the TBTA PMT Resolution that are affected by a modification or amendment of the MTA PMT Resolution or the TBTA PMT Resolution or the occurrence of a Second Lien Obligations Event of Default.

Second Lien Trustees shall mean the Trustee for the benefit of the Owners of the Second Lien Obligations issued under the MTA PMT Resolution and the Trustee for the benefit of the Owners of the Second Lien Obligations issued under the TBTA PMT Resolution that are affected by a modification or amendment of the MTA PMT Resolution or the TBTA PMT Resolution or the occurrence of a Second Lien Obligations Event of Default.

Senior Lien Indebtedness shall mean MTA Senior Lien Indebtedness and TBTA Senior Lien Indebtedness.

Senior Lien Parity Owners shall mean the Owners of the Obligations issued under the MTA PMT Resolution and the Owners of the Obligations issued under the TBTA PMT Resolution that are affected by a modification or amendment of the MTA PMT Resolution or the TBTA PMT Resolution or the occurrence of an Obligations Event of Default.

Senior Lien Trustees shall mean the Trustee for the benefit of the Owners of the Obligations issued under the MTA PMT Resolution and the Trustee for the benefit of the Owners of the Obligations issued under the TBTA PMT Resolution that are affected by a modification or amendment of the MTA PMT Resolution or the TBTA PMT Resolution or the occurrence of a Second Lien Obligations Event of Default.

Supplemental Financing Agreement shall mean an agreement supplemental to or amendatory of the Financing Agreement between the MTA and TBTA in accordance with provisions of Section 705 thereof.

TBTA PMT Resolution shall mean the Triborough Bridge and Tunnel Authority Payroll Mobility Tax Obligation Resolution, including Annex A – Standard Resolution Provisions Applicable to MTA and TBTA PMT Obligations and Parity Debt, Annex B – Standard Resolution Provisions Applicable to MTA and TBTA Second Lien PMT Obligations and Second Lien Parity Debt and Annex C – Additional Resolution Provisions Applicable to MTA and TBTA Senior Lien PMT Obligations and Second Lien PMT Obligations appended thereto, as such Resolution may be adopted and amended and supplemented from time to time.

TBTA Second Lien Indebtedness shall mean TBTA Second Lien Obligations and TBTA Second Lien Parity Debt.

TBTA Second Lien Obligations shall mean the Triborough Bridge and Tunnel Authority Payroll Mobility Tax Second Lien Revenue Obligations issued under the TBTA PMT Resolution.

TBTA Second Lien Parity Debt shall mean Second Lien Parity Debt issued under the TBTA PMT Resolution

TBTA Senior Lien Indebtedness shall mean TBTA Obligations and TBTA Parity Debt.

TBTA Senior Lien Obligations shall mean the Triborough Bridge and Tunnel Authority Payroll Mobility Tax Revenue Obligations issued under the TBTA PMT Resolution.

TBTA Senior Lien Parity Debt shall mean Senior Lien Parity Debt issued under the TBTA PMT Resolution.

Section C-102. Rules of Construction.

1. Except as otherwise specified herein, all references in the Resolution (including this Annex C) to Articles, Sections, and other subdivisions are to the corresponding Articles, Sections or subdivisions of the Resolution (including this Annex C), and the words herein, hereof, hereunder and other words of similar import refer to the Resolution as a whole (including this Annex C) and not to any particular Article, Section or subdivision of the Resolution or of

this Annex C. References in the Resolution to Articles or Sections with "A-" preceding the number of an Article or Section are to such Article or Section of Annex A, references in the Resolution to Articles or Sections with "B-" preceding the number of an Article or Section are to such Article or Section of Annex B and references in the Resolution to Articles or Sections with "C-" preceding the number of an Article or Section are to such Article or Section of this Annex C.

2. This Annex C constitutes an integral part of the Resolution and, except to the extent provided in the next 2 sentences, has the same force and effect as if set forth in the forepart of the Resolution. To the extent expressly provided in the Resolution (not including this Annex C, the Issuer may negate, amend or modify any provision of this Annex C. In the event of any conflict between this Annex C and the forepart of the Resolution, the forepart of the Resolution shall control.

ARTICLE C-II

GENERAL PROVISIONS FOR ISSUANCE OR INCURRENCE OF OBLIGATIONS, PARITY DEBT AND OBLIGATION ANTICIPATION NOTES

Section C-201. Special Provisions for Issuance of Additional Obligations.

1. Obligations of one or more Series or subseries may at any time, or from time to time, be authenticated and delivered by the Trustee for an Authorized Purpose only upon receipt by such Trustee, in addition to the documents required by Section A-201 of Annex A, of the following:

(a) A certificate of an Authorized Officer to the effect that the Issuer then is, and, upon the authentication and delivery of the Obligations of such Series, shall be, in compliance with all applicable provisions of the Issuer Act relating to the issuance, sale and delivery of such Obligations; and

(b) A certificate of an Authorized Officer

a. setting forth for any 12 consecutive calendar months ended not more than 6 months prior to the date of such certificate: (i) Mobility Tax Receipts and (ii) ATA Receipts;

b. setting forth the greatest amount for the then current or any future Debt Service Year of the sum of Calculated Debt Service on all Outstanding Senior Lien Indebtedness, *including* the proposed Additional Obligations and any proposed Refunding Obligations being treated as Additional Obligations for purposes of clause (ii) of paragraph (e) of subsection 1 of Section C-202 hereof but *excluding* any Senior Lien Indebtedness to be refunded with the proceeds of such Refunding Obligations being treated as Additional Obligations;

c. stating that the sum of the Mobility Tax Receipts and ATA Receipts set forth in clause (A) hereof is not less than 2.25 times the amount set forth in clause (B) hereof;

d. setting forth the greatest amount for the then current or any future Debt Service Year of the sum of (x) Calculated Debt Service on all Outstanding Senior Lien Indebtedness, *including* the proposed Additional Obligations and any proposed Refunding Obligations being treated as Additional Obligations for purposes of clause (ii) of paragraph (e) of subsection 2 of Section C-202 hereof but *excluding* any Senior Lien Indebtedness to be refunded with the proceeds of such Refunding Obligations being treated as Additional Obligations, and (y) Calculated Second Lien Debt Service on all Outstanding Second Lien Indebtedness, *excluding* any Senior Lien Indebtedness or Second Lien Indebtedness to be refunded with the proceeds of such Refunding Obligations being treated as Additional Obligations for purposes of clause (ii) of paragraph (e) of subsection 2 of Section C-202; and

e. stating that the sum of the Mobility Tax Receipts and ATA Receipts set forth in clause (A) hereof is not less than the number determined and set forth in the Supplemental Resolution authorizing the issuance of the first Series of Second Lien Obligations times the amount set forth in clause (D) hereof;

provided, however, that if on the date of delivery of such certificate, there is then and thereafter required to be deposited into (i) the MTA Finance Fund so as to constitute Mobility Tax Receipts or (ii) into the Corporate Transportation Account so as to constitute ATA Receipts, in each such case, which were not required to be deposited therein during the entire 12 month period to which such certificate relates, the Issuer may include in such certificate the amount which an Authorized Officer estimates would have been deposited in the MTA Finance Fund or the Corporate Transportation Account during such period if such amounts had been required to be so deposited for such entire 12 month period.

Section C-202. Special Provisions for Issuance of Refunding Obligations.

1. In addition to refinancings permitted under Section C-201, one or more Series of Refunding Obligations (in an aggregate principal amount which will provide funds, together with other money available therefor, to accomplish such refunding) may be authenticated and delivered upon original issuance to refund (including by redemption, payment at maturity or in connection with exchanges or tenders) all or any portion of any Outstanding Obligations or Parity Debt; provided that Refunding Obligations may be issued to refund Outstanding Second Lien Obligations or Second Lien Parity Debt upon compliance with clause (ii) of paragraph (e) of subsection 2 of this Section C-202.

2. In addition to the requirements of Section A-201 of Annex A, the Refunding Obligations of each such Series shall be authenticated and delivered by the Trustee only upon receipt by the Trustee of the following:

(a) If the Obligations or Parity Debt to be refunded are to be redeemed, instructions to the Trustee and/or trustee for the Parity Debt, satisfactory to it, to give due notice of redemption of all the Obligations or Parity Debt to be refunded on the redemption date or dates specified in such instructions;

(b) If the Obligations or Parity Debt to be refunded are to be deemed paid within the meaning of the second sentence of subsection 2 of Section A-1101 of Annex A or similar provision with respect to Parity Debt, irrevocable instructions to the Trustee and/or the trustee for the Parity Debt, satisfactory to it, to provide notice in the manner provided in the second sentence of subsection 2 of Section A-1101 of Annex A or similar provision with respect to Parity Debt with respect to the payment of such Obligations or Parity Debt pursuant to such Section or provision;

(c) If the Obligations or Parity Debt to be refunded are to be deemed paid within the meaning of the second sentence of subsection 2 of A-1101 of Annex A or similar provision with respect to Parity Debt, either (i) money and/or (ii) Defeasance Securities as shall be necessary to comply with the provisions of the second sentence of subsection 2 of Section A-1101 of Annex A or defeasance securities as shall be necessary to comply with any similar provision with respect to Parity Debt, which money and Defeasance Securities (or defeasance securities) shall be held in trust and used only as provided in said subsection 2 of Section A-1101 of Annex A or similar provision with respect to Parity Debt;

(d) If the proceeds of such Series of Refunding Obligations are to be utilized by the Issuer to purchase (in connection with a tender for or redemption of Obligations or Parity Debt, or otherwise) Obligations or Parity Debt to be delivered to the Trustee in satisfaction of a Sinking Fund Installment in accordance with subsection 3 of Section A-502 of Annex A or similar provision with respect to Parity Debt, a certificate of an Authorized Officer specifying the matters required thereby; and

(e) Either:

(i) a certificate of an Authorized Officer (w) setting forth (A) the greatest amount of Calculated Debt Service on all Outstanding Senior Lien Indebtedness for any future Debt Service Year during the term of the Obligations (including the Refunding Obligations then proposed to be issued but excluding the Obligations or Parity Debt to be refunded or purchased) and (B) the greatest amount of Calculated Debt Service on all Outstanding Senior Lien Indebtedness for any future Debt Service Year during the term of the Obligations as calculated immediately prior to the issuance of the Refunding Obligations (including the Obligations or Parity Debt to be refunded or purchased but excluding the Refunding Obligations), (x) stating that the greatest amount of Calculated Debt Service on all Outstanding Senior Lien Indebtedness for any future Debt Service Year during the term of the Obligations set forth pursuant to (A) above is not greater than the greatest amount of Calculated Debt Service on all Senior Lien Indebtedness for any future Debt Service Year during the term of the Obligations set forth pursuant to (B) above, (y) setting forth (C) the greatest amount of Calculated Debt Service on all Outstanding Senior Lien Indebtedness and Calculated Second Lien Debt Service on all Outstanding Second Lien Indebtedness for any future Debt Service Year (including the Refunding Obligations then proposed to be issued but excluding the Obligations or Parity Debt to be refunded or purchased) and (D) the greatest amount of aggregate

Calculated Debt Service on all Outstanding Senior Lien Indebtedness and Calculated Second Lien Debt Service on all Outstanding Second Lien Indebtedness for any future Debt Service Year as calculated immediately prior to the issuance of the Refunding Obligations (including the Obligations or Parity Debt to be refunded or purchased but excluding the Refunding Obligations) and (z) stating that the greatest amount of aggregate Calculated Debt Service on all Outstanding Senior Lien Indebtedness and Calculated Second Lien Debt Service on all Outstanding Second Lien Indebtedness for any future Debt Service Year set forth pursuant to (C) is not greater than the greatest amount of aggregate Calculated Debt Service on all Outstanding Senior Lien Indebtedness and Calculated Second Lien Debt Service on all Outstanding Second Lien Indebtedness set forth pursuant to (D) above; or

(ii) the certificate provided for in clause (b) of subsection 1 of Section C-201 with respect to such Series of Refunding Obligations, considering for all purposes of such certificate that such Series of Refunding Obligations is a Series of Additional Obligations and that the Refunding Obligations then proposed to be issued will be Outstanding but the Obligations or Parity Debt to be refunded will no longer be Outstanding.

The proceeds, including accrued interest, of the Refunding Obligations of each such Series shall be applied simultaneously with the delivery of such Obligations in the manner provided in the Supplemental Resolution authorizing such Obligations.

Section C-203. Special Provisions for Issuance of Additional Second Lien Obligations.

1. The Second Lien Obligations of one or more Series or subseries may at any time, or from time to time, be authenticated and delivered by the Second Lien Trustee for an Authorized Purpose only upon receipt by the Second Lien Trustee, in addition to the documents required by Section B-201 of Annex B, of the following:

(a) A certificate of an Authorized Officer to the effect that the Issuer then is, and, upon the authentication and delivery of the Second Lien Obligations of such Series, shall be, in compliance with all applicable provisions of the Issuer Act relating to the issuance, sale and delivery of such Second Lien Obligations; and

(b) A certificate of an Authorized Officer

a. setting forth for any 12 consecutive calendar months ended not more than 6 months prior to the date of such certificate: (i) Mobility Tax Receipts, and (ii) ATA Receipts;

b. setting forth the greatest amount for the then current or any future Debt Service Year of the sum of (x) Calculated Debt Service on all Outstanding Senior Lien Indebtedness, *excluding* any Senior Lien Indebtedness to be refunded with the proceeds of such Refunding Second Lien Obligations, (y) Calculated Second Lien Debt Service on all Outstanding Second Lien Indebtedness,

including the proposed Additional Second Lien Obligations and any proposed Refunding Second Lien Obligations being treated as Additional Second Lien Obligations for purposes of clause (ii) of paragraph (e) of subsection 1 of Section C-203 hereof but *excluding* any Senior Lien Indebtedness or Second Indebtedness to be refunded with the proceeds of such Refunding Second Lien Obligations being treated as Additional Second Lien Obligations; and

c. stating that the sum of the Mobility Tax Receipts and ATA Receipts set forth in clause (A) hereof is not less than the number determined and set forth in the Supplemental Resolution authorizing the issuance of the first Series of Second Lien Obligations times the amount set forth in clause (B) hereof;

provided, however, that if on the date of delivery of such certificate, there is then and thereafter required to be deposited into (i) the MTA Finance Fund so as to constitute Mobility Tax Receipts or Mobility Tax Receipts or (ii) into the Corporate Transportation Account so as to constitute ATA Receipts, in each such case, which were not required to be deposited therein during the entire 12 month period to which such certificate relates, the Issuer may include in such certificate the amount which an Authorized Officer estimates would have been deposited in the MTA Finance Fund or the Corporate Transportation Account or received by MTA during such period if such amounts had been required to be so deposited for such entire 12 month period.

Section C-204. Special Provisions for Issuance of Refunding Second Lien Obligations.

1. In addition to refinancings permitted under Section C-203, one or more Series of Refunding Second Lien Obligations (in an aggregate principal amount which will provide funds, together with other money available therefore, to accomplish such refunding) may be authenticated and delivered by the Second Lien Trustee upon original issuance to refund (including by redemption, payment at maturity or in connection with exchanges or tenders) all or any portion of any Outstanding Senior Lien Indebtedness or Second Lien Indebtedness.

2. In addition to the requirements of Section B-201 of Annex B, the Refunding Second Lien Obligations of each such Series shall be authenticated and delivered by the Second Lien Trustee only upon receipt by the Second Lien Trustee, of the following:

(a) If the Obligations or Parity Debt to be refunded are to be redeemed, deemed paid within the meaning of the second sentence of subsection 2 of Section C-1101 or similar provision with respect to Parity Debt, or purchased in satisfaction of a Sinking Fund Installment in accordance with subsection 3 of Section A-502 of Annex A or similar provision with respect to Parity Debt, the items set forth in clauses (a) through (d), inclusive, of subsection 1 of Section 202, as applicable;

(b) If the Second Lien Obligations or Second Lien Parity Debt to be refunded are to be redeemed, instructions to the Second Lien Trustee and/or the trustee for the Second Lien Parity Debt, satisfactory to it, to give due notice of redemption of all the Second Lien Obligations or Second Lien Parity Debt to be refunded on the redemption date or dates specified in such instructions;

(c) If the Second Lien Obligations or Second Lien Parity Debt to be refunded are to be deemed paid within the meaning of the second sentence of subsection 2 of Section B-1001 of Annex B or similar provision with respect to Second Lien Parity Debt, (i) money and/or (ii) Defeasance Securities as shall be necessary to comply with the provisions of the second sentence of subsection 2 of Section B-1001 of Annex B or defeasance securities as shall be necessary to comply with any similar provision with respect to Second Lien Parity Debt, which Defeasance Securities or defeasance securities and/or money shall be held in trust and used only as provided in Section B-1001 of Annex B or similar provision with respect to Second Lien Parity Debt;

(d) If the proceeds of such Series of Refunding Second Lien Obligations are to be utilized by the Issuer to purchase (in connection with a tender for or redemption of Second Lien Obligations or Second Lien Parity Debt, or otherwise) Second Lien Obligations or Second Lien Parity Debt to be delivered to the Second Lien Trustee in satisfaction of a Second Lien Sinking Fund Installment in accordance with subsection 3 of Section B-502 of Annex B or similar provision with respect to Second Lien Parity Debt, a certificate of an Authorized Officer specifying the matters required thereby; and

(e) Either:

(i) a certificate of an Authorized Officer (a) setting forth (A) the greatest amount of aggregate Calculated Debt Service on all Outstanding Obligations and Parity Debt and Calculated Second Lien Debt Service on all Outstanding Second Lien Obligations and Second Lien Parity Debt for any future Debt Service Year during the term of the Second Lien Obligations (including the Refunding Second Lien Obligations then proposed to be issued but excluding the Obligations, Parity Debt, Second Lien Obligations or Second Lien Parity Debt to be refunded or purchased) and (B) the greatest amount of aggregate Calculated Debt Service on all Outstanding Obligations and Parity Debt and Calculated Second Lien Debt Service on all Outstanding Second Lien Obligations and Second Lien Parity Debt for any future Debt Service Year during the term of the Second Lien Obligations as calculated immediately prior to the issuance of the Refunding Second Lien Obligations (including the Obligations, Parity Debt, Second Lien Obligations or Second Lien Parity Debt to be refunded or purchased but excluding the Refunding Second Lien Obligations) and (b) stating that the greatest amount of aggregate Calculated Debt Service and Calculated Second Lien Debt Service set forth pursuant to (A) above is not greater than the greatest amount of aggregate Calculated Debt Service and Calculated Second Lien Debt Service set forth pursuant to (B) above; or

(ii) the certificate provided for in clause (b) of subsection 2 of Section 204 with respect to such Series of Refunding Second Lien Obligations, considering for all purposes of such certificate that such Series of Refunding Second Lien Obligations is a Series of Additional Second Lien Obligations and that the Refunding Second Lien Obligations then proposed to be issued will be Outstanding, but the Obligations, Parity Debt, Second Lien Obligations or Second Lien Parity Debt to be refunded will no longer be Outstanding.

3. The proceeds, including accrued interest, of the Refunding Second Lien Obligations of each such Series shall be applied simultaneously with the delivery of such Second Lien Obligations in the manner provided in the Supplemental Resolution authorizing such Second Lien Obligations.

Section C-205. Special Provisions for Other Subordinated Obligations.

Other Subordinated Obligations, payable from amounts available to be transferred to the MTA in accordance clause (e) of subsection (5) of Section 507 of the Resolution or the analogous provision of the Financing Agreement, as applicable, may be issued upon the terms and conditions set forth in a Supplemental Resolution of the Issuer adopted at the time of issuance of such Other Subordinated Obligations with such terms and conditions as shall be established by the Issuer in such Supplemental Resolution.

ARTICLE C-III

COVENANTS

Section C-301. Compliance with Financing Agreement. (a) The Issuer shall, at all times, comply with the obligations of the Issuer contained in the Financing Agreement.

(b) In the event that TBTA adopts a resolution that is approved by the Metropolitan Transportation Authority Capital Program Review Board to authorize TBTA to issue parity obligations secured under substantially the same terms and conditions as MTA is authorized to issue obligations under the MTA Parity Resolution, all Owners of Obligations and Second Lien Owners of Second Lien Obligations issued pursuant to MTA PMT Resolution shall be deemed to have consented to (i) the execution by the Issuer and TBTA of the Financing Agreement, including any provisions that may supersede certain of the provisions of MTA PMT Resolution and (ii) the establishment of funds and accounts into which the PMT Receipts will be deposited and applied for the equitable and ratable benefit of the owners of Issuer obligations and TBTA obligations in accordance with and as contemplated by the Financing Agreement. Until such resolution is adopted by TBTA and approved by the Metropolitan Transportation Authority Capital Program Review Board, a copy of this paragraph shall be included in every disclosure document relating to the offering of Obligations and Second Lien Obligations to be issued under this Resolution.

Section C-302. Notice as to Event of Default. The Issuer shall notify the MTA and each Applicable Trustee in writing that an "Obligations Event of Default" or a "Second Lien Obligations Event of Default," as such terms are defined in Section C-401 and Section C-403, respectively, has occurred and is continuing, which notice shall be given within thirty (30) days after the Issuer has obtained actual knowledge thereof; provided, however, that the Issuer shall provide each of the foregoing with immediate notice of any payment default after the Issuer has obtained actual knowledge thereof.

ARTICLE C-IV

EVENTS OF DEFAULT AND REMEDIES

Section C-401. Obligations Event of Default. Each of the following events is defined as and shall constitute an "Obligations Event of Default" in respect of Obligations and Parity Debt under the MTA PMT Resolution and the TBTA PMT Resolution:

(i) There shall occur a default in the due and punctual payment of the principal or Redemption Price of, or interest on, any Obligation Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution when and as the same shall become due and payable, whether at maturity or by call for redemption, or otherwise and such default shall continue for a period of 30 days.

(ii) There shall occur a failure to observe, or a refusal to comply with, the terms of the MTA PMT Resolution, the TBTA PMT Resolution, the Financing Agreement or any Obligation Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution, other than a failure or refusal constituting an event specified in subsection (i) of this Section C-401 and other than a failure to make all or any portion of any required deposit into any Fund or Account which failure is the result of the fact that the Issuer has not received sufficient Mobility Tax Receipts or ATA Receipts, as appropriate, to make such deposit; *provided, however, that* such failure or refusal shall have continued for a period of 30 days after written notice, specifying such failure and requesting that it be remedied, is given to the Issuer by the applicable Senior Lien Trustee(s) under the MTA PMT Resolution and/or the TBTA PMT Resolution under which the failure or refusal occurred, unless such Senior Lien Trustee(s) shall agree in writing to an extension of such time prior to its expiration, and *provided further that* if the failure stated in the notice cannot be remedied within the applicable period, the Senior Lien Trustee(s) shall not unreasonably withhold its consent to an extension of such time if corrective action has been instituted by the Issuer within such period and is being diligently pursued.

Section C-402. Powers of the Senior Lien Trustee(s).

1. In the event that any Obligations Event of Default specified in Section C-401 shall occur and be continuing, the Responsible Senior Lien Trustee may, and, upon written request of the Senior Lien Parity Owners of a majority in aggregate principal amount of the Obligations then Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution, shall, in its name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules enforce all rights of the Senior Lien Parity Owners;

(b) bring suit upon the Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution against the Issuer(s);

(c) by action or suit, require the Issuer(s) to account as if it were the trustee of an express trust for the Senior Lien Parity Owners; or

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the Senior Lien Parity Owners;

provided, however, that under no circumstances may the Responsible Senior Lien Trustee or any Senior Lien Parity Owner or Senior Lien Parity Owners declare the principal amount of all the Obligations then Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution, and the interest accrued thereon, to be immediately due and payable.

2. Subject to the provisions of Sections C-401 and A-801 of Annex A and the foregoing provisions of this Section C-402, the remedies conferred upon or reserved to the Responsible Senior Lien Trustee in respect of any Obligations Event of Default are not intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the MTA PMT Resolution and the TBTA PMT Resolution or now or hereafter existing at law or in equity or by statute; *provided, however*, that the Responsible Senior Lien Trustee or the Senior Lien Parity Owners shall not have the right to declare all Obligations then Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution to be immediately due and payable. No delay or omission to exercise any right or power accruing upon any Obligations Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Responsible Senior Lien Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than notice as may be expressly required herein.

3. The Responsible Senior Lien Trustee shall, in addition to the foregoing powers, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of the Senior Lien Parity Owners in the enforcement and protection of their rights.

4. The Issuer covenants that if an Obligations Event of Default shall have happened and shall not have been remedied, the books of record and account of the Issuer and all other records relating to the Obligations Trust Estate shall at all times be subject to the inspection and use of the Responsible Senior Lien Trustee and of its agents and attorneys and, upon demand of the Responsible Senior Lien Trustee, the Issuer will account, as if it were the trustee of an express trust, for the Obligations Trust Estate for such period as shall be stated in such demand.

Section C-403. Priority of Payments After Default on Obligations.

1. In the event that the funds held by the Fiduciaries shall be insufficient for the payment of interest and principal or Redemption Price then due on the Obligations Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution and for payments then due with respect to Parity Debt, such funds (excluding funds held for the payment or redemption of particular Obligations Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution which have theretofore become due at maturity or by call for redemption and funds which at the time of their deposit into any Fund or Account under the MTA PMT Resolution or the TBTA PMT Resolution have been designated to be applied solely to the payment of the principal of and premium, if any, and interest on any series of Obligation Anticipation Notes

Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution under which such Obligation Anticipation Notes are Outstanding) and any other money received or collected by the Fiduciaries, or the applicable Senior Lien Trustee(s), after making provision for the payment of any expenses necessary in the opinion of the applicable Senior Lien Trustee(s) to preserve the continuity of the amounts to be received under the MTA PMT Resolution or the TBTA PMT Resolution or otherwise to protect the interest of the Senior Lien Parity Owners, and for the payment of the charges and expenses and liabilities incurred and advances made by the Fiduciaries in the performance of their duties under the MTA PMT Resolution or the TBTA PMT Resolution, shall be applied as follows:

(a) Unless the principal of all of the Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution shall have become due and payable,

First: To the payment to the Persons entitled thereto of all installments of interest then due with respect to Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and the interest components of Parity Debt in the order of the maturity of such installments and interest components, and, if the amount available shall not be sufficient to pay in full any installments and interest components due on the same date, then to the payment thereof ratably, according to the amounts due on such installments and interest components, to the Persons entitled thereto, without any discrimination or preference, except as to the difference in the respective rates of interest specified in such Obligations and Parity Debt; and

Second: To the payment to the Persons entitled thereto of the unpaid principal or Redemption Price of any Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and the principal component of Parity Debt which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amount available shall not be sufficient to pay in full all the Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and Parity Debt due on any date, then to the payment thereof ratably, according to the amounts of principal and Redemption Price and principal component due on such date, to the Persons entitled thereto, without any discrimination or preference.

(b) If the principal of all of the Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and the principal component of Parity Debt shall have become due and payable, to the payment of the principal and interest then due and unpaid upon the Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and Parity Debt without preference or priority of principal or principal component over interest or interest component or of interest or interest component over principal or principal component, or of any installment of interest or interest component over any other installment of interest or interest component, or of any such Obligation or Parity Debt over any other such Obligation or Parity Debt, ratably, according to the amounts due respectively for principal and interest, to the Persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in such Obligations and Parity Debt.

(c) For purposes of clarification, at the time of the distribution of amounts in connection with the foregoing, the amounts on deposit in the Funds and Accounts under the MTA PMT Resolution intended for the payment of Obligations shall be available solely for the payment of the Obligations Outstanding under the MTA PMT Resolution and the amounts on deposit in the Funds and Accounts under the TBTA PMT Resolution intended for the payment of Obligations shall be available solely for the payment of the Obligations Outstanding under the TBTA PMT Resolution.

2. The provisions of this Section C-403 are in all respects subject to the provisions of Section A-602 of Annex A.

Section C-404. Second Lien Obligations Event of Default. Each of the following events is defined as and shall constitute a "Second Lien Obligations Event of Default" in respect of Second Lien Obligations and Second Lien Parity Debt under the MTA PMT Resolution and the TBTA PMT Resolution:

(1) There shall occur a default in the due and punctual payment of the principal or Redemption Price of, or interest on, any Second Lien Obligation Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution when and as the same shall become due and payable, whether at maturity or by call for redemption, or otherwise and such default shall continue for a period of 30 days.

(2) There shall occur a failure to observe, or a refusal to comply with, the terms of the MTA PMT Resolution, the TBTA PMT Resolution, the Financing Agreement or any Second Lien Obligation Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution, other than a failure or refusal constituting an event specified in subsection (i) of this Section C-404 and other than a failure to make all or any portion of any required deposit into any Fund or Account which failure is the result of the fact that the Issuer has not received sufficient Mobility Tax Receipts or ATA Receipts, as appropriate, to make such deposit; *provided, however, that* such failure or refusal shall have continued for a period of 60 days after written notice, specifying such failure and requesting that it be remedied, is given to the Issuer by the applicable Second Lien Trustee(s) under the MTA PMT Resolution and/or the TBTA PMT Resolution under which the failure or refusal occurred, unless such Second Lien Trustee(s) shall agree in writing to an extension of such time prior to its expiration, and *provided further that* if the failure stated in the notice cannot be remedied within the applicable period, the Second Lien Trustee(s) shall not unreasonably withhold its consent to an extension of such time if corrective action has been instituted by the Issuer within such period and is being diligently pursued.

Section C-405. Powers of Second Lien Trustee(s) in Respect of a Second Lien Obligations Event of Default.

1. In the event that any Second Lien Obligations Event of Default specified in Section C-404 shall occur and be continuing, the Responsible Second Lien Trustee may, and, upon written request of the Second Lien Parity Owners of a majority in aggregate principal

amount of the Second Lien Obligations then Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution, shall, in its name:

(a) by suit, action or proceeding in accordance with the civil practice law and rules enforce all rights of the Second Lien Parity Owners;

(b) bring suit upon the Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution against the Issuer(s);

(c) by action or suit, require the Issuer(s) to account as if it were the trustee of an express trust for the Second Lien Parity Owners; or

(d) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of the Second Lien Parity Owners;

provided, however, that under no circumstances may the Responsible Second Lien Trustee or any Second Lien Parity Owner or Second Lien Parity Owners declare the principal amount of all the Second Lien Obligations then Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution, and the interest accrued thereon, to be immediately due and payable.

Such rights shall be subordinate, and subject to in all respects, to the rights of the Owners of Obligations and Parity Debt under the MTA PMT Resolution and the TBTA PMT Resolution with respect to the pledge of all right, title and interest of the applicable Issuer in and to the Financing Agreement and the payments to be made under the Financing Agreement on account of Obligations and Parity Debt.

2. Subject to the provisions of Sections C-404 and B-801 of Annex B and the foregoing provisions of this Section C-405, the remedies conferred upon or reserved to the Responsible Second Lien Trustee in respect of any Second Lien Obligations Event of Default are not intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other such remedy given under the MTA PMT Resolution and the TBTA PMT Resolution or now or hereafter existing at law or in equity or by statute; *provided, however,* that the Responsible Second Lien Trustee or the Second Lien Parity Owners shall not have the right to declare all Second Lien Obligations then Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution to be immediately due and payable. No delay or omission to exercise any right or power accruing upon any Second Lien Obligations Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Responsible Second Lien Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than notice as may be expressly required herein.

3. The Responsible Second Lien Trustee shall in addition to the foregoing powers, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth herein or incidental to the general representation of Second Lien Parity Owners in the enforcement and protection of their rights.

4. The Issuer covenants that if a Second Lien Obligations Event of Default shall have happened and shall not have been remedied, the books of record and account of the Issuer and all other records relating to the Second Lien Obligations Trust Estate shall at all times be subject to the inspection and use of the Responsible Second Lien Trustee and of its agents and attorneys and, upon demand of the Responsible Second Lien Trustee, the Issuer will account, as if it were the trustee of an express trust, for the Second Lien Obligations Trust Estate for such period as shall be stated in such demand.

Section C-406. Priority of Payments After Default on Second Lien Obligations.

1. In the event that the funds held by the Fiduciaries shall be insufficient for the payment of interest and principal or Second Lien Redemption Price then due on the Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and for payments then due with respect to Second Lien Parity Debt, such funds (excluding funds held for the payment or redemption of particular Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution which have theretofore become due at maturity or by call for redemption and funds which at the time of their deposit into any Fund or Account under the MTA PMT Resolution and the TBTA PMT Resolution have been designated to be applied solely to the payment of the principal of and premium, if any and interest on any series of Second Lien Obligation Anticipation Notes Outstanding under the MTA PMT Resolution or the TBTA PMT Resolution under which such Obligation Anticipation Notes are Outstanding) and any other money received or collected by the Fiduciaries, or the applicable Second Lien Trustee, after making provision for the payment of any expenses necessary in the opinion of the applicable Second Lien Trustee to preserve the continuity of the amounts to be received under the MTA PMT Resolution or the TBTA PMT Resolution or otherwise to protect the interest of the Second Lien Parity Owners, and for the payment of the charges and expenses and liabilities incurred and advances made by the Fiduciaries in the performance of their duties under the MTA PMT Resolution or the TBTA PMT Resolution, shall be applied as follows:

(a) Unless the principal of all of the Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution shall have become due and payable,

First: To the payment to the Persons entitled thereto of all installments of interest then due with respect to Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and the interest components of Second Lien Parity Debt in the order of the maturity of such installments and interest components, and, if the amount available shall not be sufficient to pay in full any installments and interest components due on the same date, then to the payment thereof ratably, according to the amounts due on such installments and interest components, to the Persons entitled thereto, without any discrimination or preference, except as to the difference in the respective rates of interest specified in such Second Lien Obligations and Second Lien Parity Debt; and

Second: To the payment to the Persons entitled thereto of the unpaid principal or Redemption Price of any Second Lien Obligations Outstanding under

the MTA PMT Resolution and the TBTA PMT Resolution and the principal component of Second Lien Parity Debt which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amount available shall not be sufficient to pay in full all the Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and Second Lien Parity Debt due on any date, then to the payment thereof ratably, according to the amounts of principal and Second Lien Redemption Price and principal component due on such date, to the Persons entitled thereto, without any discrimination or preference.

(b) If the principal of all of the Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and the principal component of Second Lien Parity Debt shall have become due and payable, to the payment of the principal and interest then due and unpaid upon the Second Lien Obligations Outstanding under the MTA PMT Resolution and the TBTA PMT Resolution and Second Lien Parity Debt without preference or priority of principal or principal component over interest or interest component or of interest or interest component over principal or principal component, or of any installment of interest or interest component over any other installment of interest or interest component, or of any such Second Lien Obligations and Second Lien Parity Debt over any other such Second Lien Obligations and Second Lien Parity Debt, ratably, according to the amounts due respectively for principal and interest, to the Persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in such Second Lien Obligations and Second Lien Parity Debt.

(c) For purposes of clarification, at the time of the distribution of amounts in connection with the foregoing, the amounts on deposit in the Funds and Accounts under the MTA PMT Resolution intended for the payment of Second Lien Obligations shall be available solely for the payment of the Second Lien Obligations Outstanding under the MTA PMT Resolution and the amounts on deposit in the Funds and Accounts under the TBTA PMT Resolution intended for the payment of Second Lien Obligations shall be available solely for the payment of the Second Lien Obligations Outstanding under the TBTA PMT Resolution.

2. Such rights set forth in this Section C-406 shall be subordinate, and subject in all respects, to the prior pledge of the Obligations Trust Estate securing Obligations and Parity Debt created pursuant to subsection 1 of Section 501.

3. The provisions of this Section C-406 are in all respects subject to the provisions of Section B-602 of Annex B.

ARTICLE C-V

SUPPLEMENTAL RESOLUTIONS

Section C-501. General Provisions.

1. The Resolution shall not be modified or amended in any respect except as provided in and in accordance with and subject to the provisions of this Article C-V and in Article C-VI of this Annex C. Nothing contained in this Article C-V or in Article C-VI shall affect or limit the right or obligation of the Issuer to execute and deliver to any Fiduciary any instrument which elsewhere in the Resolution it is provided shall be delivered to said Fiduciary.

2. Modifications or amendments effected in accordance with this Article C-V are generally modifications or amendments that do not materially and adversely affect the respective Owners of Obligations or Second Lien Obligations under the Resolution.

3. Any Supplemental Resolution referred to and permitted or authorized by this Article C-V may be adopted by the Issuer without the consent of any of the Owners or the Second Lien Owners, but shall become effective only on the conditions, to the extent and at the time provided in this Article C-V. The copy of every Supplemental Resolution when filed with the Trustee shall be accompanied by a Counsel's Opinion stating that such Supplemental Resolution has been duly and lawfully adopted in accordance with the provisions of the Resolution, is authorized or permitted by the Resolution, and is valid and binding upon the Issuer and enforceable in accordance with its terms; *provided, however*, that the concurrent delivery of an Opinion of Bond Counsel required by Section A-201.2(a) of Annex A shall satisfy this requirement.

4. No Supplemental Resolution shall change or modify any of the rights or obligations of any Fiduciary without its written consent.

Section C-502. Supplemental Resolutions Effective Upon Filing with the Trustee and Second Lien Trustee. For any one or more of the following purposes and at any time or from time to time, a Supplemental Resolution may be adopted, without the consent of or notice to any Owner or Second Lien Owner which, upon the filing with the Trustee and the Second Lien Trustee of a copy thereof certified by an Authorized Officer, or, if adopted prior to the appointment of a Trustee pursuant to Section A-701 of Annex A or a Second Lien Trustee pursuant to Section B-701 of Annex B, upon its adoption, shall be fully effective in accordance with its terms:

(1) To add to the covenants and agreements of the Issuer in the Resolution, other covenants and agreements to be observed by the Issuer which are not contrary to or inconsistent with the Resolution as theretofore in effect;

(2) To surrender any right, power or privilege reserved to or conferred upon the Issuer by the Resolution;

(3) To confirm, as further assurance, any pledge under, and the subjection to any lien or pledge created or to be created by, the Resolution of any additional security other than that granted or pledged under the Resolution;

(4) To add to the Resolution any provisions required to preserve the exclusion from gross income for Federal income tax purposes of interest received on Tax-Exempt Obligations or Tax-Exempt Second Lien Obligations then Outstanding or to be issued or the exemption of interest received on any Obligations or Second Lien Obligations from

State income taxation or the right to receive subsidies relating to Taxable Obligations or Taxable Second Lien Obligations then Outstanding or to be issued;

(5) To modify, amend or supplement the Resolution in such manner as to permit the qualification hereof under the Trust Indenture Act of 1939, as amended, or any similar Federal statute hereafter in effect or to permit the qualification of the Obligations or Second Lien Obligations for sale under the securities laws of any of the states of the United States of America, and, if the Issuer so determines, to add hereto such other terms, conditions and provisions as may be required by said Trust Indenture Act of 1939 or similar Federal statute;

(6) At any time prior to the first authentication and delivery of any Obligations under the Resolution or at any other time when no Obligations, Second Lien Obligations or Other Subordinated Obligations are Outstanding under the Resolution, to modify the provisions of the Resolution in such manner as the Issuer deems necessary or appropriate;

(7) To cure any ambiguity, supply any omission, or cure or correct any defect or inconsistent provision in the Resolution, including modifications, amendments and supplements necessary to effectuate changes required by, or necessary or convenient in connection with, the execution and delivery of the Financing Agreement;

(8) To insert such provisions clarifying matters or questions arising under the Resolution as are necessary or desirable and are not contrary to or inconsistent with the Resolution as theretofore in effect, including, in the event the Issuer Act or the MTA Act is amended or other legislation is enacted to so provide, the substitution of an alternate or different legal name for the current name of the Issuer or any other Related Entity in the Resolution or the form of Obligations, Second Lien Obligations or Other Subordinated Obligations;

(9) To make any other modification or amendment of the Resolution which the Issuer shall in its sole discretion determine will not have a material adverse effect on the interests of the Owners of Outstanding Obligations, Second Lien Owners of Outstanding Second Lien Obligations and owners of Other Subordinated Obligations;

(10) To authorize Obligations of a Series and, in connection therewith, (a) specify and determine the matters and things referred to in the provisions of the Resolution authorizing issuance of Obligations, and also any other matters and things relative to such Obligations which are not contrary to or inconsistent with the Resolution as theretofore in effect, (b) in the case of Variable Interest Rate Obligations or Put Obligations, as applicable, set forth provisions specifying the manner in which interest on Variable Interest Rate Obligations or Put Obligations, as applicable, is to be calculated for the purposes of various definitions and provisions of the Resolution, provisions providing for changes in interest rates, interest rate periods or interest payment dates for any Variable Interest Rate Obligation of a Series or Put Obligations, as applicable, provisions regarding an Owner's right or obligation to tender Put Obligations for redemption or purchase in lieu of redemption, and provisions governing the manner in

which Variable Interest Rate Obligations or Put Obligations, as applicable, which the Owner thereof has the right to, or has exercised a right to, tender for redemption or purchase in lieu of redemption shall be treated for purposes of various definitions and provisions of the Resolution, (c) set forth provisions governing the administration of any Qualified Swap or Credit Facility, and provisions providing for the issuance of Reimbursement Obligations or the conversion of other Obligations to Reimbursement Obligations (and in connection with such conversion to change the interest rates, sinking fund provisions or maturity date on such Obligations) to secure or reimburse the provider of such Credit Facility, (d) in the case of either Taxable Obligations or Tax-Exempt Obligations, set forth defeasance provisions with respect thereto (including the manner of attaining such defeasance and the effect thereof), and (e) make such additional changes herein, not materially adverse to the rights of the Owners of the Obligations previously issued, as are necessary or appropriate; or to amend, modify or rescind any such authorization, specification or determination at any time prior to the first issuance and delivery of such Obligations;

(11) To authorize Second Lien Obligations of a Series and, in connection therewith, (a) specify and determine the matters and things referred to in the provisions of the Resolution authorizing issuance of Second Lien Obligations, and also any other matters and things relative to such Obligations which are not contrary to or inconsistent with the Resolution as theretofore in effect, (b) in the case of Variable Interest Rate Second Lien Obligations or Second Lien Put Obligations, as applicable, set forth provisions specifying the manner in which interest on Variable Interest Rate Second Lien Obligations or Second Lien Put Obligations, as applicable, is to be calculated for the purposes of various definitions and provisions of the Resolution, provisions providing for changes in interest rates, interest rate periods or interest payment dates for any Variable Interest Rate Second Lien Obligation of a Series or Second Lien Put Obligations, as applicable, provisions regarding a Second Lien Owner's right or obligation to tender Second Lien Put Obligations for redemption or purchase in lieu of redemption, and provisions governing the manner in which Variable Interest Rate Second Lien Obligations or Second Lien Put Obligations, as applicable, which the Second Lien Owner thereof has the right to, or has exercised a right to, tender for redemption or purchase in lieu of redemption shall be treated for purposes of various definitions and provisions of the Resolution, (c) set forth provisions governing the administration of any Qualified Second Lien Swap or Second Lien Obligation Credit Facility, and provisions providing for the issuance of Second Lien Reimbursement Obligations or the conversion of other Second Lien Obligations to Second Lien Reimbursement Obligations (and in connection with such conversion to change the interest rates, sinking fund provisions or maturity date on such Second Lien Obligations) to secure or reimburse the provider of such Second Lien Obligation Credit Facility, (d) in the case of either Taxable Second Lien Obligations or Tax-Exempt Second Lien Obligations, set forth defeasance provisions with respect thereto (including the manner of attaining such defeasance and the effect thereof), and (e) make such additional changes herein, not materially adverse to the rights of the Second Lien Owners of the Second Lien Obligations previously issued, as are necessary or appropriate; or to amend, modify or rescind any such authorization, specification or determination at any time prior to the first issuance and delivery of such Second Lien Obligations;

(12) To authorize Obligation Anticipation Notes in accordance with Section A-203 of Annex A and Second Lien Obligation Anticipation Notes in accordance with Section B-203 of Annex B and, in connection therewith, specify and determine the matters and things referred to in Section A-203 of Annex A or Section B-203 of Annex B, as applicable, and also any other matters and things relative to such Obligation Anticipation Notes or Second Lien Obligation Anticipation Notes, as applicable, which are not contrary to or inconsistent with the Resolution as theretofore in effect;

(13) To (a) establish for any one or more Series of Obligations or Second Lien Obligations a separate debt service reserve fund which shall be permitted to be applied solely to the payment of specified Obligations or Second Lien Obligations, provided that (i) the specified Obligations or Second Lien Obligations shall have no claim or lien on nor be payable from any amounts in any other such debt service reserve fund, (ii) the specified Obligations or Second Lien Obligations shall be excluded from the calculation of any applicable debt service reserve fund requirement for any other Outstanding Obligations or Second Lien Obligations, and (iii) the amount required to be on deposit in such debt service reserve funds shall be specified in the Supplemental Resolutions authorizing the specified Obligations or Second Lien Obligations, but in no event shall such amount, after giving effect to any surety bond, insurance policy, letter of credit or similar obligation deposited in any such separate debt service reserve fund pursuant to the Resolution, be in excess of the amount that would otherwise be the debt service reserve fund requirement for such specified Obligations or Second Lien Obligations assuming that such Obligations or Second Lien Obligations were the only Obligations or Second Lien Obligations Outstanding under the Resolution; and (b) make such other amendments, changes or modifications to the Resolution as may be deemed necessary or desirable by the Issuer to insure that such debt service reserve funds function in the manner contemplated in this subsection;

(14) To authorize Parity Debt and, in connection therewith, specify and determine (or provide procedures for an Authorized Officer to specify or determine) the matters and things referred to in paragraphs (4) and (6) of Section A-202 of Annex A, and also any other matters and things relative to such Parity Debt which are not contrary to or inconsistent with the Resolution as then in effect, or to amend, modify or rescind any such authorization, specification or determination at any time prior to the first issuance or entering into of such Parity Debt, and at any time to rescind or limit any authorization for any such Parity Debt theretofore authorized but not issued or entered into; in connection with the authorization of Parity Swap Obligations and Parity Reimbursement Obligations, any such Supplemental Resolution may include provisions for the availability, transferability, use or application of the Funds, Accounts and subaccounts established pursuant to Section 502 of the Resolution for the benefit of such Parity Swap Obligations and Parity Reimbursement Obligations; and may grant to the Owners of such Parity Debt the same rights granted to Owners of Obligations in Article C-VI of this Annex C.

(15) To authorize Second Lien Parity Debt and, in connection therewith, specify and determine (or provide procedures for an Authorized Officer to specify or determine) the matters and things referred to in paragraphs (4) and (6) of Section B-202

of Annex B of the Resolution, and also any other matters and things relative to such Second Lien Parity Debt which are not contrary to or inconsistent with the Resolution as then in effect, or to amend, modify or rescind any such authorization, specification or determination at any time prior to the first issuance or entering into of such Second Lien Parity Debt, and at any time to rescind or limit any authorization for any such Second Lien Parity Debt theretofore authorized but not issued or entered into; in connection with the authorization of Second Lien Parity Swap Obligations and Second Lien Parity Reimbursement Obligations, any such Supplemental Resolution may include provisions for the availability, transferability, use or application of the Funds, Accounts and subaccounts established pursuant to Section 502 of the Resolution for the benefit of such Second Lien Parity Swap Obligations and Second Lien Parity Reimbursement Obligations; and may grant to the holders of such Second Lien Parity Debt the same rights granted to Second Lien Owners of Second Lien Obligations in Article C-VI of this Annex C.

(16) To authorize Other Subordinated Obligations and, in connection therewith, specify and determine (or provide procedures for an Authorized Officer to specify or determine) the matters and things required or permitted by Article V of the Resolution in connection therewith, and also any other matters and things relative to such Other Subordinated Obligations which are not contrary to or inconsistent with the Resolution as then in effect, or at any time to amend, rescind or limit any authorization for any such Other Subordinated Obligations thereto be authorized but not issued or entered into; and in connection with the authorization of Other Subordinated Obligations, any such Supplemental Resolution may include provisions for the availability, transferability, use or application of amounts available to pay Other Subordinated Obligations and any other funds, accounts or subaccounts created for the benefit of such Other Subordinated Obligations;

(17) To modify any of the provisions of the Resolution in any respect whatsoever, *provided that* except with respect to any modification contemplated by Section C-301(b) hereof which shall become immediately effective, (i) such modification shall be, and be expressed to be, effective only after all Obligations and/or Second Lien Obligations affected thereby and Outstanding at the date of the adoption of such Supplemental Resolution shall cease to be Outstanding and (ii) such Supplemental Resolution shall be specifically referred to in the text of all Obligations and/or Second Lien Obligations, as applicable, delivered on original issuance after the date of the adoption of such Supplemental Resolution and of the Obligations and Second Lien Obligations issued in exchange therefor or in place thereof;

(18) To modify, amend or supplement the Resolution in any manner, not already provided for in or pursuant to the Supplemental Resolution authorizing the related Series of Obligations in order to provide for a Credit Facility, Qualified Swap, or other similar arrangement with respect to any Series of Obligations, under the Resolution, so long as the Issuer determines that such Supplemental Resolution does not materially adversely affect the right, security and interest of the Owners of Outstanding Obligations;

(19) To modify, amend or supplement the Resolution in any manner, not already provided for in or pursuant to the Supplemental Resolution authorizing the related Series of Second Lien Obligations in order to provide for a Second Lien Obligation Credit Facility, Qualified Second Lien Swap, or other similar arrangement with respect to any Series of Second Lien Obligations, under the Resolution, so long as the Issuer determines that such Supplemental Resolution does not materially adversely affect the right, security and interest of the Second Lien Owners of Outstanding Second Lien Obligations;

(20) To amend or modify any Supplemental Resolution authorizing Obligations of a Series or Second Lien Obligations of a Series to reflect the substitution of a new Credit Facility for the Credit Facility then in effect or a new Second Lien Obligation Credit Facility for the Second Lien Obligation Credit Facility then in effect, as applicable;

(21) To close the Resolution against, or provide limitations and restrictions in addition to the limitations and restrictions contained in the Resolution on, the issuance and delivery of the Obligations or Second Lien Obligations, or the issuance or entering into of other evidences of indebtedness;

(22) To modify, amend or supplement the Resolution as requested by the Metropolitan Transportation Authority Capital Program Review Board to provide for approvals and consents necessary to implement the provisions of the Resolution that provide for the financing of transit and commuter projects, *provided* such modifications, amendments or supplements do not materially adversely affect the right, security and interest of the Owners of Outstanding Obligations or the Second Lien Owners of Outstanding Second Lien Obligations; and

(23) To modify, amend or supplement the Resolution, consistent with the agreement of the State set forth in the Resolution and in the Financing Agreement, to reflect or change the nature and/or manner in which the State transfers or deposits ATA Receipts or Mobility Tax Receipts to MTA, whether or not such transfers or deposits may be subject to appropriation.

In making any determination under paragraph (9) of this Section C-502, the Issuer may conclusively rely upon an Opinion of Counsel or opinions of other experts or professionals.

ARTICLE C-VI

AMENDMENTS

Section C-601. Amendments to the MTA PMT Resolution and the TBTA PMT Resolution.

1. The MTA PMT Resolution and the TBTA PMT Resolution may be modified or amended without the consent of the Owners or the Second Lien Owners as provided in Article C-V of this Annex C. Modifications or amendments effected in accordance with Article C-V are generally modifications or amendments that do not materially and adversely affect (a) either the

respective Owners of Obligations or Second Lien Obligations under the MTA PMT Resolution or the TBTA PMT Resolution or (b) all Owners of Obligations and/or Second Lien Obligations under both the MTA PMT Resolution and the TBTA PMT Resolution.

2. Except as provided in Section C-301(b) hereof, in the event a modification or amendment to the MTA PMT Resolution or the TBTA PMT Resolution materially and adversely affects the Senior Lien Parity Owners and/or the Second Lien Parity Owners under either or both the MTA PMT Resolution and/or TBTA PMT Resolution, such modification or amendment must be effected with the consent of the Senior Lien Parity Owners and/or the Second Lien Parity Owners as provided in this Article C-VI pursuant to a Supplemental Resolution.

3. No Supplemental Resolution shall change or modify any of the rights or obligations of any Fiduciary without its written consent.

Section C-602. Mailing. Any provision in this Article C-VI for the mailing of a notice or other paper to Senior Lien Parity Owners and/or Second Lien Parity Owners shall be fully complied with if it is mailed postage prepaid to (i) each such Owner of any affected Obligation and/or affected Second Lien Obligation then Outstanding at such Owner's address, if any, appearing upon the registry books of the Issuer, and (ii) to the affected Senior Lien Trustees and/or Second Lien Trustees, as applicable; or, in each case, to such parties by facsimile or other means to the extent permitted by applicable law and arrangements.

Section C-603. Powers of Amendment.

1. Any modification or amendment of the MTA PMT Resolution and/or the TBTA PMT Resolution of the rights and obligations of the Issuer and of the Senior Lien Parity Owners, in any particular, may be made by a Supplemental Resolution, with the written consent given as provided in Section C-604 of this Annex C, (i) of the Senior Lien Parity Owners of a majority in principal amount of the Obligations Outstanding at the time such consent is given, and (ii) in case less than all of the Obligations then Outstanding are affected by the modification or amendment, of the Senior Lien Parity Owners of a majority in principal amount of the Obligations so affected and Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as particular Obligations remain Outstanding, the consent of the Owners of such Obligations shall not be required and such Obligations shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Obligations under this Section. No such modification or amendment shall (a) permit a change in the terms of redemption or maturity of the principal of any Outstanding Obligation or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Senior Lien Parity Owner of such Obligation, (b) reduce the percentages or otherwise affect the classes of Obligations the consent of the Senior Lien Parity Owners of which is required to waive an Event of Default or otherwise effect any such modification or amendment, (c) create a preference or priority of any Obligation or Obligations over any other Obligation or Obligations, without the consent of the Owners of all such Obligations, (d) create a lien prior to or on parity with the lien of the MTA PMT Resolution and TBTA PMT Resolution securing Obligations, without the consent of the Senior Lien Parity Owners of all of the Obligations then Outstanding, or (e) change or modify any of the rights or obligations of any Fiduciary without its written

assent thereto. For the purposes of this Section C-603(1), an Obligation shall be deemed to be affected by a modification or amendment of the MTA PMT Resolution and TBTA PMT Resolution if the same materially and adversely affects the rights of the Senior Lien Parity Owner of such Obligation. The Responsible Senior Lien Trustee may in its discretion determine whether or not in accordance with the foregoing powers of amendment particular Obligations would be affected by any modification or amendment of the MTA PMT Resolution and/or TBTA PMT Resolution and any such determination shall be binding and conclusive on the Issuer and all Senior Lien Parity Owners. The Responsible Senior Lien Trustee may request and receive an opinion of counsel, including a Counsel's Opinion, as conclusive evidence as to whether particular Obligations would be so affected by any such modification or amendment of the MTA PMT Resolution and/or TBTA PMT Resolution and the Responsible Senior Lien Trustee shall have no duty or obligation to take any action hereunder unless and until it has received such opinion. Notwithstanding anything in this Section C-603 or the MTA PMT Resolution and/or TBTA PMT Resolution to the contrary, the consent of Senior Lien Parity Owners of any Series of additional Obligations to be issued hereunder to any modification or amendment of the MTA PMT Resolution and/or TBTA PMT Resolution, which modification or amendment, as well as such consent, is disclosed in the official statement or other offering document prepared in connection with the primary offering of such Series of additional Obligations, shall be deemed given and irrevocable and no other evidence of such consent shall be required.

2. Any modification or amendment of the MTA PMT Resolution and/or the TBTA PMT Resolution of the rights and obligations of the Issuer and of the Second Lien Parity Owners, in any particular, may be made by a Supplemental Resolution, with the written consent given as provided in Section C-604 of this Annex C, (i) of the Second Lien Parity Owners of a majority in principal amount of the Second Lien Obligations Outstanding at the time such consent is given, and (ii) in case less than all of the Second Lien Obligations then Outstanding are affected by the modification or amendment, of the Second Lien Parity Owners of a majority in principal amount of the Second Lien Obligations so affected and Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as particular Second Lien Obligations remain Outstanding, the consent of the Owners of such Second Lien Obligations shall not be required and such Second Lien Obligations shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Second Lien Obligations under this Section. No such modification or amendment shall (a) permit a change in the terms of redemption or maturity of the principal of any Outstanding Second Lien Obligation or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Second Lien Parity Owner of such Second Lien Obligation, (b) reduce the percentages or otherwise affect the classes of Second Lien Obligations the consent of the Second Lien Parity Owners of which is required to waive an Event of Default or otherwise effect any such modification or amendment, (c) create a preference or priority of any Second Lien Obligation or Second Lien Obligations over any other Second Lien Obligation or Second Lien Obligations, without the consent of the Second Lien Parity Owners of all such Second Lien Obligations, (d) create a lien prior to or on parity with the lien of the MTA PMT Resolution and/or TBTA PMT Resolution securing Second Lien Obligations, without the consent of the Second Lien Parity Owners of all of the Second Lien Obligations then Outstanding, or (e) change or modify any of the rights or obligations of any Fiduciary without its written assent thereto. For

the purposes of this Section C-603(2), a Second Lien Obligation shall be deemed to be affected by a modification or amendment of the MTA PMT Resolution and/or TBTA PMT Resolution if the same materially and adversely affects the rights of the Second Lien Parity Owner of such Second Lien Obligation. The Responsible Second Lien Trustee may in its discretion determine whether or not in accordance with the foregoing powers of amendment particular Second Lien Obligations would be affected by any modification or amendment of the MTA PMT Resolution and TBTA PMT Resolution and any such determination shall be binding and conclusive on the Issuer and all Second Lien Parity Owners. The Responsible Second Lien Trustee may request and receive an opinion of counsel, including a Counsel's Opinion, as conclusive evidence as to whether particular Second Lien Obligations would be so affected by any such modification or amendment of the MTA PMT Resolution and/or TBTA PMT Resolution and the Responsible Second Lien Trustee shall have no duty or obligation to take any action hereunder unless and until it has received such opinion. Notwithstanding anything in this Section C-603 or the MTA PMT Resolution and/or TBTA PMT Resolution to the contrary, the consent of Second Lien Parity Owners of any Series of additional Second Lien Obligations to be issued hereunder to any modification or amendment of the MTA PMT Resolution and/or TBTA PMT Resolution, which modification or amendment, as well as such consent, is disclosed in the official statement or other offering document prepared in connection with the primary offering of such Series of additional Second Lien Obligations, shall be deemed given and irrevocable and no other evidence of such consent shall be required.

3. In the event any modification or amendment materially and adversely affects the rights of both the Senior Lien Parity Owners and the Second Lien Parity Owners, the consent of both the Senior Lien Parity Owners and the Second Lien Parity Owners as provided in this Article C-VI shall be required.

Section C-604. Consent of Senior Lien Parity Owners and Second Lien Parity Owners.

1. The Issuer at any time may adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of Section C-603 hereof to take effect when and as provided in this Section. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Responsible Senior Lien Trustee or Responsible Second Lien Trustee, as applicable) together with a request to the Senior Lien Parity Owners or Second Lien Parity Owners, as applicable, for their consent thereto in form satisfactory to the Responsible Senior Lien Trustee or Responsible Second Lien Trustee, as applicable, shall be mailed by the Issuer to the Senior Lien Parity Owners or Second Lien Parity Owners, as applicable (but failure to mail such copy and request shall not affect the validity of the Supplemental Resolution when consented to as in this Section provided). Such Supplemental Resolution shall not be effective unless and until (i) there shall have been filed with the Responsible Senior Lien Trustee or Responsible Second Lien Trustee, as applicable (a) the written consents of the Senior Lien Parity Owners or Second Lien Parity Owners of the percentages of Outstanding Obligations or Second Lien Obligations specified in Section C-603 and (b) a Counsel's Opinion stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Issuer in accordance with the provisions of the MTA PMT Resolution and/or TBTA PMT Resolution, is authorized or permitted by the MTA PMT Resolution and/or TBTA PMT Resolution, and is valid and binding upon the Issuer and

enforceable in accordance with its terms, and (ii) a notice shall have been mailed to Senior Lien Parity Owners or Second Lien Parity Owners, as applicable, as hereinafter in this Section C-604 provided. Any such consent, including any consent of a Fiduciary in accordance with Section C-603, shall be irrevocable and binding upon the Senior Lien Parity Owner or Second Lien Parity Owner and Fiduciary giving such consent and, anything in Section A-1102 of Annex A to the contrary notwithstanding, upon any subsequent Senior Lien Parity Owner of such Obligations and of any Obligations issued in exchange therefor or upon any subsequent Second Lien Parity Owner of such Second Lien Obligations and of any Second Lien Obligations issued in exchange therefor (whether or not such subsequent Senior Lien Parity Owner or subsequent Second Lien Parity Owner thereof has notice thereof). At any time after the Senior Lien Parity Owners of the required percentages of Obligations and/or the Second Lien Parity Owners of the required percentages of Second Lien Obligations shall have filed their consents to the Supplemental Resolution, the Responsible Senior Lien Trustee and/or the Responsible Second Lien Trustee shall make and file with the Issuer and the other Senior Lien Trustee and/or Second Lien Trustee a written statement that the Senior Lien Parity Owners of such required percentages of Obligations and/or the Second Lien Parity Owners of such required percentages of Second Lien Obligations have filed such consents. Such written statement shall be conclusive that such consents have been so filed. At any time thereafter, notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Issuer on a stated date, a copy of which is on file with the Senior Lien Trustees and the Second Lien Trustees, as applicable) has been consented to by the Senior Lien Parity Owners of such required percentages of Obligations and/or the Second Lien Parity Owners of such required percentages of Second Lien Obligations and will be effective as provided in this Section C-604, may be given to Senior Lien Parity Owners and/or Second Lien Parity Owners by the Issuer by mailing such notice to such Owners (but failure to mail such notice shall not prevent such Supplemental Resolution from becoming effective and binding as in this Section C-604 provided). The Issuer shall file with the Senior Lien Trustees and the Second Lien Trustees, as applicable, proof of the mailing of such notice. A record, consisting of the papers required or permitted by this Section C-604 to be filed with the Senior Lien Trustees and the Second Lien Trustees, shall be proof of the matters therein stated. Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Issuer, the Fiduciaries and all Senior Lien Parity Owners and/or Second Lien Parity Owners at the expiration of 40 days after the filing with the Senior Lien Trustees and the Second Lien Trustees, as applicable, of the proof of the mailing of such last-mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such 40-day period; provided, however, that any Fiduciary and the Issuer during such 40-day period and any such further period during which any such action or proceeding may be pending shall be entitled in their absolute discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as they may deem expedient.

Section C-605. Modifications by Unanimous Consent. The terms and provisions of the MTA PMT Resolution and the TBTA PMT Resolution and the rights and obligations of the Issuer and of the Senior Lien Parity Owners and the Second Lien Parity Owners may be modified or amended in any respect upon the adoption and filing by the Issuer of a Supplemental Resolution and the consent of the Senior Lien Parity Owners and/or the Second Lien Parity Owners of all of the Obligations and/or Second Lien Obligations then Outstanding, such consent

to be given as provided in Section C-604 except that no notice to affected Senior Lien Parity Owners and/or Second Lien Parity Owners shall be required; provided, however, that no such modification or amendment shall change or modify any of the rights or obligations of any Fiduciary without the filing with the Senior Lien Trustees and/or Second Lien Trustees, as applicable, of the written consent thereto of such Fiduciary in addition to the consent of the Senior Lien Parity Owners and/or Second Lien Parity Owners.

Section C-606. Notation on Obligations and/or Second Lien Obligations. Obligations and/or Second Lien Obligations issued and delivered after the effective date of any action taken as in Article C-V or this Article C-VI provided may, and, if the Responsible Senior Lien Trustee and/or Responsible Second Lien Trustee so determines, shall, bear a notation by endorsement or otherwise in form approved by the Issuer and the applicable Senior Lien Trustee or Second Lien Trustee as to such action, and in that case upon demand of the applicable Senior Lien Parity Owner and/or the Second Lien Parity Owner at such effective date and presentation of its Obligation or Second Lien Obligation for the purpose at the corporate trust office of the applicable Senior Lien Trustee or Second Lien Trustee, suitable notation shall be made on such Obligation or on such Second Lien Obligation, by the applicable Senior Lien Trustee or Second Lien Trustee as to any such action. If the Issuer or the applicable Senior Lien Trustee or Second Lien Trustee shall so determine, new Obligations or Second Lien Obligations, so modified as in the opinion of the applicable Senior Lien Trustee or Second Lien Trustee and the Issuer to conform to such action shall be prepared, authenticated and delivered. Upon demand of the Senior Lien Parity Owner or Second Lien Parity Owner and the surrender of such Obligations or Second Lien Obligations, there shall be authenticated and exchanged therefor, new Obligations or Second Lien Obligations, having the same terms, other than the noted modification, as the Obligations or Second Lien Obligations surrendered.

PAYROLL MOBILITY TAX FINANCING AGREEMENT

PAYROLL MOBILITY TAX FINANCING AGREEMENT, dated as of _____, 2021 (the "Financing Agreement"), by and between **METROPOLITAN TRANSPORTATION AUTHORITY**, a body corporate and politic constituting a public benefit corporation of the State of New York (the "MTA"), and **TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY**, a body corporate and politic constituting a public benefit corporation of the State of New York ("TBTA").

WHEREAS, the State of New York (the "State"), pursuant to Article 23 of the State Tax Law, currently imposes a regional payroll mobility tax (the "Payroll Mobility Tax") within the commuter transportation district consisting of the City of New York and the counties of Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester (collectively, the "Metropolitan Commuter Transportation District"); and

WHEREAS, pursuant to each of Section 805(b) of the State Tax Law and Section 1270-h(2)(b) of the MTA Act, amounts collected from the Payroll Mobility Tax (the "Mobility Tax Receipts") in each month are to be deposited without appropriation in the month following their collection directly into the Metropolitan Transportation Authority Finance Fund created under Section 1270-h of the MTA Act (the "MTA Finance Fund"); and

WHEREAS, amounts collected pursuant to the provisions of paragraphs (b-1) and (c-3) of subdivision 2 of Section 503 of the State Vehicle and Traffic Law, Article 17-c (including Section 499-d) of the State Vehicle and Traffic Law, Article 29-a (including Section 1288) of the State Tax Law, and Sections 1166-a and 1167 of the State Tax Law (consisting generally of certain regional supplemental motor vehicle license and registration fees, a tax on certain hailed vehicle trips that originate in the City, and a supplemental tax on regional passenger car rentals, and referred to collectively herein as the "ATA Sources") are deposited quarterly, without appropriation, into the Corporate Transportation Account of the Metropolitan Transportation Authority Special Assistance Fund created by Section 1270-a of the MTA Act (the "ATA Receipts"); and

WHEREAS, in accordance with Section 1270-a(4)(e) of the MTA Act, moneys in the Corporate Transportation Account, including ATA Receipts, that are received by MTA may by pledged by the MTA or pledged to TBTA to secure bonds, notes or other obligations of the MTA and/or TBTA, as the case may be, including for the use by either MTA or TBTA, or both in the financing of their respective authorized purposes; and

WHEREAS, in accordance with Section 553-d of the TBTA Act, TBTA has the authority to issue its bonds and notes to finance projects payable from and secured by all or any part of the moneys received by TBTA from the Metropolitan Transportation Authority Special Assistance Fund created by Section 1270-a of the MTA Act and from any other moneys, securities and funds designated by TBTA as additional security therefor; and

WHEREAS, in accordance with Section 1270-h(3) of the MTA Act, the Mobility Tax Receipts deposited in the MTA Finance Fund may be pledged by the MTA to, among other things, secure and be applied for the payment of the bonds, notes or other obligations of the MTA to

finance capital projects or used for the payment of capital costs, including debt service, reserve requirements, if any, the payment of amounts required under bond and note facilities or agreements related thereto; and

WHEREAS, amounts from additional sources that may be authorized by law from time to time are to be deposited in the MTA Finance Fund and such amounts also may be pledged by the MTA from time to time to, among other things, secure and be applied for the payment of the bonds, notes, or other obligations of the MTA; and

WHEREAS, Section 1269 of the MTA Act authorizes the MTA to enter into agreements, including this Financing Agreement, which the MTA deems necessary, convenient or desirable concerning the use or disposition of the monies or properties of the MTA, its subsidiary corporations, the New York City Transit Authority ("NYCTA") or any of its subsidiary corporations, or TBTA, including the Mobility Tax Receipts and the ATA Receipts (collectively, the "PMT Receipts"), in order to provide for the transfer to TBTA of such Mobility Tax Receipts and ATA Receipts for the financing of transit and commuter capital projects which the MTA would have the right to do in the absence of such agreements; and

WHEREAS, Section 1265(3-a)(a) of the MTA Act authorizes the MTA to borrow money, to issue negotiable notes, bonds, or other obligations and to provide for the rights of the holders thereof, in the fiscal years 2020 through 2022 to offset decreases in revenue, including but not limited to, lost taxes, fees, charges, fares and tolls, or increases in operating costs of the MTA, NYCTA and its subsidiary corporations and TBTA due in whole or in part to the state disaster emergency caused by the novel coronavirus, COVID-19; provided that the aggregate principal amount of such notes, bonds or other obligations does not exceed ten billion dollars; and

WHEREAS, Section 1269(1)(a) of the MTA Act authorizes the MTA to issue its notes, bonds or other obligations as, in the opinion of the MTA, shall be necessary, convenient or desirable to effectuate any of its powers and purposes, including, without limitation, the provision of working capital and all other expenditures of the MTA and its subsidiary corporations and NYCTA and its subsidiary corporations which bonds, notes or other obligations may be special obligations payable out of any revenues, receipts, monies or other assets of the MTA and its subsidiary corporations, NYCTA and its subsidiary corporations and TBTA identified for such purposes in accordance with agreements with the holders of such notes, bonds or other obligations; and

WHEREAS, the MTA has, pursuant to the MTA Act, adopted its Metropolitan Transportation Authority Payroll Mobility Tax Obligation Resolution on November 18, 2020, including the Standard Resolution Provisions Applicable to MTA and TBTA PMT Obligations and Parity Debt appended thereto as Annex A, the Standard Resolution Provisions Applicable to MTA and TBTA Second Lien PMT Obligations and Second Lien Parity Debt appended thereto as Annex B and the Additional Resolution Provisions Applicable to MTA and TBTA Senior Lien PMT Obligations and Second Lien PMT Obligations appended thereto as Annex C, as amended and supplemented from time to time (the "MTA PMT Resolution") for the purpose of issuing from time to time one or more series of bonds, notes or other obligations secured by this Financing Agreement and the PMT Receipts; and

WHEREAS, TBTA has, pursuant to the TBTA Act, adopted its Triborough Bridge and Tunnel Authority Payroll Mobility Tax Obligation Resolution on [_____ _, 2021], (including the Standard Resolution Provisions Applicable to MTA and TBTA PMT Obligations and Parity Debt appended thereto as Annex A, the Standard Resolution Provisions Applicable to MTA and TBTA Second Lien PMT Obligations and Second Lien Parity Debt appended thereto as Annex B and the Additional Resolution Provisions Applicable to MTA and TBTA Senior Lien PMT Obligations and Second Lien PMT Obligations appended thereto as Annex C, as amended and supplemented from time to time (the "TBTA PMT Resolution") for the purpose of issuing from time to time one or more series of bonds, notes or other obligations secured by this Financing Agreement and the PMT Receipts; and

WHEREAS, consistent with the foregoing, MTA and TBTA desire to enter into this Financing Agreement to (i) provide the mechanism for the MTA to provide TBTA with the PMT Receipts necessary for TBTA to timely perform its obligations under the TBTA PMT Resolution, and (ii) provide the mechanism for the MTA to retain PMT Receipts necessary for the MTA to timely perform its obligations under the MTA PMT Resolution, in each case on the terms and conditions and in the priority set forth herein; and

NOW, THEREFORE, MTA and TBTA hereby mutually covenant and agree as follows:

ARTICLE I

DEFINITIONS

SECTION 101. Definitions. (a) Unless otherwise specifically defined herein, all terms which are defined in the TBTA PMT Resolution shall have the same meanings, respectively, when used herein, including in the preambles hereto, as such terms are given in the TBTA PMT Resolution; and, unless otherwise specifically defined herein, all terms which are defined in the MTA PMT Resolution, shall have the same meanings, respectively, when used herein, including in the preambles hereto, as such terms are given in the MTA PMT Resolution.

(b) In addition, as used herein, the following terms shall, for all purposes of this Financing Agreement, have the following meanings:

Annual Deposit Reports shall mean, collectively, the TBTA Annual Deposit Report and the MTA Annual Deposit Report.

Applicable Debt Service Payment Date shall mean a Debt Service Payment Date on which an Applicable Trustee is required to make a payment of Debt Service from the MTA Senior Lien Debt Service Fund, MTA Second Lien Debt Service Fund, the TBTA Senior Lien Debt Service Fund or the TBTA Second Lien Debt Service Fund, as the context requires.

Applicable Trustee shall mean the TBTA Second Lien Trustee, the TBTA Senior Lien Trustee, the MTA Second Lien Trustee or the MTA Senior Lien Trustee, as the context requires.

ATA Receipts Subaccount shall mean the subaccount by that name established by the MTA in the Corporate Transportation Account established by subsection (a) of Section 301 hereof.

Corporate Transportation Account shall mean the account bearing such name established by the MTA in the Metropolitan Transportation Authority Special Assistance Fund pursuant to Section 1270-a of the MTA Act, or any successor fund or account provided by law.

CPRB shall mean the Metropolitan Transportation Authority Capital Program Review Board created pursuant to Section 1269-a of the MTA Act.

Debt Service Payment Date shall mean, unless otherwise set forth in a Supplemental Resolution, each Interest Payment Date and/or Principal Payment Date.

Debt Service Year shall mean the twelve-month period commencing May 16 of each calendar year and ending on May 15 of the next succeeding calendar year, except that the first Debt Service Year shall begin on the date specified in the Supplemental Resolution authorizing the first Series of MTA PMT Indebtedness or TBTA PMT Indebtedness.

Interest Deposit Months shall mean, unless otherwise set forth in a Supplemental Resolution, (i) for Obligations with interest payable semi-annually, the first five Months of the six month period immediately preceding the month of each Interest Payment Date, (ii) for Obligations with interest payable more frequently than semi-annually but less frequently than monthly, the number of Months (calculated by the number of months in the interest period minus one) immediately preceding the month of each Interest Payment Date, and (iii) for Obligations with interest payable monthly or more frequently, the month immediately preceding the month of each Interest Payment Date; *provided, however*, that if there remains a deficiency in deposits required pursuant to Section 302, each month up to and including the month in which there is an Interest Payment Date shall be an Interest Deposit Month.

Interest Payment Date shall mean the dates specified as such in the applicable Supplemental Resolution.

Mobility Tax Receipts Subaccount shall mean the subaccount by that name established by the MTA in the MTA Finance Fund established by subsection (b) of Section 301 hereof.

Month shall mean a calendar month.

Monthly Deposit Requirement shall mean an amount equal to the sum of (i) the Monthly Senior Lien Deposit Requirement and (ii) the Monthly Second Lien Deposit Requirement attributable to and payable from PMT Receipts in the amounts for each Month.

Monthly Interest Deposit Requirement shall mean, unless otherwise set forth in a Supplemental Resolution, for each applicable Interest Deposit Month, (i) for Obligations on which the interest is payable semi-annually, an amount equal to one-fifth ($1/5^{th}$) of the interest due and payable on such Obligations on the next succeeding Interest Payment Date, with the final deposit payable in the second Month prior to the month of the applicable Interest Payment Date (for example, for payments of interest due in May, the first deposit will be payable in November of the previous year and the fifth and final deposit will be payable in March of the same year and for payments of interest due in November, the first deposit will be payable in May and the fifth and final deposit will be payable in September), (ii) for Obligations on which the interest is payable more frequently than semi-annually but less frequently than monthly, an amount equal to the

percentage (calculated by the number of months in the interest period minus one) of the interest due on such Obligations on the next succeeding Interest Payment Date, with the final deposit payable in the second Month prior to the applicable Interest Payment Date, and (iii) for Obligations on which the interest is payable monthly or more frequently, an amount equal to the amount of interest due and payable in the immediately succeeding month; provided, however, that such amount shall be adjusted by the MTA or TBTA, as applicable, to take into account the first Interest Payment Date following the issuance of Obligations, if necessary.

Monthly Principal Deposit Requirement shall mean, unless otherwise set forth in a Supplemental Resolution, for each Principal Installment and each related Principal Deposit Month, an amount equal to one-tenth (1/10th) of such Principal Installment on Obligations and Second Lien Obligations; provided, however, that such amount shall be adjusted by MTA to take into account the first Principal Installment payable following the issuance of Obligations and Second Lien Obligations, if necessary.

Monthly Second Lien Deposit Requirement shall mean the sum of (i) the TBTA Monthly Second Lien Deposit Requirement and (ii) the MTA Monthly Second Lien Deposit Requirement.

Monthly Senior Lien Deposit Requirement shall mean the sum of (i) the TBTA Monthly Senior Lien Deposit Requirement and (ii) the MTA Monthly Senior Lien Deposit Requirement as set forth in the Annual Deposit Report.

MTA Annual Deposit Report shall mean the annual certification by an Authorized Officer of the MTA described in Section 504 hereof, as amended or supplemented from time to time.

MTA Finance Fund shall mean the Metropolitan Transportation Authority Finance Fund created under Section 1270-h of the MTA Act, or any successor fund or account provided by law.

MTA PMT Indebtedness shall mean Obligations, Parity Debt, Subordinated Obligations, including, without limitation, Second Lien Obligations and Second Lien Parity Debt, Second Lien Subordinated Obligations, Other Subordinated Obligations, Obligation Anticipation Notes and Second Lien Obligation Anticipation Notes issued under the MTA PMT Resolution in each case only to the extent that such MTA PMT Indebtedness is payable in whole or in part from PMT Receipts.

MTA Monthly Second Lien Deposit Requirement shall mean, for each Month, the sum of the applicable Monthly Interest Deposit Requirement and Monthly Principal Deposit Requirement for Second Lien Obligations and Second Lien Parity Debt issued under the MTA PMT Resolution.

MTA Monthly Senior Lien Deposit Requirement shall mean, for each Month, the sum of the applicable Monthly Interest Deposit Requirement and Monthly Principal Deposit Requirement for Senior Lien Obligations and Senior Lien Parity Debt issued under the MTA PMT Resolution.

MTA PMT Second Lien Obligations shall mean the Metropolitan Transportation Authority Payroll Mobility Tax Second Lien Revenue Obligations issued under the MTA PMT Resolution.

MTA PMT Senior Lien Obligations shall mean the Metropolitan Transportation Authority Payroll Mobility Tax Senior Lien Revenue Obligations issued under the MTA PMT Resolution.

MTA PMT Resolution shall have the meaning set forth in the preambles hereto.

MTA Second Lien Debt Service Fund shall mean the MTA Second Lien Debt Service Fund established by the MTA PMT Resolution.

MTA Second Lien Debt Service Fund Requirement shall mean, as of any date of calculation, the Second Lien Debt Service Fund Requirement as defined in the MTA PMT Resolution and shall be an amount equal to the sum of the MTA Monthly Second Lien Deposit Requirements to the date of such calculation or the sum of all MTA Monthly Second Lien Deposit Requirements for the Debt Service Year, as the context requires.

MTA Second Lien Trustee shall mean the institution serving as trustee under the MTA PMT Resolution for the benefit of the owners of the MTA PMT Second Lien Obligations.

MTA Senior Lien Debt Service Fund shall mean the MTA Senior Lien Debt Service Fund established by the MTA PMT Resolution.

MTA Senior Lien Debt Service Fund Requirement shall mean, as of any date of calculation, the Senior Lien Debt Service Fund Requirement as defined in the MTA PMT Resolution and shall be an amount equal to the sum of the MTA Monthly Senior Lien Deposit Requirements to the date of such calculation or the sum of all MTA Monthly Senior Lien Deposit Requirements for the Debt Service Year, as the context requires.

MTA Senior Lien Trustee shall mean the institution serving as trustee under the MTA PMT Resolution for the benefit of the owners of the MTA PMT Senior Lien Obligations.

Principal Deposit Months shall mean, unless otherwise set forth in a Supplemental Resolution, the first ten months of the twelve-month period immediately preceding the Month in which there is a Principal Installment, determined separately for each Principal Installment; provided, however, that if there remains a deficiency in deposits required pursuant to Section 302, each month up to and including the month in which there is a Principal Installment due shall be a Principal Deposit Month.

PMT Receipts shall mean the Mobility Tax Receipts and the ATA Receipts, and any additional sources of moneys specifically authorized to be pledged from time to time in the future in the MTA PMT Resolution and/or the TBTA PMT Resolution to the payment of MTA PMT Indebtedness and/or TBTA PMT Indebtedness, respectively.

Second Lien Indebtedness shall mean MTA Second Lien Indebtedness and TBTA Second Lien Indebtedness.

Senior Lien Indebtedness shall mean MTA Senior Lien Indebtedness and TBTA Senior Lien Indebtedness.

Special Assistance Fund shall mean the Metropolitan Transportation Authority Special Assistance Fund created under Section 1270-a of the MTA Act, or any successor fund or account provided by law.

Supplemental Financing Agreement shall mean an agreement supplemental to or amendatory of this Agreement between the MTA and TBTA in accordance with provisions of Section 701 hereof.

TBTA Annual Deposit Report shall mean the annual certification by an Authorized Officer of TBTA described in Section 504 hereof, as amended or supplemented from time to time.

TBTA PMT Indebtedness shall mean Obligations, Parity Debt, Subordinated Obligations, including, without limitation, Second Lien Obligations and Second Lien Parity Debt, Second Lien Subordinated Obligations, Other Subordinated Obligations, Obligation Anticipation Notes and Second Lien Obligation Anticipation Notes issued under the TBTA PMT Resolution in each case only to the extent that such TBTA PMT Indebtedness is payable in whole or in part from PMT Receipts.

TBTA Monthly Second Lien Deposit Requirement shall mean, for each Month, the sum of the applicable Monthly Interest Deposit Requirement and Monthly Principal Deposit Requirement for Second Lien Obligations and Second Lien Parity Debt issued under the TBTA PMT Resolution.

TBTA Monthly Senior Lien Deposit Requirement shall mean, for each Month, the sum of the applicable Monthly Interest Deposit Requirement and Monthly Principal Deposit Requirement for Senior Lien Obligations and Parity Debt issued under the TBTA PMT Resolution.

TBTA PMT Second Lien Obligations shall mean the Triborough Bridge and Tunnel Authority Payroll Mobility Tax Second Lien Revenue Obligations issued under the TBTA PMT Resolution.

TBTA PMT Senior Lien Obligations shall mean the Triborough Bridge and Tunnel Authority Payroll Mobility Tax Senior Lien Revenue Obligations issued under the TBTA PMT Resolution.

TBTA PMT Resolution shall have the meaning set forth in the preambles hereto.

TBTA Second Lien Debt Service Fund shall mean the TBTA Second Lien Debt Service Fund established by the TBTA PMT Resolution.

TBTA Second Lien Debt Service Fund Requirement shall mean, as of any date of calculation, the Second Lien Debt Service Fund Requirement as defined in the TBTA PMT Resolution and shall be an amount equal to the sum of the TBTA Monthly Second Lien Deposit Requirements to the date of such calculation or the sum of all TBTA Monthly Second Lien Deposit Requirements for the Debt Service Year, as the context requires.

TBTA Second Lien Trustee shall mean the institution serving as trustee under the TBTA PMT Resolution for the benefit of the owners of the TBTA PMT Second Lien Obligations.

TBTA Senior Lien Debt Service Fund shall mean the TBTA Senior Lien Debt Service Fund established by the TBTA PMT Resolution.

TBTA Senior Lien Debt Service Fund Requirement shall mean, as of any date of calculation, the Senior Lien Debt Service Fund Requirement as defined in the TBTA PMT Resolution and shall be an amount equal to the sum of the TBTA Monthly Senior Lien Deposit Requirements to the date of such calculation or the sum of all TBTA Monthly Senior Lien Deposit Requirements for the Debt Service Year, as the context requires.

TBTA Senior Lien Trustee shall mean the institution serving as trustee under the TBTA PMT Resolution for the benefit of the owners of the TBTA PMT Senior Lien Obligations.

ARTICLE II

AGREEMENT AS TO ISSUANCE OF TBTA PMT INDEBTEDNESS AND MTA PMT INDEBTEDNESS

SECTION 201. Issuance of TBTA PMT Indebtedness for the PMT Transit and Commuter Project; Restrictions on Issuance.

(a) TBTA may, from time to time, upon the request of the MTA, issue TBTA PMT Indebtedness pursuant to the TBTA PMT Resolution and the TBTA Act in order to finance Capital Costs of the PMT Transit and Commuter Project, subject to the limitations set forth in subsection (b) below. The proceeds of such TBTA PMT Indebtedness shall be applied as provided in the TBTA PMT Resolution or the resolution authorizing such TBTA PMT Indebtedness.

(b) The provisions of this Section 201 relating to the financing by TBTA of Capital Costs for the PMT Transit and Commuter Project are subject to compliance with the provisions of Section 553(20) of the New York Public Authorities Law, including any approvals or consents required from the CPRB, and the provisions of the TBTA PMT Resolution.

(c) The MTA and TBTA agree that this Financing Agreement is executed in part in order to induce investors to purchase the MTA PMT Indebtedness and the TBTA PMT Indebtedness secured by the PMT Receipts to be issued for the purposes of securing such MTA PMT Indebtedness and TBTA PMT Indebtedness and, accordingly, all of the covenants and agreements on the part of the MTA and TBTA set forth in this Financing Agreement are hereby declared to be for the benefit of the Owners from time to time of such MTA PMT Indebtedness and TBTA PMT Indebtedness secured by the PMT Receipts.

SECTION 202. Issuance of MTA PMT Indebtedness. The MTA may, from time to time, issue MTA PMT Indebtedness for any lawful purpose pursuant to the MTA PMT Resolution and the MTA Act, without any approvals or consents from the CPRB, unless such CPRB approvals or consents are required for the financing of Capital Costs for the PMT Transit and Commuter Project in accordance with Section 1269-b of the MTA Act. The proceeds of such

MTA PMT Indebtedness shall be applied as provided in the MTA PMT Resolution or the resolution authorizing such MTA PMT Obligations.

ARTICLE III

CREATION OF ACCOUNTS AND SUBACCOUNTS; APPLICATION OF PMT RECEIPTS

SECTION 301. Creation of Accounts and Subaccounts by MTA.

(a) The MTA has previously created and established in the Special Assistance Fund held by the MTA the Corporate Transportation Account in accordance with Section 1270-a of the MTA Act. There is continued under this Financing Agreement the "ATA Receipts Subaccount" within the Corporate Transportation Account previously created under the MTA PMT Resolution.

(b) The MTA has also previously created and established the MTA Finance Fund held by the MTA in accordance with Section 1270-h of the MTA Act. There is continued under this Financing Agreement the "Mobility Tax Receipts Subaccount" within the MTA Finance Fund previously created under the MTA PMT Resolution.

(c) Amounts held at any time by the MTA in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount shall be held in trust separate and apart from all other funds of the MTA. The MTA may enter into agreements, including account control agreements, with a financial institution to accept deposits to, and make transfers or withdrawals from, such accounts and subaccounts consistent with the purposes of this Financing Agreement.

SECTION 302. Deposit and Application of PMT Receipts.

(a) On the earlier of the date of the issuance and delivery of the first Series of MTA Obligations under the MTA PMT Resolution or the first Series of TBTA Obligations under the TBTA PMT Resolution, MTA shall transfer (i) all amounts constituting Mobility Tax Receipts on deposit in the MTA Finance Fund to the Mobility Tax Receipts Subaccount and (ii) all amounts constituting ATA Receipts on deposit in the Corporate Transportation Account to the ATA Receipts Subaccount. Thereafter, all Mobility Tax Receipts received by the MTA shall be immediately deposited into the Mobility Tax Receipts Subaccount and all ATA Receipts received by the MTA shall be immediately deposited by the MTA into the ATA Receipts Subaccount.

(b) In every Month at such time or times as the MTA in its discretion shall determine (but in no event later than the last Business Day of every Month), the MTA shall transfer amounts from the Mobility Tax Receipts Subaccount or the ATA Receipts Subaccount or both of such Subaccounts as determined by MTA, in the following order of priority and to the extent available for application (including curing any deficiencies in prior deposits or transfers), as follows:

(i) first, an amount equal to the Monthly Senior Lien Deposit Requirement plus an amount equal to the amount required to cure any deficiency in prior transfers made for transfer to (A) the MTA Senior Lien Trustee for deposit in the MTA Senior Lien Debt Service Fund an amount equal to the MTA Monthly Senior Lien Deposit Requirement, and (B) the TBTA Senior Lien Trustee for deposit in the TBTA Senior Lien Debt Service

Fund an amount equal to the TBTA Monthly Senior Lien Deposit Requirement; *provided, however*, if on the date of any such transfer the amount of PMT Receipts available for transfer is less than the Monthly Senior Lien Deposit Requirement, the amount actually available shall be transferred, first, on a *pro rata* basis (in proportion to the amount of any deficiencies relative to each other) to the MTA Senior Lien Trustee and the TBTA Senior Lien Trustee to cure any deficiencies in prior deposits or transfers, and then, on a *pro rata* basis to the MTA Senior Lien Trustee and the TBTA Senior Lien Trustee in proportion to the amount of the MTA Monthly Senior Lien Deposit Requirement and the TBTA Monthly Senior Lien Deposit Requirement, respectively; and

(ii) *second*, an amount equal to the Monthly Second Lien Deposit Requirement plus an amount equal to the amount required to cure any deficiency in prior transfers made for transfer to (A) the MTA Second Lien Trustee for deposit in the MTA Second Lien Debt Service Fund an amount equal to the MTA Monthly Second Lien Deposit Requirement, and (B) the TBTA Second Lien Trustee for deposit in the TBTA Second Lien Debt Service Fund an amount equal to the TBTA Monthly Second Lien Deposit Requirement; *provided, however*, if on the date of any such transfer the amount of PMT Receipts available for transfer is less than the Monthly Second Lien Deposit Requirement, the amount actually available shall be transferred, first, on a *pro rata* basis (in proportion to the amount of any deficiencies relative to each other) to the MTA Second Lien Trustee and the TBTA Second Lien Trustee to cure any deficiencies in prior deposits or transfers, and then, on a *pro rata* basis to the MTA Second Lien Trustee and the TBTA Second Lien Trustee in proportion to the amount of the MTA Monthly Second Lien Deposit Requirement and the TBTA Monthly Second Lien Deposit Requirement, respectively; and

(iii) *third*, for transfer to the Applicable Trustee or another Person in accordance with the provisions of any Supplemental Resolution under the MTA PMT Resolution or the TBTA PMT Resolution or other authorizing document, the amount necessary for the payment of Other Subordinated Obligations or obligations payable from PMT Receipts in the priority set forth in the applicable PMT Resolution or authorizing document;

(iv) *fourth*, for transfer to another Person, including each Applicable Trustee, fees and expenses due and payable under the related MTA PMT Indebtedness, TBTA PMT Indebtedness, MTA PMT Resolution and TBTA PMT Resolution, to the extent payable from PMT Receipts in the priority set forth in the applicable authorizing document; and

(iv) *fifth*, available for transfer to the MTA or expenditure by the MTA, on any date in the then current Month after the date the amounts actually transferred in accordance with subparagraphs (i) through (iv) above equals one hundred percent (100%) of the amounts required to have been so transferred on a cumulative basis as of the end of the current Month, any PMT Receipts and investment income, if any, on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount free and clear of any lien, pledge or claim of the MTA PMT Resolution and the TBTA PMT Resolution, to be applied by MTA as provided in the MTA Act.

(c) For purposes of calculating the amount of the deposits relating to (i) the MTA Senior Lien Debt Service Fund and the TBTA Senior Lien Debt Service Fund, Principal

Installments shall not include amounts that an Authorized Officer has notified the Applicable Trustee are to be paid from sources other than PMT Receipts, nor shall Accrued Debt Service include any amounts that, as certified by an Authorized Officer, have been set aside hereunder or otherwise in trust for the payment thereof and (ii) the MTA Second Lien Debt Service Fund and the TBTA Second Lien Debt Service Fund, Second Lien Obligation Principal Installments shall not include amounts that an Authorized Officer has notified the Applicable Second Lien Trustee are to be paid from sources other than PMT Receipts, nor shall Accrued Second Lien Debt Service include any amounts that, as certified by an Authorized Officer have been set aside hereunder or otherwise in trust for the payment thereof.

(d) If, after the date or dates during the Month the MTA elects to make the transfers described above, (i) there continues to be a deficiency in the cumulative amounts required to be transferred and (ii) MTA receives additional PMT Receipts later in the then current Month, then MTA will apply those additional PMT Receipts as soon as practicable (but no later than the last Business Day of the then current Month) in the same priority as set forth above to cure such deficiencies to the greatest extent possible.

(e) If on the Business Day that is no later than two Business Days preceding any Applicable Debt Service Payment Date, an Applicable Trustee notifies the MTA that it has insufficient funds on deposit to pay Debt Service on Obligations or Second Lien Obligations on the next succeeding Applicable Debt Service Payment Date, the MTA shall transfer, to the extent moneys are available, any or all Mobility Tax Receipts and/or ATA Receipts on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount, respectively, in the amount necessary to cure such deficiency and shall apply such amount in accordance with the preceding paragraph in the priority set forth therein; provided, however, that no such transfer shall be made to the Applicable Second Lien Trustee if there is a deficiency that has not been cured in the amounts transferred for the payment of Senior Lien Debt Service.

(f) Moneys on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount may be invested by MTA only in Investment Securities. Investment income on moneys in any Subaccount shall be credited to such Subaccount.

ARTICLE IV

CONSENT TO PLEDGE

SECTION 401. Consent to Pledge. Each of the MTA and the TBTA do hereby consent to the pledge and assignment of the PMT Receipts to the Holders of any of MTA PMT Indebtedness and/or TBTA PMT Indebtedness, as the case may be, or to any trustee acting on their behalf, to secure the payment of the principal and Redemption Price of, and interest on, and Sinking Fund Installments for, the respective MTA PMT Indebtedness and TBTA PMT Indebtedness in accordance with their respective terms and the provisions of this Financing Agreement and in the order of priority set forth herein.

All of the PMT Receipts are and shall be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge of the PMT Receipts created by the MTA PMT Resolution and/or the TBTA PMT Resolution consistent with

this Financing Agreement and all corporate action on the part of the MTA and TBTA to that end has been duly and validly taken.

ARTICLE V

COVENANTS OF THE MTA

SECTION 501. PMT Receipts. The MTA covenants and agrees that it will take all such actions as may be necessary to request the transfer of the PMT Receipts and further covenants and agrees that all such PMT Receipts received shall be applied strictly in accordance with this Financing Agreement and the MTA Act.

SECTION 502. Creation of Liens; Application of Certain Accounts and Subaccounts. The MTA covenants and agrees that (a) other than the MTA PMT Resolution, it will not create or cause to be created any pledge, lien, charge or encumbrance on or with respect to the PMT Receipts or the amounts reserved and on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount at any time that adversely affects MTA's obligations hereunder or under the MTA PMT Resolution and TBTA's obligations under the TBTA PMT Resolution, and (b) it will apply amounts on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount established therein only as provided in this Financing Agreement.

SECTION 503. Pledge and Agreement of the State. In accordance with Section 1271 of the MTA Act, the MTA does hereby include the pledge and agreement of the State with the Owners of the MTA PMT Indebtedness and the TBTA PMT Indebtedness and the owners of the obligations secured in whole or in part by the TBTA PMT Resolution and the MTA PMT Resolution that the State will not limit or alter the denial of authority under subdivision 9 of Section 1269 of the MTA Act, or the rights and powers vested in the MTA and the TBTA by the MTA Act to fulfill the terms of any agreements made by the MTA and TBTA with such Owners, or in any way impair the rights and remedies of such Owners until such notes, bonds and other obligations with such Owners, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses for which the MTA and the TBTA are liable in connection with any action or proceeding by or on behalf of such Owners, are fully met and discharged; provided, however, that the MTA and TBTA hereby acknowledge and agree that nothing in the foregoing pledge and agreement of the State or elsewhere in this Financing Agreement shall be deemed to restrict the right of the State to amend, repeal, modify or otherwise alter statutes imposing or relating to the taxes and fees producing revenues for deposit by the MTA in the Mobility Tax Receipts Subaccount of the MTA Finance Fund and/or the ATA Receipts Subaccount of the Corporate Transportation Account of the MTA Special Assistance Fund and pledged by the MTA to secure MTA PMT Indebtedness and/or pledged by the TBTA to secure TBTA PMT Indebtedness, as the case may be, or, if applicable, the appropriations relating thereto.

SECTION 504. Annual Deposit Reports. On the date of issuance of the first obligations under Section 302(a) hereof, the MTA shall deliver to the Applicable Trustees a written certificate of an Authorized Officer of the MTA setting forth two separate reports, one relating to the MTA PMT Indebtedness (the "MTA Annual Deposit Report") and the other relating to the TBTA PMT Indebtedness (the "TBTA Annual Deposit Report"), in each case detailing for the

current and the following Debt Service Year (a) the MTA Monthly Senior Lien Deposit Requirement or the TBTA Monthly Senior Lien Deposit Requirement, as applicable, (b) the MTA Monthly Second Lien Deposit Requirement or the TBTA Monthly Second Lien Deposit Requirement, as applicable, (c) the MTA Senior Lien Debt Service Fund Requirement or the TBTA Senior Lien Debt Service Fund Requirement, as applicable, (d) the MTA Second Lien Debt Service Fund Requirement or the TBTA Second Lien Debt Service Fund Requirement for the Debt Service Year, as applicable, (g) any other uses of the PMT Receipts for the purposes set forth in Section 302 of this Financing Agreement, and (f) any other information requested by the Applicable Trustees for the purposes of performing their respective obligations under the MTA PMT Resolution and the TBTA PMT Resolution. On or prior to the tenth (10^{th}) Business Day before the beginning of each Debt Service Year, the MTA shall send to the Applicable Trustees an updated MTA Annual Deposit Report and updated TBTA Annual Deposit Report. The MTA Annual Deposit Report and the TBTA Annual Deposit Report shall be amended from time to time in conjunction with the issuance of additional MTA PMT Indebtedness and TBTA PMT Indebtedness, the refunding of MTA PMT Indebtedness and TBTA PMT Indebtedness or the incurrence of other costs or fees listed in Section 302, and may be amended from time to time at the discretion of the MTA, with a copy thereof sent to the Applicable Trustees, all with the intention of keeping the Applicable Trustees timely informed of the deposits and transfers of amounts on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount.

SECTION 505. Amendment of the MTA PMT Resolution. MTA shall not, without the consent of the TBTA, amend any provision of the MTA PMT Resolution in such a manner so as to affect TBTA's obligations under this Financing Agreement or the TBTA PMT Resolution.

SECTION 506. Compliance with Laws. The MTA covenants and agrees to take all necessary actions on its part and to comply with the requirements of all laws necessary for the MTA to receive any PMT Receipts to the extent that PMT Receipts are subject to appropriation.

SECTION 507. Arbitrage. The MTA covenants and agrees that it shall take no action, fail to take an action, nor approve of the Applicable Trustees taking any action, or making any investment or use of the amounts on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount that would cause MTA PMT Indebtedness or TBTA PMT Indebtedness to be "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended.

ARTICLE VI

COVENANTS OF TBTA

SECTION 601. Amendment of the TBTA PMT Resolution. TBTA shall not, without the consent of the MTA, amend any provision of the TBTA PMT Resolution in such a manner so as to affect the MTA's obligations under this Financing Agreement or the MTA PMT Resolution.

SECTION 602. Creation of Liens; Application of Certain Accounts and Subaccounts. TBTA covenants and agrees that other than the TBTA PMT Resolution, it will not

create or cause to be created any pledge, lien, charge or encumbrance on or with respect to the PMT Receipts or the amounts reserved and on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount at any time that adversely affects MTA's obligations hereunder.

ARTICLE VII

MISCELLANEOUS

SECTION 701. Optional Redemption or Purchase of Obligations and Second Lien Obligations. Upon payment to TBTA of the amount required by the TBTA PMT Resolution therefor and the MTA's direction to TBTA to do so, TBTA shall exercise any option it may have under the TBTA PMT Resolution to redeem or purchase all or any portion of the TBTA Obligations and/or TBTA Second Lien Obligations, as applicable, including, without limitation, any option TBTA may have under Section A-402 with respect to TBTA Obligations or Section B-402 of the TBTA PMT Resolution with respect to TBTA Second Lien Obligations to direct the TBTA Senior Lien Trustee or the TBTA Second Lien Trustee, respectively, to purchase or redeem TBTA Obligations and/or TBTA Second Lien Obligations and TBTA shall deposit into the TBTA Senior Debt Service Fund and/or the TBTA Second Lien Debt Service Fund, as applicable, all payments received from the MTA and designated for such purpose. TBTA hereby acknowledges that subsection 3 of Section A-502 with respect to TBTA Obligations and subsection 3 of Section B-501 with respect to TBTA Second Lien Obligations of the TBTA PMT Resolution give the MTA, in addition to TBTA, the right to deliver TBTA Obligations to the TBTA Senior Lien Trustee or the TBTA Second Lien Trustee in satisfaction in whole or in part, of any Sinking Fund Installment, as more fully provided in Section A-502 and Section B-501 of the TBTA PMT Resolution, respectively.

SECTION 702. Enforcement of MTA Financing Agreement Collections and Application of PMT Receipts.

(a) If for any reason, other than there being an insufficient amount of PMT Receipts deposited or required to be deposited into the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount for such purpose, MTA or TBTA shall fail to make the deposits and transfers hereunder, or shall fail to observe or perform any other covenant, condition or agreement on its part to be observed or performed, the Applicable Trustee as provided below shall, if such default has not been cured, have the right to institute any action in the nature of mandamus or take whatever action at law or in equity may appear necessary or desirable to collect the payments then due or thereafter to become due or to enforce performance and observance of any obligation, agreement or covenant hereunder.

(b) On and after any Applicable Debt Service Payment Date on which the principal or Redemption Price of and interest on any MTA Senior Lien Obligation and/or TBTA Senior Lien Obligation has not been paid in full, and, if the MTA does not diligently pursue the collection of any moneys due to the MTA pursuant to the terms of this Financing Agreement, or on or after the date when the MTA or TBTA shall fail to observe or perform any other covenant, condition or agreement on its part to be observed or performed hereunder, the MTA and TBTA agree that the TBTA Senior Lien Trustee or the MTA Senior Lien Trustee who has the larger principal amount of Senior Lien Obligations outstanding may pursue, in accordance with the terms and provisions

of the TBTA PMT Resolution and the MTA PMT Resolution, the collection and application of such amounts on behalf of the MTA or the performance of any such covenant, condition or agreement.

(c) On and after any Applicable Debt Service Payment Date on which the principal or Redemption Price of and interest on all MTA Senior Lien Obligations and TBTA Senior Lien Obligations has been paid in full, but on which the principal or Redemption Price of and interest on any MTA Second Lien Obligation and/or TBTA Second Lien Obligation has not been paid in full, and, if the MTA does not diligently pursue the collection of any moneys due to the MTA pursuant to the terms of this Financing Agreement, or, thereafter, the MTA or TBTA shall fail to observe or perform any other covenant, condition or agreement on its part to be observed or performed hereunder, the MTA and TBTA agree that the TBTA Second Lien Trustee or the MTA Second Lien Trustee who has the larger principal amount of bonds outstanding may pursue, in accordance with the terms and provisions of the TBTA PMT Resolution and the MTA PMT Resolution, the collection and application of such amounts on behalf of the MTA or the performance of any such covenant, condition or agreement.

(d) The remedies conferred upon or reserved under Section 7.02(a) hereof in respect of any default described therein are not intended to be exclusive of any other available remedy or remedies and shall be in addition to every other remedy now or hereafter existing at law or in equity; *provided, however*, that such remedy or remedies may in no event include a termination of this Financing Agreement, nor may they include any amendment, change, modification or alteration of this Financing Agreement that is inconsistent with Section 7.05 hereof.

(e) MTA and TBTA shall promptly notify each Applicable Trustee in writing that an event of default has occurred under the MTA PMT Resolution and the TBTA PMT Resolution, respectively. MTA also agrees that upon the occurrence of an event of default described in the preceding sentence, PMT Receipts will be available on an equitable basis among the Applicable Trustees in the priority and order established under this Financing Agreement.

SECTION 703. Information Concerning the MTA. Whenever TBTA shall issue TBTA PMT Indebtedness under the TBTA PMT Resolution, the MTA shall provide and certify, or cause to be provided and certified, to TBTA any information concerning the MTA and the PMT Receipts as TBTA shall reasonably request and determine is necessary or desirable for inclusion in the official statement or other offering document relating to the sale of such TBTA PMT Indebtedness.

The MTA hereby covenants and agrees that it will provide the annual operating and financial information required by Rule 15(c)2-12 of the United States Securities and Exchange Commission to the extent such Rule is applicable to the TBTA Obligations and TBTA Second Lien Obligations.

SECTION 704. Termination of this Financing Agreement. This Financing Agreement shall remain in full force and effect until the date on which the principal, Sinking Fund Installments, if any, or Redemption Price of and interest on the MTA PMT Indebtedness and the TBTA PMT Indebtedness shall have been fully paid and discharged or provision for the payment

and discharge thereof shall have been made as provided in the MTA PMT Resolution and the TBTA PMT Resolution, respectively.

SECTION 705. Amendment of this Financing Agreement.

(a) Subject in all respects to compliance with the provisions of Section 605 of the MTA PMT Resolution and Section 603 of the TBTA PMT Resolution, this Financing Agreement may be supplemented, amended or modified by a Supplemental Financing Agreement executed by the MTA and TBTA for any reason, including, without limitation, to reflect legislative amendments to any of the statutory provisions referenced herein; *provided, however*, that no such supplement, amendment or modification shall materially adversely affect the interest of the Owners of MTA PMT Indebtedness or Owners of TBTA PMT Indebtedness unless and until (i) there shall have been filed with each Applicable Trustee the written consents of the Owners of the percentage of Outstanding MTA Obligations and TBTA Obligations and/or MTA Second Lien Obligations and TBTA Second Lien Obligations affected by such Supplemental Financing Agreement as provided in the applicable MTA PMT Resolution and/or TBTA PMT Resolution, (ii) if the consent of any Applicable Trustee is required, such Applicable Trustee has consented thereto, and (iii) an executed copy of such Supplemental Financing Agreement certified by an Authorized Officer of MTA and/or TBTA, as applicable, shall have been filed with each Applicable Trustee.

(b) MTA shall furnish written notice to each of the Rating Agencies (to the extent each of them has a rating outstanding on any affected MTA PMT Indebtedness and/or TBTA PMT Indebtedness) of any amendment of this Financing Agreement.

SECTION 706. Assignment of Financing Agreement. This Financing Agreement may not be assigned, except to the Applicable Trustees, by either party without the written consent of the other party.

SECTION 707. Severability. If any one or more of the covenants, stipulations, promises, obligations or agreements provided herein on the part of any of the parties hereto to be performed should be contrary to law, then such covenant or covenants, stipulation or stipulations, promise or promises, obligation or obligations, or agreement or agreements shall be null and void, shall be deemed and construed to be severable from the remaining covenants, stipulations, promises, obligations and agreements and shall in no way affect the validity of the other provisions hereof.

SECTION 708. Disclaimer of Personal Liability. No recourse shall be had against or liability incurred by any member, officer or employee of the MTA or TBTA or any Person executing this Financing Agreement for failure to observe, perform or comply with any covenant or provision hereof or for any claims based thereon.

SECTION 709. Information Regarding Accounts and Subaccounts. The MTA agrees to advise TBTA, and, if requested by TBTA, the Applicable Trustees, on or prior to 10:00 A.M., New York City time, on the last Business Day of each month and at such other times as TBTA or the Applicable Trustees shall request, of the amounts then on deposit in the Mobility Tax Receipts Subaccount and the ATA Receipts Subaccount.

SECTION 710. Notices. All notices or other instruments required to be given or authorized to be given by any party pursuant to this Financing Agreement shall be in writing and shall be delivered by hand against written receipt therefor or sent by registered or certified mail addressed (i) in the case of MTA to it at 2 Broadway, New York, New York 10004 Attn: Chairman, with a copy to the MTA's General Counsel at the same address, (ii) in the case of TBTA to it at 2 Broadway, New York, New York 10004 Attn: President, with a copy to TBTA's General Counsel at the same address, and (iii) in the case of the Applicable Trustees, to the addresses provided in writing to TBTA and the MTA. The parties may from time to time designate other representatives or other addresses with respect to receipt of notices.

SECTION 711. Section Headings. All headings preceding the text of the several sections hereof, and any table of contents appended to copies hereof shall be solely for convenience or reference and shall not constitute a part hereof nor shall they affect its meaning, construction or effect.

SECTION 712. Counterparts. This Financing Agreement may be executed in several counterparts, each of which shall be deemed to be an original but such counterparts together shall constitute one and the same instrument.

SECTION 713. Governing Law. This Financing Agreement shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 714. Effectiveness of this Financing Agreement. Subject to the provisions of subsection 2 of Section 401 hereof, the provisions of this Financing Agreement shall be effective upon execution and delivery thereof by MTA and TBTA.

SECTION 715. Conflicts with MTA PMT Resolution and TBTA PMT Resolution. The MTA and TBTA each acknowledge and agree that, in the event of any conflict between any of the provisions of this Financing Agreement and any of the provisions of the MTA PMT Resolution or the TBTA PMT Resolution, the provisions of this Financing Agreement shall be controlling.

SECTION 716. Applicable Trustees are Third Party Beneficiaries Hereunder. Subject to their respective rights and responsibilities as trustees for Senior Lien Obligations and Second Lien Obligations, each of the MTA Senior Lien Trustee, MTA Subordinate Lien Trustee, TBTA Senior Lien Trustee and TBTA Subordinate Lien Trustee are hereby designated as third party beneficiaries hereunder to the extent necessary to exercise their rights and responsibilities under the MTA PMT Resolution and the TBTA PMT Resolution, respectively. In the event of enforcement in connection with Senior Lien Obligations, the MTA Senior Lien Trustee or the TBTA Senior Lien Trustee that at the time of enforcement has the larger principal amount of Senior Lien Obligations outstanding shall have the right of first refusal to exercise such rights and responsibilities. In the event that there are no Senior Lien Obligations outstanding or the MTA Senior Lien Trustee and the TBTA Senior Lien Trustee have decided not to exercise such right and responsibilities, the MTA Second Lien Trustee or the TBTA Senior Lien Trustee that at the time of enforcement has the larger principal amount of Second Lien Obligations outstanding shall have the right of first refusal to exercise such rights and responsibilities.

IN WITNESS WHEREOF, the parties hereto have set their hands as of the date first above written.

MULTIPLE SERIES 2021 PAYROLL MOBILITY TAX BOND SUPPLEMENTAL RESOLUTION

BE IT RESOLVED by the Board of Triborough Bridge and Tunnel Authority (the "Issuer"), as follows:

ARTICLE I

DEFINITIONS AND STATUTORY AUTHORITY

Section 1.01 Supplemental Resolution. This Supplemental Resolution to Issue Payroll Mobility Tax Bonds (the "Supplemental Resolution") is supplemental to, and is adopted in accordance with Article II, Article A-II and Article C-V of a resolution adopted by the Issuer on March 17, 2021, entitled "Payroll Mobility Tax Obligation Resolution", as heretofore supplemented (the "Resolution").

Section 1.02 Definitions.

1. All capitalized terms which are used but not otherwise defined in this Supplemental Resolution shall have the same meanings, respectively, as such terms are given by Section 102 of the Resolution.

2. In this Supplemental Resolution:

"Authorized Officer" shall include the officers designated as such in the Resolution, and the Chairman, the Chair of the Finance Committee, the Chief Financial Officer, the Deputy Chief, Financial Services, or the Director, Finance of the MTA, as well as any officer duly designated as "Acting" in said officer's capacity, except that, for the purposes of any delegation set forth herein that does not expressly include any Assistant Secretary, "Authorized Officer" shall not include any Assistant Secretary of the Issuer.

"Board" shall mean, when used with respect to the Issuer, the board of the Issuer acting as such pursuant to the provisions of the Issuer Act, and when used with respect to the MTA, the members of the MTA acting as such pursuant to the provisions of the MTA Act.

"Bond Counsel" shall mean Nixon Peabody LLP, Orrick, Herrington & Sutcliffe LLP, D. Seaton and Associates, P.A., P.C., Bryant Rabbino LLP or any other attorney or firm of attorneys of nationally recognized standing in the field of law relating to the issuance of obligations by state and municipal entities, selected by the Issuer.

"Code" shall mean the Internal Revenue Code of 1986, as amended, and regulations thereunder.

"Series 2021 Bonds" shall mean the Payroll Mobility Tax Obligations authorized by Article II of this Supplemental Resolution, subject to designation as hereinafter provided.

"Series 2021 Notes" shall mean the Payroll Mobility Tax Obligation Anticipation Notes, authorized to be issued, in accordance with Section A-203 of the Standard Resolution Provisions and/or Section B-203 of the Second Lien Standard Resolution Provisions, pursuant to a resolution of the Issuer adopted as of the date that this Supplemental Resolution is adopted.

"Series 2021 Refunding Obligations" shall mean the Payroll Mobility Tax Refunding Obligations authorized to be issued by Article II of the Resolution and pursuant to a resolution of the Issuer adopted as of the date that this Supplemental Resolution is adopted.

Section 1.03 Authority for this Supplemental Resolution. This Supplemental Resolution is adopted pursuant to the provisions of the Issuer Act and the Resolution.

ARTICLE II

AUTHORIZATION OF SERIES 2021 BONDS

Section 2.01 Principal Amount, Designation and Series. Pursuant to the Resolution and in order to finance Capital Costs, Obligations, which may be issued as Senior Lien Obligations or as Second Lien Obligations, in one or more Series or subseries and from time to time, entitled to the benefit, protection and security of the Resolution are hereby authorized to be issued in an aggregate principal amount not exceeding the principal amount necessary so that, after giving effect to any net original issue discount and underwriters' discount from the principal amount (but without giving effect to any net original issue premium as determined to be advisable by an Authorized Officer in connection with the marketing of the Series 2021 Bonds), the amount to be deposited in the Proceeds Account pursuant to, or otherwise applied to effectuate the purposes of, Section 2.02 and Section 3.01 of this Supplemental Resolution (exclusive of any amount deposited therein or otherwise applied pursuant to a Certificate of Determination to pay accrued interest, capitalized interest or any Costs of Issuance of the Series 2021 Bonds) shall not exceed the amount or amounts determined in one or more Certificates of Determination to be necessary to effectuate the purposes set forth in Section 2.02 hereof; provided, however, that the Series 2021 Bonds issued to finance Capital Costs shall not exceed $1.3 billion at any one time Outstanding reduced by the sum of (1) the Series 2021 Notes, (2) the amount of bonds (the "TRB Series 2021 Bonds") issued under the Multiple Series 2021 Transportation Revenue Bond Supplemental Resolution, adopted on December 16, 2020, (3) the amount of bond anticipation notes (the "TRB Series 2021 Notes") issued under the Metropolitan Transportation Authority Multiple Series 2021 Bond Anticipation Notes and Related Subordinated Indebtedness Transportation Revenue Bond Supplemental Resolution, adopted on December 16, 2020, (4) the amount of bonds (the "DTF Series 2021 Bonds") issued under the Metropolitan Transportation Authority Multiple Series 2021 Dedicated Tax Fund Bond Supplemental Resolution, adopted on December 16, 2020, and (5) the amount of bond anticipation notes (the "DTF Series 2021 Notes") issued under the Metropolitan Transportation Authority Multiple Series 2021 Bond Anticipation Notes and Related Subordinated Indebtedness Dedicated Tax Fund Bond Supplemental Resolution, adopted on December 16, 2020 (but, for purposes of clarification, not including any Series 2021 Bonds, Series 2021 Notes, TRB Series 2021 Bonds, TRB Series 2021 Notes, DTF Series 2021 Bonds or DTF Series 2021 Notes issued to refinance Series 2021 Notes, TRB Series 2021 Notes or DTF Series 2021 Notes).

Series 2021 Bonds shall be designated as, and shall be distinguished from the Obligations of all other Series by the title, "Payroll Mobility Tax Bonds, Series 2021" or such other title or titles set forth in one or more Certificates of Determination, including designating the Series of the Obligations to reflect the year in which such Obligations are issued.

The authority to issue the Obligations and take related actions granted under previous resolutions of the Issuer shall continue in full force and effect. The authorization to issue the Series 2021 Bonds shall continue in effect until the adoption by the Issuer Board of a subsequent new money bond issuance supplemental resolution relating to 2022 new money financings; provided, however, the authorization to issue the Series 2021 Bonds to refinance the Series 2021 Notes, the TRB Series 2021 Notes and the DTF Series 2021 Notes shall continue in effect until all of such Series 2021 Notes, TRB Series 2021 Notes and DTF Series 2021 Notes have been refinanced by Series 2021 Bonds, TRB Series 2021 Bonds and/or DTF Series 2021 Bonds.

Section 2.02 Purposes. The proceeds of the Series 2021 Bonds shall be used only for the purposes set forth in one or more Certificates of Determination and may include the application for any lawful purpose, including (i) the payment of all or any part of the Capital Costs, and (ii) the payment of principal of and redemption premium, if any, and interest on Outstanding Series 2021 Notes, TRB Series 2021 Notes or the DTF Series 2021 Notes, all to the extent and in the manner provided in this Supplemental Resolution.

Section 2.03 Dates, Maturities, Principal Amounts and Interest. The Series 2021 Bonds, except as otherwise provided in the Resolution, shall be dated the date or dates determined in the related Certificate of Determination. The Series 2021 Bonds shall mature on the date or dates and in the year or years and principal amount or amounts, and shall bear interest at the rate or rates per annum, if any, specified in or determined in the manner provided in the related Certificate of Determination.

Section 2.04 Interest Payments. The Series 2021 Bonds shall bear interest from their date or dates and be payable on such date or dates as may be determined pursuant to the related Certificate of Determination. Except as otherwise provided in the related Certificate of Determination, interest on the Series 2021 Bonds shall be computed on the basis of twelve (12) 30-day months and a 360-day year.

Section 2.05 Denominations, Numbers and Letters. Unless otherwise provided in the related Certificate of Determination, the Series 2021 Bonds shall be issued in fully registered form without coupons in the denomination of $5,000 or any integral multiple thereof. The Series 2021 Bonds shall be lettered and numbered as provided in the related Certificate of Determination.

Section 2.06 Places of Payment and Paying Agent. Except as otherwise provided in the related Certificate of Determination, principal and Redemption Price of the Series 2021 Bonds shall be payable to the registered owner of each Series 2021 Bond when due upon presentation of such Series 2021 Bond at the principal corporate trust office of the Trustee. Except as otherwise provided in the related Certificate of Determination, interest on the registered Series 2021 Bonds will be paid by check or draft mailed on the interest payment date by the Paying Agent, to the registered owner at his address as it appears on the registration books

or, at the option of any Owner of at least one million dollars ($1,000,000) in principal amount of the Series 2021 Bonds, by wire transfer in immediately available funds on each interest payment date to such Owner thereof upon written notice from such Owner to the Trustee, at such address as the Trustee may from time to time notify such Owner, containing the wire transfer address (which shall be in the continental United States) to which such Owner wishes to have such wire directed, if such written notice is received not less than twenty (20) days prior to the related interest payment date (such notice may refer to multiple interest payments).

Section 2.07 Sinking Fund Installments. The Series 2021 Bonds, if any, as determined in the related Certificate of Determination, shall be subject to redemption in part, by lot, or otherwise as determined in accordance with Section A-404 of the Resolution, on each date in the year or years at the principal amount thereof as determined in the related Certificate of Determination, plus accrued interest up to but not including the date of redemption thereof, from mandatory Sinking Fund Installments which are required to be made in amounts sufficient to redeem on each such date the principal amount of such Series 2021 Bonds.

Section 2.08 Redemption Prices and Terms. The Series 2021 Bonds may also be subject to redemption prior to maturity, at the option of the Issuer, upon notice as provided in Article A-IV of the Resolution, at any time as a whole or in part (and by lot within a maturity, or otherwise as determined in accordance with Section A-404 of the Resolution, if less than all of a maturity is to be redeemed), from maturities designated by the Issuer on and after the date and in the years and at the Redemption Prices (expressed as a percentage of principal amount) determined in the related Certificate of Determination, plus accrued interest up to but not including the redemption date. Notwithstanding the foregoing, in the case of taxable Series 2021 Bonds, if set forth in the Certificate of Determination, the taxable Series 2021 Bonds may be made subject to pro rata redemption and/or a make-whole redemption premium.

Section 2.09 Delegation to an Authorized Officer. 1. There is hereby delegated to each Authorized Officer, subject to the limitations contained in this Supplemental Resolution, the following powers with respect to the Series 2021 Bonds:

(a) to determine whether and when to issue any Series 2021 Bonds, whether to issue the Series 2021 Bonds as Senior Lien Series 2021 Bonds or as Second Lien Series 2021 Bonds, the amount of the Series 2021 Bonds to be applied to finance the purposes thereof, and the amount of the proceeds of the Series 2021 Bonds, estimated to be necessary to pay the Costs of Issuance of the Series 2021 Bonds and capitalized interest, if any;

(b) to determine the purpose or purposes for which the Series 2021 Bonds are being issued, which shall be one or more of the purposes set forth in Section 2.02 of this Supplemental Resolution;

(c) to determine the principal amounts of the Series 2021 Bonds to be issued for the purposes set forth in Section 2.02 of this Supplemental Resolution and whether such principal amounts constitute a separate Series or a subseries of Series 2021 Bonds, which principal amounts (and the aggregate of all such Series and subseries) shall not

exceed the principal amounts permitted by Section 2.01 of this Supplemental Resolution, and to determine Accreted Values and Appreciated Values, if applicable;

(d) to determine the maturity date and principal amount of each maturity of the Series 2021 Bonds and the amount and due date of each Sinking Fund Installment, if any;

(e) to determine the date or dates which the Series 2021 Bonds shall be dated and the interest rate or rates of the Series 2021 Bonds or the manner of determining such interest rate or rates; provided, however, that, unless otherwise determined by an Authorized Officer in a Certificate of Determination in connection with the issuance of Series 2021 Bonds to provide for the refinancing or refunding of Series 2021 Notes or of Series 2021 Refunding Obligations, any Series 2021 Bonds issued as fixed rate Tax-Exempt Obligations shall be subject to a maximum interest rate of not greater than 10% per annum, any Series 2021 Bonds issued as fixed rate Taxable Obligations shall be subject to a maximum interest rate of not greater than 12% per annum, any Variable Interest Rate Obligations issued as Tax-Exempt Obligations shall be subject to a maximum interest rate of not greater than 15% per annum, any Variable Interest Rate Obligations issued as Taxable Obligations shall be subject to a maximum interest rate of not greater than 18% per annum and any Parity Reimbursement Obligations shall be subject to a maximum interest rate of not greater than 25% per annum, or, in each such case, such higher rate or rates as determined by the Issuer's Board;

(f) to determine the Redemption Price or Redemption Prices, if any and the redemption terms, if any, for the Series 2021 Bonds; provided, however, that if the Series 2021 Bonds are to be redeemable at the election of the Issuer, the Redemption Price (except in the case of taxable Series 2021 Bonds) shall not be greater than one hundred three percent (103%) of the principal amount of the Series 2021 Bonds to be redeemed, plus accrued interest thereon up to but not including the date of redemption and in the case of taxable Series 2021 Bonds the Redemption Price may be determined pursuant to provisions relating to pro rata redemption and/or make-whole redemption;

(g) to determine whether the sale of the Series 2021 Bonds shall be conducted on either a negotiated or competitive bid basis and, as applicable, to determine the purchase price for the Series 2021 Bonds to be paid by the purchaser or purchasers referred to in one or more Purchase Agreements or a bank direct purchase agreement or the purchase price for the Series 2021 Bonds to be paid by the winning bidder, if such sale is conducted by competitive bid pursuant to a Notice of Sale (as hereinafter defined), in either case as such document is described in Section 2.10 of this Supplemental Resolution, which may include such original issue discount and original issue premium as shall be determined in the related Certificate of Determination; provided, however, that the underwriters' discount reflected in such purchase price shall not exceed $10.00 for each one thousand dollars ($1,000) principal amount of the Series 2021 Bonds;

(h) to take all actions required for the Series 2021 Bonds to be eligible under the rules and regulations of The Depository Trust Company ("DTC") for investment and trading as uncertificated securities, to execute and deliver a standard form of letter of

representation with DTC and, notwithstanding any provisions to the contrary contained in this Supplemental Resolution, to include in the related Certificate of Determination such terms and provisions as may be appropriate or necessary to provide for uncertificated securities in lieu of Series 2021 Bonds issuable in fully registered form;

(i) to determine whether to issue all or any portion of the Series 2021 Bonds as Tax-Exempt Obligations, Taxable Obligations, Put Obligations, Variable Interest Rate Obligations or as any other form of Obligations permitted by the Resolution and any matters related thereto, including (i) the terms and provisions of any such Series 2021 Bonds, (ii) the selection of remarketing agents, tender agents, calculation agents, auction agents, dealers, bidding agents or any other agents or parties to ancillary arrangements and the terms of any such arrangements, and (iii) the methods for determining the accrual of Debt Service;

(j) to determine the advisability, as compared to an unenhanced transaction, of obtaining one or more Credit Facilities, to select a provider or providers thereof and to determine and accept the terms and provisions and price thereof, to determine such other matters related thereto as in the opinion of the officer executing the related Certificate of Determination shall be considered necessary or appropriate and to effect such determinations by making any changes in or additions to this Supplemental Resolution required by Credit Facility providers, if any, or required by a Rating Agency in order to attain or maintain specific ratings on the Series 2021 Bonds, or relating to the mechanisms for the repayment of amounts advanced thereunder or payment of fees, premiums, expenses or any other amounts, notices, the provision of information, and such other matters of a technical, mechanical, procedural or descriptive nature necessary or appropriate to obtain or implement a Credit Facility with respect to the Series 2021 Bonds, and to make any changes in connection therewith;

(k) to make such changes to the form of this Supplemental Resolution as may be required by a Rating Agency in order to attain or maintain specific ratings on the Series 2021 Bonds;

(l) to make such changes to the form of this Supplemental Resolution as may be necessary or desirable in order to cure any ambiguities, inconsistencies or other defects; and

(m) to determine such other matters specified in or permitted by (i) Sections 201, 202, A-201 and C-201 of the Resolution or (ii) this Supplemental Resolution, including preparation of any documentation therefor.

2. Any Authorized Officer shall execute one or more Certificates of Determination evidencing the determinations made pursuant to this Supplemental Resolution and any such Certificate of Determination shall be conclusive evidence of the determinations of such Authorized Officer, as stated therein. More than one Certificate of Determination may be delivered to the extent more than one Series or subseries of Series 2021 Bonds are delivered from time to time or other authority is exercised under this Supplemental Resolution from time to time and each such Certificate of Determination shall be delivered to the Trustee concurrently

with the authentication and delivery of the respective Series or subseries of Series 2021 Bonds by the Trustee or other documentation. Determinations set forth in any Certificate of Determination shall have the same effect as if set forth in this Supplemental Resolution.

3. Any such Authorized Officer may exercise any authority delegated under this Supplemental Resolution from time to time following issuance of any Series 2021 Bonds, as appropriate for any purposes, including to change interest rate modes or auction periods; to obtain or terminate one or more Credit Facilities, including substitute or additional Credit Facilities; to enter into one or more bank direct purchase agreements or similar instruments; to appoint new or additional agents or other parties deemed appropriate to a particular form or mode of Obligation or manner of sale; to enter into one or more remarketing agreements, firm remarketing agreements, continuing disclosure agreements or other agreements in connection with the remarketing of any Series 2021 Bonds; if any Series 2021 Bonds shall consist of multiple subseries, to change the principal amounts and number of the individual subseries or to combine one or more subseries into a single Series or subseries; or, if any Series 2021 Bonds consist of a single Series or subseries, to divide such Series or subseries into two or more subseries and to determine the principal amount of such subseries. In connection with the remarketing, by negotiated sale, competitive bid or direct or private placement, of any Series 2021 Bonds, any such Authorized Officer is hereby authorized to make public and to authorize the use and distribution by remarketing agents or other appropriate parties of a remarketing circular (including a preliminary remarketing circular), or other disclosure document, in substantially the form executed or delivered by the Issuer in connection with the remarketing of other obligations, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable. Any Authorized Officer shall execute one or more amendments to the applicable Certificate or Certificates of Determination evidencing the determinations made pursuant to this paragraph and any such amended Certificate of Determination shall be conclusive evidence of the determinations of such Authorized Officer, as stated therein.

Section 2.10 Sale of Series 2021 Bonds. Each Authorized Officer is hereby authorized either (i) to sell and award all or any portion of the Series 2021 Bonds through a competitive bidding process to purchasers meeting the requirements of one or more Notices of Sale (as hereinafter defined) to be published in order to give notice of the competitive sale of the Series 2021 Bonds; (ii) to sell and award all or any portion of the Series 2021 Bonds through a negotiated sale to the purchasers who are referred to in the bond purchase agreement and who shall be selected from the then current list of approved underwriters or shall be an authorized purchaser under a federal or State program; or (iii) to sell and award all or any portion of the Series 2021 Bonds through a direct sale to the financial institution or institutions selected by the Authorized Officer who shall be referred to in the continuing covenant, direct purchase or similar agreement. Each Authorized Officer is hereby authorized to sell and award the Series 2021 Bonds to the purchasers referred to in the preceding sentence in the case of a bond purchase agreement, in substantially the form executed or delivered by the Issuer in connection with the sale of other Issuer obligations, or, with respect to a continuing covenant, direct purchase or similar agreement, containing bank facility terms and provisions (including, without limitation, increased costs, term-out, events of default and remedies) in substantially the form set forth in a letter of credit reimbursement agreement executed or delivered by the Issuer in connection with the sale of other Issuer obligations, including, if applicable, that the direct purchaser offer to the Issuer a term-out provision of no less than five years, with such revisions to reflect the terms and

provisions of the Series 2021 Bonds as may be approved by the Authorized Officer executing the bond purchase, continuing covenant or similar agreement (each, a "Purchase Agreement"). Each Authorized Officer is hereby authorized to agree to the selection of the representative of the underwriters or the other purchasers or facility providers as referred to in the Purchase Agreement or Agreements and to execute and deliver the Purchase Agreement or Agreements for and on behalf and in the name of the Issuer with such changes, omissions, insertions and revisions as may be approved by the Authorized Officer executing the Purchase Agreement or Agreements, said execution being conclusive evidence of such approval and concurrence in the selection of the representative of the underwriters.

If it is determined that any sale of Series 2021 Bonds shall be conducted on a competitive bid basis, each Authorized Officer is hereby further authorized to conduct the sale and award of the Series 2021 Bonds on the basis of a competitive bid, pursuant to the terms of a notice of sale, including bid form (the "Notice of Sale"), in a form, including any limitations on permitted bidders and a description of the basis for determining the winning bidder or bidders, determined by such Authorized Officer. Each Authorized Officer is hereby authorized to conduct such competitive sale of the Series 2021 Bonds in a manner consistent with this Supplemental Resolution and to utilize the services of the Authority's financial advisor and the services of an electronic bidding service, as such Authorized Officer shall determine, and the execution by such Authorized Officer of a letter of award shall be conclusive evidence of such award.

Each Authorized Officer is hereby authorized to make public and to authorize the use and distribution by said purchasers or other appropriate parties of a preliminary official statement, offering circular, or other disclosure document (the "Preliminary Official Statement") in connection with each public offering or any direct or private placement of the Series 2021 Bonds, in substantially the form executed or delivered by the Issuer in connection with the sale of other Issuer obligations, with such changes, omissions, insertions and revisions as such officer shall deem advisable. The Issuer authorizes any of said officers to deliver a certification to the effect that such Preliminary Official Statement, if deemed necessary or appropriate, together with such other documents, if any, described in such certificate, was deemed final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission as applicable.

Each Authorized Officer is hereby authorized to make public and to authorize distribution of a final official statement, offering circular or other disclosure document (the "Official Statement") in substantially the form of each Preliminary Official Statement or an executed and delivered Official Statement in connection with other Issuer obligations if there is not a Preliminary Official Statement, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable, to sign such Official Statement and to deliver such Official Statement to the purchasers of such issue of the Series 2021 Bonds, such execution being conclusive evidence of the approval of such changes, omissions, insertions and revisions.

Each Authorized Officer is hereby authorized to execute and deliver for and on behalf and in the name of the Issuer, to the extent determined by such Authorized Officer to be necessary or convenient, a Continuing Disclosure Agreement, substantially in the form of the Continuing Disclosure Agreement executed and delivered by the Issuer in connection with other obligations, with such changes, omissions, insertions and revisions as such Authorized Officer

shall deem advisable (the "Continuing Disclosure Agreement"), said execution being conclusive evidence of the approval of such changes, omissions, insertions and revisions.

The proceeds of each good faith deposit, if any, received by the Issuer from the purchasers of each issue of the Series 2021 Bonds under the terms of the related Purchase Agreement or Notice of Sale may be invested by the Issuer pending application of the proceeds of such good faith deposit for the purposes provided in Section 2.02 of this Supplemental Resolution at the time of the issuance and delivery of such Series 2021 Bonds.

Each Authorized Officer (including any Assistant Secretary of the Issuer) is hereby authorized and directed to execute, deliver, amend, replace or terminate any and all documents and instruments (including any remarketing agreements, dealer agreements, broker-dealer agreements, tender agent agreements, or auction agency agreements, any investment agreements or arrangements, or any reimbursement agreements or documents or instruments relating to a Credit Facility deemed appropriate to a given form or mode of an Obligation) and to do and cause to be done any and all acts necessary or proper for carrying out each Purchase Agreement or Notice of Sale, each Continuing Disclosure Agreement, the terms of any Credit Facility or other such agreement or arrangement, and the issuance, sale and delivery of the Series 2021 Bonds and for implementing the terms of the Series 2021 Bonds and the transactions contemplated hereby or thereby.

When reference is made in this Supplemental Resolution to the authorization of an Authorized Officer to do any act, such act may be accomplished by any of such officers individually.

Section 2.11 Forms of Series 2021 Bonds and Trustee's Authentication Certificate. Subject to the provisions of the Resolution, the form of registered Series 2021 Bonds, and the Trustee's certificate of authentication, shall be substantially in the form set forth in Exhibit One to the Resolution including, if necessary, any changes to comply with the requirements of DTC or the provisions of this Supplemental Resolution or the related Certificate of Determination.

Section 2.12 Appointment of Trustee and Paying Agent. The Authorized Officers are hereby authorized to select a qualifying trustee meeting the qualifications under the Resolution to act as the Trustee under the Resolution and the Paying Agent for the Series 2021 Bonds.

ARTICLE III

DISPOSITION OF SERIES 2021 BOND PROCEEDS

Section 3.01 Disposition of Series 2021 Bond Proceeds. Any proceeds of the sale of the Series 2021 Bonds, other than accrued interest and capitalized interest, if any, shall be deposited, simultaneously with the issuance and delivery of a series or subseries of the Series 2021 Bonds, or shall otherwise be applied pursuant to a Certificate of Determination as follows:

1. such proceeds shall be (i) deposited in the Series 2021 Bond Proceeds Account, which is hereby established in the Obligations Proceeds Fund for each such series or subseries, for the purposes set forth in Section 2.02; and

2. the balance of such proceeds shall be (i) deposited in the Series 2021 Costs of Issuance Account, which is hereby established in the Obligations Proceeds Fund for each such series or subseries, and applied to the payment of Costs of Issuance, or (ii) otherwise applied to the payment of Costs of Issuance.

Unless otherwise provided in the related Certificate of Determination, accrued interest and capitalized interest, if any, received on the sale of the Series 2021 Bonds shall be deposited in the Debt Service Fund.

ARTICLE IV

TAX COVENANTS AND DEFEASANCE

Section 4.01 Tax Covenants Relating to the Series 2021 Bonds. The Issuer covenants that, in order to maintain the exclusion from gross income for Federal income tax purposes of the interest on the Series 2021 Bonds issued as Tax-Exempt Obligations, the Issuer will satisfy, or take such actions as are necessary to cause to be satisfied, each provision of the Code necessary to maintain such exclusion. In furtherance of this covenant, the Issuer agrees to comply with such written instructions as may be provided by Bond Counsel. In furtherance of the covenant contained in the preceding sentence, the Issuer agrees to continually comply with the provisions of any "Arbitrage and Use of Proceeds Certificate" or "Tax Certificate" to be executed by the Issuer in connection with the execution and delivery of any Series 2021 Bonds issued as Tax-Exempt Obligations, as amended from time to time.

Notwithstanding any other provision of the Resolution to the contrary, upon the Issuer's failure to observe, or refusal to comply with the above covenant (a) the Owners of the Series 2021 Bonds, or the Trustee acting on their behalf, shall be entitled to the rights and remedies provided to Owners or the Trustee under Section C-402 of the Resolution, other than the right (which is hereby abrogated solely as to the Issuer's failure to observe, or refusal to comply with the above covenant) to declare the principal of all Obligations then Outstanding, and the interest accrued thereon, to be due and payable pursuant to Section 567 of the Issuer Act, and (b) neither the Owners of the Obligations of any Series (other than the Owners of the Series 2021 Bonds or the Trustee acting on their behalf), nor the Trustee acting on their behalf, shall be entitled to exercise any right or remedy provided to the Owners or the Trustee under the Resolution based upon the Issuer's failure to observe, or refusal to comply with, the above covenant.

Section 4.02 Defeasance. In the event the Issuer shall seek, prior to the maturity or redemption date thereof, to pay or cause to be paid, within the meaning and with the effect expressed in the Resolution, all or less than all Outstanding Series 2021 Bonds issued as Tax-Exempt Obligations and the provisions of Section 4.01 hereof shall then be of any force or effect, then, notwithstanding the provisions of Article A-IX of the Resolution, the Series 2021 Bonds issued as Tax-Exempt Obligations which the Issuer then seeks to pay or cause to be paid shall not be deemed to have been paid within the meaning and with the effect expressed in Section A-901 of the Resolution unless (i) the Issuer has confirmed in writing that the Owners of the Series 2021 Bonds issued as Tax-Exempt Obligations which the Issuer then seeks to pay or cause to be paid will continue, after such action, to have the benefit of a covenant to the effect of the covenant of the Issuer contained in Section 4.01 hereof or (ii) there shall have been delivered to

the Trustee an Opinion of Bond Counsel to the effect that non-compliance thereafter with the applicable provisions of the Code will not affect the then current treatment of interest on the Series 2021 Bonds issued as Tax-Exempt Obligations in determining gross income for Federal income tax purposes.

TRIBOROUGH BRIDGE AND TUNNEL AUTHORITY

MULTIPLE SERIES 2021 BOND ANTICIPATION NOTES
AND RELATED SUBORDINATED INDEBTEDNESS
PAYROLL MOBILITY TAX OBLIGATION SUPPLEMENTAL RESOLUTION

Adopted March 17, 2021

MULTIPLE SERIES 2021 BOND ANTICIPATION NOTES
AND RELATED SUBORDINATED INDEBTEDNESS
PAYROLL MOBILITY TAX OBLIGATION SUPPLEMENTAL RESOLUTION

BE IT RESOLVED by the Board of Triborough Bridge and Tunnel Authority (the "Issuer"), as follows:

ARTICLE I
DEFINITIONS AND STATUTORY AUTHORITY

SECTION 1.01. Supplemental Resolution. This Multiple Series 2021 Bond Anticipation Notes and Related Subordinated Indebtedness Payroll Mobility Tax Obligation Supplemental Resolution (the "Supplemental Resolution") is supplemental to, and is adopted in accordance with Article II, Article A-II, Article B-II and Article C-V of, a resolution adopted by the Issuer on March 17, 2021, entitled "Payroll Mobility Tax Obligation Resolution", as heretofore supplemented (the "Resolution").

SECTION 1.02. Definitions.

1. All capitalized terms which are used but not otherwise defined in this Supplemental Resolution shall have the same meanings, respectively, as such terms are given by Section 102 of the Resolution.

2. In this Supplemental Resolution:

"Authorized Officer" shall include the officers designated as such in the Resolution, and the Chairman, the Chair of the Finance Committee, the Chief Financial Officer, the Deputy Chief, Financial Services, or the Director, Finance of the MTA, as well as any officer duly designated as "Acting" in said officer's capacity, except that, for the purposes of any delegation set forth herein that does not expressly include any Assistant Secretary, "Authorized Officer" shall not include any Assistant Secretary of the Issuer.

"Board" shall mean, when used with respect to the Issuer, the board of the Issuer acting as such pursuant to the provisions of the Issuer Act, and when used with respect to the MTA, the members of the MTA acting as such pursuant to the provisions of the MTA Act.

"Bond Counsel" shall mean Nixon Peabody LLP, Orrick, Herrington & Sutcliffe LLP, D. Seaton and Associates, P.A., P.C., Bryant Rabbino LLP or any other attorney or firm of attorneys of nationally recognized standing in the field of law relating to the issuance of obligations by state and municipal entities, selected by the Issuer.

"Code" shall mean the Internal Revenue Code of 1986, as amended, and regulations thereunder.

"Notice of Sale" shall mean the form of Notice of Sale to be distributed with the Preliminary Official Statement, hereinafter defined, and published in the event of a competitive sale of the Series 2021 Notes.

"Owner", or any similar term, means any person who shall be the registered owner of any Outstanding Series 2021 Note or Notes.

"Series 2021 Bonds" shall mean the Payroll Mobility Tax Bonds, Series 2021, authorized by Article II of the Resolution and pursuant to a resolution of the Issuer adopted as of the date that this Supplemental Resolution is adopted.

"Series 2021 Notes" shall mean the Payroll Mobility Tax Bond Anticipation Notes, Series 2021, authorized to be issued, in accordance with Section A-203 of the Standard Resolution Provisions and/or Section B-203 of the Second Lien Standard Resolution Provisions, pursuant to this Supplemental Resolution, subject to redesignation as hereinafter provided.

"Series 2021 Refunding Obligations" shall mean the Payroll Mobility Tax Refunding Obligations authorized to be issued by Article II of the Resolution and pursuant to a resolution of the Issuer adopted as of the date that this Supplemental Resolution is adopted.

SECTION 1.03. Authority for this Supplemental Resolution. This Supplemental Resolution is adopted pursuant to the provisions of the Issuer Act and the Resolution.

ARTICLE II
AUTHORIZATION OF SERIES 2021 NOTES

SECTION 2.01. Principal Amount, Designation and Series. Pursuant to the Resolution, Payroll Mobility Tax Bond Anticipation Notes constituting Obligation Anticipation Notes or Second Lien Obligation Anticipation Notes under the Resolution, which may be issued in one or more Series or subseries and from time to time, entitled to the benefit, protection and security of the Resolution are hereby authorized to be issued in an aggregate principal amount necessary so that, after giving effect to any net original issue discount and underwriters' discount from the principal amount (but without giving effect to any net original issue premium as determined to be advisable by an Authorized Officer in connection with the marketing of the Series 2021 Notes), the amount to be deposited in the Series 2021 Note Proceeds Account pursuant to, or otherwise applied to effectuate the purposes of, Section 2.02 and Section 3.01 of this Supplemental Resolution (exclusive of any amount deposited therein or otherwise applied pursuant to a Certificate of Determination to pay accrued interest, capitalized interest, or any Costs of Issuance of the Series 2021 Notes), shall not exceed $1.3 billion at any one time outstanding reduced by the sum of (1) the amount of Series 2021 Bonds issued under the Triborough Bridge and Tunnel Authority Multiple Series 2021 Payroll Mobility Tax Bond Supplemental Resolution, adopted on March 17, 2021, (2) the amount of bonds (the "TRB Series 2021 Bonds") issued under the Metropolitan Transportation Authority Multiple Series 2021 Transportation Revenue Bond Supplemental Resolution, adopted on December 16, 2020, (3) the amount of bonds (the "DTF Series 2021 Bonds") issued under the Metropolitan Transportation Authority Multiple Series 2021 Dedicated Tax Fund Bond Supplemental Resolution, adopted on December 16, 2020, (4) the amount of bond anticipation notes (the "TRB Series 2021 Notes") issued under the Metropolitan Transportation Authority Multiple Series 2021 Bond Anticipation Notes and Related Subordinated Indebtedness Transportation Revenue Bond Supplemental Resolution, adopted on December 16, 2020, and (5) the amount of bond anticipation notes (the "DTF Series 2021 Notes") issued under the Metropolitan Transportation Authority Multiple Series 2021 Bond Anticipation Notes and Related Subordinated Indebtedness Dedicated Tax Fund Bond Supplemental Resolution, adopted on December 16, 2020 (but, for purposes of clarification, not including any Series 2021 Notes, Series 2021 Bonds, TRB Series 2021 Bonds, TRB Series 2021 Notes, DTF Series 2021 Bonds or DTF Series 2021 Notes issued to refinance Series 2021 Notes, TRB Series 2021 Notes or DTF Series 2021 Notes). The Series 2021 Notes may be issued in the form of a loan agreement, line of credit, revolving credit agreement or similar facility (each, a "Loan Facility"). For all purposes of this Section such Payroll Mobility Tax Bond Anticipation Notes shall be designated as, and shall be distinguished from the Payroll Mobility Tax Bond Anticipation Notes of all other Series by the title, "Payroll Mobility Tax Bond Anticipation Notes, Series 2021", with such further

or different designations as may be provided in any Certificate of Determination, including designating the Series of the Obligations to reflect the year in which the Obligations are issued.

The authority to issue Obligation Anticipation Notes and to take related actions granted under previous resolutions of the Issuer shall continue in full force and effect. The authorization to issue the Series 2021 Notes shall continue in effect until the adoption by the Issuer's Board of a subsequent new money note issuance supplemental resolution relating to 2022 new money financings, provided, however, the authorization to issue the Series 2021 Notes for the purposes set forth in clause (ii) of Section 2.02 hereof to the extent permitted by law and to issue TRB Series 2021 Bonds, DTF Series 2021 Bonds and the Series 2021 Bonds to refinance the TRB Series 2021 Notes, the DTF Series 2021 Notes and the Series 2021 Notes authorized hereunder shall continue in effect until all of such TRB Series 2021 Notes, DTF Series 2021 Notes and Series 2021 Notes have been refinanced by TRB Series 2021 Bonds, DTF Series 2021 Bonds and/or Series 2021 Bonds.

The Issuer hereby covenants and agrees for the benefit of the Owners and beneficial owners of the Series 2021 Notes that it will maintain issuance capacity pursuant to the Resolution to issue Payroll Mobility Tax Obligations or additional Obligation Anticipation Notes in an amount sufficient to pay the principal of and interest on the Series 2021 Notes when due.

SECTION 2.02. Use of Proceeds. The proceeds of the Series 2021 Notes shall be used only for the purposes set forth in one or more Certificates of Determination and may include (i) the payment of all or any part of the Capital Costs, including Costs of Issuance related to the Series 2021 Notes, and (ii) the payment of the principal and interest of Outstanding Series 2021 Notes, TRB Series 2021 Notes or DTF Series 2021 Notes.

SECTION 2.03. Dates, Maturities, Principal Amounts and Interest; Redemption. The Series 2021 Notes shall be dated the date or dates determined in the related Certificate of Determination. The Series 2021 Notes shall mature on the date or dates and in the year or years and in the principal amount or amounts, and shall bear interest at the rate or rates per annum, if any, specified in or determined in the manner provided in any Certificate of Determination. Except as otherwise provided in the related Certificate of Determination, the Series 2021 Notes shall not be subject to redemption prior to maturity.

SECTION 2.04. Interest Payments. The Series 2021 Notes shall bear interest from their date or dates and be payable on such date or dates as may be determined pursuant to the related Certificate of Determination. Except as otherwise provided in the related Certificate of Determination, interest on the Series 2021 Notes shall be computed on the basis of twelve (12) 30-day months and a 360-day year.

SECTION 2.05. Denominations, Numbers and Letters. Unless otherwise provided in the related Certificate of Determination, the Series 2021 Notes shall be issued in fully registered form without coupons in the denomination of $5,000 or any integral multiple thereof. The Series 2021 Notes shall be numbered and lettered as provided in the related Certificate of Determination.

SECTION 2.06. Places of Payment and Paying Agents. Except as otherwise provided in the related Certificate of Determination, principal and Redemption Price of the Series 2021 Notes shall be payable to the registered owner of each Series 2021 Note when due upon presentation of such Series 2021 Note at the principal corporate trust office of the Trustee. Except as otherwise provided in the related Certificate of Determination, interest on the registered Series 2021 Notes will be paid by check or draft mailed on the interest payment date by the Paying Agent to the registered owner at his address as it appears on the registration books or, at the option of any Owner of at least one million dollars ($1,000,000) in principal amount of the Series 2021 Notes, by wire transfer in immediately available funds on each interest payment date to such Owner thereof upon written notice from such Owner to the Trustee, at such address

as the Trustee may from time to time notify such Owner, containing the wire transfer address (which shall be in the continental United States) to which such Owner wishes to have such wire directed, if such written notice is received not less than twenty (20) days prior to the related interest payment date (such notice may refer to multiple interest payments).

SECTION 2.07. Sources of Payment

1. The principal of and interest on the Series 2021 Notes may be payable solely from (i) the proceeds of any other Series 2021 Notes, TRB Series 2021 Notes or DTF Series 2021 Notes, (ii) the proceeds of the Series 2021 Bonds, TRB Series 2021 Bonds or DTF Series 2021 Bonds, and (iii) the proceeds of notes or other evidences of indebtedness or any other amounts (which other amounts are not pledged under the Resolution), in each case if and to the extent such amounts may lawfully be used to make such payments. The interest on the Series 2021 Notes may also be payable from amounts available for the payment of Other Subordinated Indebtedness, as provided in the Certificate of Determination.

2. There are hereby pledged to the payment of principal and interest on the Series 2021 Notes (i) the proceeds of other Series 2021 Notes, TRB Series 2021 Notes or DTF Series 2021 Notes issued to refinance such Series 2021 Notes, and (ii) the proceeds of the Series 2021 Bonds and the Series 2021 Refunding Obligations issued to refinance such Series 2021 Notes, and such pledge has priority over any other pledge thereof created by the Resolution, including Section 501. There is also hereby pledged to the payment of interest on the Series 2021 Notes amounts available for the payment of Other Subordinated Indebtedness as provided in Section A-203 of the Resolution or Section B-203 of the Resolution, as applicable. Proceeds and amounts described in clause (iii) of Section 2.07(1) hereof may be pledged to the payment of principal and interest on the Series 2021 Notes to the extent set forth in a Certificate of Determination.

3. The Issuer hereby covenants and agrees for the benefit of the Owners and Beneficial Owners of the Series 2021 Notes that it will maintain issuance capacity pursuant to the Resolution to issue Series 2021 Obligations and/or Series 2021 Refunding Obligations or additional Series 2021 Obligation Anticipation Notes in an amount sufficient to pay the principal of and interest on the Series 2021 Notes when due, and, unless otherwise paid prior to maturity with legally available funds, it will issue Series 2021 Obligations to provide for the timely payment at maturity of principal of and interest on the Series 2021 Notes.

SECTION 2.08. Delegation to an Authorized Officer.

1. There is hereby delegated to each Authorized Officer, subject to the limitations contained in this Supplemental Resolution, the following powers with respect to the Series 2021 Notes:

(a) to determine whether and when to issue any Series 2021 Notes, whether to issue the Series 2021 Notes as Senior Lien Series 2021 Notes or as Second Lien Series 2021 Notes, the amount of the Series 2021 Notes to be applied to finance Capital Costs or other uses as provided in Section 2.02 of this Supplemental Resolution and the amount of the proceeds of the Series 2021 Notes estimated to be necessary to pay the Costs of Issuance of the Series 2021 Notes;

(b) to determine the purpose or purposes for which the Series 2021 Notes are being issued, which shall be one or more of the purposes set forth in Section 2.02 hereof;

(c) to determine the principal amount of the Series 2021 Notes to be issued, which principal amount shall not exceed the amount described in Section 2.01 of this Supplemental Resolution, and whether such Series 2021 Notes shall be issued in one or more Series or subseries;

(d) to determine the maturity date and principal amount of each maturity of the Series 2021 Notes; provided that the Series 2021 Notes shall mature no later than five years after the date of issuance of such Series 2021 Notes;

(e) to determine the date or dates which the Series 2021 Notes shall be dated and the interest rate or rates of the Series 2021 Notes, provided that the true interest cost (as calculated by the officers of the Issuer executing any Certificate of Determination, which calculation shall be conclusive) on the Series 2021 Notes bearing a fixed rate of interest shall not exceed 4% per annum and for Series 2021 notes bearing interest at a variable interest rate shall not exceed a rate equal to SIFMA or one-month or three-month LIBOR or any short-term index generally accepted in the marketplace, in each case, plus 4% and any default rate or equivalent rate shall not exceed the sum of 4% plus either a specified prime rate or the federal funds rate;

(f) to determine the Redemption Price or Redemption Prices, if any, and the redemption terms, if any, for the Series 2021 Notes; provided, however, that if the Series 2021 Notes are to be redeemable at the election of the Issuer, the Redemption Price (except in the case of Series 2021 Notes issued as Taxable Obligations) shall not be greater than one hundred three percent (103%) of the principal amount of the Series 2021 Notes to be redeemed, plus accrued interest thereon up to but not including the date of redemption and in the case of Series 2021 Notes issued as Taxable Obligations the Redemption Price may be determined pursuant to provisions relating to pro rata redemption and/or make-whole redemption;

(g) to determine the advisability of conducting the sale of all or any portion of the Series 2021 Notes through competitive bidding or through a negotiated sale or a direct purchase transaction, and to determine the purchase price for the Series 2021 Notes to be paid by the purchasers pursuant to either a competitive bid process or by the purchasers referred to in the Purchase Agreement described in Section 2.09 of this Supplemental Resolution in the event the Series 2021 Notes are sold, in such Authorized Officer's discretion, through a negotiated sale or a direct purchase transaction, which may include such original premium and original issue discount as shall be determined in the related Certificate of Determination, provided, however, that in the case of a negotiated transaction, underwriters' discount reflected in such purchase price shall not exceed $3.50 for each one thousand dollars ($1,000) principal amount of the Series 2021 Notes;

(h) to determine the advisability, as compared to an unenhanced transaction, of obtaining municipal bond insurance or any other credit or liquidity facility, to determine and accept the terms and provisions and price thereof, to determine the items to be pledged to the Series 2021 Notes from those permitted by Section A-203 of the Resolution, and to determine such other matters as the officer executing any Certificate of Determination shall consider necessary or appropriate and to effect such determinations by making any changes in or additions to this Supplemental Resolution required by bond insurers or the provider of any other credit or liquidity facility, if any, or required by the bond rating agencies in order to attain or maintain specific ratings on the Series 2021 Notes, or relating to the mechanism for the payment of insurance premium, credit or liquidity facility fees or direct purchase fees, notices, the provision of information, and such other matters of a technical, mechanical, procedural or descriptive nature necessary or appropriate to implement an insurance policy or any other credit or liquidity facility with respect to the Series 2021 Notes, and to make any changes in connection therewith. Such changes may include, but are not limited to, the making of any additional covenants with Owners or other parties deemed necessary or appropriate by the officer executing any Certificate of Determination;

(i) to take all actions required for the Series 2021 Notes to be eligible under the rules and regulations of The Depository Trust Company ("DTC") for investment and trading as

uncertificated securities, to execute and deliver a standard form letter of representation with, or other form of document required by, DTC and, notwithstanding any provisions to the contrary contained in this Supplemental Resolution, to include in any Certificate of Determination such terms and provisions as may be appropriate or necessary to provide for uncertificated securities in lieu of Notes issuable in fully registered form; and

(j) to determine whether to issue all or any part of the Series 2021 Notes as Tax-Exempt Obligations or Taxable Obligations;

(k) to make such changes to the form of this Supplemental Resolution as may be required by a Rating Agency in order to attain or maintain specific ratings on the Series 2021 Notes;

(l) to make such changes to the form of this Supplemental Resolution as may be necessary or desirable in order to cure any ambiguities, inconsistencies or other defects; and

(m) to determine any other matters provided for herein, including the matters set forth in Sections 2.11 and 2.12 hereof.

2. Any Authorized Officer shall execute one or more Certificates of Determination evidencing the determinations made pursuant to this Supplemental Resolution and any such Certificate of Determination shall be conclusive evidence of the determinations of such Authorized Officer, as stated therein. More than one Certificate of Determination may be delivered to the extent more than one Series or subseries of Series 2021 Notes are delivered from time to time, or other authority is exercised under this Supplemental Resolution from time to time and each such Certificate of Determination shall be delivered to the Trustee concurrently with the authentication and delivery of the respective Series or subseries of Series 2021 Notes by the Trustee or other documentation. Determinations set forth in any Certificate of Determination shall have the same effect as if set forth in this Supplemental Resolution.

3. Any such Authorized Officer may exercise any authority delegated under this Supplemental Resolution from time to time following issuance of any Series 2021 Notes, as appropriate for any purposes, including to change interest rate modes or auction periods; to obtain or terminate one or more Credit Facilities, including substitute or additional Credit Facilities; to enter into one or more bank direct purchase agreements or similar instruments; to appoint new or additional agents or other parties deemed appropriate to a particular form or mode of Obligation or manner of sale; to enter into one or more remarketing agreements, firm remarketing agreements, continuing disclosure agreements or other agreements in connection with the remarketing of any Series 2021 Notes; if any Series 2021 Notes shall consist of multiple subseries, to change the principal amounts and number of the individual subseries or to combine one or more subseries into a single Series or subseries; or, if any Series 2021 Notes consist of a single Series or subseries, to divide such Series or subseries into two or more subseries and to determine the principal amount of such subseries. In connection with the remarketing, by negotiated sale, competitive bid or direct or private placement, of any Series 2021 Notes, any such Authorized Officer is hereby authorized to make public and to authorize the use and distribution by remarketing agents or other appropriate parties of a remarketing circular (including a preliminary remarketing circular), or other disclosure document, in substantially the form most recently executed or delivered by the Issuer in connection with the remarketing of Obligations, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable. Any Authorized Officer shall execute one or more amendments to the applicable Certificate or Certificates of Determination evidencing the determinations made pursuant to this paragraph and any such amended Certificate of Determination shall be conclusive evidence of the determinations of such Authorized Officer, as stated therein.

SECTION 2.09. Sale of Series 2021 Notes. Each Authorized Officer is hereby authorized either (i) to sell and award all or any portion of the Series 2021 Notes through a competitive bidding process to purchasers meeting the requirements of one or more Notices of Sale to be published in order to give notice of the competitive sale of the Series 2021 Notes; (ii) to sell and award all or any portion of the Series 2021 Notes through a negotiated sale to the purchasers who are referred to in the note purchase agreement and who shall be selected from the then current list of approved underwriters or shall be an authorized purchaser under a federal or State program; (iii) to sell and award all or any portion of the Series 2021 Notes through a direct sale to the financial institution or institutions selected by the Authorized Officer who shall be referred to in the continuing covenant, direct purchase or similar agreement; or (iv) to issue all or any portion of the Series 2021 Notes in the form of a Loan Facility to any financial institution or institutions selected by the Authorized Officer. Each Authorized Officer is hereby authorized to sell and award the Series 2021 Notes to the purchasers referred to in the preceding sentence in the case of a note purchase agreement, in substantially the form most recently executed or delivered by the Issuer in connection with the sale of Obligations, or, with respect to a sale under a federal or State program, a note purchase agreement in substantially the form approved by the authorized purchaser under such federal or State program or most recently executed or delivered by the Issuer under such federal or State program, or, with respect to a Loan Facility or a continuing covenant, direct purchase or similar agreement, containing bank facility terms and provisions (including, without limitation, increased costs, term-out, events of default and remedies) in substantially the form set forth in a letter of credit reimbursement agreement most recently executed or delivered by the Issuer, including, if applicable, that the requirement that the Loan Facility issuer or direct purchaser offer to the Issuer a term-out provision of no less than five years, with such revisions to reflect the terms and provisions of the Series 2021 Notes as may be approved by the Authorized Officer executing the note purchase, Loan Facility, continuing covenant or similar agreement (each, a "Purchase Agreement"). Each Authorized Officer is hereby authorized to agree to the selection of the representative of the underwriters or the other purchasers or facility providers as referred to in the Purchase Agreement or Agreements and to execute and deliver the Purchase Agreement or Agreements for and on behalf and in the name of the Issuer with such changes, omissions, insertions and revisions as may be approved by the Authorized Officer executing the Purchase Agreement or Agreements, said execution being conclusive evidence of such approval and concurrence in the selection of the representative of the underwriters.

If it is determined that any sale of Series 2021 Notes shall be conducted on a competitive bid basis, each Authorized Officer is hereby further authorized to conduct the sale and award of the Series 2021 Notes on the basis of a competitive bid, pursuant to the terms of the Notice of Sale, in a form, including any limitations on permitted bidders and a description of the basis for determining the winning bidder or bidders, determined by such Authorized Officer. Each Authorized Officer is hereby authorized to conduct such competitive sale of the Series 2021 Notes in a manner consistent with this Supplemental Resolution and to utilize the services of the Authority's financial advisor and the services of an electronic bidding service, as such Authorized Officer shall determine, and the execution by such Authorized Officer of a letter of award shall be conclusive evidence of such award.

Each Authorized Officer is hereby authorized, to the extent required, to make public and to authorize the use and distribution by said purchasers of a preliminary official statement, preliminary offering circular, or other disclosure document (the "Preliminary Official Statement"), in connection with the public offering of the Series 2021 Notes, in substantially the form most recently executed or delivered by the Issuer in connection with the sale of Obligations of the Issuer, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable, said distribution being conclusive evidence of the approval of such changes, omissions, insertions and revisions. The Issuer authorizes any of said officers to deliver a certification to the effect that such Preliminary Official Statement or Official Statement (as hereinafter defined), if deemed necessary or appropriate, together with such other documents,

if any, described in such certificate, was deemed final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission, as applicable.

Each Authorized Officer is hereby authorized, to the extent required, to make public and to authorize distribution of a final official statement, offering circular or other disclosure document (the "Official Statement") in substantially the form of the Preliminary Official Statement or the most recently executed and delivered Official Statement if there is not a Preliminary Official Statement, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable, to sign such Official Statement and to deliver such Official Statement to the purchasers of the Series 2021 Notes, said execution being conclusive evidence of the approval of such changes, omissions, insertions and revisions.

Notwithstanding the preceding two paragraphs, however, each Authorized Officer may make public and authorize the use and distribution of a final Official Statement in connection with the public offering of the Series 2021 Notes meeting the requirements of the preceding two paragraphs and may deem such Official Statement final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission.

Each Authorized Officer is hereby authorized to execute and deliver for and on behalf and in the name of the Issuer, to the extent determined by such Authorized Officer to be necessary or convenient, a Continuing Disclosure Agreement, substantially in the form of the Continuing Disclosure Agreement most recently executed and delivered by the Issuer, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable (the "Continuing Disclosure Agreement"), said execution being conclusive evidence of the approval of such changes, omissions, insertions and revisions.

Each Authorized Officer (including any Assistant Secretary of the Issuer) is hereby authorized and directed to execute and deliver any and all documents and instruments and to do and cause to be done any and all acts necessary or proper for carrying out the Notice of Sale, the Purchase Agreement, the Continuing Disclosure Agreement, the terms of any municipal bond insurance or any other credit or liquidity facility, and the issuance, sale and delivery of the Series 2021 Notes, and for implementing the terms of the Series 2021 Notes and the transactions contemplated hereby or thereby.

When reference is made in this Supplemental Resolution to the authorization of an Authorized Officer to do any act, such act may be accomplished by any of such Authorized Officers individually.

SECTION 2.10. Forms of Series 2021 Notes and Authentication Certificate. The form of registered Series 2021 Notes, and the certificate of authentication, shall be of substantially the form and tenor provided in any Certificate of Determination.

SECTION 2.11. Appointment of Trustee, Paying Agent and other Agents. There is hereby delegated to any Authorized Officer executing any Certificate of Determination the right and authority to appoint any trustee, paying agent, fiscal agent or other agent with respect to the Series 2021 Notes deemed advisable by such Authorized Officer and to determine the terms and provisions of any arrangements with any such parties.

SECTION 2.12. General Provisions. As and to the extent provided in any Certificate of Determination, the provisions of Articles A-III, IV, A-IV, A-VII, A-IX and C-VI of the Resolution may apply equally to the Series 2021 Notes as though set forth in full herein but with each reference to Bonds being a reference to Series 2021 Notes, except as affected by the terms hereof and the procedures of the Securities Depository; provided that the Authorized Officer executing any Certificate of Determination

may, in the alternative, set forth in any Certificate of Determination provisions relating to any such matters as deemed necessary or appropriate by such Authorized Officer.

ARTICLE III

DISPOSITION AND ALLOCATION OF SERIES 2021 NOTE PROCEEDS

SECTION 3.01. Disposition of Series 2021 Note Proceeds. Except as otherwise provided in any Certificate of Determination, the proceeds of the sale of the Series 2021 Notes shall be deposited in the Series 2021 Note Proceeds Account which is hereby established in the Proceeds Fund and applied pursuant to the related Certificate of Determination to the payment of Capital Costs, including any Costs of Issuance and accrued and capitalized interest, and the payment of principal of and interest on Outstanding Series 2021 Notes, TRB Series 2021 Notes or DTF Series 2021 Notes.

ARTICLE IV
TAX COVENANT PROVISIONS AND DEFEASANCE

SECTION 4.01. Tax Covenants Relating to the Series 2021 Notes. The Issuer covenants that, in order to maintain the exclusion from gross income for Federal income tax purposes of the interest on the Series 2021 Notes issued as Tax-Exempt Obligations, the Issuer will satisfy, or take such actions as are necessary to cause to be satisfied, each provision of the Code necessary to maintain such exclusion. In furtherance of this covenant, the Issuer agrees to comply with such written instructions as may be provided by Bond Counsel. In furtherance of the covenant contained in the preceding sentence, the Issuer agrees to continually comply with the provisions of any "Arbitrage and Use of Proceeds Certificate" or "Tax Certificate" to be executed by the Issuer in connection with the execution and delivery of any Series 2021 Notes issued as Tax-Exempt Obligations, as amended from time to time.

Notwithstanding any other provision of the Resolution to the contrary, upon the Issuer's failure to observe, or refusal to comply with, the above covenant (a) the Owners of the Series 2021 Notes, or the Trustee acting on their behalf, shall be entitled to the rights and remedies provided to Owners or the Trustee under Section C-402 of the Resolution (as though such provisions related to Series 2021 Notes rather than Bonds), other than the right (which is hereby abrogated solely as to the Issuer's failure to observe, or refusal to comply with the above covenant) to declare the principal of all Notes then Outstanding, and the interest accrued thereon, to be due and payable pursuant to Section 567 of the Issuer Act, and (b) neither the Owners of the Notes of any Series (other than the Owners of the Series 2021 Notes or the Trustee acting on their behalf) nor the Trustee acting on their behalf, shall be entitled to exercise any right or remedy provided to Owners under the Resolution based upon the Issuer's failure to observe, or refusal to comply with, the above covenant.

SECTION 4.02. Defeasance. In the event the Issuer shall seek, prior to the maturity or redemption date thereof, to pay or cause to be paid, within the meaning and with the effect expressed in this Supplemental Resolution, all or less than all Outstanding Series 2021 Notes issued as Tax-Exempt Obligations and the provisions of Section 4.01 hereof shall then be of any force or effect, then, notwithstanding the provisions of this Supplemental Resolution, the Series 2021 Notes issued as Tax-Exempt Obligations which the Issuer then seeks to pay or cause to be paid shall not be deemed to have been paid within the meaning and with the effect expressed in this Supplemental Resolution unless (i) the Issuer has confirmed in writing that the Owners of the Series 2021 Notes issued as Tax-Exempt Obligations which the Issuer then seeks to pay or cause to be paid will continue, after such action, to have the benefit of a covenant to the effect of the covenant of the Issuer contained in Section 4.01 hereof or (ii) there shall have been delivered to the Trustee an opinion of Bond Counsel to the effect that non-compliance thereafter with

the applicable provisions of the Code will not affect the then current treatment of interest on the Series 2021 Notes issued as Tax-Exempt Obligations in determining gross income for Federal income tax purposes.

MULTIPLE SERIES
PAYROLL MOBILITY TAX REFUNDING OBLIGATION
SUPPLEMENTAL RESOLUTION

BE IT RESOLVED by the Triborough Bridge and Tunnel Authority (the "Issuer"), as follows:

ARTICLE I

DEFINITIONS AND STATUTORY AUTHORITY

Section 1.01. Supplemental Resolution**.** This Multiple Series Payroll Mobility Tax Refunding Obligation Supplemental Resolution (this "Supplemental Resolution") is supplemental to, and is adopted in accordance with Article II and Article C-V of, a resolution of the Issuer adopted on March 17, 2021, entitled "Payroll Mobility Tax Obligation Resolution" (the "Resolution").

Section 1.02. Definitions.

1. All capitalized terms which are used but not otherwise defined in this Supplemental Resolution shall have the same meanings, respectively, as such terms are given by Section 102 of the Resolution.

2. In this Supplemental Resolution:

"Authorized Officer" shall include the officers designated as such in the Resolution, and the Chairman, the Chair of the Finance Committee, the Chief Financial Officer, the Deputy Chief, Financial Services or the Director, Finance of the MTA, as well as any officer duly designated as "Acting" in said officer's capacity, except that, for the purposes of any delegation set forth herein that does not expressly include any Assistant Secretary, "Authorized Officer" shall not include any Assistant Secretary of the Issuer.

"Board" shall mean, when used with respect to the Issuer, the board of the Issuer acting as such pursuant to the provisions of the Issuer Act, and when used with respect to the MTA, the members of the MTA acting as such pursuant to the provisions of the MTA Act.

"Bond Counsel" shall mean Nixon Peabody LLP, Orrick, Herrington & Sutcliffe LLP, D. Seaton and Associates, P.A., P.C., Bryant Rabbino LLP or any other attorney or firm of attorneys of nationally recognized standing in the field of law relating to the issuance of obligations by state and municipal entities, selected by the Issuer.

"Code" shall mean the Internal Revenue Code of 1986, as amended, and regulations thereunder.

"Cross-Credit Obligations" shall mean indebtedness or other obligations issued or incurred by MTA or the Issuer other than indebtedness or other obligations issued under the

Resolution, which indebtedness or other obligations were issued or incurred to finance costs that could at the time of such payment be funded directly under the Resolution.

"Refunding Obligations" shall mean the Payroll Mobility Tax Obligations authorized by Article II of this Supplemental Resolution, subject to designation as hereinafter provided.

Section 1.03. Authority for this Supplemental Resolution**.** This Supplemental Resolution is adopted pursuant to the provisions of the Issuer Act and the Resolution.

ARTICLE II

AUTHORIZATION OF REFUNDING OBLIGATIONS

Section 2.01. Authorized Principal Amount, Designation and Series.

1. Pursuant to the Resolution and in order to issue Refunding Obligations, multiple Series of Payroll Mobility Tax Obligations (which may be issued at one time or from time to time as Senior Lien Obligations or as Second Lien Obligations in any number of Series or subseries) entitled to the benefit, protection and security of the Resolution are hereby authorized to be issued in an aggregate principal amount not exceeding the principal amount necessary so that, after giving effect to any net original issue discount or premium and underwriters' discount from the principal amount, the amount to be deposited in the Refunding Obligations Proceeds Account pursuant to, or otherwise applied to effectuate the purposes of, Section 2.02 and Section 3.01 of this Supplemental Resolution (exclusive of any amount deposited therein or otherwise applied pursuant to a Certificate of Determination to pay accrued interest or capitalized interest or any Costs of Issuance of the Refunding Obligations) shall not exceed the amount or amounts determined in one or more Certificates of Determination to be necessary to effectuate the purposes set forth in Section 2.02 hereof; provided, however, that any Refunding Obligations issued pursuant to this Supplemental Resolution shall be issued in compliance with any Board policies relating to the issuance of Refunding Obligations as may be in effect from time to time and any Refunding Obligations may be issued pursuant to this Supplemental Resolution to restructure principal amortization within the maturity limits permitted by law.

2. Refunding Obligations shall be designated as, and shall be distinguished from the Obligations of all other Series by the title "Payroll Mobility Tax Refunding Obligations, Series [insert calendar year of issuance]" or such other title or titles set forth in the related Certificate of Determination.

The authorization to issue the Refunding Obligations and take other related actions hereunder for the purposes set forth in Section 2.02 shall continue in effect as provided by law, unless terminated by the Issuer.

Section 2.02. Purposes**.** The proceeds of the Refunding Obligations shall be used only for the purposes set forth in one or more Certificates of Determination and may include the refunding, refinancing, restructuring or payment, including by purchasing, exchanging or tendering therefor, of all or any portion of any Outstanding Obligations or Parity Debt, Cross-

Credit Obligations or other Refunding Obligations issued under this Supplemental Resolution deemed advisable by an Authorized Officer.

Section 2.03. Dates, Maturities, Principal Amounts and Interest**.** The Refunding Obligations, except as otherwise provided in the Resolution, shall be dated the date or dates determined in the related Certificate of Determination. The Refunding Obligations shall mature on the date or dates and in the year or years and principal amount or amounts, and shall bear interest at the rate or rates per annum, if any, specified in or determined in the manner provided in the related Certificate of Determination.

Section 2.04. Interest Payments**.** The Refunding Obligations shall bear interest from their date or dates and be payable on such date or dates as may be determined pursuant to the related Certificate of Determination. Except as otherwise provided in the related Certificate of Determination, interest on the Refunding Obligations shall be computed on the basis of twelve 30-day months and a 360-day year.

Section 2.05. Denominations, Numbers and Letters**.** Unless otherwise provided in the related Certificate of Determination, the Refunding Obligations shall be issued in fully registered form without coupons in the denomination of $5,000 or any integral multiple thereof. The Refunding Obligations shall be lettered and numbered as provided in the related Certificate of Determination.

Section 2.06. Places of Payment and Paying Agent**.** Except as otherwise provided in the related Certificate of Determination, principal and Redemption Price of the Refunding Obligations shall be payable to the registered owner of each Refunding Obligation when due upon presentation of such Refunding Obligation at the principal corporate trust office of the Trustee. Except as otherwise provided in the related Certificate of Determination, interest on the registered Refunding Obligations will be paid by check or draft mailed on the interest payment date by the Paying Agent, to the registered owner at his address as it appears on the registration books or, at the option of any Owner of at least one million dollars ($1,000,000) in principal amount of the Refunding Obligations, by wire transfer in immediately available funds on each interest payment date to such Owner thereof upon written notice from such Owner to the Trustee, at such address as the Trustee may from time to time notify such Owner, containing the wire transfer address (which shall be in the continental United States) to which such Owner wishes to have such wire directed, if such written notice is received not less than twenty (20) days prior to the related interest payment date (such notice may refer to multiple interest payments).

Section 2.07. Sinking Fund Installments**.** The Refunding Obligations, if any, determined in the related Certificate of Determination shall be subject to redemption (a) in part, by lot, (b) pro rata (in the case of taxable Refunding Obligations), or (c) otherwise as determined in accordance with Section A-404 of the Resolution, as set forth in the related Certificate of Determination, on each date in the year or years determined in the related Certificate of Determination at the principal amount thereof plus accrued interest up to but not including the date of redemption thereof, from mandatory Sinking Fund Installments which are required to be made in amounts sufficient to redeem on each such date the principal amount of such Refunding Obligations.

Section 2.08. Redemption Prices and Terms**.** The Refunding Obligations may also be subject to redemption prior to maturity, at the option of the Issuer, upon notice as provided in Article A-IV of the Resolution, at any time as a whole or in part (and by lot within a maturity, or otherwise as determined in accordance with Section A-404 of the Resolution, if less than all of a maturity is to be redeemed), from maturities designated by the Issuer on and after the date and in the years and at the Redemption Prices (expressed as a percentage of principal amount) determined in the related Certificate of Determination, plus accrued interest up to but not including the redemption date. Notwithstanding the foregoing, in the case of taxable Refunding Obligations, if set forth in the Certificate of Determination, the taxable Refunding Obligations may be made subject to pro rata redemption and/or a make-whole redemption premium.

Section 2.09. Delegation to an Authorized Officer**.** 1. There is hereby delegated to each Authorized Officer, subject to the limitations contained in this Supplemental Resolution, the following powers with respect to the Refunding Obligations:

(a) to determine whether and when to issue any Refunding Obligations, whether to issue the Refunding Obligations as Senior Lien Obligations or as Second Lien Obligations, the amount of the proceeds of the Refunding Obligations to be applied to refunding purposes as well as the specific Obligations or Parity Debt or Cross-Credit Obligations, or portions of any of them to be refunded and the date or dates, if any, on which such refunded obligations shall be redeemed, and the amount of the proceeds of the Refunding Obligations estimated to be necessary to pay the Costs of Issuance of the Refunding Obligations and capitalized interest, if any;

(b) to determine the purpose or purposes for which the Refunding Obligations are being issued, which shall be one or more of the purposes set forth in Section 2.02 of this Supplemental Resolution;

(c) to determine the principal amounts of the Refunding Obligations to be issued for the purposes set forth in Section 2.02 of this Supplemental Resolution and whether such principal amounts constitute a separate Series or a subseries of Refunding Obligations, and to determine Accreted Values and Appreciated Values, if applicable;

(d) to determine the maturity date and principal amount of each maturity of the Refunding Obligations and the amount and due date of each Sinking Fund Installment, if any;

(e) to determine the date or dates which the Refunding Obligations shall be dated and the interest rate or rates of the Refunding Obligations or the manner of determining such interest rate or rates; provided, however, that any Obligations issued as fixed rate Tax-Exempt Obligations shall be subject to a maximum interest rate of not greater than 10% per annum, any Obligations issued as fixed rate Taxable Obligations shall be subject to a maximum interest rate of not greater than 12% per annum, any Variable Interest Rate Obligations issued as Tax-Exempt Obligations shall be subject to a maximum interest rate of not greater than 15% per annum, any Variable Interest Rate Obligations issued as Taxable Obligations shall be subject to a maximum interest rate of not greater than 18% per annum and any Parity Reimbursement Obligations shall be subject to a maximum interest rate of not greater than 25% per annum, or, in each such case, such higher rate or rates as determined by the Issuer's Board;

(f) to determine the Redemption Price or Redemption Prices, if any, and the redemption terms, if any, for the Refunding Obligations; provided, however, that if the Refunding Obligations are to be redeemable at the election of the Issuer, the Redemption Price (except in the case of taxable Refunding Obligations) shall not be greater than one hundred three percent (103%) of the principal amount of the Refunding Obligations to be redeemed, plus accrued interest thereon up to but not including the date of redemption and in the case of taxable Refunding Obligations the Redemption Price may be determined pursuant to provisions relating to pro rata redemption and/or make-whole redemption;

(g) to determine whether the sale of the Refunding Obligations shall be conducted on either a negotiated or competitive bid basis and, as applicable, to determine the purchase price for the Refunding Obligations to be paid by the purchaser or purchasers referred to in one or more Purchase Agreements or a bank direct purchase agreement, or the purchase price for the Refunding Obligations to be paid by the winning bidder, if such sale is conducted by competitive bid pursuant to a Notice of Sale, in either case as such document is described in Section 2.10 of this Supplemental Resolution, which may include such original issue discount and original issue premium as shall be determined in the related Certificate of Determination; provided, however, that the underwriters' discount reflected in such purchase price shall not exceed $10.00 for each one thousand dollars ($1,000) principal amount of the Refunding Obligations;

(h) to take all actions required for the Refunding Obligations to be eligible under the rules and regulations of The Depository Trust Company ("DTC") for investment and trading as uncertificated securities, to execute and deliver a standard form of letter of representation with DTC and, notwithstanding any provisions to the contrary contained in this Supplemental Resolution, to include in the related Certificate of Determination such terms and provisions as may be appropriate or necessary to provide for uncertificated securities in lieu of Refunding Obligations issuable in fully registered form;

(i) to determine whether to issue all or any portion of the Refunding Obligations as Tax-Exempt Obligations, Taxable Obligations, Put Obligations, Variable Interest Rate Obligations or as any other form of Obligations permitted by the Resolution and any matters related thereto, including (i) the terms and provisions of any such Obligations, (ii) the selection of remarketing agents, tender agents, auction agents, dealers, bidding agents, calculation agents or any other agents or parties to ancillary arrangements and the terms of any such arrangements, and (iii) the methods for determining the accrual of Debt Service;

(j) to determine the advisability, as compared to an unenhanced transaction, of obtaining one or more Credit Facilities, to select a provider or providers thereof, to determine and accept the terms and provisions and price thereof, to determine such other matters related thereto as in the opinion of the officer executing the related Certificate of Determination shall be considered necessary or appropriate and to effect such determinations by making any changes in or additions to this Supplemental Resolution required by Credit Facility providers, if any, or required by a Rating Agency in order to attain or maintain specific ratings on the Refunding Obligations, or relating to the mechanisms for the repayment of amounts advanced thereunder or payment of fees, premiums, expenses or any other amounts, notices, the provision of information, and such other matters of a technical, mechanical, procedural or descriptive nature necessary or

appropriate to obtain or implement a Credit Facility with respect to the Refunding Obligations, and to make any changes in connection therewith;

(k) to make such changes in or from the form of this Supplemental Resolution as may be required by a Rating Agency in order to attain or maintain specific ratings on the Refunding Obligations;

(l) to make such changes in or from the form of this Supplemental Resolution as may be necessary or desirable in order to cure any ambiguities, inconsistencies or other defects;

(m) to determine whether to (i) enter into an escrow agreement or other arrangement in connection with the issuance of Refunding Obligations, including the selection of escrow agents, verification agents and the manner of determining specified matters relating to the defeasance of the refunded obligations and (ii) purchase SLGs or open market securities and the form and substance thereof and any related investment agreement, and to determine the application of any amounts released in connection with any such refunding;

(n) to determine that such Refunding Obligations comply with all Board policies relating to the issuance of refunding obligations in effect at the time of such determination; and

(o) to determine such other matters specified in or permitted by (i) Sections 202, 203, 204 and A-201 of the Resolution or (ii) this Supplemental Resolution, and to determine matters relating to the payment or defeasance of Obligation Anticipation Notes, including preparation of any documentation therefor.

2. Any Authorized Officer shall execute one or more Certificates of Determination evidencing the determinations made pursuant to this Supplemental Resolution and any such Certificate of Determination shall be conclusive evidence of the determinations of such Authorized Officer, as stated therein. More than one Certificate of Determination may be delivered to the extent more than one Series or subseries of Refunding Obligations are delivered from time to time, or other authority is exercised under this Supplemental Resolution from time to time and each such Certificate of Determination shall be delivered to the Trustee concurrently with the authentication and delivery of the respective Series or subseries of Refunding Obligations by the Trustee or other documentation. Determinations set forth in any Certificate of Determination shall have the same effect as if set forth in this Supplemental Resolution.

3. Any such Authorized Officer may exercise any authority delegated under this Supplemental Resolution from time to time following issuance of any Refunding Obligations, as appropriate for any purposes, including to change interest rate modes or auction periods; to obtain or terminate one or more Credit Facilities, including substitute or additional Credit Facilities; to enter into one or more bank direct purchase agreements or similar instruments; to appoint new or additional agents or other parties deemed appropriate to a particular form or mode of Obligation or manner of sale; to enter into one or more remarketing agreements, firm remarketing agreements, continuing disclosure agreements or other agreements in connection with the remarketing of any Refunding Obligations; if any Refunding Obligations shall consist of multiple subseries, to change the principal amounts and number of the individual subseries or to

combine one or more subseries into a single Series or subseries; or, if any Refunding Obligations consist of a single Series or subseries, to divide such Series or subseries into two or more subseries and to determine the principal amount of such subseries. In connection with the remarketing, by negotiated sale, competitive bid or direct or private placement, of any Refunding Obligations, any such Authorized Officer is hereby authorized to make public and to authorize the use and distribution by remarketing agents or other appropriate parties of a remarketing circular (including a preliminary remarketing circular), or other disclosure document, in substantially the form most recently executed or delivered by the Issuer in connection with the remarketing of Obligations, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable. Any Authorized Officer shall execute one or more amendments to the applicable Certificate or Certificates of Determination evidencing the determinations made pursuant to this paragraph and any such amended Certificate of Determination shall be conclusive evidence of the determinations of such Authorized Officer, as stated therein.

Section 2.10. Sale of Refunding Obligations**.** Each Authorized Officer is hereby authorized either (i) to sell and award all or any portion of the Refunding Obligations through a competitive bidding process to purchasers meeting the requirements of one or more Notices of Sale (as hereinafter defined) to be published in order to give notice of the competitive sale of the Refunding Obligations; (ii) to sell and award all or any portion of the Refunding Obligations through a negotiated sale to the purchasers who are referred to in the bond purchase agreement and who shall be selected from the then current list of approved underwriters or shall be an authorized purchaser under a federal or State program; or (iii) to sell and award all or any portion of the Refunding Obligations through a direct sale to the financial institution or institutions selected by the Authorized Officer who shall be referred to in the continuing covenant, direct purchase or similar agreement. Each Authorized Officer is hereby authorized to sell and award the Refunding Obligations to the purchasers referred to in the preceding sentence in the case of a bond purchase agreement, in substantially the form most recently executed or delivered by the Issuer in connection with the sale of Obligations, or, with respect to a continuing covenant, direct purchase or similar agreement, containing bank facility terms and provisions (including, without limitation, increased costs, term-out, events of default and remedies) in substantially the form set forth in a letter of credit reimbursement agreement most recently executed or delivered by the Issuer, including, if applicable, that the direct purchaser offer to the Issuer a term-out provision of no less than five years, with such revisions to reflect the terms and provisions of the Refunding Obligations as may be approved by the Authorized Officer executing the bond purchase, continuing covenant or similar agreement (each, a "Purchase Agreement"). Each Authorized Officer is hereby authorized to agree to the selection of the representative of the underwriters or the other purchasers or facility providers as referred to in the Purchase Agreement or Agreements and to execute and deliver the Purchase Agreement or Agreements for and on behalf and in the name of the Issuer with such changes, omissions, insertions and revisions as may be approved by the Authorized Officer executing the Purchase Agreement or Agreements, said execution being conclusive evidence of such approval and concurrence in the selection of the representative of the underwriters.

If it is determined that any sale of Bonds shall be conducted on a competitive bid basis, each Authorized Officer is hereby further authorized to conduct the sale and award of the Refunding Obligations on the basis of a competitive bid, pursuant to the terms of a notice of sale, including bid form (the "Notice of Sale"), in a form, including any limitations on permitted bidders

and a description of the basis for determining the winning bidder or bidders, determined by such Authorized Officer. Each Authorized Officer is hereby authorized to conduct such competitive sale of the Refunding Obligations in a manner consistent with this Supplemental Resolution and to utilize the services of the Authority's financial advisor and the services of an electronic bidding service, as such Authorized Officer shall determine, and the execution by such Authorized Officer of a letter of award shall be conclusive evidence of such award.

Each Authorized Officer is hereby authorized to make public and to authorize the use and distribution by said purchasers or other appropriate parties of a preliminary official statement, offering circular, or other disclosure document (the "Preliminary Official Statement") in connection with each public offering or any private placement of the Refunding Obligations, in substantially the form most recently executed or delivered by the Issuer in connection with the sale of Obligations, with such changes, omissions, insertions and revisions as such officer shall deem advisable. The Issuer authorizes any of said officers to deliver a certification to the effect that such Preliminary Official Statement or Official Statement, if deemed necessary or appropriate, together with such other documents, if any, described in such certificate, was deemed final as of its date for purposes of Rule 15c2-12 of the Securities and Exchange Commission as applicable.

Each Authorized Officer is hereby authorized to make public and to authorize distribution of a final official statement, offering circular or other disclosure document (the "Official Statement") in substantially the form of each Preliminary Official Statement or the most recently executed and delivered Official Statement if there is not a Preliminary Official Statement, with such changes, omissions, insertions and revisions as such officer shall deem advisable, to sign such Official Statement and to deliver such Official Statement to the purchasers of such issue of the Refunding Obligations, such execution being conclusive evidence of the approval of such changes, omissions, insertions and revisions.

Each Authorized Officer is hereby authorized to execute and deliver for and on behalf and in the name of the Issuer, to the extent determined by such Authorized Officer to be necessary or convenient, a Continuing Disclosure Agreement, substantially in the form of the Continuing Disclosure Agreement most recently executed and delivered by the Issuer, with such changes, omissions, insertions and revisions as such Authorized Officer shall deem advisable (the "Continuing Disclosure Agreement"), said execution being conclusive evidence of the approval of such changes, omissions, insertions and revisions.

The proceeds of each good faith deposit, if any, received by the Issuer from the purchasers of each issue of Refunding Obligations under the terms of the related Purchase Agreement or Notice of Sale may be invested by the Issuer pending application of the proceeds of such good faith deposit for the purposes provided in Section 2.02 of this Supplemental Resolution at the time of the issuance and delivery of such Refunding Obligations.

Each Authorized Officer (including any Assistant Secretary of the Issuer) is hereby authorized and directed to execute, deliver, amend, replace or terminate any and all documents and instruments (including any remarketing agreements, dealer agreements, broker-dealer agreements, tender agent agreements, or auction agency agreements, any escrow agreements, any investment agreements or arrangements, or any reimbursement agreements or documents or instruments relating to a Credit Facility deemed appropriate to a given form or mode of an Obligation) and to

do and cause to be done any and all acts necessary or proper for carrying out each Purchase Agreement or Notice of Sale, each Continuing Disclosure Agreement, the terms of any Credit Facility or other such agreement or arrangement, and the issuance, sale and delivery of each issue of the Refunding Obligations and for implementing the terms of each issue of the Refunding Obligations and the transactions contemplated hereby or thereby.

When reference is made in this Supplemental Resolution to the authorization of an Authorized Officer to do any act, such act may be accomplished by any of such officers individually.

Section 2.11. Forms of Refunding Obligations and Trustee's Authentication Certificate. Subject to the provisions of the Resolution, the form of registered Refunding Obligations, and the Trustee's certificate of authentication, shall be substantially in the form set forth in Exhibit One to the Resolution including, if necessary, any changes to comply with the requirements of DTC or the provisions of this Supplemental Resolution or any Certificate of Determination.

Section 2.12. Appointment of Trustee and Paying Agent**.** Unless otherwise provided by Certificate of Determination, [The Bank of New York Mellon] shall be the Trustee under the Resolution and the Paying Agent for the Refunding Obligations.

ARTICLE III

DISPOSITION OF REFUNDING OBLIGATION PROCEEDS

Section 3.01. Disposition of Refunding Obligation Proceeds**.** Any proceeds of the sale of the Refunding Obligations, other than accrued interest and capitalized interest, if any, shall be deposited, simultaneously with the issuance and delivery of a series or subseries of the Refunding Obligations, or shall otherwise be disposed of or applied pursuant to the related Certificate of Determination as follows:

(a) such proceeds shall be (i) deposited in the Refunding Obligations Proceeds Account, which is hereby established in the Proceeds Fund for each such series or subseries, and applied to the refunding of any Obligations or Parity Debt or Cross-Credit Obligations, or portions of any of them, in accordance with Section 2.02 hereof or (ii) otherwise applied to such refunding; and

(b) the balance of such proceeds shall be (i) deposited in the Refunding Obligations Costs of Issuance Account, which is hereby established in the Proceeds Fund for each such series or subseries, and applied to the payment of Costs of Issuance, or (ii) otherwise applied to the payment of Costs of Issuance.

Unless otherwise provided in a Certificate of Determination, the accrued interest and capitalized interest, if any, received on the sale of the Refunding Obligations shall be deposited in the Debt Service Fund.

ARTICLE IV

TAX COVENANTS AND DEFEASANCE

Section 4.01. Tax Covenants Relating to the Refunding Obligations**.** The Issuer covenants that, in order to maintain the exclusion from gross income for Federal income tax purposes of the interest on the Refunding Obligations issued as Tax-Exempt Obligations, the Issuer will satisfy, or take such actions as are necessary to cause to be satisfied, each provision of the Code necessary to maintain such exclusion. In furtherance of this covenant, the Issuer agrees to comply with such written instructions as may be provided by Bond Counsel. In furtherance of the covenant contained in the preceding sentence, the Issuer agrees to continually comply with the provisions of any "Arbitrage and Use of Proceeds Certificate" or "Tax Certificate" to be executed by the Issuer in connection with the execution and delivery of any Refunding Obligations issued as Tax-Exempt Obligations, as amended from time to time.

Notwithstanding any other provision of the Resolution to the contrary, upon the Issuer's failure to observe, or refusal to comply with, the above covenant (a) the Owners of the Refunding Obligations, or the Trustee acting on their behalf, shall be entitled to the rights and remedies provided to Owners or the Trustee under Section C-402 of the Resolution, other than the right (which is hereby abrogated solely as to the Issuer's failure to observe, or refusal to comply with the above covenant) to declare the principal of all Obligations then Outstanding, and the interest accrued thereon, to be due and payable pursuant to Section 567 of the Issuer Act, and (b) neither the Owners of the Obligations of any Series or holders of any Parity Debt (other than the Owners of the Refunding Obligations or the Trustee acting on their behalf), nor the Trustee acting on their behalf, shall be entitled to exercise any right or remedy provided to the Owners, the Parity Debt holders or the Trustee under the Resolution based upon the Issuer's failure to observe, or refusal to comply with, the above covenant.

The provisions of the foregoing covenants set forth in this Section shall not apply to any Refunding Obligations, including any subseries thereof, which the Issuer determines pursuant to the applicable Certificate of Determination to issue as Taxable Obligations.

Section 4.02. Defeasance**.** In the event the Issuer shall seek, prior to the maturity or redemption date thereof, to pay or cause to be paid, within the meaning and with the effect expressed in the Resolution, all or less than all Outstanding Refunding Obligations issued as Tax-Exempt Obligations and the provisions of Section 4.01 hereof shall then be of any force or effect, then, notwithstanding the provisions of Article A-IX of the Resolution, the Refunding Obligations issued as Tax-Exempt Obligations which the Issuer then seeks to pay or cause to be paid shall not be deemed to have been paid within the meaning and with the effect expressed in Section A-901 of the Resolution unless (i) the Issuer has confirmed in writing that the Owners of the Refunding Obligations issued as Tax-Exempt Obligations which the Issuer then seeks to pay or cause to be paid will continue, after such action, to have the benefit of a covenant to the effect of the covenant of the Issuer contained in Section 4.01 hereof or (ii) there shall have been delivered to the Trustee an Opinion of Bond Counsel to the effect that non-compliance thereafter with the applicable provisions of the Code will not affect the then current treatment of interest on the Refunding Obligations issued as Tax-Exempt Obligations in determining gross income for Federal income tax purposes.

RESOLUTION

WHEREAS, Triborough Bridge and Tunnel Authority ("MTA Bridges and Tunnels") intends to finance capital assets, whether in the nature of personal or real property (or any interest therein), which are used or useful for a transit or transportation purpose other than a marine or aviation purpose as provided in Public Authorities Law Section 553(r) and as more fully described in the accompanying staff summary and capital program documents referenced therein (the "Project");

WHEREAS, MTA Bridges and Tunnels desires to finance the Project through the issuance of tax-exempt debt or tax-advantaged debt, if available, and other sources as described in the approved capital programs, including moneys derived from the Metropolitan Transportation Authority and its affiliates and subsidiaries, and expects to reimburse expenditures made from such other sources with proceeds of such tax-exempt or tax-advantaged debt;

NOW THEREFORE, BE IT:

RESOLVED, that the statements contained in this Resolution with respect to the reimbursement of the expenditures described in this resolution are intended to be statements of official intent as required by, and in conformance with, the provisions of Treasury Regulation Section 1.150-2(e); and

RESOLVED, that the expenditures in connection with the Project to be reimbursed pursuant to this Resolution have been incurred and paid not more than 60 days prior to the date hereof or will be incurred and paid after the date hereof in connection with the Project; and

RESOLVED, that MTA Bridges and Tunnels reasonably expects that the maximum principal amount of tax-exempt or tax-advantaged debt (including bonds, commercial paper and bond anticipation notes) to be issued by MTA Bridges and Tunnels subsequent to the date hereof to pay Project expenditures in 2021 (whether directly or as a reimbursement), in addition to the amounts previously authorized by other resolutions intended to be statements of official intent as required by, and in conformance with the provisions of Treasury Regulation Section 1.150-2(e), is $1.3 billion (plus associated financing costs); and

RESOLVED, that this Resolution shall take effect immediately.

March 17, 2021

RESOLUTION

WHEREAS, due to the MTA Transformation Plan, new positions and titles are being created and the duties and responsibilities of those titles and positions are being restructured to streamline the organization;

WHEREAS, prior resolutions and actions taken by this Board for the MTA and its subsidiaries and affiliates may have designated specific positions or titles to take certain actions, especially in financial transactions; and

WHEREAS, it is therefore important that the Board delegate to the Chairman and the Chief Financial Officer the power to designate authorized officers and representatives to take all actions under any and all financial agreements, including, without limitation, bond resolutions, trust indentures, trust agreements and other financial agreements and instruments, in substitution for or in addition to such prior designations;

NOW THEREFORE, BE IT:

RESOLVED, that the Chairman and the Chief Financial Officer are each hereby authorized to designate authorized officers and representatives to take all actions under any and all financial agreements, including, without limitation, bond resolutions, trust indentures, trust agreements and other financial agreements and instruments, in substitution for or in addition to such prior designations; and

RESOLVED, that this Resolution shall take effect immediately.

12. **Joseph Rappaport, BCID**
13. **NYC Council Member I. Daneek Miller**

[Hearing Convened, February 23, 2021 at 5:00 PM]

MS. CATHERINE CORLESS: Good evening Ladies and Gentlemen. My name is Catherine Corless and I am the Deputy Director of Grants Management for the Metropolitan Transportation Authority.

I would like to welcome you to the Federal Capital Projects Virtual Public Hearing for Federal Fiscal Year 2021. I will begin this public hearing by reading a prepared statement which will become part of this hearing's public record. I would like to note that a transcript of this Hearing will be made and a copy will be supplied to each MTA Board member.

Due to the ongoing COVID-19 pandemic, we are conducting this meeting virtually via Zoom's online platform and conference call feature, with a livestream available through the website new.mta.info/2021-capital-projects-hearing.

This hearing is an opportunity for the members of the public to comment on the proposals. Representatives of the MTA are here to listen. So, representatives will be listening, not commenting.

The panelists for tonight are Gillian Persaud for MTA Bus, Gregory Jack for Long Island Rail Road, Ziona Rubin for Metro-North Railroad, Peter Crociata for the New York City Transit, James Wardle for MTA Construction & Development Company. Also

on the panel tonight is Sophia-LaFrance Brooks who is our Hearing Officer.

I should emphasize public comment, including spoken comments today, all correspondence and e-mails, will be transcribed and incorporated into the official record and distributed to every board member.

Language interpreter and American Sign Language services have been offered in the notice for this hearing upon advance request. No request was made by the deadline for this hearing.

The MTA has conducted a community involvement and public information effort to encourage customer comment at this hearing. To make the public aware of this hearing, advertisements were published in seven print media outlets, multilingual posters, digital and social media assets. Notice of this hearing was also posted on the MTA website along with multilingual translations.

The notice of the public hearing was mailed to elected officials, private transportation providers, government agencies and interested private citizens.

This is a Public Hearing being held by the Metropolitan Transportation Authority or, MTA, in connection with requests to the United States Department of Transportation for federal financial assistance, under the Fixing America's Surface

Transportation Act, known as the FAST Act, for Federal Fiscal Year 2021. This federal assistance is for capital improvement projects for the systems operated by MTA New York City Transit, Manhattan and Bronx Surface Transit Operating Authority, Staten Island Railway, MTA Long Island Rail Road, MTA Metro-North Railroad, MTA Bus Company, and for the MTA Construction and Development Company.

Copies of the description of projects from which specific requests for federal financial assistance will be selected have been available for inspection at numerous public locations throughout the service area. In addition, copies of these documents were also available on the MTA website since January 29, 2021.

At this Hearing, an opportunity will be afforded to all persons, agencies, and organizations interested in being heard with respect to the social, economic, environmental and historic preservation impact of the projects and to submit evidence and recommendations, orally or in writing, with respect to any aspect of this list of projects.

Today's hearing is being held in accordance with federal requirements in order to qualify the projects for federal financial assistance. We are here today to seek comments on the

proposed list of projects only. The projects in this hearing may be more than we ultimately seek funding for, and the MTA may or may not do any of the projects listed here with federal funds.

The published list of projects contains capital improvement work in the following amounts for each agency. Long Island Rail Road, $1,375 million dollars; Metro-North Railroad, $1,548 million dollars; MTA Bus, $37 million dollars, New York City Transit, including Staten Island Railway, $5,050 million dollars. The total for the MTA is $8,010 million dollars.

Anyone interested in the categories of work which are the subject of today's Public Hearing, or the details of the individual projects, can inspect copies of the description of projects which are available on the MTA's website. Section 5307 is a formula-based program from which a specified amount of federal funds is allocated to the urbanized area for each Federal Fiscal Year. The MTA will make the final program of projects available on its website, www.mta.info for Section 5307 funded projects when the FTA awards a Section 5307 grant.

In Federal fiscal year 2020, MTA was eligible to receive $684.2 million dollars of Section 5307 funds for New York City Transit, Manhattan and Bronx Surface Transit Operating

Authority, Long Island Rail Road, Metro-North Railroad and MTA Bus projects.

MTA will be submitting applications to obtain federal financial assistance from various sections of the FAST Act legislation. Amounts that will be received for Federal Fiscal Year 2021 are not presently known. The requests to be made for federal financial assistance will incorporate individual projects into programs of work and will be submitted as appropriate following this Public Hearing in anticipation of federal funding that may be available under the transportation legislation under the following programs. Sections 5307, 5309, 5324, 5337, 5339 and 5340 of Title 49, Chapter 53, United States Code; funds available for transit use under Title I of FAST Act also known as the highway portion of the legislation.

The final program of projects will be selected from the List of Projects published in the Legal Notice of this Hearing. Applications will be prepared and submitted to USDOT. Projects will be submitted for Federal funds under FAST Act, as appropriate, in an effort to assure receipt of the maximum amount of federal assistance.

MTA proposes to A, submit capital projects to request some, or all, of the Section 5307 funds for Federal fiscal year 2021

that will become available; B, submit some capital projects to request Section 5307 funds remaining from prior fiscal period allocations and for adjustments to the Section 5307 program.

In addition, MTA also proposes to A, submit projects for federal funds from the Section 5337, State of Good Repair funding category for Federal fiscal year 2021 that will become available; and B, submit additional projects in amounts sufficient to request federal fund balances from prior fiscal year allocations and grants within each of these fund categories, including fund categories under the FAST Act, as appropriate, and for adjustments to these programs.

The capital improvements to be progressed with these funds generally take place in the confines of the transportation systems of the MTA, or City, County, or State-owned property. Any property acquisition or relocation that may be required for the projects will be carried out in accordance with the appropriate provisions of law and regulatory requirements. The projects are not expected to have any significant adverse environmental impact. Should the United States Department of Transportation, USDOT, prepare a formal statement on the environmental impact of any of these projects, the availability of such a statement, or statements from DOT will be made known

by appropriate publication.

The projects outlined in this Public Hearing conform to the Long Range Transportation Plan for the New York metropolitan region and have been or will be endorsed by the Metropolitan Planning Organizations for the New York metropolitan region, for Orange County, and for Dutchess County, as the product of continuing, cooperative and comprehensive planning for all modes of transportation.

Reduced fare privileges for the elderly, disabled and Medicare users will be made available as required by federal law. All legal requirements relating to the elderly, disabled and Medicare users will be met.

In closing, I would like to emphasize that the financial aid that will be requested is essential to the implementation of MTA's capital program.

For today's public meeting, the MTA representatives attending this hearing are here to listen to your comments regarding the proposed list of projects. We will not be responding to any comments today. We are here to listen. As noted earlier, a transcript of this hearing will be distributed to each MTA Board member. Thank you. I will now turn it over to our public hearing officer, Sophia-LaFrance Brooks, to

commence the public speaking session.

MS. SOPHIA-LAFRANCE BROOKS: Thank you, Catherine. For the record, today's date is February 23, 2021 the time is 5:11 p.m.

Now let me briefly describe the procedure for today's hearing. I will call the names of the people who have registered to speak in the order in which they are registered. We opened registration for today's hearing at 10:00 a.m. and registration closed today at 11:00 a.m. All participants will be muted upon joining the Zoom Webinar. When your name is called, please allow 15 seconds for a brief transition after which you will be able to start your video and unmute your microphone by clicking the camera and microphone icons on the bottom left portion of your Zoom Screen. We will give you ten seconds to turn your camera and microphone on before moving to the next speaker.

In the event your name is called and you are not present, we will read your name again in the order it was initially called at the end of the list of pre-registered speakers. We will close the proceedings 15 minutes after the last name is called once we exhaust the list of speakers.

When you begin speaking, please provide your name and any affiliation for the record. And this is important, to be fair

to all speakers, we ask that you keep your remarks to our limit of three minutes. The clock on the screen will indicate how much time you have remaining, and auditory and visual cues will alert you that you have 30 seconds left to conclude your remarks.

CART Captioning and American Sign Language interpreters are available at this hearing.

Now, we will begin to call our pre-registered speakers. The first registered speaker tonight is Senator Todd Kaminsky followed by Amityville Mayor Siry.

SENATOR TODD KAMINSKY: Hi. Greetings and thank you for having me here this evening. My name is State Senator Todd Kaminsky and I represent beleaguered Long Island Rail Road commuters who want nothing more than to have a consistently dignified and sane commute.

Some of the projects that the MTA's Federal Capital Plan offer for my constituents are very important and I'd like to speak in favor of them today. I am particularly interested in promoting escalator replacements at the Lynbrook and Valley Stream Train Stations including an elevator replacement at the Valley Stream Train Station and upgrades to the lighting at the East Rockaway and Center Avenue Stations.

It is very important that my constituents know that mass transit is something that's safe and reliable and that is a pleasant experience. Our mass transit system is the life blood of our metro area. Long Islanders depend upon working in New York City and [unintelligible] [00:15:04] in New York City depends upon their coming into work there every day. So we need a system that works and we need a New York City region whose economy works that's supportive for the entire country.

So having a federal government that cares and invests in our metro rail is tremendously important and I want to let you know that the State of New York will do everything we can to put our own investments into this system and to work with the federal government in any way possible to help uplift our system which admittedly has struggled and will continue to struggle until we can demonstrate to riders that it is safe and appropriate and important to come back. I believe that time is right around the corner and we need to have dollars ready to put into this system to meet their expectations.

So thank you for putting forward these projects. There are many more if you're ever interested in discussing what else we could do and we're very happy to have your help and support. Thank you for your attention today and let's keep investing in

our Long Island Rail Road system.

MS. BROOKS: Thank you. The next speaker Amityville Mayor Siry followed by Senator Tito Davila.

MAYOR DENNIS SIRY: How are you? Can you hear me?

MS. BROOKS: Yes.

AMITYVILLE MAYOR SIRY: I can hear. I'm Dennis Siry, the Mayor of the Village of Amityville. Thank you for having the meeting and I appreciate it. I know I also have Senator John Brooks. I don't believe he's gonna be here today but he is in support of this. We've been told for awhile now that you were gonna have updates to the Amityville Train Station and I think it looks like it's gonna come to fruition.

I'm hoping that the elevators become a reality for the ADA compliance to make our station ADA compliant and we also are gonna need it. I know it's based on ridership and we are experiencing a very large growth in our village. We just have 117-unit complex just completed, we have a 338-unit complex that is being planned and is gonna be starting at the beginning of this spring, and we also have another 33-unit complex all within walking distance of the train station and it's gonna be very important for this elevator and the repairs and improvements to be done to our train station.

I am hoping -- we have been told for awhile that this is going to be happening here. I'm just hoping that it will really is a reality and just looking forward to it coming to like I said fruition and Senator Brooks is behind this a hundred percent and I spoke with him today. Legislator Kimberly Jean-Pierre is behind it and Congressman Garbarino is also in favor of it so I please I hope this though I don't know if there's any timeline. Are you answering questions or are you just taking comments?

MS. BROOKS: Just comments.

AMITYVILLE MAYOR SIRY: Comments. Any comments, that's all and I will thank you for your time and I just wanted to get in on the record that I really, we are really in need of our improvements at our train station just by making it ADA compliant by adding an elevator and updating our escalator. Thank you very much for your time. I'm looking forward to get things happening here. Thank you.

MS. BROOKS: Thank you. The next speaker is Tito Davila, Senator Tito Davila on behalf of State Senator Peter Harckham followed by Council Member Ydanis Rodriguez.

SENATOR TITO DAVILA: Hi, good evening. I'm Tito Davila. I will be reading a statement on behalf of Senator Pete Harckham

who covers the 40th Senate District which is part of Westchester, part Putnam County as well as parts of Dutchess County. So I'll be reading a statement. The Senator regrets not being here. He's currently in session. So here's the statement.

Thank you for holding this hearing on the MTA's Capital Program Federal Funding Request. First, I want to take this opportunity to thank MTA employees for their hard work and sacrifice in order to keep the trains and buses running during the pandemic. We can never forget that some of these workers made the ultimate sacrifice to keep vital public transit lifelines open.

Public transportation remains a vital importance to the essential workers that are keeping us safe. In addition, sound transit infrastructure will bad, will be badly needed as we, we recover from the pandemic. So it is important that MTA and Metro-North have prioritized state of good repair in their request for federal funding. Not only will these projects address aging Metro-North track, signals, and stations, they will also generate hundreds of jobs that will have a positive ripple effect throughout our regional economy. The MTA must ensure that these projects are awarded promptly so they can have

a maximum effect in helping to revitalize our economy.

In closing, I once again urge the MTA and Metro-North to address the issue of safety at grade crossings. Earlier this month will mark the sixth anniversary of the deadly Valhalla grade crossing accident. It is unacceptable that the crossing remains the most dangerous on the system. The MTA must work in conjunction with local communities, other state agencies, and the federal government to eliminate grade crossings. Thank you.

MS. BROOKS: Thank you. The next speaker is Council Member Ydanis Rodriguez followed by Amityville Deputy Mayor Kevin Smith.

COUNCIL MEMBER YDANIS RODRIGUEZ: Thank you. And thank you to all the members of the MTA who are taking the time to listen to our testimony. Thank you to the Chair Foye and all the leadership and congratulations to a Q. Arroyo for being nominated to be responsible or designated to be responsible to oversee the whole plan of the MTA to make our station with transportation accessible.

As I have say before, this is the time for also get federal funding at the level what the city deserve. Usually we contribute more than -- I mean we not in New York City but all the municipality that are on the MTA, could be Long Island,

could be Westchester, can be in, in Upstate New York that cover in the Metro-North and other motor transportation and the MTA. When we look at our contribution, we contribute more to the federal government than what the federal government contributes to us. So this is the time when we have the second person or the USDOT being Polly Trottenberg and New Yorkers.

Well, we have minority leaders Senator Schumer a champion but we have the New York City and the New York State democratic dele- delegation then the congressional delegation. Now we have a lot of influence with Speaker Pelosi and having the Biden-Harris. We don't have that crazy guy in this anymore. We have the person who is rationale. We have the team of Biden and Harris understanding important to invest in the infrastructure. So this is the time. If we don't get it now, we will never do it.

So we expect that the federal government we made the necessary investments. Investing in the MTA is more than investing in Long Islander, Long Island, Upstate New York and New York City. This is about investing in our future. Investing in us and investing in the recovery of our nation. With additional funding that we should get as part of the infrastructure investment that will come from D.C., we should

have enough money to take care all the big projects that we have such that the second phase of the Second Avenue to upgrade our transit and the signal system and continue expanding in, in area that we deal with transportation deserts. It take almost the same time as for one [unintelligible] [00:24:19] to come from Far Rockaway to New York City as going to, to a, a Florida. So [speaking Spanish]. Thank you.

MS. BROOKS: Thank you. The next speaker is Amityville Deputy Mayor Kevin Smith followed by Ivo Stranic.

AMITYVILLE DEPUTY MAYOR KEVIN SMITH: Good evening. Thank you for having this hearing. I'm gonna read a, a statement that we sent in also and I'm just going to reiterate some of my serious comments. The Village of Amityville wishes to express its enthusiasm and support for the proposed ADA upgrades to Amityville Long Island Rail Road Station in the upcoming capital budget which include installation of much needed eleva- elevator.

The improvement project would resolve longstanding issues in transportation access and ensure greater accessibility for elderly and disabled residents, commuters, and all visitors using this station. Right now, our, our people have to go over the Massapequa to use an elevator to get onto the train. So

this will be a great asset for us.

The Village is also embarking on a revitalization of its downtown adding several multifamily apartment complexes such as Village by the Bay, Avalon Bay and others representing several hundred potential riders. We are also creating a pedestrian bicycle path to increase connectivity between our downtown with the station. The intended station improvements will create an inviting safe travel experience for all.

We ask that you approve the Amityville Station project as proposed and thank you for your service to our village. These are much needed upgrades. We've been asking for this for a very long time and we will appreciate the consideration of having it done. So thank you again and stay well everybody.

MS. BROOKS: Thank you. The next speaker is Ivo Stranic followed by Assembly Member David Weprin.

MR. IVO STRANIC: Hi, everybody. So my name is Ivo Stranic. I'm a resident of the DUMBO Community and a part of the DUMBO Action Community representing the, the community in our Brooklyn neighborhood. So I'd like to request that the MTA seriously consider using this funding for updating a significantly overcrowded and unsafe York Street Station on the F train.

So just to paint a picture. This station has one entrance with three turnstiles and commuters have to walk down a hundred-yard tunnel downhill to reach the platform. Now once there, they have to walk around a series of nine-foot-wide concrete pillars which leaves only about six feet of actual walking area around this. Now during rush hour pre-COVID of course, with people walking in opposite directions, it's absolutely mayhem down there. So much so that in 2014, the station has actually -- was actually shut down due to overcrowding. And in February 2020, there's actually a video on YouTube showing absolute chaos at this station where the line extends outside of the station itself. So keeping in mind this is about 200 yards away from the actual platform.

Now the station is completely unsafe and if something complete hap-, if something bad happens down there, people just have nowhere to go. And in addition to that, the station is not ADA compliant and even though the nearest ADA compliant station is one -- less than one mile away, it's really hard to get there because you have to both walk up a hill and under a highway.

Now since the shutdown event that I mentioned in 2014, there's been a 42 percent increase in ridership at this station and this station has the fifth highest weekday ridership growth

in all of New York City. And in that same timeframe, the station jumped 46 spots on the rankings of the busiest station in the city. Now all these numbers that I'm mentioning are occurring before an additional 1,100 apartments go online within a quarter mile radius of the station between now and 2023. So the station is massively overcrowded, it's unsafe. Something really bad is gonna happen down there. Nothing does anything about it so I highly recommend that some of these funds are invested to either build a second exit for a station or to substantially beef up the current exit. Thank you.

MS. BROOKS: Thank you. The next speaker is Assembly Member Weprin followed by Miriam Fisher.

ASSEMBLY MEMBER DAVID WEPRIN: Good evening. I'm Assembly Member David Weprin from the 24th Assembly District in Queens County. My district starts on the Nassau border in Eastern Queens and goes all the way down to Richmond Hill, but the eastern part of my district is what would be referred to as a transit desert and it's very difficult for many of my constituents in Eastern Queens to get to Manhattan and other places.

There is no question that improvements to the MTA are needed now more than ever. We all remember Senator Daniel

Patrick Moynihan's annual report about how many billions of dollars New York City and New York State contribute to the federal government in taxes versus how much we get back in services.

Unfortunately, the case is even worse today than it was during Senator Moynihan's days. As of 2017, we are only one, one of only 11 states who have had to endure this. It's time that we receive our fair share of funding. Funding from the FTA could be used to repair and revitalize the MTA. The MTA as we all know has been broken for decades. This has been very upsetting to not only my constituents but to so many other constituents in New York and every New Yorker who has sat through excessively long time gaps in service.

Transit deserts can be resolved by building more subway and bus line- lines and expanding access to existing infrastructure. This will help people suffering from a lack, lack of mass transit options and will create new jobs for the city. If New York City is to remain a world class city and tourist destination, then we must build new subway lines just like they're doing in other countries. Our public transportation system must remain affordable to the average New Yorker. Cutting back on services while raising fairs is not what I would

call good customer service.

The MTA's Federal Funding Request include making subway and LIRR stations ADA accessible and station renewal. If the MTA is able to receive hundreds of millions of dollars for these necessary renovations, then they should be able to afford maintaining regular bus service for all of our constituents. My constituents concerned about the bus redrawing include mergers of the buses that will force people to take longer bus rides to catch the train at the New York subway station and people with disabilities struggling with lack of buses that meet their needs. The MTA needs to consider the needs of those who live in transit deserts and those with, with disabilities. Thank you very much.

MS. BROOKS: Thank you. The next speaker is Miriam Fisher followed by Jean Ryan.

MS. MIRIAM FISHER: Can you hear me?

MS. BROOKS: Yes, I can hear you, Miriam.

MS. FISHER: Okay. I'm Miriam Fisher. I'm a long time advocate for mass transit as somebody who was hit by a yellow taxi and just had my third back operation and also a disability advocate. I'd like to start by quoting a former president. No, not that one. Biden accessibility is a moral imperative. I

also want to thank the MTA for including public toilets on the list of things to be added to the various station. Reminder of missed deadlines in July 2020 of elevators for a hundred key stations. Missed deadlines. How do we monitor this? Few projects proposed in the MTA Federal Capital Projects have deadline specificity which stations to minor -- monitor work in progress. Quote from page 19 of the document. "Various stations that will be addressed by this project and ADA accessible stations which various which remaining stations will receive ADA accessibility in pending or future projects." Pending future. No dates, no deadlines.

A particular station that is -- relates to me personally I live in Chelsea on 21st Street near 23rd and 8th Avenue, no elevator; 7th Avenue, nada; 6th Avenue, nada, Broadway, nada. That's four stations in a row until we get to Park Avenue South and the number 6 which has an elevator. Nada on the radar at all is 23rd and 6, recently in the news for having removed benches for a mysterious reasons. Homeless, cleaning, no way of sitting for people with disabilities, bad backs, bad knees. This station 23rd and 6th is on the same block as Selis Manor, a residence for people with disabilities and visual impairments and on this same connection to the past train in New Jersey.

This station was closed for months for renovation, no elevator. To be -- this is symptomatic and emblematic of the lack of the important connections for people's lives and movement to get around to get everywhere. No elevator. Thank you for listening.

MS. BROOKS: Thank you. The next speaker is Jean Ryan followed by Deborah Shaffer.

MS. JEAN RYAN: Hello. Can you hear me?

MS. BROOKS: We can hear you.

MS. RYAN: My name is Jean Ryan and I am president of Disabled Inaction of Metropolitan New York. DIA for short. Our organization is 51 years old and we're not stopping. We need access in all areas of society. After using subways for 25 years, I became disabled and could no longer do stairs or stand for long periods. I finally had to quit working because there were no elevators on either end of my trip. That was in the last century 23 years ago. It's been 27 years since I cannot use the subway. Many of our members have never been able to use the subway at all.

Until the subway system is fully accessible, it will adversely impact the economy of New York City and the lives of millions of people every day. Why do we keep getting promises

of many new elevators and then there are always many unexplained cost overruns and disappearing funds. Even the 70 promised new elevators from two years ago are, or is it three, would be a drop in the bucket. Scattered elevators are minimally useful and create a huge problem when elevators are out. Elevators need to be prioritized over beautification. Renovations trigger elevators and that is ignored. Firm specific and definite commitments to elevators need to be made. A legally binding elevator agreement needs to be signed.

We need elevators because elevators are for everyone and I'd like to add are you listening Governor Cuomo because we all know that he really controls the strings of the MTA and when we get money from the fed- federal government, you know, we need to use it wisely and we need access and other people are saying they need access all over the system. That's what we need to spend our money on. Thank you.

MS. BROOKS: Thank you. The next speaker is Deborah Rocks [phonetic] Shaffer followed by Alexandria Sica.

MS. DEBORAH SHAFFER: Hi. My name is Deborah Shaffer. I'm also like Ivo Stranic who spoke before, I'm a Dumbo resident and I'm here representing the, the Dumbo Action Committee which is a community group in the neighborhood and I won't repeat -- I had

a lot of the same statistics that Ivo already gave you but so I won't repeat them but the York Street Station is a nightmare. It's a complete -- I've lived in the neighborhood for eight years. Pre-pandemic I used the subway frequently and, and I feel like I'm taking my life in my hands when I'm down in that station. It's down three very steep flights of stairs. It's a very narrow access and when it's crowded you can't get out. I just live in fear that something is gonna happen, you know? Somebody's -- there's gonna -- somebody's gonna fall ill and not be able to get out, you're not gonna be able to get emergency help down there. God forbid there's ever a fire.

There has -- I have never -- I don't know why there's not a second egress. There's room for it. There's space for it on the other side of the Manhattan Bridge. There must be a second egress and there must be an escalator and an elevator. As, as Ivo pointed out, the closest accessible station is, is almost a mile away and it's not an easy -- for a disabled or an elderly person or somebody with a stroller, it's not something, it's not a walk you could take and to make up for not having an accessible station right at hand.

There are 5,000 residents in Dumbo. There are 3,500 at Farragut House. There are mil-, many elderly and disabled

living in the area and many, many, many, many families with small children and women with strollers now shlepping up and down those stairs. It's, it's and plus it's becoming a huge tourist destination. We have tourists coming in every weekend and there are 11,000 -- before the pandemic, there were about 11,000 commuters a day coming into Dumbo. It's a tech center. There's a lot of people working here and at rush hour you just as you can't get in and out of the station. So please put it on the list for capital improvements. I really urge you. We've -- it's, it's gonna, it's gonna be bad. We have to have a second egress, more turnstiles, and, and escalator and elevator. Thank you.

MS. BROOKS: Thank you. The next speaker is Alexandria Sica followed by Joseph Rappaport.

MS. ALEXANDRIA SICA: Good evening. I just wanted to check that you can hear me.

MS. BROOKS: I can hear you.

MS. SICA: Okay. Terrific. And thank you for bearing with my conditions here. I wanna thank you for the opportunity to speak. I just wanna -- my name is Alexandria Sica. I am the president of the Dumbo Improvement District, the business improvement district for Dumbo and I wanna echo the Dumbo Action

Committee's great use of statistics to define the problem at the York Street Station. When we have inquired about getting an accessible entrance at York Street, the answer has been that because J Street Metrotech is within the next stop up, York Street does not get put onto this list. However, you know, on the other side of York Street, we have a river and to get to J Street Metrotech, you must hike up a very, very steep hill, cross the BQE, cross Tillary Street, major highways. This by no means provides a solution for the handicapped coming to Dumbo.

As the speakers have said, the neighborhood is, is both a tourist destination, a major, major driver for economic development and economic activity in New York City as well as, you know, a tech center that is the great hope of Brooklyn as a, as a central business district. Dumbo is the number one choice in Brooklyn for locating large tech companies including Etsy, Westdown [phonetic], Rent the Runway, major employers and we jeopardize, you know, we jeopardize the momentum that has been created if the F train has not -- does not get solved in the very near future.

So we really hope that the MTA will find a way, find a pocket of money somewhere to solve this problem before it becomes more, more, and more concerning both from a safety point

of voice, accessily -- accessibility point of view and, and quite frankly from just a complete inconvenience of the crowded, crowded platform, crowded stairways. It just is an unfriendly atmosphere and we think it's, it's time for, for this station to get some attention. Thank you so much.

MS. BROOKS: Thank you. The next speaker is Joseph Rappaport followed by Council Member I. Daneek Miller.

MR. JOSEPH RAPPAPORT: Hi. Good afternoon. I'm Joe Rappaport. I'm the executive director of the Brooklyn Center for Independence and the Disabled, also known as BCID. I wanted to mention that I appreciate the chance to testify today and the help of MTA staff members in facilitating my resil-, registration. However, I would say that having a very limited window, 60 minutes to register for a public hearing seems unnecessary. It should be longer and doesn't meet the goal of public hearings which is to actually hear from the public.

I'd like to echo though in my testimony the words of Council Member Ydanis Rodriguez. The New York City region has a rare opportunity in Washington with Senator Schumer leading his house and Polly Trottenberg, a former MTA board member as a deputy secretary in the Department of Transportation and we really must make sure that we both get the funding that we need

and that we use it wisely.

Another participant testifying Assembly Member Weprin mentioned the need to accommodate people with disabilities and his own constituents who he said lived in a transit desert and he's right, but for many people who have, many New Yorkers who have disabilities, there are -- we are already in transit deserts since the entire subway system is only partially accessible.

You know, the MTA talks a good game about subway accessibility and a few years ago as the MTA neared the end of its hundred station key station accessibility initiative, a result of a lawsuit years ago in the 1980s from colleagues of mine, many people on disabilities realized that they were still shut out of the subways because only a quarter of subway stations are accessible because the MTA has a practice of renovating stations without making them accessible and because the elevators in place often went out of service.

In fact, when I worked at the Public Advocate office many years ago in 19 -- actually 2000, we released a report analyzing a 110,000 elevator out- outages between 1994 and 2000 and riders who use the elevators today know that little has changed. Our groups eventually went to court a few years ago and the MTA

continues to fight our lawsuits including hiring Paul Weiss among the highest priced attorneys on the globe. I see I'm almost out of time and I didn't really get to my main point. But I'll go over it quickly.

There are two aspects of our propo-, of the M-, of the MTA's proposal to the FTA that concern us. One is the request for $876 million dollars in station rehab funds without making a commitment to make those stations accessible. We've been down this road before. So we urge the MTA to revise its proposal so that no stations are renovated without making them accessible and that it is clear what stations the MTA plans to make accessible. I think these are reasonable requests and I hope the MTA is able to meet them. Thank you.

MS. BROOKS: Thank you. The next speaker is Council Member I. Daneek Miller. We cannot hear you.

COUNCIL MEMBER I. DANEEK MILLER: Not hear.

MS. BROOKS: Okay.

COUNCIL MEMBER MILLER: Okay. How much of that did you not hear? Many of these proposed projects being considered today are needed to maintain and bring facilities up to a state of good repair but repair. Many proposed projects are essential to ensure we maintain a world class transportation system. Am I

still on? Can you hear me?

MS. BROOKS: Yeah, sure.

MR. MILLER: Okay. Through our decisions here, there is an ability to build back New York City in the metropolitan area even greater than it was before COVID-19. Transportation is, is, is, is, is the great equalizer. It can change the lives of communities. It can create upward mobility. And communities of color such as mine Southeast Queens, we have fought for decades to achieve some level of transportation equity and investment.

This is an opportunity that is a game changer and there are so many things that, you know, that we can do that is supported in this, in this plan that will really create the upward mobility that communities deserve and the equity that communities deserve. So I wanna thank, thank you for the service and the efforts to support the MTA capital infrastructure, it's workforce, it's riders, and I'd be glad to continue to, to lend my support specifically to a few projects that include standard express, express bus replacement, subway stations accessibility, upgrades, and, and new elevators to our commuter rails as well.

I understand that, that I was muted so I just wanted to say again that it is an honor to testify on be-, testify on behalf

of these projects and as a member, a former member of the MTA family and in my role as, as a labor leader this is not the first time we have advocated on behalf of federal transportation authorization and it really begins with the funding mechanism itself that we have been left out that has been real disinvesting -- investment and the most important transportation system in the world. It is more than just about state of good repair. It is about moving forward. It's about equit- equity and, and transportation equity and, and mobility for all of us. So I am once again, it is my pleasure to, to, to advocate on behalf of additional funding and please, please give me more than six hour notice next time. Thank you.

MS. BROOKS: Thank you. That is our list of speakers. We are going to call Monet Schultz and Darian Jordan as they are on our list as well. We will take a pause. We'll take a recess for 15 minutes. The current time is 5:51.

Thank you and welcome back. If you have registered to speak, we'll call the names of those who did not join us earlier to see if they're on the call right now. Monet Schultz, Darian Jordan. The current time is 6:12 and we have exhausted our speaker list. Therefore, we will conclude the Federal Capital Projects Virtual Public Hearing.

Thank you for joining us, good night.

Deborah Wright, Rosedale, NY
Long Island Railroad Projects - Locust Manor and Laurelton both stations need elevators -large senior population, disabilities, and families with strollers.
Maintenance issues- Rosedale and Laurelton stations need upkeep, stairs need repair, paint peeling and rust erosion on beams. Local stops being overlooked.

Darian Jordan, Brooklyn, NY
Hello. my comment is in regards to the subways stations department. The closure of booths and eliminations of stations clerks proves to be a safety issue to the public. The rate of assaults and attacks on customers are high. With no clerks on the stations it will run the risk of an increase in these attacks. Posted on many booth windows are wanted signs of people who committed attacks or vandalisms. We cant ignore the idea of the potential threats that will occur if a station is desolate during off peak hours. The thought of you or a loved one being attacked on an empty station with no one to help is a scary reality. I personally have saved two lives last year from customers falling on the subway tracks. I at the time was on duty as a station booth clerk giving lunch reliefs from station to station. Because of the angle of the tracks, the train operator was unable to see the customers that fell onto the tracks near the third rail. Due to my previous training I was able to flag down and stop the train before they came into contact with the customer.

The major issue in the field is customers not paying their fare. This is a huge case in all boroughs and neighborhoods. From low income customers to business men and women evading the fare. A huge but simple improvement would be for the booth clerk to have control of locking and unlocking the service gate without the customers being able to override that by simply having someone push the release bar for them. We have to identify and understand the customers we are providing service to. New York City Transit customers are not the same as Long Island Railroad or Metro North Railroad riders. What works for those two divisions proves very ineffective for NYCT division. At the end of the day whether the fare is $2.75 or $13. Every single day thousands of customers do not pay the fare, many of which respond: "I don't feel like it." The crisis has become as if customers have more control over the system than the employees themselves. Payment of fare is not being enforced neither by police or policy. If we do not secure payment of fare we will always have a financial deficit. Now in the event of an emergency or a rapid evacuation as long as there is a booth clerk present, the booth clerk can unlock the service gate when required. During police responses whether for investigations or emergencies the booth clerk gives them access to stations in a quick timely manner. During this pandemic station closures period, there have been other issues that have occurred. Various departments (infrastructure, signals, third rail, power with all their miscellaneous equipment, etc) all require entry into the system. Having booth clerks at all times with the improvement to customer fare control proves to be as asset and not a financial burden.

Mr. X, Manhattan, NY
RE:2/23 PUBLIC HEARING
ATTN:FOYE

THIS PUBLIC HEARING IS ANOTHER REASON WHY YOU SHOULD THROW IN THE TOWEL LIKE ARNOLD SKAALAND WHICH IS WHAT HE DID FOR ROBERT (BOB) BACKLUND.IT'S ALSO ANOTHER REASON WHY I FEEL YOU SHOULD STAY HOME AND BE A HOUSEWIFE.ALL YOU HAVE TO DO IS WEAR AN APRON AND A DRESS BECAUSE YOU'RE TOO BIG TO WEAR A MINISKIRT.I CAN TELL YOU A BEDTIME STORY BUT THE PROBLEM IS YOU'RE TOO BIG TO SIT ON MY LAP.ALTHOUGH IT'S SCHEDULED TO START AT 5 PM A TIME WHEN MOST PEOPLE ARE NORMALLY WORKING YOU DECIDED WE SHOULD REGISTER ON THE SAME DAY BEGINNING AT 1O AM.

SINCE 1/15/20 YOU HELD SEVERAL PUBLIC HEARINGS AND YOU NEVER MENTIONED THE MISSING ELEVATORS THAT SHOULD BE SERVING THE 2,4 AND 5 TRAINS AT HOSTOS COLLEGE ALTHOUGH WE ADVOCATED FOR THEM OVER 2 YEARS AGO.THAT SHOWS HOW CONCERNED YOU ARE ABOUT THE MINORITES AND POOR NEIGHBORHOODS.BEFORE 1/15 YOU WERE THE ONE WHO WENT AFTER ME AND ASKED THE MTAPD PARTICULARLY GODZILLA/IKE TURNER/RICHARD PRYOR/SHAFT/WILLIE DYNAMITE/WILTON (WILT) CHAMBERLAIN TO HELP YOU MOVE IN ON MY PARADE BECAUSE YOU FELT MY COMMENTS ABOUT YOUR PREDECESSOR WERE DISGUSTING ALTHOUGH YOU MADE A RACIST REMARK TO ANTHONY (TONY) UTANO.

HERE'S SOMETHING YOU AND SARAH CAN DO:YOU CAN ORDER 63 FOOT CARS FOR THE IRT DIVISION.THE TRAINS CAN CARRY 8 CARS.YOU CAN MAKE CONNECTIONS AT THE HOYT STREET STATIONS.YOU CAN MAKE CONNECTIONS AT THE BEDFORD PARK BOULEVARD AND FORDHAM ROAD STATIONS.YOU CAN MAKE CONNECTIONS AT QUEENS AND

QUEENSBORO PLAZAS.YOU CAN MAKE CONNECTIONS AT THE 34TH STREET STATIONS.YOU CAN MAKE CONNECTIONS AT THE 42ND STREET STATIONS WEST FROM 5TH AVENUE.YOU CAN MAKE CONNECTIONS AT THE 50TH STREET STATIONS WEST FROM 5TH AVENUE.AT 50TH STREET/8TH AVENUE YOU CAN DISMIS THE LOWER LEVEL PLATFORMS.AT BERGEN/SMITH STREETS YOU CAN DO THE SAME THUS FIX THE EXPRESS TRACKS.ON ALL 4 TRACK LINES THE EXPRESS TRACKS MUST BE USED AT ALL TIMES.

Arlyne Blitz, Brooklyn, NY

As an older resident of Dumbo, I have trouble climbing the 4 flights of steps -- two to get up to the turnstile area, and two more to get to the street. The closest accessible station is almost a mile away at Metrotech Center. That is too far to expect someone to walk just to talk public transportation. My job is in Manhattan; there are no buses that go over the bridge.

I understand that the policy is to make every second station accessible, but in most locations, as in Manhattan, stations are closer together and it is not a problem to use another station that is only 4-6 short blocks in either direction. In this area, that is not the case. We have only one way to walk to a subway -- the river is on the other side.

An additional problem is that this station not only serves workers, many tech workers, who come in for the day at the same time and flood the narrow platform, but the hundreds of visitors who come to Brooklyn Bridge Park most of the year. The park keeps expanding, and developing, and the waterfront restaurants have only exacerbated that problem. The influx of tourists was not anticipated when this was a small factory area. Many new residential and tech buildings have been built in the last ten years. The times have changed; the needs have changed; this has to be addressed.

Lastly, the entrance to the turnstiles is jammed every day. There are 3 turnstiles, columns in the way, the ticket booth, and vending machines all in an extremely small space. We need a larger turnstile area, and another means of egress, both for everyday use, and in case of emergency. Elevator accessibility needs to be at the York Street entrance.

I don't know if all these changes of the last 10-20 years have been properly appreciated for the transformation they have brought to the area.

This whole community has been asking for this upgrade for many years. Other areas seem to get priority over us. We ask you to please examine the current conditions here and add this station as a priority.

Thank you,

Arlyne Blitz

Deborah Wright, Rosedale, NY

Elevator at Parson and Archer, E/J Subway lines, : The elevator is not transparent in comparison to subway elevators on the same train line at Kew Gardens and Forest Hills.. As is, it is a crime opportunity for those up to no good, that may victimize the elderly or other vulnerable persons . Also, a welcome haven to homeless squatters. Elevator needs to be changed.

Bus Design - right now with Covid-19 buses are not crowded , but future design should eliminate the steps, that lead to the back of the bus . As it causes Bottleneck in the front , during school and rush hours , Most people will not climb up the steps , to make room for others

---

Aaron Kominos-Smith, Brooklyn, NY

Please rank single/center platform stations with a single entrance at one extremity in order of usage. These are the most dangerous stations in the system when crowded and require attention. The York Street station on the F line is one such station and is regularly overcrowded and safety is increasingly becoming an issue. There are no public plans for building a second entrance/exit to this station. It seems the MTA should produce proposals ASAP. The York St station services DUMBO, a growing community with multiple residential and commercial buildings under construction. The station is overcapacity during peak times and money must be allocated to propose an additional entrance/exit to the station. The NYPD has already demonstrated that it will not tolerate dangerous overcrowding on the platform. It has closed the station on multiple occasions for hours. The Station is a disaster waiting to happen and the MTA should act now so we don't regret it in the future. Thank you for your time.

Mayor Dennis Siry, Amityville, NY

The Village of Amityville wishes to express its enthusiastic support for the proposed ADA upgrades to the Amityville LIRR Station, in the upcoming capital budget, which include installation of a much-needed elevator. The improvement project would resolve long-standing issues in transportation access and ensure greater accessibility for elderly and disabled residents, commuters and all visitors using the station.
The Village is embarking on a revitalization of its downtown and is adding several multi-family apartment complexes such as Village by the Bay, Avalon Bay and others, representing several hundreds of potential LIRR riders. We are also creating a pedestrian/bicycle path to increase connectivity between our downtown with the station. The intended station improvements will create an inviting and safe travel experience for all.
We ask that you approve the Amityville Station project as proposed and thank you for your service to our Village.
Sincerely,
Mayor Dennis M. Siry

Sandy Galef, Ossing, NY

In the midst of this pandemic, we have radically changed how we interact with public transportation. As we look toward brighter days, it is important that our infrastructure is up to the demands it will face. This proposal is vitally important to meeting that future head on. These projects individually improve reliability, expand services, update systems, and enhance safe access to MTA services. Several of the projects focus on stations and improvement north of Westchester, bringing enhanced services to these commuters. The proposal will even pave the Cold Spring parking lot. Taken together, these capital projects will jump start our economy by putting thousands to work and providing much needed money for our workers. They will revitalize our transportation infrastructure for many years to come.

Through COVID-19 we have seen many avoid congested subways and trains, walking rather than taking the bus. But public transportation is not only for the fair-weather traveler. Our essential workers rely on public transportation to get to and from work, rain or shine. Without robust public transportation where would we be? Would our doctors and nurses, grocery store workers and teachers and so many more have gotten to work? Our system came through for us, providing safe passage as we performed our essential tasks. More than any individual project this proposal declares confidently that New York will redouble our efforts to provide public transportation as a hallmark of a vibrant state. Our system has been through a lot. This proposal ensures we will continue to meet our transportation needs into the future.

Nicholas DeSantis, Brooklyn, NY

I have lived in DUMBO for 13 years and have seen first hand the challenges outlined and presented below.

The neighborhoods of DUMBO and Vinegar Hill are serviced mainly by the York Street F train station. The aging York Street station has a single entrance/exit and is not ADA compliant. At rush hour it has a line of commuters extending outside, onto Jay Street, waiting to enter the station to reach the turnstiles. At the same time it can have a line of of commuters backed up from the turnstiles, down the ramp, to the platform trying to exit. This leads to unsafe congestion on what is already a narrow platform. There have been multiple occasions over the years that the station had to be shutdown for safety reason when DUMBO hosted an event or was the place to be for July 4th. All of these issues are well documented. Multiple news outlets have covered it. It has been raised by the DUMBO BID, by the DUMBO Action Committee, and many commuters. It has been brought to the attention of a number of local politicians as well.

https://www.wsj.com/articles/brooklyn-startups-face-speed-bumps-11576414800
https://www.youtube.com/watch?v=dP9_I5hYGOs

Ridership for York Street has nearly doubled since 2011 and given the current development projects planned or underway for DUMBO and vicinity, the usage of the station will only increase.
York Street is the 19th busiest station in Brooklyn based on 2019 MTA statistics. Of those stations York street saw the largest percentage of ridership increase from 2018 and is the only one of the stations to show an increase in ridership every year since 2014.
From 2104-2019 York Street usage has risen 42.3%, ranking it 11th in growth for that period, but ranking it 4th in overall ridership within that same group.
York Street has ridership on par with the WTC, but far, far fewer turnstiles and exits.

(This from MTA data, but does not translate well in your comments tool)

Please Note: The ridership numbers for the station are also probably under recorded as the Emergency door is used by most riders that are exiting and therefore they are not counted by turnstiles. I estimate at least a 25% undercount since 2015 when the alarm on the door was silenced. Using this as context for a revised ranking, York Street would be the 4th busiest station in Brooklyn and the second busiest Brooklyn station that is not ADA compliant; Court Street being the first.

I see no specific line item on the 2021 Project list to address the needs of the DUMBO/Vinegar Hill communities with regards to the York Street Subway Station.

DUMBO needs:
1. Funds for a study for a new egress for York Street and/or to make it ADA compliant
2. Funds to provide an interim solution to some of the overcrowding by moving the turnstiles back from the entrance, and adding more turnstiles.

Senator Pete Harckham, Peekskill, NY

Testimony New York State Senator Pete Harckham
Capital Projects Virtual Public Hearing Federal Fiscal Year 2021
Feb. 23, 2021

Thank for holding this hearing on the MTA's Capital Program federal funding requests.
First, I want to take this opportunity to thank MTA employees for their hard work and sacrifice in order to keep the trains and buses running during the pandemic. We can never forget that some of these workers made the ultimate sacrifice to keep vital public transit lifelines open. Public transportation remains of vital importance to the essential workers that are keeping us safe. In addition, sound transit infrastructure will be badly needed as we recover from the pandemic.
So it is important that MTA and Metro-North have prioritized state of good repair in their request for federal funding. Not only will these projects address aging Metro-North track, signals, and stations, they will also generate hundreds of jobs that will have a positive ripple effect throughout our regional economy. The MTA must ensure that these projects are awarded promptly so they can have a maximum effect in helping to revitalize our economy.
In closing, I once again urge the MTA and Metro-North to address the issue of safety at grade crossings. Earlier this month we marked the sixth anniversary of the deadly Valhalla grade crossing accident. It is unacceptable that the crossing remains the most dangerous on the system. The MTA must work in conjunction with the local communities, other state agencies and the federal government to eliminate grade crossings.
Thank You

Charlton D'Souza, Queens Village, NY

The Long Island rail road Hollis station must be rebuilt in this capital program. The platforms are collapsing because of poor conditions. The platform is held up by wood beams

---

Peter Beadle, Rego Park, NY

Dear Members of the Board;

Queens Community Board 6, covering Forest Hills and Rego Park, through which the LIRR mainline and the E, F, M and R subway lines run, requests that the MTA's capital projects budget include funding for the installation of ADA accessible elevators at each of our LIRR and subway stations. The ability for those with mobility challenges to live a full and active life is made significantly more difficult when our transportation systems are not ADA compliant. These elevators are essential and long overdue.

Thank you,
Peter W. Beadle
Second Vice Chair, CB6 Queens
Co-Chair Transportation Committee

Internal Approvals			
Order	**Approval**	Order	Approval
1	Legal		
2	Chief Development Officer		
3	Chief of Staff		
4	Chief Financial Officer		

Purpose:

To obtain MTA Board approval of (i) revised and updated MTA Real Estate Department's Real Property Disposition Guidelines (the "2021 Real Property Disposition Guidelines") and (ii) updated MTA's All-Agency Guidelines for the Disposal of Personal Property (the "2021 Personal Property Disposition Guidelines"), and the appointment of the MTA staff persons designated as the Personal Property Disposition Contracting Officers listed on Attachment C, each promulgated in accordance with Section 2895-2897 of the Public Authorities Law.

Discussion:

Section 2896 of the Public Authorities Law, enacted in 2005, requires that public authorities annually review and approve "comprehensive guidelines" adopted by resolution that detail its "operative policy and instructions" regarding disposals of real and personal property, and designate a contracting officer responsible for complying with and enforcing the guidelines. Each year the statute requires each public authority's governing board to review and approve its guidelines by March 31st and to file a copy of the Guidelines with the State Comptroller. The proposed 2021 Real Property Disposition Guidelines, prepared by the MTA Real Estate Department and designating the Chief Development Officer of the MTA as the Real Property Disposition Contracting Officer are annexed as Attachment A to this Staff Summary. The proposed 2021 Personal Property Disposition Guidelines, prepared by MTA Corporate Compliance in consultation with MTA Agency procurement departments, are annexed as Attachment B to this Staff Summary. A list of the MTA staff persons designated as the Personal Property Disposition Contracting Officers is annexed as Attachment C to this staff summary. The attachments are available for review by the MTA Board members in the Director's Desk Exhibit Book and on MTA.INFO.

Real Property Disposition Guidelines:

In March 2020, the MTA Board approved the MTA Real Estate Department's current real property disposition guidelines, which detailed MTA Real Estate's policies and procedures for the disposal of real property.

The proposed 2021 Real Property Disposition Guidelines (see Attachment A) are substantially the same as those approved last year [except for those minor changes as shown redlined in Attachment A].

Personal Property Disposition Guidelines:

In March 2020, the MTA Board approved the current All-Agency Guidelines for the Disposal of Personal Property to provide a consistent set of personal property disposal policies and practice, across the MTA agencies.

The proposed 2021 Personal Property Disposition Guidelines (see Attachment B) have a nonsubstantive title change; therefore, are substantially the same as the 2020 guidelines.

Recommendation:

It is recommended that the Board adopt the resolution attached to this Staff Summary approving the 2021 Real Property Guidelines and the 2021 Personal Property Guidelines, designating the Chief Development Officer as the Real Property Disposition Contracting Officer for the MTA and MTA Agencies, and designating the MTA and MTA agency staff members listed on Attachment C of the Real Property Disposition Guidelines as the Contracting Officers for the MTA and MTA Agencies as the officers responsible for disposition of real property.

RESOLUTION

WHEREAS, the Public Authorities Law in Section 2896 requires annual review and approval of guidelines detailing a public authority's operative policy and instructions regarding the disposition of property and designating a contracting officer responsible for complying with and enforcing such disposition guidelines;

WHEREAS, the Boards of the Metropolitan Transportation Authority and its subsidiaries and affiliates (collectively, the "MTA Agencies"), have reviewed and by this resolution wish to approve the MTA Real Estate Department's Real Property Disposition Guidelines (the "2021 Real Property Disposition Guidelines") and the MTA All-Agency Guidelines for the Disposal of Personal Property (the "2021 Personal Property Guidelines") referred to in the Staff Summary to which this Resolution is attached (the "Staff Summary") and to designate the MTA Chief Development Officer as the Real Property Disposition Contracting Officer, and to designate the MTA Agency staff persons listed in Attachment C to the Staff Summary as Personal Property Disposition Contracting Officers;

NOW THERFORE, BE IT:

RESOLVED, that the 2021 Real Property Disposition Guidelines annexed to the Staff Summary as Attachment A are hereby approved; and

RESOLVED, that the 2021 Personal Property Guidelines annexed to the Staff Summary as Attachment B are hereby approved; and

RESOLVED, that the MTA Chief Development Officer is hereby designated as the Real Property Disposition Contracting Officer for the MTA; and

RESOLVED, that the persons listed on Attachment C to the Staff Summary are hereby designated as Personal Property Disposition Contracting Officers.

Dated: March 17, 2021

INTRODUCTION

MTA Real Estate Department: The MTA Real Estate Department ("RED")[1] handles real-estate-related matters and utility franchise agreements for the Metropolitan Transportation Authority (the "MTA") and each of the MTA's subsidiaries and affiliates, which include: MTA New York City Transit, Manhattan and Bronx Surface Transit Operating Authority, MTA Metro-North Railroad, MTA Long Island Rail Road, MTA Bridges and Tunnels, MTA Staten Island Railway, MTA Regional Bus Operations and MTA Design and Construction (each, an "MTA Agency", and, collectively with the MTA, the "MTA Agencies"). References in these Guidelines to the MTA or to MTA Agency are intended to refer to both MTA and the other MTA Agencies, individually and/or collectively, as the context may require.

RED Structure: RED comprises two core groups – (i) Transactions & Operations (including, Facilities Management) ("TOM") and (ii) Transit-Oriented Development ("TOD"). The TOM group is responsible for all real estate-related transactional matters (other than development and major capital projects) for the MTA Agencies (including acquisitions, dispositions and leasing of MTA Property), tenant management, and management and operations of MTA Facilities. The TOD group is responsible for all real estate-related development matters, whether by an MTA Agency, a government or other public or quasi-public entity and/or a private entity, which affects or involves any existing or to-be acquired MTA Property and/or any existing or proposed transit-related facility or amenity, including acquisitions and dispositions of real property or interests in real property for long-term revenue generation and transportation facilities; major capital projects in conjunction with or enhanced by real estate development; other co-development arrangements with private and public entities including public-private partnerships; and other opportunities for realizing revenue from real estate opportunities and strategic planning.

RED Governance: The MTA's Chief Development Officer (the "CDO") oversees the RED and works with a team of senior officers, including a Deputy Chief Development Officer, Planning (the "Deputy CDO, Planning"). The Director, Real Estate Transactions and Operations ("Managing Director, TOM")—reporting to the CDO, through the Deputy CDO, Planning - , has primary day-to-day responsibility for managing all TOM functions, with direct oversight for, among others, the Director, Transaction Management ("First Deputy, TOM"), Director, Grand Central Retail Leasing and Management Associate Director, Tenant Management, Associate Director, Operations and Deputy Director, Project Management. The Director, Transit-Oriented Development ("Managing Director, TOD")—reporting to the CDO through the Deputy CDO, Planning—has primary day-to-day responsibility for managing all TOD functions with direct oversight for, among others, the Director, Real Estate Development, the Director, TOD Transactions and the Deputy Director, Value Capture. (See Figures 25 and 26 for TOM/TOD organizational charts as of the Effective Date of these Guidelines.)

The Chief Development Officer is responsible for the MTA's and the MTA Agencies' compliance with and enforcement of these Guidelines, as the Board-designated Real Property Disposition Contracting Officer for the MTA and MTA Agencies.

Scope of Guidelines: These Guidelines apply only to dispositions of real property under Sections 2895-2897 of the Public Authorities Law ("PAL"), including leasing-out or sale of real property and grants of

interests in real property such as easements and leasehold interests, owned or leased and controlled by the MTA or other MTA Agency. The licensing-out of real property pursuant to licenses that the MTA or other MTA Agency may terminate at will in its sole and absolute discretion upon not more than 60 days' notice without compensation by the MTA or other MTA Agency including repayment of any unamortized tenant improvement costs—is not subject to PAL Section 2897 because it is not a disposition of an interest in real property. Such licensing-out is subject to the RED Policies and Procedures for the Licensing of Real Property dated November 29, 2011, as amended. If a license agreement provides that the licensee's right of use and occupancy is subject to termination only for specified reasons or upon payment of compensation by the MTA or other MTA Agency, however, then these Guidelines will apply. Similarly, the transfer of MTA Property or an interest in MTA Property to an entity or joint venture or other undertaking with another person or entity by contract, lease or other arrangement that involves MTA Property, and through which the MTA or MTA Agency will continue to own an indirect interest in the property, may be considered a mere change of identity in the form of ownership only–from a direct ownership interest to an indirect one–and thus not a disposal of such property subject to PAL Section 2897 and these Guidelines.—

The franchise licensing of utilities is also not subject to PAL Section 2987 but rather is authorized under PAL Section 1266(2) and approved by MTA Board action dated February 17, 2021 except to the extent the franchise license does not comply with all conditions for such exception as set forth in the Board approval.

These Guidelines are supplemented by the Guidelines for Selection of Tenants for Grand Central Terminal that were adopted by the MTA Board on November 18, 2009, as amended (the "GCT Leasing Guidelines"). In the event of any inconsistency or conflict between these Guidelines and the GCT Leasing Guidelines, with respect to a lease at Grand Central Terminal, the GCT Leasing Guidelines shall govern. A copy of the current GCT Leasing Guidelines is attached hereto as Attachment 1.

PAL Section 2897 provides that, as a general rule, any leasing-out or sale of real property can only be undertaken after public advertising for bids and for not less than fair market value. However, these limitations do not apply in certain circumstances, which are specified below. Accordingly, although most dispositions by sale or lease will be made pursuant to the request for proposals process that is described in Chapter III of these Guidelines (the "Lease/Sale RFP Process"), others may be made pursuant to direct negotiations as described in Chapter IV of these Guidelines (the "Lease/Sale Negotiation Process").

These Guidelines are intended only for the internal guidance of officers and employees of the MTA. Nothing contained in these Guidelines is intended, and the same shall not be construed, to establish expressly or by implication, or confer upon any person or entity (including any prospective proposers or awardees) any right, privilege, remedy, claim or benefit under, or by reason of, any requirement or provision of these Guidelines for third parties. Except to the extent prohibited by law, any provision of these Guidelines may be waived by the MTA Board (by ratification or otherwise) or by the Chairman and Chief Executive Officer of the MTA.

[1] A glossary of defined terms used in these Guidelines appears at the end of these Guidelines at Page 47.

Lease/Sale RFP Process: The Lease/Sale RFP Process is designed, among other things, to give effect to the following requirements under PAL Section 2897:

- the advertisement for proposals must be made prior to the leasing-out or sale, through the methods authorized by these Guidelines;
- all proposals must be publicly disclosed at the time and place stated in the advertisement; and
- the award must be made with reasonable promptness by notice to the responsible proposer whose proposal will be most advantageous to the State, price and other factors considered; provided, however that all proposals may be rejected when it is in the public interest to do so.

The Lease/Sale RFP Process can be single-step or multi-step as described in Chapter III of these Guidelines.

Lease/Sale Negotiation Process: PAL Section 2897 specifies that the Lease/Sale Negotiation Process can only be utilized under the following circumstances:

(a) the fair market value of the property to be leased-out is an average of $15,000.00 annually over the term or ~~sold~~the sale price does not exceed $15,000, as applicable or

(b) proposal prices after advertising are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition~~;~~ (even if the fair market value exceeds $15,000); or

(c) the disposition will be to the State or any political subdivision, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation (even if the fair market value exceeds $15,000; or

(d) under those circumstances permitted by subdivision seven of PAL Section 2897, which include the following:

(i) the transferee is a government or other public entity, and the terms and conditions of the transfer require that the ownership and use of the asset will remain with the government or any other public entity;

(ii) the purpose of the transfer is within the purpose, mission or governing statute of the public authority; or

(iii) such action is otherwise authorized by law.

In the case of (a), (b) or (c) above, the disposition must be for no less than fair market value. In the case of (d) above, it can, but does not have to, be ~~for less than fair market value. However, if the disposition is~~ for less than fair market value, then the following information must be provided to the relevant MTA Agency Board (which must make a written determination based upon such information, that there is no reasonable alternative to the proposed below-market transfer that would achieve the same purpose of such transfer) and the public

(i) a full description of the asset:

(ii) an appraisal of the fair market value of the asset and any other information establishing the fair market value sought by the board;

(iii) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any, to the communities in which the asset is situated as are required by the transfer;

(iv) a statement of the value to be received compared to the fair market value;

(v) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (iv) of this paragraph, a statement of the value to the private party; and

(vi) the names of other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used.

An "explanatory statement" is required if a leasing-out or sale pursuant to the Lease/Sale Negotiation Process meets certain criteria, as described in Chapter IV of these Guidelines. Each such explanatory statement must be transmitted to the New York State Comptroller, Director of the Budget, the Authorities Budget Office, the Commissioner of General Services and the Legislature not less than ninety days in advance of such disposition, and a copy thereof must be kept in the project file.

CHAPTER I - INQUIRIES

Scope - This chapter establishes guidelines for responding to verbal and written inquiries made to the RED regarding the disposition of MTA Property ("Inquiries").

Responsibilities - RED is responsible for coordinating all responses to Inquiries. RED's responsibilities include researching the ownership status of specific properties, contacting the applicable MTA Agencies to determine whether property is available and responding to inquirers.

Objective - To provide prompt, courteous and accurate responses to Inquiries.

Procedures – Except for Inquiries relating to the leasing of space at Grand Central Terminal, which should be referred to the Director, Grand Central Retail Leasing and Management, all Inquiries should be referred to the First Deputy Managing Director, who should either respond directly or else charge an appropriate deputy with doing so. In the first instance, the First Deputy Managing Director should ascertain:

(1) precisely what property the inquirer is referring to, and which MTA Agency controls it; (2)

whether the relevant MTA Agency owns such property or merely leases it and, in the case of leased property, to what extent subletting of such property is permissible;

(3) what use the inquirer proposes to make of the property and whether such use would be compatible with MTA Agency use of any MTA Facilities that adjoin such property;

(4) whether the RED has already been authorized to dispose of such property or (if not) whether the applicable MTA Agency might be amenable to disposing of such property; and

(5) what restrictions would need to apply to any such disposition.

If the Managing Director and/or the First Deputy Managing Director determines that the subject property is available for purchase or lease, he or she (or their deputy or deputy's designee) should so inform the inquirer, taking care to stipulate that (except as otherwise described in these Guidelines) any such sale or lease may be undertaken only in accordance with the Lease/Sale RFP Process, and should see to it that the inquirer is provided in due course with an opportunity to participate in the Lease/Sale RFP Process with respect to such property. If the First Deputy Managing Director determines that the subject property is not available for sale or lease but may be available under a license arrangement that may be revoked by the MTA at will, without cost, on not more than 60 days' notice, he or she (or such deputy or deputy's designee) should so explain to the inquirer, and in that case the Licensing-Out Guidelines shall apply to such property. Otherwise, the First Deputy Managing Director (or such deputy or designee) should inform the inquirer that the subject property is not available on any terms and invite the inquirer to register their interest on RED's website for purposes of alerting the inquirer to other opportunities.

For templates for appropriate written responses, see Figures 1–5.

CHAPTER II – ASSESSMENT OF OPPORTUNITIES

Scope – This chapter establishes guidelines for the assessment of opportunities to sell or lease MTA-controlled property that is not needed for operational purposes.

Responsibilities –RED is responsible for encouraging the MTA Agencies to identify MTA- controlled property that is either never going to be needed by the MTA Agency for operational purposes or not expected to be needed for such purposes until sometime in the future; for assessing the marketability of such property for sale, lease or license, as appropriate (taking into account relevant legal constraints, physical conditions and real estate market conditions); and for coordinating with the MTA Agencies to facilitate the disposition of such property or the licensing of such property subject to revocation when and as feasible.

Objective – To generate revenues for the MTA, consistent with the fulfillment of the MTA's operating purposes.

Procedures – In response to Inquiries, on its own initiative and/or at the request of the MTA Agencies, the RED should evaluate MTA-controlled properties for their revenue-generating potential. To the extent that MTA-controlled property holds such potential, whether best to realize that potential by sale, lease, grant of easement rights or license will depend on an assessment of (a) the desirability and feasibility of sub-dividing and physically separating such property from adjoining MTA-controlled property, (b) the extent, if any, to which any MTA Agency may have future operational needs for use of the property is or can be envisioned, (c) whether (in any case) it will be necessary or desirable for the MTA Agency to maintain long-term control over the ownership and/or use of the property, (d) whether the MTA Agency owns the property or merely leases it, and the extent, if any, to which disposition of the property is limited by reason of the terms of any lease pursuant to which the MTA Agency controls the property or by reason of any other title encumbrances, and (e) the potential revenues to be realized. With respect to each property to be evaluated, the Managing Director and/or the First Deputy Managing Director should refer such property to the appropriate Deputy Director, who will designate a Transaction Manager to conduct the evaluation under their supervision.

In all cases where an inquiry may have potential for development as a future or existing Transit-Oriented Development matter, the Managing Director, TOM and/or the First Deputy Managing Director, TOM, will direct such inquiry to the Managing Director, TOD and/or First Deputy Managing Director, TOD, to afford him or her the opportunity to explore the development potential.

Maintenance of Marketable Property List

With respect to TOM matters, the Deputy Directors are responsible for maintaining and regularly updating the marketable property list for their respective areas of responsibility. They are also responsible for using RED's Yardi database to run reports and periodically check active accounts for expiring terms of leased or licensed property to ensure timely marketing of those opportunities is initiated.

A. Site Analysis

The Transaction Manager shall conduct a site inspection with a representative of Tenant Management (or RED's Tenant Management Vendor) and the appropriate personnel of the MTA Agency in order to evaluate the condition of the property, the surrounding area, ascertain what utility services may be available for the site and identify what code compliance concerns may need to be addressed. As a part of this inspection, the Transaction Manager should assess the need for and extent to which improvements might be required, and consult with appropriate personnel of the applicable MTA Agency concerning the feasibility and potential costs of such improvements, and (assuming that the cost of such improvements would be justified by the revenue-generating potential of the property) whether it would be most efficient and cost-effective for the applicable MTA Agency to make such improvements (either in anticipation of rental or license fee income or at the direct cost of a lessee, licensee or purchaser) or for the making and/or cost of such improvements to be left to the purchaser, lessee or licensee. After the site inspection, a site assessment report will be completed, with input from all agency personnel and TMU/Tenant Management Vendor. The Transaction Manager should also consult with Information Management and MTA Legal to ensure that the Transaction Manager is aware of any contractual or other legal limitations that would affect the MTA Agency's ability to dispose of the subject property.

In order to determine the marketability of a property, the following (where applicable) should be considered:

- Present use/condition of site
- Accessibility
- Visibility
- Surrounding uses
- Size, shape and physical characteristics of site
- Condition of street and station improvements
- Impact of any MTA Agency restrictions
- Availability of utility services
- Extent to which improvements are needed and MTA Agency funds are available to pay for such improvements
- Easements or restrictive covenants
- Traffic patterns/passenger volume counts - peak and off peak
- Existing retail at station
- Consumer activity during rush and non-rush hour periods
- Condition of neighboring properties
- Existing vacancies in the area
- New/potential development nearby
- Any operating issues noted by Tenant Management
- Adequacy of storage space
- Environmental matters

- Any Federal Funding Requirements

Generally, the leasing-out or sale of MTA Property constitutes an "action" under the State Environmental Quality Review Act ("SEQRA") and thus is subject to SEQRA's requirements. SEQRA requires review of actions to determine whether they may have a significant adverse environmental impact and, if so, preparation of an environmental impact statement before the action may be approved and undertaken. While most lease renewals will be Type II actions under SEQRA regulations – actions which the State Department of Environmental Conservation has found to have no significant adverse impacts – and thereby exempt from review, and some new leases may also fall within a Type II category, the Transaction Manager should consult with MTA Legal as early in the process as practical to determine what measures are necessary to ensure SEQRA compliance. Further consultation may be necessary as a proposal develops or changes over time. Board approval of a lease or sale or grant of easement rights in MTA Property cannot occur unless SEQRA requirements have been met either through (a) the action being exempt as a Type II action under SEQRA or falling within the PAL § 1266(11) exemption from SEQRA; (b) issuance of a negative declaration, or (c) preparation of a final environmental impact statement. If the leasing-out or sale of MTA Property involves any federal action, which is rare, the leasing- out or sale would be subject to National Environmental Policy Act ("NEPA") in addition to SEQRA.

Each proposed lease or sale, whether via the RFP Process or the Lease/Sale Negotiation Process, requires preparation of and sign-off on a Pre-RFP Authorization Memo (Figure 9), as further described in Chapters III and IV. Each Pre-RFP Authorization Memo should note the SEQRA type or NEPA status, and required actions, if any, to be taken before the transaction is presented to the MTA Board for approval.

Additionally, MTA Legal's Deputy General Counsel, Finance must review the location(s) being offered in each RFP, with the RED providing location-specific information as required, prior to the issuance of the RFP to determine whether there are any tax-exempt bond related tax issues that would arise from private use. Only when MTA Legal's Deputy General Counsel, Finance clears such location and use should it be advertised, unless circumstances require advertisement before clearance is given, in which case the RFP must be subject to cancellation if clearance is not given prior to award. The Pre-RFP Authorization Memo contains two (2) boxes which must be checked by the Transaction Manager completing that form indicating that MTA Legal's Deputy General Counsel, Finance reviewed the location and use and has given approval to proceed with the RFP. A copy of the MTA Legal's Deputy General Counsel, Finance determination should be kept in the RFP file.

Prior to issuing an RFP, the Transaction Manager should prepare a Parcel Information Sheet (Figure 6) for each property that he or she determines to be marketable. The purpose of the Parcel Information Sheet is to collect information that will ultimately be used to describe the property being disposed of in the RFP.

Each Parcel Information Sheet should include information for all applicable fields. A form of Parcel Information Sheet applicable to all MTA Agencies may be found in the RED shared folder at S:\RFP Documents and Forms\RFP Boilerplate Forms. The parcel information includes:

- Yardi property identification number and address
- Block and lot number, if applicable
- Site plan
- Site description, including approximate size and any unusual attributes
- Interest (i.e., lease, license, sale) being offered
- Preferred or required uses or any use restrictions
- Any desired reservation of rights
- Utility requirements and availability
- Improvement requirements and associated cost estimates
- Design guidelines (if any)
- Transaction Manager site visit date

The assessment of potential uses and restrictions on use (including any restrictions on items to be sold at the subject location) should take into account the following considerations, if applicable:

- MTA Agency requirements
- Restrictions in existing MTA Agency licenses or leases at location
- Restrictions in MTA Agency's deed or chain of title
- Land use regulations and building, fire, health and other like codes, to the extent deemed by MTA Legal to be applicable to the subject facilities
- Environmental conditions

B. Preliminary Fair Market Value Analysis

Prior to ordering an appraisal or while one is being prepared (see Chapter V), the Transaction Manager should to the best of his or her ability seek to estimate the fair market value of the subject property. For such purpose, the Transaction Manager may rely on his or her knowledge of market conditions, information in the Yardi database, the experience of RED colleagues, informal discussions with appraisers, posted broker listings for comparable properties and/or discussions with brokers; provided, however, that any brokers so contacted should be informed that the inquiry is for information purposes only and that the MTA is not (or is not yet) seeking the assistance of such brokers to locate prospective purchasers or tenants. If an estimate of fair market value has already been obtained, the Transaction Manager should use it to help inform their analysis.

C. Conclusion of Site and Preliminary Fair Market Value Analysis

The Transaction Manager should prepare a market analysis work sheet describing their analysis of the property and conclusions regarding the marketability of the property. The Transaction Manager should use such market analysis work sheet to guide their discussions with their Deputy Director, and the discussion should encompass the following:

- Parcel Information Sheet
- Review of the market analysis work sheet and explanation of fair market value estimate
- Analysis of whether revenue-generating potential appears to justify cost and effort to make any required improvements to the property.
- Critical assumptions.

The Deputy Director should, upon conclusion of discussions with the Transaction Manager and resolution of any outstanding issues, then present the Pre-RFP Authorization Memo (with the market analysis work sheet attached) to the First Deputy Managing Director, for approval. Both the Deputy Director and First Deputy Managing Director should agree as to whether the property should be marketed for sale or lease or license. If they determine to move forward with marketing for sale or lease, the First Deputy Managing Director should authorize the commissioning of valuation of the fair market value of MTA Property or the interest therein being disposed of, if it has not already been commissioned, as provided in Chapter V of these Guidelines. The Pre-RFP Authorization Memo is also approved by the Managing Director.

CHAPTER III –REQUESTS FOR PROPOSALS (RFPs)

Scope - This chapter describes the Lease/Sale RFP Process.

Responsibilities – Unless use of the Lease/Sale Negotiation Process is authorized, the RED is responsible for providing all qualified members of the general public with an opportunity to lease or purchase available properties from MTA or the MTA Agencies and for selecting tenants or purchasers based on predetermined priorities while ensuring the integrity of the selection process.

Objective - To maximize MTA revenues while choosing qualified tenants or purchasers who will meet their obligations and improve the appearance of MTA Facilities and the quality of the amenities offered to the public at such facilities.

Procedures - The Lease/Sale RFP Process is described in the following pages.

A. RFP PUBLICATION

1. The Transaction Manager is responsible for preparing the request for proposals ("RFP"). The RFP must include:

   a. an "RFP Cover Letter", which highlights information about the offering, contains general instructions, and the following two PAL and Lobbying Law-required statements: (1) **"All proposals shall be publicly disclosed in the agenda for the meeting of the Finance Committee of the MTA Board at which the transaction will be considered for approval or disclosed to the members of the Finance Committee of the MTA Board and to members of the MTA Board in executive session and thereafter publicly disclosed prior to execution",** and (2) **"All contacts with MTA relating to this RFP must be made through the designated Point(s) of Contact identified herein. Contacts with anyone else at MTA relating to this RFP may be a violation of law and may result in the disqualification of the proposer."** The RFP Cover Letter should include the names and contact information for the designated Point(s) of Contact (a sample RFP Cover Letter is shown in Figure 7);

   b. the Parcel Information Sheet (see Figure 6);

   c. Term Sheet;

   d. a Proposer Information Form ("PIF" – See Figure 8) which includes a General Affidavit authorizing credit background and reference investigations;

   e. a Procurement Lobbying Law Certification form (also known as the NYS Finance Law Sections 139-j & 139-k ("Lobbying Law") Disclosure Statement);

   f. an Iran Divestment Act Certification form;

   g. a Proposed Rent, Compensation or Purchase Price Form; and

   h. an IRS Form W-9.

To the extent practicable, the RFP should also include (or provide a link to a page on the RED website that includes) a proposed form of lease or contract of sale, or a summary of the principal terms of such lease or contract, and, it may to the extent the First Deputy Managing Director deems appropriate, require proposers to state any objections that they may have with respect to such form or terms at the time they respond to the RFP.

When this package is complete, the Transaction Manager should forward the RFP package to their Deputy Director and the First Deputy Managing Director for final approval via an appropriately titled Pre-RFP Authorization Memo (see Figure 9) before it is issued. An RFP should also be reviewed and approved by MTA Legal to the extent that (a) standard RFP provisions have been materially modified or changed, or (b) the contemplated transaction may present special legal issues.

2. RFPs are not printed and distributed by mail. RED maintains a database for prospective tenants to register on the MTA's website and access all RFPs online. RED's online service includes automated electronic mailings to registered prospects announcing RFPs for available opportunities.

3. If the subject property is currently occupied by an incumbent lessee or licensee in good standing, the Transaction Manager should notify such incumbent by an Incumbent Letter sent by certified and first class mail and email that such property is going to be marketed in an upcoming RFP. The Transaction Manager must check that the address for the incumbent used in the Incumbent Letter is up to date and reflects any change of address, change of business name, etc. (For an example of an Incumbent Letter, see Figure 10). A copy of the Incumbent Letter and the return receipt should be maintained in the incumbent's file. The Incumbent Letter should not mention any details of the RFP, as that might give the incumbent an unfair advantage over other proposers, nor should it state or imply that the incumbent will receive preferential consideration. The letter should be mailed to the incumbent's address as listed for notice in the incumbent's original agreement, as modified by any subsequent amendments or notices of change of address. Any questions regarding the appropriate address for notice should be referred to Tenant Management (and MTA Legal, if necessary). The Incumbent Letter should include a link to the website address where the RFP will be posted in order for the incumbent lessee or licensee to access the RFP.

4. After receiving approval of the Pre-RFP Authorization Memo from their Deputy Director and the First Deputy Managing Director, the Transaction Manager should initiate the advertisement of the RFP. RED's advertisements for RFPs and any other opportunities will generally be advertised along with all other agency procurements in the classified section of the *New York Post*, the *Minority Commerce Weekly*, a Spanish language newspaper, currently *El Diario*, and the *Amsterdam News.* For each RFP, the advertisement should include a one-sentence description of the opportunity, including the RFP reference number (e.g., RFPBG0912), and a reference to and listing of the MTA website for RED RFPs (http://enterprise.nymta.info/MTA_Real_Estate_RFP/). For an example of the RFP Advertisement, see Figure 11. The RFP website link should have the same language as the description in the advertisement. The advertisement will direct potential proposers to the "Retail + Leasing" page of the MTA website, from where they can access RFPs by signing in with a username and password. Point of Contact information will be included in the RFP cover letters that are included in the .PDFs of RFPs on the website.

Advertisements may also be placed in additional periodicals with the approval of the First Deputy Managing Director, depending on the targeted market, size and location of the property, etc. (e.g. for a restaurant, trade journals targeted to franchisees might be included). A copy of all advertisements should be included in the RFP File. Targeted advertisements should include a more expansive description of the opportunity and a map, plan, or picture if appropriate. Also, these advertisements should include Point of Contact information and the Lobbying Law language shown above in 1.(a)(1) and 1.(a)(2). See Figure 11 for an example of such an advertisement.

~~Advertisement~~Subject to Senior Vice-president/Chief Customer Officer approval, advertisement drafts must be submitted to Miller Advertising on Tuesday before the Thursday planned for the advertisement to have the RFP information placed in the next MTA advertisements for the four required periodicals. The Manager of Production, in MTA's Marketing & Communications Department, should be copied on the email to Miller Advertising. The Transaction Manager should also ensure that the RFP is timely posted onto MTA's website.

5. At the same time, the Transaction Manager will call or send an email to the MTA press office, as well as the agency's public affairs office, being sure to email the individual responsible for press for the relevant MTA Agency, advising that an RFP is forthcoming, indicating whether a purchaser or tenant is being sought and describing the property being offered. The Transaction Manager should discuss with the press office whether a press release is warranted for the RFP due to the special circumstances or locations being offered in the RFP, and if so, coordinate the drafting and review of the press release with the relevant Deputy Director and First Deputy Managing Director. If warranted, the Government Affairs office of the relevant MTA Agency should also be advised of the RFP.

6. On a case by case basis, the First Deputy Managing Director may, with the concurrence of the Managing Director, (a) elect to make RFPs available to our on-call brokers and undertake in such RFPs to pay brokerage commissions (at the rates previously negotiated in our on-call contract) to any brokers that represented the MTA on the consummated sales or leases of MTA Properties that are the subject of such RFPs.

7. The Transaction Manager is responsible for seeing to it that each person or entity that has made an inquiry with respect to any particular property or type of property receives notice of the issuance of any RFP relating to such property or type of property.

8. A site visit time for prospective proposers is typically identified in the RFP. At the indicated time of the site visit, the Transaction Manager should be present at the site and available to answer any questions. The Transaction Manager should maintain a sign-in sheet for each location visited.

9. Addenda to RFPs can and should be issued as appropriate to apprise prospective purchasers or tenants of modified expectations or requirements, to provide them with other additional information and/or to respond to any questions that arise during the RFP process. Care must be taken to ensure that in this way all interested parties are provided in writing with all material information that is provided (whether orally or in writing) to any one such party.

10. The Transaction Manager must establish an RFP file which shall include all relevant documents for the RFP in question.

B. Determination of Whether to Utilize Single-Step or Multi-Step Lease/Sale RFP Process

In the first instance, the applicable Deputy Director and the First Deputy Managing Director should determine whether to utilize a single-step or a multi-step RFP process, based on the nature of the subject property, the complexity of the offering and prior experience with similar types of property.

C. Single-Step Lease/Sale RFP Process

In a single-step Lease/Sale RFP Process, the RED's selection is based on the initial proposer submission (except that the RED may seek clarifications and/or completion of submissions as described below). Following review and consideration of the proposal bids and the making of responsiveness and responsibility determinations, the RED determines which proposal is most advantageous to the State, price and other factors considered. Unless it determines to reject all proposal bids, the RED must then seek authorization from the MTA Board to enter into a lease or contract of sale, as applicable, with such proposer. All proposal bids must be publicly disclosed in the agenda for the Finance Committee meeting at which the RED seeks such authorization or disclosed to the members of the Finance Committee of the MTA Board and to the members of the MTA Board in executive session and thereafter publicly disclosed prior to execution.

D. Multi-Step Lease/Sale RFP Process

In a multi-step Lease/Sale RFP Process, the initial proposer submission is followed by one (1) or more revised submissions. If the incumbent has submitted a proposal, all addendums to the RFP, requests for best and final offers, or other correspondence must be sent to the incumbent by the Transaction Manager via certified mail, return receipt requested, first class mail, and by email. If the incumbent's proposal was prepared by an attorney or other agent or representative, all addenda should also be sent to such representative or agent certified mail, return receipt requested, first class mail, and by email. Following each submission, the RED staff may communicate with proposers to clarify the proposal bids or to obtain additional information~~.~~ Following review and consideration of the proposal bids and the making of responsiveness and responsibility determinations, the RED may decide to make a final determination based on such proposals or it may request that proposers submit revised proposals. At any point, the RED may eliminate from the next step those proposers determined to be unresponsive, not responsible or outside of the competitive range on the basis of the selection criteria specified in the RFP. When the RED decides that it is not going to seek any further submissions, it determines which proposal bid is most advantageous to the State, price and other factors considered. Unless it determines to reject all proposals, the RED must then seek authorization from the MTA Board to enter into a lease or contract of sale, as applicable, with such proposer. All proposal bids must be publicly disclosed in the agenda for the Finance Committee meeting at which the RED seeks such authorization or disclosed to the members of the Finance Committee of the MTA Board and to the members of the MTA Board in executive session and thereafter publicly disclosed prior to execution.

E. Proposal Submissions

Proposals may be submitted as follows:

One hard copy of the complete proposal submission should be MAILED, or sent via UPS, FEDEX, or other parcel or post carrier in sealed envelopes and must arrive by the date and time required in the RFP (unless initially emailed, as described below) and must be sent to:

MTA Real Estate
Attention: Senior Transaction Manager
Metropolitan Transportation Authority
2 Broadway, 4th Floor
New York, NY 10004
MTA Real Estate RFP Number:

In lieu of mailing or hand-delivering by the required date and time, submissions of proposals may initially be made via electronic mail provided that the same is sent by the date and time required in the RFP and the designated Point of Contact confirms receipt, and an original hard copy is received no later than seven (7) days after the date and time required in the RFP.

If a proposal is submitted by personal delivery, whether by a proposer or by messenger, it must be delivered to the MTA New York City Transit Bid Suite at 3 Stone Street, around the corner from the 2 Broadway entrance (north side of street, between Broadway and Broad Street). Proposers WILL NOT be permitted to deliver proposals in person at the 2 Broadway entrance. Personally delivered proposals will be time stamped by staff in the Bid Suite and then proposers will be directed to place proposals in a drop box in the Bid Suite.

F. Earnest Money Deposits

For discussion about deposits for leases, see Chapter VII – Board Approval Process, Section A. - Conditional Designation Letters.

Typically, in the case of a sale, the RED requires each proposer to deposit with the MTA, at the time of its initial submission (in the case of a single-step RFP), or best and final submission (in the case of a multi-step RFP), earnest money in the amount of the deposit that will ultimately be required under the contract of sale. Except as the Director, Transaction Management may otherwise determine, such earnest money deposit should be in the amount of ten (10%) percent of the purchase price.

All earnest money checks and IRS W-9 forms should be forwarded to Tenant Management, which should make a record of such checks and then transmit such checks to the Bank designated by MTA for such purposes. Once a proposer has been eliminated from further consideration, the Associate Director, Tenant Management must be so notified by the Transaction Manager and (except as described in Chapter IX of these Guidelines) such proposer's earnest money deposit should be returned to such proposer.

If a proposer has been selected, its earnest money deposit may be held in a non-interest bearing non- segregated account, until such time as the contract of sale is executed, at which time it will be applied toward the down payment pursuant to the contract of sale. If the selected proposer fails to enter into a contract of sale, such proposer's earnest money deposit may be retained by the MTA, in its discretion; provided, however, that the First Deputy Managing Director and/or the Managing Director may in any event elect to return any earnest money deposit received from any governmental agency or not-for-profit agency. Alternatively, if negotiations have terminated by reason of an impasse over contract terms that were not addressed in the proposal or Conditional Designation Letter, and if the Transaction Manager and their Deputy Director and MTA Legal concur that the proposer has been dealing in good faith, Tenant Management should be directed to return the proposer's earnest money deposit without interest, if any.

The deposit of earnest money with a proposal submission may be waived for a given RFP by the First Deputy Managing Director.

G. Opening Proposals

The receipt of proposals should be conducted with a high degree of confidentiality until the selection process is complete. Documentation such as proofs of receipt, and preliminary screening for completeness of RFP submissions, are critical in maintaining the integrity of the process. Proposals are stamped and dated at the time of receipt. All proposals should be opened by the Transaction Manager in the presence of at least one other staff member, and in the meanwhile the proposals should remain sealed and unopened. Subsequent to opening the proposals, each submission should be examined to ensure that all required items have been included. A checklist should be used for that purpose (see Figure 12 for a sample checklist).

H. Evaluating Proposals

The following should serve as a guide for evaluating proposals, regardless of whether a single-step or multi-step Lease/Sale RFP Process is used. In the case of a single-step Lease/Sale RFP Process, a decision is made based on the initial submission. In the case of a multi-step Lease/Sale RFP Process, a decision is made based on the best and final submission.

1. Responsiveness. The first threshold to further consideration of a proposal is its "responsiveness". The following are to be considered to determine whether a proposal is responsive:

a. Required forms (including Procurement Lobbying Law and Iran Divestment Act forms) are completely filled out and executed by principals.

b. Receipt of earnest money deposit, in the correct amount as specified in the RFP, if requested.

c. Appropriate conceptual plans for improvements have been submitted, if requested.

d. Proposed use is acceptable in accordance with criteria stated in the RFP.

Generally, a proposal submission must be complete to be considered, and an incomplete proposal submission should be disqualified if the deficiencies are material and allowing the proposer to correct

the proposal would afford the proposer a significant unfair competitive advantage or would not be in the MTA's best interest. However, the MTA reserves the right to waive any non-conformity with an RFP's requirements and the Transaction Manager should afford a proposer an opportunity to rectify any such non- conformity if it is relatively minor or such proposer's proposal is the best or only viable one received. In all instances, the Transaction Manager must discuss any such non-conformity with their Deputy Director, who must inform the First Deputy Managing Director of such non-conformity. If there is any doubt about the appropriate action to take, MTA Legal should be consulted. All relevant decisions should be made by the Managing Director in consultation with the Deputy CDO, Planning , as may be applicable under the circumstances, or by the Chief Development Officer. If a decision is made to request action by the proposer to conform its submission to the RFP requirements, an email or letter should be sent to the proposer requesting such action. Any such email or letter should state that the non-conformity must be rectified within five working days, except that a longer time may be allowed by the Transaction Manager, after consulting with their Deputy Director, if the nature of the non-conformity (e.g., missing architectural plans) warrants such longer period.

If an RFP identifies a preferred or mandatory use, it should make clear whether such use is mandatory or merely preferred. If an RFP identifies a disfavored or prohibited use, it should make clear whether such use is prohibited or merely disfavored. A proposal received in response to an RFP should be deemed to be "unresponsive" (and thus disqualified) if such proposal contemplates uses that such RFP identified as prohibited or fails to provide for uses that such RFP identified as mandatory. A proposer should not be disqualified by reason of such proposer having proposed uses that the RFP identified as merely disfavored or failed to propose uses that the RFP identified as merely preferred (although that may be taken into account in scoring proposals, as described below).

2. Responsibility. The second threshold to further consideration of a proposal is whether the proposer is "responsible." A proposer may be disqualified as "not responsible" if, among other things, such proposer or any Affiliate of such proposer:

a. has been convicted of a felony or any misdemeanor involving moral turpitude;

b. has been disqualified from contracting with the MTA, the City of New York, the State of New York, the Port Authority of New York and New Jersey or the federal government, or any agencies, affiliates, or subsidiaries of them;

c. has violated the Procurement Lobbying Law (as more particularly described in Chapter XI of these Guidelines);

d. owes, with respect to amounts due not more than five years prior to the date of the RFP, in excess of $10,000 to the MTA or any other MTA Agency; such amount is not (in the view of MTA Legal) the subject of a bona fide dispute; and such amount has remained unpaid after written demand from the MTA or another MTA Agency. Late payment, as opposed to non-payment, shall not constitute grounds

for disqualification of an otherwise responsible proposer (although it may be taken into account in scoring proposals, as described below);

e. is in default of material non-monetary obligations to the MTA or another MTA Agency under an existing lease and the MTA or MTA Agency has provided written notice under that lease and the default has not been timely cured as provided in the lease;

f. has any outstanding federal, state or local tax warrants or liens; or.

g. has received an unacceptable credit report from a reputable credit reporting company.

If, after providing written notice of its intent to disqualify them as not responsible. and having afforded a proposer an opportunity to be heard, the MTA deems the proposer to be not responsible, the MTA need not undertake any further consideration of such proposer's proposal.

3. Selection Criteria. Once a proposal has been determined to be responsive and the proposer responsible, the following evaluation and selection criteria should be considered to the extent relevant (recognizing that some of such criteria may in some instances not be relevant, as, for example, in the case of a sale):

- Present value of proposed compensation to the MTA, including the present value to the MTA (if any) of any improvements to be paid for by the proposer, but net of the cost of any improvements to be paid for by the MTA either directly or through a rent credit, abatement or other credit arrangement ("Net Present Value" or "NPV")
- Quality of proposed improvements
- Nature of proposed business and potential benefit to the MTA customers
- Financial capability of proposer and adequacy of business plan
- Business/personal references
- Management and operational experience of proposer
- Compatibility and consistency of proposed use with MTA Agency operations

Rent proposals should be compared based on the present values of anticipated rental streams. Such present values should be calculated using appropriate risk-adjusted discount rates determined by the Managing Director, and consistently applied. In calculating such present values, any percentage rent or other contingent rent projected by the proposer should be included only to the extent that the Transaction Manager deems such projections to be reasonable and then should be afforded only half the weight that is afforded to guaranteed minimum rent.

In the case of any improvements that are to be made by a tenant and used by such tenant in its business (as opposed to any improvements to be made by a tenant or purchaser for the direct and immediate benefit of the MTA), the value of such improvements should be included in NPV only to the extent, if any, that such improvements are expected to have residual value to the MTA upon the scheduled expiration of the lease term; and then the NPV should include only the present value (as of the lease commencement date, calculated using the discount rate used to calculate the present value of the rents to be paid by such tenant) of the anticipated value of the MTA's reversionary interest in such improvements as of such scheduled expiration date, based on commercially recognized

standards for depreciating the cost of improvements over their useful life. By way of example, typically, the installation by tenants of utility connections (conduit and lines for water, sewer, sprinkler, power, and telephone, for example) from some point outside of the leased premises to the premises, and roofs and windows, are capital improvements that are customarily considered structural or systems-related and made by a landlord, and will provide residual value to the MTA because they have a useful life that will extend beyond a typical lease term and, if paid for by a tenant, will not need to be made by MTA or the following tenant will not need to pay to make such installations, which should, all other things being equal, generate higher proposed rents in subsequent offers to lease the space. However, most pre-existing interior renovations will be demolished and replaced by a new tenant, and generally would therefore not have residual value for the purposes of calculating the NPV.

As part of the RFP evaluation process, the Transaction Manager should complete RED's NPV calculation Excel template (see Figure 13), which has been designed to facilitate the calculation of Net Present Value and its components for use in discussion and write-ups of RFP proposals.

These Guidelines establish a rebuttable presumption that the responsive and responsible proposer whose proposal offers the highest guaranteed payments to the MTA (calculated on a net present value basis) should be designated as the lessee or purchaser of the subject property. However, as appropriate (depending on whether a lease or sale is contemplated), the Transaction Manager should assess, compare and take into account the respective proposers' business plans, experience and financial capability, and may (with the concurrence of their Deputy Director, the First Deputy Managing Director, and the Managing Director) determine that another proposer should be so designated because such other proposer would:

a. be materially more likely to meet its financial obligations to the MTA;

b. provide a substantially superior amenity to the MTA's customers, the benefit to the MTA of which would outweigh the financial benefit to the MTA of accepting the proposal that would provide the MTA with the highest guaranteed payments;

c. make improvements to the MTA's property, the present value of which to the MTA would cause the NPV received by the MTA from such proposer to be higher than the NPV the MTA would receive from the proposer offering the highest guaranteed rent; and/or

d. very likely pay percentage rent such that (even discounting such anticipated percentage rent by at least half as described above) the NPV received by the MTA from such proposer would be higher than the NPV the MTA would receive from the proposer offering the highest guaranteed rent.

In all events, however, except as the MTA Board may otherwise decide in accordance with PAL Section 2897(7), the NPV offered by the designated proposer must equal or exceed fair market value determined in accordance with Chapter V of these Guidelines.

I. Selection Process

1. Interviews.

After reviewing credit background checks and completed Proposer Information Forms, the Transaction Manager should (except as described in the next paragraph) schedule an interview with each responsive and responsible proposer. Two (2) staff persons must attend each interview to maintain the integrity of the process. The interview should focus on any aspects of the proposal that are not self-explanatory and any discrepancies in or questions concerning the Proposer Information Form or credit background report. If, as the result of an interview there are changes to any of the terms or conditions theretofore proposed by a proposer, the Transaction Manager should secure written confirmation of such changes from such proposer.

If there are several qualified and responsible proposers, the Transaction Manager may choose to conduct interviews with the two (2) or three (3) proposers whose offers, over all, are most highly rated. In cases where there is only one highly rated proposer, the Transaction Manager, consulting with their Deputy Director, may choose to schedule an interview with that proposer only. An interview may be waived if the proposer is an existing MTA tenant or licensee.

2. Short listing in Multi-Step RFP.

In the case of a multi-step RFP process, the Transaction Manager should determine (a) whether there will be any short listing of proposers before the revised offer stage and (b) whether interviews will be held before a revised offer stage. If there will be any short listing before the revised offer stage, the Transaction Manager should prepare an Authorization Memo recommending such short listing to their Deputy Director, the First Deputy Managing Director, and the Managing Director. The purpose of such Authorization Memo is to provide support and justification for such short listing.

3. Revised Offer Stage in Multi-Step RFP.

In the case of a multi-step RFP process, after interviews and short listing, if any, the Transaction Manager should prepare a letter instructing the remaining eligible proposers with respect to the process for the submission of revised proposals. Such letter, which should be emailed as a .PDF document and mailed via first class mail, should set forth:

- The date, time and place for the submission of the revised proposals;
- The information that needs to be supplied in the revised proposals; and
- Any supplemental information, not previously supplied, of which the proposers ought to be aware.

There may be more than one call for revised proposals. When the RED decides that that it is not going to seek any further submissions, the Transaction Manager should proceed as if the last proposals received were the proposals received in a single-step RFP process.

4. Recommendation of Award

Single-Step RFP: In the case of a single-step RFP process, upon completion of all interviews, if any, the Transaction Manager should prepare a RFP Award Authorization Memo to their Deputy Director, the First Deputy Managing Director, and Managing Director (see Figure 14 for a form of Authorization Memo). The purpose of such RFP Award Authorization Memo is to provide support and justification for the rejection of all proposals or the issuance of a Conditional Designation Letter. Each such RFP Award Authorization Memo must include a check in the applicable SEQRA/NEPA check-box and any follow-up action required prior to the disposition. The Lobbying Law check box must also be completed as directed on the RFP Award Authorization Memo.

Multi-Step RFP: In the case of a multi-step RFP process, upon completion of all interviews, if any, and after the receipt of the final revised proposals, the Transaction Manager should prepare an RFP Award Authorization Memo for concurrence and approval by their Deputy Director, the First Deputy Managing Director, and the Managing Director. Again, the purpose of such Authorization Memo is to provide support and justification for the rejection of all proposals or the issuance of a Conditional Designation Letter (see Chapter VII.A).

It is the responsibility of the applicable Deputy Director and the First Deputy Managing Director to verify the Transaction Manager's net present value calculations and to assess the reasonableness of any determination by the Transaction Manager that the opportunity to lease or purchase the subject property should, for one or more of the reasons set forth above, be afforded to a proposer other than the proposer that offered the highest guaranteed compensation (as calculated on a net present value basis). Any such determination should be highlighted and explained in the Transaction Manager's Authorization Memo, as well as in the applicable Staff Summary.

CHAPTER IV – ENTERING INTO AGREEMENTS THROUGH THE LEASE/SALE NEGOTIATION PROCESS

Scope – This chapter establishes procedures for entering into lease or sale transactions based on negotiations where use of the Lease/Sale Negotiation Process is permitted by law and determined to be appropriate.

Applicability - The Public Authorities Law allows the Lease/Sale Negotiation Process to be utilized only under the following circumstances:

a. the fair market value of the property to be leased-out ~~or sold~~is an average of $15,000.00 annually over the term or the sale price does not exceed $15,000, or

b. proposal prices after advertising are not reasonable, either as to all or some part of the property, or have not been independently arrived at in open competition~~;~~ (even if the fair market value exceeds $15,000); or

c. the disposition will be to the State or any political subdivision, and the estimated fair market value of the property and other satisfactory terms of disposal are obtained by negotiation~~;~~(even if the fair market value exceeds $15,000); or

d. under those circumstances permitted by subdivision seven of PAL Section 2897, which include the following:

(i) the transferee is a government or other public entity, and the terms and conditions of the transfer require that the ownership and use of the asset will remain with the government or any other public entity;

(ii) the purpose of the transfer is within the purpose, mission or governing statute of the public authority; or

(iii) such action is otherwise authorized by law.

In the case of (a), (b) or (c) above, the disposition must be for no less than fair market value. In the case of (d), it can be for less than fair market value. However, if the disposition,[in the case of (d),] is for less than fair market value, then the following information must be provided to the relevant MTA Agency board (which must make a written determination based upon such information, that there is no reasonable alternative to the proposed below-market transfer that would achieve the same purpose of such transfer) and the public:

- (i) a full description of the asset;
- (ii) an appraisal of the fair market value of the asset and any other information establishing the fair market value sought by the board;
- (iii) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any,

to the communities in which the asset is situated as are required by the transfer;

(iv) a statement of the value to be received compared to the fair market value;

(v) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (iv) of this paragraph, statement of the value to the private party; and

(vi) the names of other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used.

~~Negotiations with responsible prospective tenants or purchasers may under the foregoing circumstances be undertaken without utilizing the Lease/Sale RFP Process, but only pursuant to a Lease/Sale Negotiation Authorization Memo signed by the appropriate Deputy Director, the First Deputy Managing Director and Managing Director for transactions to be entered into pursuant to Board-approved policy, as well as MTA Legal for transactions that are not pursuant to policy (see Figure 15). At the first instance that a Transaction Manager, prior to or after obtaining a signed Lease/Sale Negotiation Authorization Memo, solicits an offer from the prospective tenant or purchaser (which should be in writing), the Transaction Manager should send a letter or email to such other party stating that the Transaction Manager is the Point of Contact for the transaction and include in the letter the language in A.1.a.(1) and A.2.a.(2) of Chapter III. If they deem such negotiations to be successful, then in due course the Managing Director, may on the basis of such negotiations enter into a Conditional Designation Letter or lease with respect to a proposed transaction and then submit such transaction to the MTA Board for approval as contemplated by Chapter VII of these Guidelines or as an Information Item to the MTA Board pursuant to an applicable Board-approved Policy authorizing that transaction.~~

Explanatory Statements.

An "explanatory statement" must be prepared in the case of any disposition pursuant to the Lease/Sale Negotiation Process that involves:

(a) any sale of real property that has an estimated fair market value in excess of $100,000;

(b) any real property disposed of by lease if the estimated annual rent over the term of the lease is in excess of $15,000 (if the base rent in any year of the initial term is over $15,000, then the lease qualifies for an explanatory statement); or

(c) any real property or real and related personal property disposed of by exchange, regardless of value, or any property any part of the consideration for which is real property.

Each such explanatory statement must be transmitted to the NYS Comptroller, the Director of the Budget, the Authorities Budget Office, the Commissioner of General Services and Legislature not less than ninety days in advance of the closing of such disposition, and a copy thereof must be preserved in the RED's files.

The explanatory statement, which may be in the form of a staff summary, must include at a minimum:

a. Description of the parties involved in the property transaction;
b. Justification for disposing of property by negotiation;
c. Identification of property, including its location;
d. Estimated fair market value of the property~~;~~ or fair rental value (as applicable);
e. Proposed sale price of the property;
f. Size of the property; and
g. Expected date of sale of property.

The Transaction Manager is responsible for preparing any such transmittal, which should be reviewed and approved by their Deputy Director, the First Deputy Managing Director, the Managing Director, MTA Legal, and the Director of State Legislative Affairs before it is sent out.

State Comptroller Review and Approval

Contracts for the disposition of real property via the Lease/Sale Negotiation Process that are valued at $1 million or more, and all amendments to such contracts, must be reported to the Office of the State Comptroller ("OSC") and may be subject to review and approval by the OSC.

All contracts entered into via the Lease/Sale Negotiation Process with a value of $1 million or more (with value being determined as the sale value in the case of a sale or the Net Present Value of the rental payments under the full term of a lease, including all option periods) in the case of a lease, and all amendments to such contracts are "eligible contracts" for OSC review.

Each eligible contract that the MTA anticipates entering into in a given year must be reported to the OSC in December of the prior year. The Associate Director, Operations, with the assistance of the First Deputy Managing Director, will prepare this list on an annual basis and update it quarterly. If an eligible contract that has not been previously reported arises after the December reporting period, then it must be reported to the OSC. The Associate Director, Operations, with the assistance of the First Deputy Managing Director, will prepare this report. No eligible contract may be entered into less than ten (10) days prior to the execution of the eligible contract.

The OSC may designate specific eligible contracts that must be submitted automatically to the OSC for prior review and approval, in the manner determined by the OSC (various materials, including RFP or other solicitation materials, may need to be submitted). All eligible contracts submitted for review must contain a provision stating that such contracts are not valid until approved by the OSC (unless the OSC has not approved or disapproved a contract within ninety (90) days, in which case such contract shall become valid and enforceable without such approval).

However, all eligible real-estate contracts that were not selected for review and approval by the OSC, must be filed with the OSC within sixty days of execution. **That means during ~~2020~~2021 all agreements, or amendments to agreements, using the Lease/Sale Negotiation Process with a value of over $1 million must be filed with the OSC within sixty days of execution.**

CHAPTER V – VALUATIONS AND FAIR MARKET VALUE

Scope – This chapter contains guidelines for estimating the fair market value of MTA real property (including an interest in real property, such as an easement or leasehold interest) to be offered for sale or lease.

Responsibilities –RED must obtain an independent estimate of the fair market value in connection with every sale or lease of MTA Agency real property (including an interest in real property, such as an easement or leasehold interest). Each valuation commissioned by the RED pursuant to these Guidelines should be prepared by a New York State licensed or certified appraiser, except that in the case of a proposed space lease such valuation may be prepared by a licensed real estate broker experienced in the leasing of space in the area where the subject property is located, provided that such broker cannot be involved directly or indirectly in the Lease/Sale RFP process for such space lease.

Objective – To aid the RED and MTA Board in their efforts to obtain appropriate compensation from purchasers and tenants and to ensure compliance with PAL Section 2897(3), which, except in limited specified circumstances, prohibits the sale or leasing out of MTA Property for less than its "fair market value."

Procedure – PAL Section 2897 does not define "fair market value". However, such term is commonly understood in the real estate industry to mean the price (in the case of a sale) or rent (in the case of a lease) for which a typical owner of property comparable to the subject property would be willing to sell or lease such property and a typical unrelated prospective buyer or tenant would be willing to purchase or lease such property as of a specific date, assuming that neither party is specially motivated and that the property is sufficiently marketed so that its availability is reasonably well known.

In many cases, estimating fair market value, while inherently imprecise due to the uniqueness of property, is relatively straight-forward. Anyone with knowledge of the local real estate market can survey published data relating to recent transactions to find examples of sales or leases of comparable properties where the owner presumably solicited or could have solicited offers from any number of potential buyers or tenants. And, in such cases, one need then only make appropriate adjustments to per square foot prices or rents to account for variations among properties. In other cases, however, determining a "market" value is more difficult, as a property (or interest therein such as an easement) can be uniquely valuable to an adjoining property owner and (by virtue of such property's size, shape or inaccessibility) have relatively little or no value at all to anyone else. In such cases, the fair market value of such property lies at an indeterminate point somewhere between the polar extremes of (a) One Dollar ($1.00; the amount that the adjoining property owner would have to pay to win such property at an auction without any reserve price) and (b) the amount by which adding such property (or interest therein) to the adjoining property owner's property would increase the fair market value of the adjoining owner's property.

In these Guidelines, the term "Type I Transactions" is used to refer to sales or leases of MTA Property (such as stores or independently developable parcels) where the purchasers or tenants could be anyone; and the term "Type II Transactions" is used to refer to sales or leases of MTA Property to adjoining or neighboring property owners where such property has unique value to such adjoining or neighboring property owners.

PAL Section 2897 does not distinguish between Type I Transactions and Type II Transactions; in either case, it requires that an independent valuation of estimated fair market value be obtained and retained in RED's records and (except in the special circumstances identified in Chapter IV of these Guidelines) requires public advertising for proposals. However, because many of the transactions that the RED handles are Type II transactions (e.g., MTA rights-of-way often have only one logical adjacent user; similarly, development/air rights are only transferrable generally to adjacent owners), it is important, as a practical matter, to recognize that the RED will not in fact receive competitive offers in the case of Type II Transactions, and for Transaction Managers to give suitable instructions to appraisers or brokers to avoid confusion and ensure that in all cases the intentions of this chapter are properly served by the appraiser's work.

In the case of a Type I Transaction, the Transaction Manager should instruct the appraiser or broker to prepare a typical assessment of the value of the subject MTA Property assuming full and adequate competition among potential purchasers or tenants, as the case may be. For most Type II Transactions (other than those involving a disposition of MTA Property as just one part of a larger transaction motivated, in part, by the MTA's realization of significant benefits, including, for example, enhanced customer amenities, transportation facilities or necessary access), the Transaction Manager should instruct the appraiser or broker to prepare an assessment of the incremental value to the adjoining property owner of adding the subject MTA Property (or interest therein) to such adjoining property owner's interest. The Transaction Manager should instruct the appraiser to explicitly state in the appraisal the reasoning used in determining the estimated incremental value to the adjoining property owner.

It is important to note that in either case, the value determined by the appraiser will not necessarily equate with "fair market value." Appraisers can only estimate value, and indeed they commonly disagree when more than one is asked to value any given property. And, in the case of a Type I Transaction to be entered into after the Lease/Sale RFP Process has in fact resulted in competition between two or more typically motivated potential purchasers or tenants, the actual results of such Lease/Sale RFP Process constitute more concrete evidence of fair market value than a valuation by an appraiser or broker does. However, the estimate of value determined by an independent appraiser does nonetheless constitute rebuttable evidence of fair market value, and a tool for assessing the efficacy of the RED's efforts to maximize income from the disposition of MTA Property (regardless of whether the Lease/Sale RFP Process of the Lease/Sale Negotiation Process is used). Accordingly, each Staff Summary presented for MTA Board approval should include a statement as to whether the proposed transaction would yield to the MTA the estimated fair market value and, if the proposed transaction would yield to the MTA less than such estimate of value, either (a) an explanation as to (i) why the RED does not believe such estimate of value coincides with fair market value and (ii) why the compensation to the MTA that is being recommended in the Staff Summary represents at least fair market value or (b) information and proposed MTA Board findings of the kind required by PAL Section 2897(7)(b) and (c), which read as follows:

> "(b) In the event a below fair market value asset transfer is proposed, the following information must be provided to the authority board and the public:
>
> (i) a full description of the asset;

(ii) an appraisal of the fair market value of the asset and any other information establishing the fair market value, as adjusted for any in-kind benefits received, sought by the board;

(iii) a description of the purpose of the transfer, and a reasonable statement of the kind and amount of the benefit to the public resulting from the transfer, including but not limited to the kind, number, location, wages or salaries of jobs created or preserved as required by the transfer, the benefits, if any, to the communities in which the asset is situated as are required by the transfer;

(iv) a statement of the value to be received compared to the fair market value;

(v) the names of any private parties participating in the transfer, and if different than the statement required by subparagraph (iv) of this paragraph, a statement of the value to the private party; and

(vi) the names of other private parties who have made an offer for such asset, the value offered, and the purpose for which the asset was sought to be used."

"(c) Before approving the disposal of any property for less than fair market value, the board of any authority shall consider the information described in paragraph b of this subdivision and make a written determination that there is no reasonable alternative to the proposed below market transfer that would achieve the same purpose of such transfer."

CHAPTER VI - ANALYSIS OF PROPOSER'S FINANCIAL CAPABILITY

Scope - This chapter outlines the procedures to be utilized to evaluate a proposer's financial ability to comply with the terms of a contract of sale or lease.

Responsibilities - The Transaction Manager is responsible for receiving and taking into account the information reported on Proposer Information Forms and for ordering and taking into account the results of independent credit and background reports.

Objective - To evaluate the creditworthiness of a prospective tenant or purchaser.

Procedures - The necessary procedure for conducting the credit and background check begins with the Transaction Manager obtaining a completed Proposer Information Form from each proposer in order to gather reference and credit and background information for such proposer. The Proposer Information Form includes an authorization to order a credit background report and check financial references. The Transaction Manager should provide the requisite information to the RED's credit reference service and order a credit background report from such service. Typically this process takes two (2) to three (3) weeks.

In the case of a proposed sale, the primary evidence of a prospective purchaser's financial capability is such prospective purchaser's ability and willingness to put at risk a substantial down payment (typically equal to 10% of the purchase price). However, the Transaction Manager should nonetheless seek evidence of each prospective purchaser's ability to finance the balance of the purchase price, recognizing that such evidence is likely to take the form of expressions of interest and indicative terms from prospective equity owners and lenders, as opposed to definitive commitments.

In the case of a lease:

a. except in special circumstances with the approval of the First Deputy Managing Director, TOM (as, for example, where the tenant makes a substantial pre-payment of rent or funds a substantial improvement of substantial value to the MTA), the prospective tenant should be required to demonstrate that it is ready and able to post cash or a letter of credit as a security deposit in the amount of three (3) times the projected base monthly rent for the final year of the lease term;

b. the prospective tenant should be required to furnish a business plan, including pro forma projections of income and expense, that demonstrates that the tenant will be able to afford to pay the proposed rent from its operating revenues;

c. unless the tenant is itself a creditworthy entity, payment and performance of the tenant's obligations under the lease should be personally guaranteed by a creditworthy principal of the tenant;

d. where individual proposers intend for a newly formed entity in which they are principals to be the tenant under a lease, in most circumstances the individual proposers/principals of the entity should be expected to provide a full personal guaranty of the tenant's lease obligations during the entire term of the lease;

e. alternatively, under certain circumstances it may be appropriate to limit the scope of the personal guaranty of a creditworthy principal (to a so-called "good guy guaranty") so that the guarantor's liability under the same will be released before the end of the term of the lease, but not before completion of the initial improvements and some period of time beyond the voluntary early surrender of possession (typically twelve months to afford MTA an opportunity to re-lease the premises); examples of circumstances where a limited guaranty may be appropriate rather than a full guaranty, would be where a tenant will be making a substantial investment in improving the lease premises either that would have substantial residual value to the MTA or that would result in a substantial loss of investment if the lease were to be terminated for non-payment of rent such that the tenant is otherwise substantially incentivized to avoid forfeiture of its investment,

f. if the tenant is to be required to undertake and pay for substantial capital improvements (including alterations of a permanent nature, but excluding tenant fit out work for tenant's own use) and such capital improvements is estimated to cost more than two hundred and fifty thousand ($250,000) in the aggregate, tenant shall be required to post, or cause to be posted, a bond issued by a corporate surety licensed to do business in the State of New York or other form of undertaking acceptable to the Comptroller of the MTA. Each such bond or similar undertaking must comply with the requirements set forth in Section 5 of Article 2 of the New York Lien Law.

It is in light of the foregoing requirements that the financial information provided by proposers should be evaluated by RED staff.

CHAPTER VII – BOARD APPROVAL PROCESS

Scope – This chapter reviews the process for the preparation of Conditional Designation Letters and Finance Committee Staff Summaries and for the obtaining of MTA Board approval of sale and leasing- out transactions recommended by the RED. All proposals to sell or lease out MTA Property must be reviewed by the Finance Committee, and no such sale or lease can become effective until and unless the MTA Board (after review by the Finance Committee) has specifically authorized such sale or lease, except as permitted in Policy 33 (adopted by the MTA Board in November, 2013). Policy 33 allows the RED to award a standard retail lease to the proposer who offered the highest guaranteed rent without a Finance Committee Staff Summary or MTA Board Approval provided that (i) at least three proposals were received and (ii) it is later listed in a chart in the Finance Committee book.

A. Conditional Designation Letters

When the RED has determined that it wishes to accept the proposal of a prospective tenant to lease MTA Property or of a prospective purchaser to purchase MTA Property (whether pursuant to the Lease/Sale RFP Process or pursuant to the Lease/Sale Negotiation Process), the Transaction Manager should prepare a conditional designation letter for execution by the Managing Director on behalf of the relevant MTA Agency and counter-signature by such prospective tenant or purchaser (a "Conditional Designation Letter"; see Figure 16 for a sample form). Such letter should spell out the terms of the proposed transaction with as much specificity as possible under the circumstances, not in the body of the letter itself but by incorporating by reference the most recent written materials (typically a signed Parcel Information Sheet or Term Sheet and signed Rent Proposal) that have been updated, if required, to embody the agreements that the RED believes have been reached to date with respect to such transaction. Each Conditional Designation Letter must stipulate that it does not constitute a legally binding agreement insofar as the MTA is concerned and that it is subject to MTA Board approval.

Typically, in the case of a lease, the RED requires the selected proposer to deposit with the MTA, at the time they counter-sign and return a Conditional Designation Letter, earnest money in the amount of the security deposit that will ultimately be required under the applicable lease. Except as the Managing Director may otherwise determine, such earnest money deposit should be in the amount of three times the proposed monthly rent in the last year of the lease term.

All earnest money checks and IRS W-9 forms should be forwarded by the Transaction Manager to Tenant Management, who should make a record of such checks and then transmit such checks for deposit at the Bank designated by MTA for such purpose. The proposer's earnest money deposit may be held in a non-interest bearing non-segregated account until such time as the lease is executed, at which time it will be applied toward the security deposit required pursuant to the lease. If the selected proposer fails to enter into a lease, such proposer's earnest money deposit may be retained by the MTA, in its discretion; provided, however, that the First Deputy Managing Director and/or the Managing Director may in any event elect to return any earnest money deposit received from any governmental agency or not-for-profit agency. Alternatively, if negotiations have terminated by reason of an impasse over contract terms that were not addressed in the proposal or Conditional Designation Letter, and if the Transaction Manager and their Deputy Director and MTA Legal concur that the proposer has been dealing in good faith, Tenant Management should be directed to return the proposer's earnest money deposit without interest, if any.

The submission of earnest money may be waived for a given RFP by the Managing Director.

Once an Authorization Memo approving a proposed disposition has been signed, a lease or contract of sale executed by the prospective tenant or purchaser may serve in place of the Conditional Designation Letter. Each such lease (other than a standard retail lease that is governed by Policy 33) or contract must stipulate that it is not a legally binding agreement insofar as the MTA is concerned and that it is subject to MTA Board approval.

If a proposer or purchaser fails to sign a Conditional Designation Letter or subsequently sign a lease or contract of sale, the Transaction Manager must write a "dead deal" memorandum explaining the reason why the transaction was not completed. The memo must be delivered to the applicable Deputy Director with copies distributed to the First Deputy Managing Director, the Managing Director, the Associate Director, Tenant Management and the Yardi database administrator (to ensure the transaction account is properly closed and the applicable rentable Unit inventory is shown as available).

B. Staff Summaries

After the prospective purchaser or tenant counter-signs the Conditional Designation Letter or returns a signed lease or contract of sale, the Transaction Manager should prepare a Staff Summary (unless not required pursuant to MTA Board-approved Policy 33 or other MTA Board-approved policy that may be adopted in the future) for Finance Committee approval. The following is the sequence of steps for preparation of the Staff Summary. This process typically takes approximately five (5) weeks and results in a presentation to and discussion with the Finance Committee. A detailed description of the Staff Summary process is contained in the *Staff Summary Procedure* available in the "Staff Summaries" folder in the RED's shared drive.

1. The assigned Executive Secretary distributes a schedule of Finance Committee and MTA Board meeting dates to all RED staff. This schedule includes deadlines for the submission of Staff Summaries.

2. The Transaction Manager submits a project title to his/her Deputy Director for review, and then to the assigned Executive Secretary who is responsible for RED's Finance Committee agenda.

3. The Transaction Manager prepares a first draft of the Staff Summary, using the RED's standard form (see Figure 17). Details such as the following should be included as appropriate:

    - Finance Committee meeting date
    - MTA Agency involved
    - Purchaser or tenant name
    - Location (street address and/or block and lot)
    - Activity (use)
    - Action requested (approval, extension of term, etc.)
    - Term (years)
    - Renewal options (if any)
    - Space (size/square feet, configuration, etc.)

- Compensation (rent or sales price)
- Termination rights
- Security deposit (if any)
- Guarantor (if any)
- Insurance (if any)
- Required improvements (if any)
- Comments

The comments section should review the justification for the selection of the proposed tenant or purchaser, and should include the number of proposals received (if the purchaser or tenant was selected via an RFP Process), the names of any proposers that were disqualified and the reasons why, the present values of the guaranteed compensation offered by each responsive and responsible proposer, the discount rate used to calculate such present values, and, if the responsible and responsive proposer with the highest such present value was not selected, an explanation as to why a different proposer was selected.

4. The applicable Deputy Director, the First Deputy Managing Director, the Managing Director, and MTA Legal review the draft and make changes as they see fit.

5. MTA executive staff (General Counsel, Chief of Staff and Chief Financial Officer) review and make changes as they see fit.

6. The Managing Director signs the Staff Summary and MTA executive staff then approves by affixing their initials.

7. The completed Staff Summary is submitted along with the remainder of the RED's Finance Committee agenda package for printing.

C. Board Approval

The Transaction Manager and their Deputy Director, as well as the First Deputy Managing Director, should be present during the Finance Committee discussion in order to help answer questions as needed. The Finance Committee may instruct the RED staff to make changes in the Staff Summary as reflected in the minutes of the Finance Committee meeting. Any such changes must be made to the Staff Summary prior to submission to the full MTA Board. If the transaction is recommended by the Finance Committee, the Transaction Manager should update RED's Yardi database with the Finance Committee approval date and the transaction is included in the Finance Committee's report to the MTA Board. Once the MTA Board has approved the transaction, the Transaction Manager should enter the MTA Board approval date (or in the case of a standard retail lease governed by Policy 33, the date listed in the MTA Finance Committee Book pursuant to such policy) into Yardi.

D. SEQRA Compliance

As indicated above, RED staff must consult and coordinate with MTA Legal to ensure that, before the MTA Board takes action to approve any sale or leasing-out transaction, the requirements of SEQRA have been satisfied to the extent such requirements are applicable to such transaction. Depending on the circumstances, the MTA Board may need to make certain SEQRA-related determinations before it takes such action. Prior to submitting an Authorization Memo for any transaction, the Transaction Manager should, in consultation with MTA Legal, determine what, if any, SEQRA requirements must be satisfied and whether and how such requirements need to be addressed in the applicable Staff Summary.

CHAPTER VIII - PREPARATION OF FORMAL AGREEMENTS

Scope - This chapter reviews procedures relating to the preparation of definitive legally-binding agreements for a sale or lease of MTA Property.

Objective - To develop a fully executable agreement as well as provide documentation of the approval and revision of such agreement.

Responsibilities – The Transaction Manager has primary responsibility for completing and providing the Legal Intake Questionnaire (see Figure 23) and (in the case of a lease) a Preparer Questionnaire Form ("PQF") (see Figure 24), and all required supporting documentation to MTA Legal. MTA Legal has primary responsibility for preparation (with or without the assistance of outside counsel) of the draft lease or sale agreements. The Transaction Manager and Deputy Director is also responsible for reviewing the draft agreements and preparing the Document Approval Form ("DAF").

Procedures - The necessary procedures for preparing the sale or lease agreement include completing the required forms and providing them to MTA Legal with all supporting documentation.

A. Drafting of Formal Agreement

Prior to or following the acceptance of the terms of the agreement by the MTA Board, the Transaction Manager should provide a completed PQF (in the case of a lease) and Legal Intake Questionnaire, and transmit them, along with other supporting documents as may be needed (including, a copy of the Authorization Memo, RFP, selected proposal, PIF and Conditional Designation Letter, and in the case of a sale, title report and survey, and if requested a copy of the valuation), to MTA's Deputy General Counsel, Real Estate. An attorney will then be assigned to each project based on the Legal Intake Questionnaire. The assigned attorney from MTA Legal is responsible for preparing and negotiating (or overseeing outside counsel in the preparation and negotiation of) the draft agreement in consultation with the appropriate Transaction Manager and/or Deputy Director. The Transaction Manager and Deputy Director will be responsible for review of the draft agreement and responding promptly to all follow-up questions that MTA Legal (or assigned outside counsel) may have during the preparation and negotiation or comment phase.

B. Internal Review

The Transaction Manager will be responsible for review of each draft agreement, and preparing a DAF to be attached to the final negotiated form prior to execution. The assigned MTA Legal attorney (or assigned outside counsel), may under appropriate circumstances with the authorization of the Transaction Manager or Deputy Director, transmit the draft agreement to the proposer and its attorney subject to internal review.

C. Document Approval Form

The DAF is to be used for documenting review and approvals by the appropriate RED staff of final agreements prior to execution (see Figure 18). The DAF, along with supporting documentation, should be routed with the final agreement for signature or initialing by the Transaction Manager, Deputy Director,

First Deputy Managing Director, and the Managing Director. The Tenant ID # from Yardi should be included on the DAF, if applicable.

D. Execution by Purchaser or Tenant

Once the required internal review has been completed, the Transaction Manager should send the proposed documentation to the prospective purchaser or tenant for execution. Should the prospective purchaser or tenant request changes, the Transaction Manager should present such requested changes to their Deputy Director, the First Deputy Managing Director, the Managing Director and/or MTA Legal for discussion and revision, as needed. Once the agreement is finalized, the prospective purchaser or tenant should be directed to execute at least four original counterparts of the agreement and any personal guaranties and return them to the Transaction Manager.

E. Execution by Authorized or Designated Signatory

Once the agreed-upon documentation has been executed by the tenant or purchaser, the Transaction Manager should use the DAF to send it (after approved by ~~way of~~ their Deputy Director, to the First Deputy Managing Director and MTA Legal) to the authorized or designated signatory for execution on behalf of the applicable MTA Agency by the Managing Director or other authorized designated signatory.

F. Required Deliveries

In addition to the executed copies of the agreement by the tenant or purchaser, the Transaction Manager should obtain the following from the purchaser or tenant:

1. Any required earnest money, down payment and/or security deposit, to the extent, if any, not already deposited with the MTA.

2. Any required personal guaranties properly executed.

3. In the case of a lease, the first month's base rent.

4. In the case of a lease when the tenant is not already in possession (i.e., where the successful proposer is not an existing tenant or licensee incumbent), an insurance certificate evidencing coverage as required by the lease. This item must be delivered to the Transaction Manager prior to possession being delivered. The Transaction Manager should make an initial inspection of the certificate to verify that the amounts specified match those in the lease, and that all the additional insureds as required under the agreement are named on the certificate, that the address of the premises is correct and that the named insured is correct as per the lease. After the transaction file is conveyed to the Associate Director, Tenant Management, Tenant Management will be responsible for forwarding the insurance certificate to MTA Risk Management for further review and acceptance.

   Note: Insurance for construction from the tenant and its contractor as well as a contractor's indemnity agreement in the form attached to the lease will be due upon approval of plans and

prior to commencement of any work by a tenant, which in the case of a new tenant not already in possession of the premises will also be required prior to delivery of possession.

5. IRS Form W-9 for tenant and each guarantor, properly completed and executed.

All checks should be forwarded to the Associate Director, Tenant Management immediately upon receipt. Copies of all the items referred to in this chapter should be maintained in the Tenant File.

G. Proposer's Failure to Execute

If a proposer has held a proposed agreement for more than two (2) weeks without providing comments to the same or executing the same, the Transaction Manager) will send a letter (or request and direct MTA Legal (or outside counsel) assigned to the transaction to send a letter to the proposer, via electronic or overnight mail, stating that failure to provide comments, if any, or to execute the agreement within two (2) weeks following such communication by the Transaction Manager (or MTA Legal), may result in the subject property being offered to another proposer and/or the proposer's offer and any Conditional Designation Letter being deemed nullified and of no further effect.

Every effort should be made to contact the proposer to identify and resolve any open issues. If the Transaction Manager judges the proposed tenant's reasons for failure to respond or execute to be valid, an adequate time period should be granted for finalizing and executing the agreement. In no event, however, should the proposed tenant be allowed an inordinate amount of time to complete contract negotiations and satisfy any pre- conditions to contract or lease execution or be allowed to renege on understandings that were reflected in the proposer's proposal or Conditional Designation Letter.

If a proposer purports to withdraw such proposer's proposal or refuses to execute definitive documentation reflecting the terms of the proposal or Conditional Designation Letter, the Transaction Manager, after consulting with their Deputy Director, the First Deputy Managing Director, the Managing Director and MTA Legal, should instruct the Associate Director, Tenant Management to retain such proposer's earnest money deposit with interest, if any, and in such event Tenant Management should withdraw the deposit and transfer it to the applicable MTA Agency's operating account; provided, however, that the First Deputy Managing Director and/or the Managing Director may in any event elect to return any earnest money deposit received from any governmental agency or not-for-profit agency. Alternatively, if negotiations have terminated by reason of an impasse over contract terms that were not addressed in the proposal or Conditional Designation Letter, and if the Transaction Manager, the Deputy Director and MTA Legal concur that the proposer has been dealing in good faith, the Associate Director, Tenant Management should be directed to return the proposer's earnest money deposit without interest, if any.

The Transaction Manager should take care to maintain contemporaneous notes of all communications that could have a bearing on the determinations that are described in the preceding paragraph.

CHAPTER IX - TENANT INFORMATION TRANSFER

Scope - This chapter is designed to assist in preparing lease-related documentation to be forwarded to Information Management and Tenant Management.

Objective - To assist in the accurate transfer of pertinent information to Information Management and Tenant Management.

Responsibilities - The RE Manager prepares the necessary documentation and communicates the information to Tenant Management and Information Management.

Procedures - The necessary procedures for conveying the information are as follows:

A. Documentation

1. If the First Deputy Managing Director approves the selection, the Transaction Manager with the assistance of Information Management (which advises the Transaction Manager of the correct property and unit descriptions), should enter basic proposer information (name, address, property unit) into Yardi to establish a transaction account ("Deal").

2. Once a tenant has been selected, approved and entered into Yardi as a Deal, the tenant will now appear on Yardi's Lease Tracking Report. This report may be printed and reviewed by the RED management staff at any time (Figure 19).

3. The authorized or designated signatory signs all of the copies of the final lease agreement and the fully executed lease agreement and, if applicable, guaranty are returned to the Transaction Manager who distributes the signed copies of the agreement and guaranty as follows:

    - Tenant including any Guarantor, or Tenant's attorney, (2 original)
    - Tenant Management - (2 originals)
    - MTA Legal (and assigned outside counsel, if applicable) (1 fully executed pdf with exhibits)

4. The Transaction Manager assembles or updates the RFP File to include all proposals, rejection letters, copies of interview notes and memos pertaining to the project and forwards to the Information Center. The Transaction Manager assembles or prepares the Tenant File, which includes the original proposal, all correspondence with the tenant, confirmation letter, two original counterparts of the lease agreement and each guaranty, Staff Summary, insurance certificate (if required at that time), IRS Form W-9 for tenant and each guarantor, construction security and the completed DAF, and attaches the Tenant Control Checklist (Figure 20), which is affixed to the respective project file before forwarding to the Associate Director, Tenant Management. Tenant Management is responsible for forwarding this to the Information Center. The completed file for all new agreements or amendments and changes to existing agreements should immediately be handed over to Tenant Management staff. Within two business days of when the Transaction Manager plans to mail

a copy of an executed lease agreement to a tenant, or as soon thereafter as may be practical under the circumstances, the Transaction Manager will schedule a hand-off meeting with Tenant Management staff, including the Tenant Management Vendor and/or the appropriate Deputy Director to discuss the terms of the agreement, any planned improvements, and any special considerations. At the meeting, Tenant Management staff will verify:

- All items on the tenant file check list are in the file.
- That key qualitative tenant management elements (insurance, rent and security checks, executed routing form and lease) are in the correct amounts and received from the correct party.

If qualitative elements are not in order, the Transaction Manager and Tenant Management staff will work together to remedy the matter. If all is in order, Tenant Management staff will enter the "hand-off" date and "hand-off" documents (redacting, where appropriate personal information) into Yardi. After the "hand-off" from the Transaction Manager to Tenant Management, Tenant Management staff will provide the "hand-off" documents to the Tenant Management Vendor.

NOTE: It is the responsibility of the Transaction Manager to ensure that no agreement is executed by the authorized or designated signatory unless checks are received in the appropriate amounts from the appropriate entity, guaranties, if applicable, are received executed by the appropriate guarantors and initial insurance certificates are received in the limits and coverages contemplated by the lease, if/when applicable.

5. For the Lease/Sale Negotiation Process, the Authorization Memo plus all correspondence, maps and the agreement, together with any applicable guaranties, serves as the Tenant File and is forwarded to the Associate Director, Tenant Management.

B. Insurance Coordination

As indicated above, it is the responsibility of the Transaction Manager to assure that the initial insurance certificates are received in the limits and coverages contemplated by the lease, if/when applicable. If a tenant's insurance forms are incomplete at the time the Tenant File is forwarded to Tenant Management staff, a notation as to the status of insurance should be made. The typical reason for uninsured status at the time of execution of the lease, is because the tenant is not being delivered immediate possession. The tenant will not be delivered possession of the premises until active insurance coverage is in place. In most cases where the tenant is required to perform tenant's initial improvement work at commencement of the term and prior to taking occupancy and opening for business at the premises, tenant will not be delivered possession of the premises until it has completed the plan submission and review process, plans have been approved and tenant has satisfied the other pre-construction conditions set forth in the lease, including delivery of construction contractor contracts, contractor indemnity agreements and certificates of insurance for the contractor's required insurance coverage.

C. Planning and Construction

Tenant Management with the assistance of the Tenant Management Vendor is responsible for the coordination of the construction process from plan submission and approval through completion. The Transaction Manager will remain available for consultation and provide support to Tenant Management during the term of the tenant's agreement. Tenant Management or the Tenant Management Vendor shall be responsible for updating Yardi with respect to all tenant design and construction activity.

CHAPTER X - CONSTRUCTION MANAGEMENT

Scope - This chapter provides guidelines for standardized monitoring of the tenant improvement construction process from design through construction completion and the commencement of operation. Responsibility for the tenant design and construction process has been transferred/handed-off to Tenant Management which will work with the Tenant Management Vendor to oversee the process. The Transaction Manager is nonetheless responsible for being familiar with the process and is to remain available to provide support and assistance to Tenant Management as/when needed.

Objective - To ensure that tenant improvements are efficiently and appropriately completed in compliance with lease terms and with the applicable MTA Agency's architectural, engineering and/or code compliance departments.

Responsibilities - The applicable MTA Agency is responsible for approving plans and monitoring and approving the construction of new or altered facilities.

Procedures - The necessary procedures for coordinating the construction process include the following:

A. Plan Submission

Tenants submit construction plans for approval by the MTA Agency through the RED (i.e., Tenant Management).

1. Tenant Management, with the assistance of the Transaction Manager on an as-needed basis, is generally responsible for coordinating the approval of design and plans for proposed improvements. After the lease is fully executed, the tenant has a prescribed number of days to submit plans to Tenant Management or its designated receiver. Tenant Management, with the assistance of the Tenant Management Vendor, will make an initial review of the plans to determine if such plans are sufficiently complete to forward to the MTA Agency for review and will either reject them for revision or forward the plans to the appropriate MTA Agency for review. If changes need to be made after the MTA Agency review, the tenant is notified in writing by the Associate Director, Tenant Management or his or her designee.

2. Once plans are approved by the MTA Agency, which approval includes approval of contractor documentation (i.e., construction agreement, work schedule, insurance certificate evidencing contractor's insurance and a signed contractor's indemnity agreement in a form attached to the lease agreement) permission to commence construction may be granted.

3. Tenant construction is administered by the MTA Agencies, each of which have different rules governing the tenant construction process for that agency. As a general rule, the following paragraphs describe how the MTA Agencies administer tenant construction.

   MTA NYCT: The Tenant Management Vendor arranges a construction kick-off meeting. Attendees typically include the tenant, its contractor, subcontractors, the architect or engineer, Tenant Management staff, the Tenant Management Vendor staff and NYCT Maintenance of Way ("MoW"). MoW is responsible for approving plans, issuing a construction permit and

permits or authorization to proceed with construction, periodic inspections and for granting approvals to open for business. Formal approval, acceptance of the work, and issuance of a code compliance certificate concludes the process for NYCT. The Tenant Management Vendor communicates this information to the tenant and provides tenant with authorization to open for business.

MTA LIRR: LIRR's Capital Program Management ("CPM") staff reviews and approves plans. Tenant Management arranges a construction kick-off meeting. Attendees typically include: Tenant Management staff, the Tenant Management Vendor staff, the tenant, its contractor, subcontractors, the architect or engineer, the Safety Department and CPM staff. CPM is responsible for issuing construction permits, periodic inspections and for granting approval to open for business. Formal approval, acceptance of the work and issuance of a code compliance certificate concludes the process for LIRR. The Tenant Management Vendor communicates this information to the tenant and provides tenant with authorization to open for business.

MTA METRO-NORTH: Capital Programs (CP) is responsible for approving plans, issuing a building permit and for periodic inspections. Tenant Management coordinates the construction kick-off meeting. Attendees typically include CP (including the Safety Department, Engineers and Code Compliance), Tenant Management staff, the Tenant Management Vendor staff, the tenant, its contractor, subcontractors, and the architect or engineer prior. CP issues a code compliance certificate upon satisfactory completion of construction. Formal approval, acceptance of the work and issuance of a code compliance certificate concludes the process for CP. The Tenant Management Vendor communicates this information to the tenant and provides tenant with authorization to open for business.

B. Construction Monitoring

Tenant Management communicates with the applicable MTA Agency staff about the status of tenant construction projects. Tenant Management periodically inspects the premises to monitor the construction progress and ensure the project proceeds according to schedule within established NYS construction and safety guidelines. Tenant Management is responsible for documenting any delays and the reasons for such delays. Once construction is completed, the applicable MTA Agency is notified that construction is complete and a final inspection is requested.

C. Construction Completion

1. Upon construction completion and approval, Tenant Management arranges the return of the construction security, if applicable.

2. Where a lease indicates that rent commences at the end of a buildout period specified in the lease or, if earlier, when tenant opens for business to the public, rather than at commencement of the term, Tenant Management with the assistance of the Tenant Management Vendor will monitor the status of completion of construction and the duration of the buildout period specified in the lease and is responsible for sending to tenant a rent start notice and commencing billing in accordance with the lease.

CHAPTER XI – NEW YORK STATE PROCUREMENT LOBBYING LAW

Scope - This chapter establishes Guidelines for the implementation of the requirements relating to lobbying with respect to real estate transactions as provided in the State Finance Law and Legislative Law and as amended by Chapter 1 of the Laws of New York of 2005, as amended (the "Procurement Lobbying Law"). The applicable provisions of the Procurement Lobbying Law took effect on January 1, 2006. The Procurement Lobbying Law is a statute enacted by the New York State Legislature and the MTA is obligated to comply with its requirements.

Objective - To enhance the public's confidence in State procurement processes by increasing disclosure requirements for persons or entities attempting to influence a procurement or real estate transaction.

Responsibilities – Proposers must not make "Contact" during the Restricted Period with anyone other than the Designated Point(s) of Contact.

Procedures - The Procurement Lobbying Law applies to "the purchase, sale or lease of real property or an acquisition or granting of other interest in real property." Among other things, it restricts certain contacts during the procurement process and requires the MTA to record all such "Contacts" and include them in the transaction record. Violations of the policy regarding permissible contacts must be reported to the appropriate MTA officer and investigated accordingly.

A. Definitions:

As used in this chapter and as provided in the Procurement Lobbying Law, the following terms have the following meanings:

1. Contact: any oral, written or electronic communication with a governmental entity under circumstances where a reasonable person would infer that the communication is *intended to influence* an MTA real estate transaction.

2. Offerer: an individual or entity, or any employee, agent or consultant or person acting on behalf of such individual or entity, that contacts the MTA about a real estate transaction during the Restricted Period or that bids, proposes or enters into negotiations with respect to an MTA real estate transaction.

3. Restricted Period: the period of time commencing with the earliest written notice, advertisement or solicitation of an RFP or, in the case of a Lease/Sale Negotiation Process transaction, when the Transaction Manager first solicits a response from a potential lessee or purchaser intending to result in a lease or contract of sale, which solicitation should be in writing, and ending with the final closing of the transaction.

B. Applicability:

1. The Procurement Lobbying Law applies to *all contracts* with an estimated annual expenditure in excess of $15,000, including, but not limited to, RFPs and agreements entered into via the Lease/Sale Negotiation Process.

2. During the Restricted Period, bidders/proposers, or those acting on their behalf, may make only Permissible Contacts with the MTA with regard to a real estate transaction. In addition, bidders/proposers may not attempt to influence a real estate transaction in a way that violates or attempts to violate the ethics provisions of the Public Officers Law Section 73(5), relating to the receipt of gifts intended to influence; and Section 74, which addresses the ethical standards of employees of state agencies (including public benefit corporations), members of the New York State Legislature and Legislative employees.

C. Communications Not Prohibited by the Procurement Lobbying Law ("Permissible Contacts"):

1. A "Contact" (i.e., a communication *intended to* influence a real estate transaction) that is made with a Designated Point of Contact, whether such contact is one of the types of "Contacts" listed in C.2 below or not, or

2. One of the following communications, (all considered "Contacts"), with the Designated Point(s) of Contact OR another agency representative (i.e., an employee of the RED) who is NOT a Designated Point of Contact:

    a. Proposals: Submission of written proposals in response to an RFP or other solicitation, pursuant to the submission requirements set forth in the solicitation.

    b. Written Questions: The submission of written questions by a method set forth in the solicitation, advertisement and/or real estate transaction package, when all such questions and responses are to be disseminated to all Offerors who have expressed an interest in the RFP or other solicitation.

    c. Pre-Proposal Conference: Participation in a pre-proposal conference, oral presentation or interview provided for in an RFP.

    d. Complaints: Complaints by an Offerer regarding the failure of a Designated Contact to reply in a timely fashion.

    e. Negotiations: Communications by Offerers who have been tentatively designated as the prospective tenant or purchaser, provided that such communications are solely for the purpose of negotiating the terms of such designation and/or negotiating the terms of the lease or contract of sale after being notified of such designation.

f. Review of award: Contacts regarding protests, appeals or other review proceedings before the MTA.

g. Protests or complaints: Complaints of alleged improper conduct.

h. Communications: Communications between offerers and governmental entities (i.e., state legislature, public authorities, courts) that solely address the determination of responsibility by the MTA of an Offerer.

i. Contact: Contact by a member of the New York State Legislature or legislative staff, when acting in their official capacity, regarding a particular real estate transaction.

In addition and in the absence of the Point of Contact, the Managing Director may authorize another contact within the RED to receive communications on behalf of the Point(s) of Contact.

D. Communications Prohibited by the Lobbying Law ("Impermissible Contacts"): Any CONTACT that is not a PERMISSIBLE CONTACT as defined above is an "Impermissible Contact" and a violation of the Lobbying Law. To clarify, a communication is an "Impermissible Contact" if *all* of the following are true:

(i) An Offerer makes an oral, written or electronic communication with a person in an MTA Agency;

(ii) who is not a designated point of contact for the solicitation;

(iii) during the solicitation's RESTRICTED PERIOD;

(iv) under circumstances that a reasonable person would infer was an attempt to influence that solicitation; and

(v) in a manner that does not fall under any of the areas considered a PERMISSIBLE CONTACT.

E. Recordation of Permissible and Impermissible Contacts:

1. Permissible Contacts: Upon any Permissible Contact during the Restricted Period, the employee being contacted must obtain the name, address, telephone number, place of employment and occupation of the person or entity making the Contact and whether or not such person (if such person is not the Offerer) or entity was retained, employed or designated by or on behalf of the Offerer to contact the MTA regarding the procurement. Such Permissible Contacts must be recorded on the Report of Contact form (see Figure 21), with the appropriate "Permissible Contact" box checked. The person recording the information makes a copy of the form for themselves, and sends an additional copy to the Managing Director who maintains a central repository of the forms as well as the original to the Transaction Manager for placement in the Project file.

2. Impermissible Contacts: Any employee of the MTA, including employees outside of the RED, who becomes aware that anyone has violated the Procurement Lobbying Law by making an Impermissible Contact must obtain the name, address, telephone number, place of employment and occupation of the person or entity making the Impermissible Contact and whether or not such person or entity was retained, employed or designated by or on behalf of the Offerer to contact the MTA regarding the procurement and inform the Managing Director and the Chief Compliance Officer of immediately, using the Report of Contact form, checking the "Impermissible Contact" box (see Figure 21).

3. Record: The employee obtaining the information and completing the form shall keep a copy for themselves, and deliver a copy to each of the Managing Director, and the Chief Compliance Officer, and deliver and the original to the Transaction Manager for placement in the Project file. The Managing Director will investigate the allegations of Impermissible Contacts. If there is reasonable cause to believe that the allegations are true, the Offerer must be notified of the investigation and given an opportunity to respond to the allegations in accordance with the MTA's procedure regarding responsibility determinations.

4. Report: The Managing Director must report knowing and willful violations of the Procurement Lobbying Law to the Executive Director of the MTA and the Chief Compliance Officer.

F. Contract Requirements:

1. All RFP or Lease/Sale Negotiation offering documents must contain the name of the designated contact(s) (the Point(s) of Contact) for that particular procurement**.**

2. All RFP or Lease/Sale Negotiation offering documents must contain a summary of the requirements of the Procurement Lobbying Law. This summary is contained within Schedule W.

3. Schedule W, the Procurement Lobbying Law Disclosure Statement (see Figure 22) must be made a part of, and returned with, the bid/solicitation documents for each real estate transaction covered under the Procurement Lobbying Law. *Failure of a proposer to return a completed Schedule W will result in such proposer being deemed as ineligible for award.* Schedule W consists of the following, which satisfy the submission requirements of the Procurement Lobbying Law:

    a. Affirmation of the Offerer's understanding of, and agreement to comply with, the Procurement Lobbying Law.

    b. Certification that the information the Offerer has provided the MTA with is complete, true and accurate.

    c. Disclosure of any findings of non-responsibility made within the previous four years that were due to a violation of the Lobbing Law or as a result of intentionally providing false or incomplete information to a government entity (as defined in the Procurement Lobbying Law). Failure to disclosure

such prior determinations of non-responsibility will be considered in the determination of responsibility.

d. The MTA may confirm the accuracy of the information provided in this disclosure by accessing the list of all Offerers who have been determined to be non-responsible or debarred due to violations of this section, maintained by MTA Corporate Compliance.

G. Responsibility Determination:

1. A finding that an Offerer/Proposer has knowingly and willfully violated the Procurement Lobbying Law may result in a determination of non-responsibility and the Offerer/Proposer may not be awarded the lease or sale.

2. The lease or sale may be awarded to an Offerer/Proposer found non-responsible as a result of a violation of the requirements of this section, if the MTA determines that the award of the license or sale to the Offerer/Proposer is necessary to protect public property, health or safety, and that the Offerer/Proposer is the only source capable of fulfilling the contract within the required timeframe. Such finding must be documented in the transaction file.

3. Any subsequent determination of non-responsibility due to a violation of the Procurement Lobbying Law within four (4) years of a determination of non-responsibility will result in the Offerer/Proposer being barred from submitting a proposal on or being awarded any real estate contract for four (4) years from the date of the second determination.

4. Compliance with the requirements of the Procurement Lobbying Law and this Procedure will be considered in the overall responsibility determination of the Offerer/Proposer.

H. Termination

1 Each lease or sale contract covered by the Procurement Lobbying Law must contain a provision that authorizes the MTA to terminate any such transaction if any of the certifications provided by the Offerer/Proposer pursuant to the Procurement Lobbying Law is found to be "intentionally false or intentionally incomplete".

2. The MTA must include the basis for any action taken pursuant to such termination provision in the transaction record.

GLOSSARY

Affiliate: For purposes of these Guidelines, with respect to any specified person or entity, any other person or entity that (a) possesses the power, directly or indirectly, to direct or cause the direction of the management and policy of such specified person or entity, whether through ownership of an equity or beneficial interest (regardless of percentage), contract or otherwise or (b) owns, directly or indirectly, 30% or more of the outstanding stock, partnership interests, membership interests, or other equity or beneficial interest in such specified person or entity. For the purpose of determining the thirty percent (30%) threshold, the direct and indirect ownership interests of such other person will be aggregated with those of such other person's immediate family members (including, spouse, parents, siblings, children (including by adoption), stepparents, stepsiblings, stepchildren and any other lineal ancestor and lineal descendant or any trust (or similar estate planning vehicle) established for estate planning purposes, the sole beneficiaries of which are such natural person or any such natural person's immediate family members).

Authorization Memo: A memorandum prepared by the Transaction Manager seeking authorization as required by these Guidelines. Authorization Memos recommending award pursuant to an RFP require SEQRA check off and signature of the appropriate (i) the appropriate Deputy Director, (ii) the appropriate First Deputy Managing Director, and (iii) the appropriate Managing Director. Authorization Memos recommending award pursuant to the Lease/Sale Negotiation Process require SEQRA check off and the signatures of the appropriate (i) the appropriate Deputy Director, (ii) the appropriate First Deputy Managing Director, (iii) the appropriate Managing Director, (iv) MTA Legal and (v) the CDO.

Chief Development Officer/CDO: The senior officer of MTA who has overall responsibility for all matters concerning MTA Property, including TOM and TOD matters.

Conditional Designation Letter: As described in Chapter VII.

Contact: As defined in Chapter XI.

Deputy CDO, Planning: The senior executive within RED that reports directly to the CDO is designated by the CDO to oversee, among other matters, TOD, including direct oversight of the Managing Director, TOD and telecommunications, including indirect oversight of the Senior Transaction Manager, Telecommunications.

Deputy Director: The Deputy Director within TOM or the Deputy Director or Director within TOD (i) who, with respect to TOM, for a particular MTA Agency, has direct oversight of RED project managers and other personnel on transactional activities, including, leasing, disposition and acquisition of real property for that particular MTA Agency, and who reports directly to the First Deputy Managing Director, TOM, or (ii) who, with respect to TOD, has primary responsibility for direct oversight of such matters and who directly reports to the Managing Director, TOD.

Director, Grand Central Retail Leasing and Management/Director, GCT: The Director within RED who has primary responsibility for GCT retail leasing and licensing, including tenant management relating to GCT retail leases and licenses. Currently this position is vacant. While this position remains vacant, references in these Guidelines shall be to such person(s), individually or in combination, as the Managing Director, TOM or the Deputy CDO, Planning or the CDO may from time to time direct for the purpose of performing the particular functions assigned to the Director, Grand Central Retail Leasing and.

Management/Director, GCT in these Guidelines or by the Managing Director, TOM.

Director, Transit-Oriented Development/Managing Director, TOD: The Director within RED who has primary responsibility for Transit-Oriented Development matters.

Finance Committee: The Finance Committee of the MTA Board (or any other committee of the MTA Board that may assume responsibility for oversight of RED actions).

First Deputy Managing Director: The First Deputy Managing Director, TOM as to TOM matters or the First Deputy Managing Director, TOD as to TOD matters, having responsibility as applicable under the circumstances.

First Deputy Managing Director, TOM: The Director within the RED who has primary responsibility for TOM transactional matters, including leasing, sales and acquisition activities relating to MTA Facilities and who performs the functions of a first deputy to the Managing Director, TOM, as designated by the Managing Director, TOM. Currently this position is filled by the Director, Transaction Management. If more than one person fills this senior leasing and acquisition role, then references in these Guidelines shall be to such persons, individually or in combination, as the Managing Director, TOM or the Deputy CDO, Planning or the CDO may from time to time direct for the purpose of performing the particular functions assigned to the Director, Transaction Management in these Guidelines.

First Deputy Managing Director, TOD: The Director within TOD who has primary responsibility for direct oversight of transaction managers within TOD and who reports directly to the Managing Director, TOD, performing the functions of a first deputy to the Managing Director, TOD, as designated by the Managing Director, TOD. Currently, this role is filled by the position of Director, Real Estate Development within TOD, which position currently is vacant. If more than one person fills this senior transit oriented development role or while this position remains vacant, then references in these Guidelines shall be to such person(s), individually or in combination, as the Managing Director, TOD or the Deputy CDO, Planning or the CDO may from time to time direct for the purpose of performing the particular functions assigned to the Director, Real Estate Development/First Deputy Managing Director, TOD in these Guidelines or by the Managing Director, TOD.

GCT Leasing Guidelines: As defined in the Introduction.

Information Center: The area of the RED office devoted to maintaining central files, VAL maps, Sanborn maps, tax maps, station diagrams and other documents that are regularly needed and must be permanently retained.

Information Management or IMU: The information management unit of the RED.

Inquiries: As defined in Chapter I.

IPIS: IPIS is a database that contains a list of properties owned by the City of New York. Information concerning tax status, descriptive property history and any *in rem* action is also available. Access to this information is provided via CityNet Computer Hook-up. Certain items from this information can also be found in Yardi for each City-owned property.

Iran Divestment Act: The New York State Office of General Services maintains a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in the act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, public benefit authorities may not enter into or award a contract, including a real estate contract, unless it obtains a certification from a proposer that it is not on the list.

Lease/Sale Negotiation Process File: This file results from the Proposer File and includes the Authorization Memo, the Proposer Information Form, the Conditional Designation Letter, the Staff Summary, the Document Approval Form, two (2) copies of the definitive agreement(s), the insurance certificate and the W-9 form. This file is assembled by the Transaction Manager and resides in the Information Center.

Lease/Sale RFP Process: The leasing-out or selling of MTA Property pursuant to an RFP.

Lease/Sale Negotiation Process: The leasing-out or selling real of MTA Property other than pursuant to an RFP.

Licensing-Out Guidelines: As defined in the Introduction.

Managing Director: The Managing Director, TOM as to TOM matters or the Managing Director, TOD as to TOD matters, having responsibility as applicable under the circumstances.

Managing Director, TOD: The Director or Senior Director within the RED who has overall responsibility for the administration and day-to-day operations of the RED core group responsible for Transit-Oriented Development. Currently this position is filled by the Director, Transit-Oriented Development.

Managing Director, TOM: The Director or Senior Director within the RED who has overall responsibility for the administration and day-to-day operations of the RED, and who oversees transactional matters, including leasing, sales & acquisitions for MTA Facilities, GCT Retail Leasing and Management, and MTA Facilities' operations. Currently this position is filled by the Director, Real Estate Transactions and Operations.

Marketable Property List: A list of all properties available for marketing by the RED. This list should be updated and reviewed regularly to determine the marketability of properties.

MTA: Metropolitan Transportation Authority (for itself and also acting on behalf of the other MTA Agencies with respect to real property owned or controlled by such other MTA Agencies). References in these Guidelines to MTA are intended to include MTA and each MTA Agency, as appropriate.

MTA Agency: As defined in the Introduction.

MTA Facilities: The improvements, buildings, overpass and underpass structures or other physical improvements located on or at MTA Property, including the structural elements and building systems comprising and/or servicing such facilities located within MTA Property (but excluding the subway and railroad tracks, signal systems and train facilities directly used in connection with the operation of the subway system or railroad system).

MTA Property(ies): Real property, including improvements, structures and facilities (including parking lots, subway and railroad stations, station buildings and retail and amenity space) located thereon, as well as interests in real property, including easements and leasehold interests, development/air rights, directly or indirectly, owned or, pursuant to an agreement entered into by the MTA or an MTA Agency, leased or licensed to and/or operated by MTA or an MTA Agency or by another entity in which MTA or an MTA Agency has an indirect interest.

Net Present Value or NPV: As defined in Chapter III.

New York City Department of Finance Data: The Department of Finance maintains all ownership records for the five boroughs. The records include information relating to current ownership, mortgages, zoning, location, age of improvements and assessed real property value. The data is accessed via select personal computers within the RED.

Parcel Information Sheet: As described in Chapter II.

Procurement Lobbying Law: As defined in Chapter XI.

Proposer File: The Proposer File is assembled by the Transaction Manager and contains the original signed proposal, all relevant correspondence with the selected proposer, the Conditional Designation Letter, the Staff Summary, the Document Approval Form, two (2) copies of the definitive agreement(s), one copy of any guaranty, if/when applicable, the insurance certificate and the W-9 form. This file resides in the Information Center.

Proposer Information Form (PIF): The Proposer Information Form provides detailed information with respect to proposers and their principals and Affiliates, including addresses, past dealings with state and municipal agencies, business history and experience, references, available lines of credit and assets and liabilities, and includes a business plan with financial projections and a credit check authorization. The PIF is used for both the Lease/Sale RFP Process and the Lease/Sale Negotiation Process.

Preparer Questionnaire Form (PQF): As defined in Chapter VIII.

Recordation of Contact: As defined in Chapter XI

RED: The MTA real estate department.

Restricted Period: As defined in Chapter XI.

RFP or Request for Proposals: A request for proposals issued in accordance with these Guidelines.

RFP File: The RFP file results from the Project File and contains all relevant information regarding the RFP, including all proposals and correspondence with proposers and the Transaction Manager's notes regarding the project. This file resides in the Information Center.

RFP Mailing List: The mail log is maintained in Yardi by an assigned executive secretary and is comprised of a list of persons who have expressed an interest in leasing property from the MTA.

Sanborn and Land Maps: Sanborn and Land Maps are organized by county and municipality; parcels may be identified by location. Sanborn is available for the five boroughs only. It provides brief building improvement information, subway stations, utility/municipality easements, condominiums and any air rights.

SEQRA: As defined in Chapter II.

Staff Summary: The document by which the RED summarizes a transaction for the purpose of obtaining MTA Board authorization to enter into such transaction.

Tenant File: The Tenant File contains all documentation relating to a given tenant, including correspondence, agreements and plans. The files for current tenants and recently (within the past two years) terminated tenants are maintained in the Information Center. All other terminated files are maintained at MTA's offsite storage facility and are subject to MTA's document retention policy.

Tenant Management or TMU: The tenant management unit of the RED which unit includes the Tenant Management Vendor.

Tenant Management Vendor: Tenant Management Vendor is the vendor designated by the Managing Director, TOM or the Associate Director, Tenant Management to administer, manage and provide accounting services for the tenanted portfolio of all MTA Agencies' properties, excluding Grand Central Terminal.

Term Sheet: A sheet or sheets listing the terms of the agreement, requirement improvements, and other information about the transaction.

Transaction Manager: An RED staffer who reports to a Deputy Director.

Transactions & Operations or TOM: As defined in the Introduction.

Transit-Oriented Development or TOD: All real estate-related development matters, whether by an MTA Agency, a government or other public or quasi-public entity and/or a private entity, which affects or involves any existing or to-be acquired MTA Property and/or any existing or proposed transit-related facility or amenity, including acquisitions and dispositions of real property or interests in real property for long-term revenue generation and transportation facilities; major capital projects in conjunction with or enhanced by real estate development; other co-development arrangements with private and public entities including public-private partnerships; and other opportunities for realizing revenue from real estate opportunities and strategic planning.

Type I Transaction: As defined in Chapter V.

Type II Transaction: As defined in Chapter V.

Valuation (VAL) Maps: The VAL Maps indicate Metro-North and LIRR ownership right of way and indicate property rights along the railroad lines. They also contain limited historical information and identify current tenancies. The Transaction Manager should check the VAL Maps to verify that property is owned controlled by the MTA or an MTA Agency and update the maps as new leases are consummated. These maps are located in the Information Center.

W-9 Form: Internal Revenue Service Federal Tax Form W-9.

Work Sheet: As described in Chapter II.

Yardi: Yardi Systems Inc.is a Santa Barbara, CA based computer-systems and data-processing company that provides property management/ accounting software and maintenance services to the RED. In this document "Yardi" refers to the computer program developed and customized specifically for the MTA.

Attachment 1

GCT LEASING GUIDELINES

March,
~~2020~~2021

(As Originally Adopted November 18, 2009, and as Revised by Modifications approved by the MTA Board on November 13, 2013, March 26, 2014, March 25, 2015, March 23, 2016, March 22, 2017, March 21, 2018, March 27, 2019 ~~and~~, March 25,2020, March 17,2021)

GUIDELINES FOR SELECTION OF TENANTS FOR GRAND CENTRAL TERMINAL

Application

These guidelines ("Guidelines") apply to the selection of tenants for leases of commercial, retail spaces at Grand Central Terminal ("GCT"). They do not apply to the selection of licensees at GCT, which is governed by policies adopted by the Board in November, 2009 (as amended from time to time). (The principal difference between a lease and license for these purposes is that a license is terminable at the discretion of the licensor for any reason upon short notice, not longer than 60 days with no cost to the applicable MTA Agency.) These Guidelines supplement the MTA Real Estate Department Real Property Disposition Guidelines for the Leasing-Out and Sale of Real Property, adopted by the Board on March 27, 2020 as such Guidelines may be amended from time to time (the "General Guidelines"). In the event of any conflict between these Guidelines and the General Guidelines, these Guidelines will govern for GCT commercial retail leases.

Purpose and Objective

The purpose of these Guidelines is to provide the MTA Real Estate Department (the "RED") with standards and procedures for issuing requests for proposals ("RFPs") and for choosing tenants to recommend for selection for leases of commercial space at GCT. They are intended to further the MTA's objective of maximizing the long-term aggregate revenues that the MTA derives from the leasing of the commercial space at GCT (taken as a whole), while making available to commuters and others an appropriate mix of goods and services and maintaining a level of quality commensurate with GCT's status as an historic landmark and one of New York City's greatest public spaces (the "Objective"). While the Objective is broader than maximizing guaranteed minimum rent for any particular space, these Guidelines establish a rebuttable presumption that the Objective will be furthered by the proposal that is "responsive" and "responsible" (as determined by the procedure described below) and offers the highest Unadjusted Guaranteed Rent Amount (as such term is defined below). Therefore, any staff recommendation to award a lease to a responsive and responsible proposer other than the responsive and responsible proposer that has offered the highest Unadjusted Guaranteed Rent Amount must be made by a selection committee and supported by a rationale that is articulated in the Staff Summary presented to the Board in connection with such recommendation.

These Guidelines are intended only for the internal guidance of officers and employees of the MTA. Nothing contained in these Guidelines is intended, and the same shall not be construed, to establish expressly or by implication, or confer upon any person or entity (including any prospective proposers or awardees) any right,

privilege, remedy, claim or benefit under, or by reason of, any requirement or provision of these Guidelines for third parties. Except to the extent prohibited by law, any provision of these Guidelines may be waived by the MTA Board (by ratification or otherwise) or by the Chairman and Chief Executive Officer of the MTA.

Requests For Proposals

All opportunities to lease commercial space at GCT (except spaces that have monetary values below the legal threshold requiring a competitive disposition process) must be offered pursuant to competitive RFPs prepared by the Director, Grand Central Retail Leasing and Management, approved by the Managing Director, TOM, and advertised in accordance with the General Guidelines. More than one space may be offered pursuant to a single RFP.

For each space being offered, an RFP may identify preferred, mandatory, disfavored and/or prohibited uses, as and where appropriate, to encourage and/or ensure an appropriate mix of merchandise and services in various sections of GCT or to otherwise further the Objective. If an RFP identifies a preferred or mandatory use, it shall make clear whether such use is mandatory or merely preferred; if an RFP identifies a disfavored or prohibited use, it shall make clear whether such use is prohibited or merely disfavored.

Without limiting the generality of the foregoing, each RFP must reference (and each prospective tenant must be provided with access to) the generally-applicable design criteria and rules and regulations for commercial spaces at GCT, and state that compliance with such design criteria and rules and regulations is mandatory.

The Director, Grand Central Retail Leasing and Management, with the approval of the Managing Director, TOM, may elect to exclude national chains and/or discount merchandisers from specified areas of GCT, such as the Dining Concourse, the Lexington Passage and/or the Grand Central Market, or GCT as a whole, provided that they reasonably determine that doing so will further the Objective. –If required, each Staff Summary presented to the Board when the award of the proposed lease for a space is submitted in due course for Board approval shall set forth any preferred, mandatory, disfavored, or prohibited uses applicable to such space; provided, however, that the aforementioned design criteria and rules and regulations need only be referenced, not set forth in full, in such Staff Summaries.

Selection Criteria

The following are the selection criteria (the "Selection Criteria") that will be used to evaluate proposals:

Selection Criterion A: Direct Economic Benefit to the MTA (Maximum 70 Points).

Each evaluator shall:

First: Start with the Unadjusted Guaranteed Rent Amount for each proposal, as determined by the Technical Consultants as described below. The "Unadjusted Guaranteed Rent Amount" for any proposal is the present value of the guaranteed minimum rent set forth in such proposal, discounted to the first day of the lease term using a discount rate of 7%.

Second: Determine the Guaranteed Rent Adjustment Factor for each proposal and multiply it by the Unadjusted Guaranteed Rent Amount for such proposal, to determine the "Adjusted Guaranteed Rent Amount" for such proposal. The "Guaranteed Rent Adjustment Factor" is an adjustment factor intended to reflect any concerns that the evaluator may have with respect to the certainty of payment of the Unadjusted Guaranteed Rent Amount, taking into account (1) the evaluator's assessment of the viability of the prospective tenant's business plan, (2) the evaluator's assessment of the creditworthiness of the prospective tenant (or any proposed guarantor) and (3) any security deposits and/or letters of credit that will be required (as set forth in the applicable RFP). The Guaranteed Rent Adjustment Factor may be as high as 1.00 (which means the evaluator has no uncertainty about the Unadjusted Guaranteed Rent Amount being received by MTA) and as low as 0.50 (which means the evaluator has great uncertainty about the Unadjusted Guaranteed Rent Amount being received by MTA), provided that if a proposal includes commercially unreasonable backloading of rent then the adjustment factor may be as low as zero to protect MTA's interests.

Third: Take the Unadjusted Percentage Rent Amount for each proposal, as determined by the Technical Consultants. The "Unadjusted Percentage Rent Amount" for any proposal is the present value of the projected percentage rent as set forth in the proposal, discounted to the first day of the lease term using a discount rate of 7%.

Fourth: Determine the Percentage Rent Adjustment Factor for each proposal and multiply it by the Unadjusted Percentage Rent Amount for such proposal to determine the "Adjusted Percentage Rent Amount" for such proposal. The "Percentage Rent Adjustment Factor" is an adjustment factor intended to reflect the evaluator's assessment of the likelihood of percentage rent being received. The Percentage Rent Adjustment Factor may be as high as 0.50 (which means the evaluator has no uncertainty about the Unadjusted Percentage Rent Amount being received by MTA) and as low as zero (which means the evaluator has great uncertainty about the Unadjusted Percentage Rent Amount being received by MTA).

Fifth: Add the Adjusted Guaranteed Rent Amount for each proposal to the Adjusted Percentage Rent Amount for such proposal to determine the "Adjusted Total Rent Amount" for such proposal.

Sixth: Award the proposal with the highest Adjusted Total Rent Amount (the "Highest Adjusted Total Rent Amount") seventy (70) points for the Selection Criterion A score.

Seventh: Calculate the Selection Criterion A score for each of the other proposals by multiplying 70 times a fraction, the numerator of which is such proposal's Adjusted Total Rent Amount and the denominator of which is the Highest Adjusted Total Rent Amount.

<u>Selection Criterion B: Indirect Benefit to the MTA (Maximum 30 Points).</u>

Each evaluator shall determine the likelihood that each prospective tenant will support the elements of the Objective not directly reflected in Selection Criteria A by attracting other desirable prospective tenants to GCT, and/or customers for other current or prospective tenants at GCT. The Selection Criterion B score

shall range from 30 (which means that the evaluator believes that the prospective tenant will have an extremely significant positive effect on the elements of the Objective not directly reflected in Selection Criterion A) to zero (which means that the evaluator believes that the prospective tenant will have no positive effect on the elements of the Objective that are not directly reflected in Selection Criterion A).

Total Selection Criterion Score.

The total Selection Criteria score (the "Total Selection Criteria Score") for each proposal shall be the sum of that proposal's Selection Criterion A score plus that proposal's Selection Criterion B score.

Procedures for Evaluation of Proposals

Step 1: Technical Evaluation by Consultants:

All proposals received from prospective tenants shall will be independently evaluated by MTA's Leasing Agent ~~(currently Newmark Grubb Knight and Frank)~~ and MTA's Retail Manager for GCT (currently, Jones Lang LaSalle) or such other outside consultants as may from time to time be retained by the MTA to provide leasing and retail property management services at GCT (individually, the "Technical Consultant" or collectively, the "Technical Consultants").

Each Technical Consultant shall provide the Director, Grand Central Retail Leasing and Management with an independent technical evaluation (a "Technical Evaluation") of each such proposal.

If either Technical Consultant considers that a proposal is non-responsive, such Technical Consultant shall promptly raise that issue with the Director, Grand Central Retail Leasing and Management and the Director, Grand Central Retail Leasing and Management shall undertake the responsiveness review in Step 2 for such proposal. If after such responsiveness review (and any corrective steps permitted in Step 2) the Director, Grand Central Retail Leasing and Management (after consultation with the Managing Director, TOM) determines that such proposal is not responsive, such proposal shall be disqualified and no further technical evaluation shall be performed.

Each Technical Evaluation of each proposal shall include:

(i) responsiveness to the RFP;

(ii) a calculation of the Unadjusted Guaranteed Rent Amount;

(iii) a calculation of the Unadjusted Percentage Rent Amount;

(iv) a description of any known adverse prior experience (such as arrears, delinquent payments, and failure to comply with lease or license terms) pertaining to business relationships of the prospective tenant or any Affiliate of the prospective tenant (as such term is described below), after due inquiry into the GCT leasing records and the records of Tenant Management;

(v) any other matters relating to the responsibility of the proposer;

(vi) an assessment of the viability of the prospective tenant's business plan (taking into account, as appropriate, the prospective tenant's concept, capabilities and past experience), the creditworthiness of the prospective tenant (or any proposed guarantor) and any security deposits and/or guaranties that will be required (as set forth in the applicable RFP);

(vii) an assessment of the likelihood of receiving any proposed percentage rent; and

(viii) an assessment of the likelihood that the prospective tenant will indirectly further the Objective, by attracting other desirable prospective tenants to GCT, and/or customers for other current or prospective tenants at GCT.

Step 2: Determination of Responsiveness:

The second step after receipt of proposals will be a determination of responsiveness by the Director, Grand Central Retail Leasing and Management using the standard criteria set forth in the General Guidelines (including such prospective tenant's failure to provide all completed forms, supplemental information and signatures required by the applicable RFP). A proposal received in response to an RFP should be deemed "not responsive" (and thus disqualified and eliminated from further consideration by the Director, Grand Central Retail Leasing and Management) if such proposal (a) contemplates uses that such RFP identified as prohibited uses or (b) fails to provide for uses that such RFP identified as mandatory uses. A prospective tenant may not be disqualified by reason of such prospective tenant having proposed uses that the RFP identified as merely "disfavored" or by reason of having failed to propose uses that the RFP identified as merely "preferred" (although that may properly be taken into account in scoring proposals, as described above under the heading "Selection Criterion B"). If the Director, Grand Central Retail Leasing and Management determines that it is in MTA's best interests to permit a proposer to modify its proposal after the due date to correct deficiencies that would otherwise cause it to be deemed or otherwise determined to be non-responsive, such proposer shall be afforded such opportunity. If a decision is made to request action by the proposer to conform its submission with the RFP requirements, an email or letter should be sent to the proposer requesting such action. Any such email or letter should state that the non-conformity must be rectified within five working days, except that a longer time may be allowed by the Director, Grand Central Retail Leasing and Management, if the nature of the non-conformity (e.g., missing architectural plans) warrants such longer period.

In making the foregoing determination, the Director, Grand Central Retail Leasing and Management may rely on the Technical Evaluations. If there is any doubt about the appropriate action to take, MTA Legal should be consulted.

Step 3: Initial Determination of Responsibility:

The third step is an initial determination of responsibility by the Director, Grand Central Retail Leasing and Management. The Director, Grand Central Retail Leasing and Management may determine that a prospective tenant is not responsible for any reason contemplated by the General Guidelines (including unsuitability due to a record of criminality, lack of integrity, violations of the Procurement Lobbying Law (State Finance Law §§ 139-j and 139-k)).

A proposer may be disqualified as "not responsible" (and thus eliminated from consideration by the Director, Grand Central Retail Leasing and Management) if such proposer, or any Affiliate of such proposer, (a) has been convicted of a felony or any misdemeanor involving moral turpitude; (b) has been disqualified from contracting with the MTA, the City of New York, the State of New York, the Port Authority of New York and New Jersey or the federal government; (c) has violated the Procurement Lobbying Law (as more particularly described in Chapter XI of General Guidelines); (d) owes, with respect to amounts due not more than five years prior to the date of the RFP, in excess of $10,000 to the MTA or any other MTA Agency; such amount is not (in the view of MTA Legal) the subject of a bona fide dispute; and such amount has remained unpaid for more than 30 days after written demand from the MTA or another MTA Agency; (e) is in default of material non-monetary obligations to the MTA or another MTA Agency under an existing lease and the MTA or MTA Agency has provided written notice under that lease and the default has not been timely cured as provided in the lease; (f) has any outstanding federal, state or local tax warrants or liens; or (g) has received an unacceptable credit report from a reputable credit reporting company. Late payment, as opposed to non-payment, shall not constitute grounds for disqualification of an otherwise responsible proposer (although it may be taken into account in scoring proposals, as described above under the heading "Selection Criterion A"). If after providing written notice and having afforded such prospective tenant an opportunity to be heard the MTA deems a prospective tenant to be not responsible, the MTA need not undertake any further consideration of such prospective tenant's proposal. A proposer may be deemed "not responsible" (and thus may be disqualified and eliminated from consideration by the Director, Grand Central Retail Leasing and Management) if such prospective tenant, or an Affiliate of such proposer, (a) is the current tenant in the space being offered by the RFP or any other retail space at GCT, and (b) refuses to agree to amend its current lease for such space to include security provisions identical to those in the draft lease issued as part of the RFP.

If, after having been provided written notice of its intent to disqualify a proposer as not responsible, and having afforded such proposer an opportunity to be heard, a proposer is deemed to be not responsible, no further consideration of that proposal need be undertaken. In making the foregoing determination, the Director, Grand Central Retail Leasing and Management may rely on the Technical Evaluations.

Step 4: Evaluation by the Director, Grand Central Retail Leasing and Management:

The Director, Grand Central Retail Leasing and Management shall thereafter complete his/her written evaluation of all responsive proposals received from responsible prospective tenants based on the Selection Criteria, using both the numerical scoring and comment sections of an evaluation and scoring form substantially in the form attached hereto as Appendix A (the "Evaluation Form"). In completing such Evaluation Form, the Director, Grand Central Retail Leasing and Management must exercise his/her own best independent judgment taking into account the Technical Evaluations.

If the proposal with the highest Total Selection Criteria Score is also the proposal with the highest Unadjusted Guaranteed Rent Amount, then, without convening a selection committee, the Managing Director, TOM (with the approval of the Chief Development Officer) may (i) provided at least three proposals were received, award the lease to the proposer who offered the highest Unadjusted Guaranteed Rent Amount without a Finance Committee Staff Summary or MTA Board Approval provided that it is later listed in a chart in the Finance Committee book consistent with Policy 33 adopted by the MTA Board in November, 2013, applicable to the award of leases generally under the General Guidelines or (ii) submit to the MTA Board Finance Committee a Staff Summary recommending award of the lease to ~~such proposer and seeking authorization of the MTA Board for such action. However, if the proposal with~~

the highest Total Selection Criteria Score is not the proposal with the highest Unadjusted Guaranteed Rent Amount or if two proposals provide for the same highest Unadjusted Guaranteed Rent Amount, then the Director, Grand Central Retail Leasing and Management must convene a selection committee (the "Selection Committee") consisting of the Director, Grand Central Retail Leasing and Management, the Managing Director, TOM or his or her designee and a representative of Metro-North Commuter Railroad Company appointed by the Executive Vice President of Metro-North or his or her designee.

Step 5: Evaluation by Selection Committee, If Necessary

If a Selection Committee is required, the members of the Selection Committee will be furnished with the Technical Evaluations. Each Selection Committee member other than the Director, Grand Central Retail Leasing and Management shall complete his or her written evaluation of all responsive proposals received from responsible prospective tenants based on the Selection Criteria, using both the numerical scoring and comment sections of the Evaluation Form. In completing such Evaluation Form, each such Selection Committee member must exercise his or her own best independent judgment taking into account the Technical Evaluation.

A meeting of the Selection Committee will thereafter be convened. At such meeting, the members of the Selection Committee may properly discuss the applicable proposals among themselves and/or with the Consultants. After such discussion is completed, each of the three members of the Selection Committee may prepare supplemental Evaluation Forms taking into account any such consultation and discussion. Each supplemental Evaluation Form shall include a narrative explanation for the basis of any scoring changes from the scoring in that Selection Committee member's original Evaluation Form. The Total Selection Criteria Score on the three final Evaluation Forms (which will be the original Evaluation Form for each Selection Committee member who does not submit a supplemental Evaluation Form; and will be the supplemental Evaluation Forms for the other Selection Committee members) will be added together and the proposals ranked based on such aggregate scoring.

Step 6: Conditional Designation

If a prospective tenant is selected, either by the Director, Grand Central Retail Leasing and Management as provided in Step 4 or by a Selection Committee as provided in Step 5, as applicable under the circumstances, the Director, Grand Central Retail Leasing and Management or his or her designee shall prepare a conditional designation letter for execution by the Managing Director, TOM or other authorized signatory on behalf of MTA and Metro-North and countersignature by such prospective tenant as contemplated by the General Guidelines.

Step 7: Determination of Whether to Present Recommendation to the Board

The Managing Director, TOM may (at any time after an RFP is issued) determine, in consultation with the MTA Legal, that it is in the best interest of the MTA to reject all proposals because the process did not yield sufficiently advantageous proposals, if the Managing Director, TOM believes that issuing a new RFP would materially further the Objective, or because it has been determined, since the applicable RFP was issued, that the applicable space is better utilized for a non-commercial purpose, in which case the Managing Director, TOM shall so report to the Board's Finance Committee. Otherwise, the Director, Grand Central Retail Leasing and Management shall make a final determination of responsibility with respect to the prospective tenant with the highest Total Selection Criteria Score, based on any new

information received after the initial determination of responsibility, and if such prospective tenant continues to be responsible the Managing Director, TOM shall (i) provided at least three proposals were received, award the lease to the proposer who offered pursuant to Policy 33 of the General Guidelines adopted by the MTA Board in November, 2013, or (ii) submit to the MTA Board Finance Committee a Staff Summary requesting authorization to enter into a lease with the prospective tenant who did not offer the highest Unadjusted Guaranteed Rent Amount, but had the highest Total Selection Criteria Score as determined by a Selection Committee. If such recommended prospective tenant is not the proposer with the highest Unadjusted Guaranteed Rent Amount, then the Staff Summary must include a reasonably detailed explanation of the factors that the Selection Committee took into account in recommending such proposal.

[enter location, e.g., 2 Broadway Newsstand]

[enter the RFP #, e.g., RFP BG0912]

Page 1 of 149

Station Facilities:	[enter location description. If a station, enter complete and correct station name]
Property Code / Unit Code:	[enter Yardi property code/unit number]
[Landlord OR **Licensor]:**	[MTA New York City Transit ("NYCT") or MTA Long Island Rail Road ("LIRR") or MTA Metro-North Railroad ("Metro-North") or MTA Bridges & Tunnels or Metropolitan Transportation Authority ("MTA")]
Premises/Licensed Area:	[describe space, e.g., "Ground floor lobby newsstand (inside security checkpoints) at 2 Broadway."]
Station Ridership:	["N/A" or enter: Average weekday ridership: [enter number] Average Saturday ridership: [enter number or "N/A"]] Average Sunday ridership: [enter number or "N/A]
Deemed Rentable Square Footage:	[enter size of retail or other area in square feet, and separately show the size of any storage areas] [Add if applicable: "A [plan or drawing] of the space is attached hereto as Exhibit A."]
Term:	[enter number of years of initial or total term, if no option] years from the rent commencement date of the lease plus any free rent period for buildout between the commencement date and rent commencement date
Extension Option(s):	[enter option(s) and number of years and "at [licensee/lessee] OR landlord's discretion" or put "N/A"] [years]
Transportation Purposes Termination:	FOR LEASE USE: Landlord may terminate the lease upon 90 days' notice to tenant if landlord requires the premises or any part thereof (a) for any transportation or transit purpose including the realization of revenues; (b) in connection with the construction, demolition, sale, or lease of the premises, the station or any other portion of the real property; (c) to otherwise accommodate the operation of the Railroad System; or (d) in connection with the furtherance of any of its purposes or the exercise of any of its general or special powers under the Public Authorities Law. [FOR LEASES ONLY/NOT LICENSES: If Lease is for a term of 10

	years or longer and Tenant has made a substantial capital investment in the Premises, use the following if an amortization provision is being provided, otherwise delete: "If the lease is terminated by landlord during the first 10 years of the term, landlord will reimburse tenant for the documented unamortized reasonable costs of its permanent improvements, amortized on a straight line basis over 10 years, provided tenant is not in default at such time and vacates the premises voluntarily on the termination date, after first deducting any amounts owed by tenant to landlord.] FOR LICENSE USE: Landlord may terminate the license, at will, at any time on [60][30] days prior notice, at no cost to landlord. FOR SALE USE: N/A
Suggested Annual [Rent or Compensation or Purchase Price]:	[enter annual rent or compensation] and add "for Year 1 of the term, or enter purchase price]
Suggested Average Annual Rate of Increase:	[enter percentage, i.e., "3%" or "5%" or "N/A"]
Utility Fee:	
Electricity fee	["N/A" or "Tenant shall pay a fee of $[number] per [month or year] for electricity as additional rent. This amount shall increase annually by 3%."]
Trash collection fee	["N/A" or "Tenant shall pay a fee of $[number] per [month OR year] as a trash collection fee. This amount shall increase annually by 3%."]
[Security Deposit or Down Payment]:	Upon signing of [lease/license], three months' [base rent or base compensation] based on the final year's [base rent or base compensation].
Guaranties:	Unless the tenant itself is a creditworthy entity, a creditworthy principal of tenant acceptable to landlord/licensor will be expected] to provide a guaranty of the performance and payment obligations of [tenant/licensor] under the [lease/license]. If tenant is a newly formed entity, the individual proposers)/principal(s) will be expected to provide full personal guaranties. Under appropriate circumstances, such as when tenant is making a significant capital investment in the premises, landlord in its discretion, may accept a "limited guaranty" (or so-called 'good guy' guaranty) limiting the guarantor(s)' liability to (i) tenant's obligations to complete the initial improvements, (ii) tenants payment and performance obligations while it is in possession of the premises prior to a voluntary surrender of the same in its required condition, and (iii) an additional period of time to guaranty tenant's rent obligation beyond its voluntary surrender for up to 12 months to afford landlord an opportunity to re-let the premises.

[Required OR **Permitted] Use[s]:**	[enter required or permitted uses – match what is in form of lease or license, if a form is being used – DO NOT put in an exhaustive list of items, like exist in newsstand agreements]
Prohibited Items and Uses:	Prohibited uses are specified in the form of lease/license
Minimum Hours:	[enter minimum hours for weekdays and add "except for weekends and MTA holidays", or whatever required operating days and times are.] [Tenant/Licensee] may remain open at other times subject to [landlord's/licensor's] approval.
Sales Reporting [optional]:	[Tenant/Licensee] shall provide Landlord with gross sales figures on a monthly or annual basis, if required by landlord.
Condition of Premises:	Premises will be delivered "as is." [Landlord/Licensor/Grantor] anticipates making no improvements to the premises or the systems serving the premises.
Utilities:	
Electrical	The space is served by a [enter size, e.g., "60 amp single phase" or 100 amp three-phase, etc.] electrical service and [is/is not] sub-metered or separately metered.
Fire Alarm	["N/A" or describe the fire alarm situation and what if anything will need to be done, i.e., "connection to a central station located at [location] via rigid conduit is required"]
Sprinkler	["N/A" or describe sprinkler situation and what if anything will need to be done with it]
Plumbing	["N/A" or describe plumbing situation and what if anything will need to be done with it]
Natural Gas	["N/A" or describe natural gas situation and what if anything will need to be done with it]
Domestic Water	["N/A" or describe water situation and what if anything will need to be done with it]
Sanitary Service	["N/A" or describe the sanitary service (i.e., "3" sanitary line with ½ hp 120v 1ph ejector pump"), and what if anything will need to be done with it]
HVAC	["N/A" or describe HVAC situation and what if anything will need to be done with it]
Telecommunications	["N/A" or describe the telephone and/or other telecommunications (i.e., cable or other data lines) situation and what if anything will need to be done with it; also, if applicable, indicate the designated provider such as "Telephone service is available through

	Verizon")]
Condition of Existing Equipment and Utilities:	Tenant is responsible for repair, maintenance, and replacement of all equipment located in or exclusively serving the premises. No warranties or representations are made regarding the condition of existing equipment or utilities, or the suitability of existing equipment and utilities for [licensee's or tenant's] proposed use.
Tenant's Initial Work:	"[Tenant/Licensee] shall be responsible, at its sole cost and expense, for the completion of all improvements required for [tenant's or licensee's] use and as required by [landlord or licensor]." At a minimum, Tenant's Initial Work must include the following: 1. [enter required improvement] 2. [enter required improvement]. 3. [enter required improvement]. 4. [enter required improvement]. 5. [enter required improvement]. 6. [add additional numbers to list if necessary to describe additional discrete improvement items] Tenant's Initial Work must meet the requirements of the New York State Uniform Fire Safety and Building Code. [Landlord/Licensor], in its capacity as the construction permitting and code compliance agency under the NYS Uniform Code and not in its proprietary capacity as Landlord, or its designee shall review all proposed Alterations for compliance with aforementioned code.
Compliance with Codes and Ordinances:	In addition to compliance with the New York State Fire Safety and Building Code, [tenant/licensee] shall comply with all other applicable codes and ordinances, including health regulations, and obtain all required permits.
Estimated Cost of Initial Improvements:	Each proposer should take into consideration the requirements for high quality design, materials and workmanship, as well as compliance with all applicable regulations and codes when preparing plans and estimating construction costs. We strongly encourage each proposer to obtain professional construction estimates before submitting his or her proposal. If actual construction costs exceed estimated costs, the [tenant/licensee] should not anticipate any relief from [landlord/licensor]. The [tenant/licensee] will be responsible for completing all required improvements regardless of the actual cost of construction.
Insurance:	The lease/license agreement will specify the insurance requirements for Tenant and its Contractors (including subcontractors of any tier) and will generally include, at a

	minimum: commercial general liability insurance workers' compensation insurance, and all-risk property insurance policy. [Enter if applicable or delete: "Railroad protective liability insurance in the amount of [enter amount] will be required of [tenant's/licensee's] contractor"] **Tenant's/Licensee's contractors will be expected to sign a contractor's insurance and indemnity agreement and providing insurance certificates evidencing the required insurance coverage prior to commencing any work.**
Assignment & Subletting/Change of Control:	Any assignment or subletting or transfer of a controlling interest in a tenant entity, or other transfer of an equity interest that results in a change of control, whether directly or indirectly, is not permitted without [landlord's/licensor's] approval, in its sole discretion. However, [landlord/licensor] will not be required in certain circumstances specified in the lease/license, including to a controlled affiliate, to a distribute or legatee of a decedent's estate, or to a trust or immediate family member for financial or tax planning purposes.
Broker:	Any tenant broker is to be paid by the tenant.

Re: Request For Proposals [enter RFP number] - [enter RFP name]

Dear Prospective [Tenant or Licensee or Purchaser]:

Thank you for your interest in this offering of [MTA New York City Transit or MTA Long Island Rail Road or MTA Metro-North or MTA Bridges and Tunnels property for (lease or license or sale] at (enter description of property].

Attached is the entire Request for Proposals ("RFP") package, also available on the internet

at

http://enterprise.nymta.info/MTA_Real_Estate_RFP/

DEADLINE: Proposals must be received by 5:00p.m. on [enter day of week. day of month, month name, and year]. Proposals submitted after such deadline will, at the MTA's sole discretion, only be considered if the MTA determines that such consideration is in the public interest. Each proposal must include the items listed in the "Submission Requirements" section below. Proposals not including all requested items may be rejected.

In addition to this letter, the RFP package includes the following components:

1. *Parcel Information Sheet[s].* This section provides information about [each o] the location[s] offered and the date and time that the location[s] may be viewed.

2. *Request for Proposals-Rules and Regulations.* This section contains regulations, information and instructions that relate to the submission of proposals. Please take the time to read this section carefully and refer to it as you fill out the Proposer Information Form.

3. *[Rent or Compensation or Purchase Price] Proposal F01m.* This form is to be used to specify the [rent or compensation or purchase price] that the prospective [tenant or licensee or purchaser] proposes to pay to the MTA for the applicable space.

4. *The Proposer Inf01mation Form.* Please take the time to read the instructions carefully and ensure that all questions are answered completely. Also, note that the last page must be notarized Edit PIF by crossing out irrelevant sections not applicable to the parcel that would only confuse bidders]

5. U.S. *Internal Revenue Service F01m W-9, Request for Taxpayer Identification Number and Certification.*

6. *New York State Finance Law Sections 139-j and 139-k ("Lobbying Law") Discbsure Statement.*

Request for Proposal
Cover Letter Page 2 of 3

7. *Iran Divestment Act Certification.*

8. *[Delete the following if NIA Standard Format for Architectural Drawing Submissions.* These guidelines are for the tenant and tenant's architect and contractor to use in preparing design plans following (lease or license] execution.

9. *[Delete the following if NIA] Form of [Lease or License or Contract of Sale].*

SUBMISSION REQUIREMENTS: Please provide the following information with your submission (all forms are available for download from the MTA's website listed above):

- Fully completed and signed *Parcel Information Sheet*
- Fully completed and signed *[Rent or Compensation or Purchase Price] Proposal Form.*
- Fully completed and signed *Proposer Information Form.* Notarize the last page of where indicated.
- Fully completed and signed *U.S. Infernal Revenue Service Form W-9, Request for Taxpayer Identification Number and Certification.*
- Fully completed and signed *NYS Finance Law Sections139-j and 139-k Certification.*
- Fully completed and signed *Iran Divestment Act Certification.*
- *Proposal Deposit in* the amount (of three months' of Year 5 [Rent or compensation, (i.e., three times the amount proposed for Year 5) OR [enter] % of the proposed purchase price]. Proposals submitted with mutiple checks drawn on different accounts may be rejected. You should enclose money orders or checks drawn on a single account.
- [Include the following only if applicable] Please list material objections, if any, to the *Form of [Lease or License or Contract]* in a cover letter or on a separate sheet of paper. If you do not list any objections, MTA will proceed on the basis that you have no objections to the *Form of [Lease or License or Contr a ct]* and will reserve the right to award the (lease or license or contract) to another bidder, should you later raise such objections.

One hard copy of submission should be delivered in sealed envelopes by the date listed above to:

Ms. Dalilah Smith-Santos
Executive Secretary
Metropolitan Transportation Authority
2 Broadway, 4th Floor
New York, NY 10004

Applicant Information Statement

General Affidavit

State of New York, County of } ss:

being duly sworn, deposes and says

I am the of

the sole proprietorship, joint venture, corporation, partnership (circle one) whose name is subscribed to and which executed the foregoing

I reside at

Representations, Warranties, and Covenants

A. The undersigned has received and read the entire Request for Proposal, has acquainted itself/himself/herself with all matters therein referred to in connection with this proposal, will accept the premises "as-is" and will secure any necessary permits and licenses pertaining to the operation of, or the making of any improvements to, the site. The MTA makes no representation or warranties as to the information supplied herein or the type of use or development permitted at each location.

B. The undersigned deposits with this proposal an amount equal to three (3) months rent as proposed, in the form of a check payable to the MTA, to be retained by MTA as liquidated damages in the event the undersigned is offered and fails to enter into a lease or license on the terms contained in this proposal.

C. The undersigned shall invest approximately _____ dollars ($ _____) for improvements to the subject premises. (Include photographs or drawings of existing operations, and preliminary plans prepared and stamped by a New York State-licensed architect or engineer for the proposed location, which may be used as a basis for improvements to the premises.)

D. The undersigned acknowledges that improvements and other work (1) may not be carried out without the prior approval of the MTA, (2) will become the property of the MTA, and (3) must conform to appropriate health, safety, fire, and building codes, as required.

E. The undersigned is not in arrears in the payment of amounts due to the MTA or any of its affiliated agencies or the State of New York or the City of New York or any instrumentality thereof.

F. The undersigned declares under the penalties of perjury provided for by Article 210 of the New York Penal Law that the undersigned has read fully and understands all of the terms and conditions of this Request for Proposals, and all of the foregoing questions in the Applicant Information Statement and Proposed Compensation Form. The answers and statements herein including, without limitation, the Applicant Information Statement and the Credit Authorization, are to the best of the undersigned's knowledge and belief true, correct, and complete. The undersigned agrees that in the event that circumstances reflected by the answers herein change, the undersigned will promptly notify the Real Estate Department of the Metropolitan Transportation Authority in writing by certified mail. The undersigned also understands that a misstatement, omission, or failure to update information may be cause for the Metropolitan Transportation Authority not to award to the applicant or its current principals the proposed lease or license, and may have the effect of precluding persons or entities from doing business with the Metropolitan Transportation Authority or its affiliates or subsidiaries in the future.

G. The undersigned is of lawful age.

H. The undersigned represents and warrants that no person, firm, or corporation other than herein above named has any interest in this proposed lease or license agreement.

I. The undersigned represents and warrants that no elected representative or other officer or employee or person whose salary is payable in whole or in part from the Federal Government or State or City of New York, and no member officer or employee of the Metropolitan Transportation Authority or any affiliate or subsidiary thereof is directly or indirectly interested in this proposal or in the proposed lease or license agreement to which it relates or will have an interest in any of the profits thereof.

J. To the best of the undersigned's knowledge the following statements are true and complete. If any of the following statements are not true and complete, refer to and complete Section K.

(i) The compensation and other terms of this proposal have been arrived at independently without any agreement, collusion, consultation, or communications intended to restrict competition.

Metropolitan Transportation Authority

Applicant Information Statement

General Affidavit (cont'd.)

(ii) Unless otherwise required by law, the compensation and other terms quoted in this proposal have not been knowingly disclosed by the undersigned or any other individual and, before the proposal is opened, shall not knowingly be directly or indirectly disclosed by the applicant or any other individual or by or on behalf of the proposer to any other proposer or to any competitor; and

(iii) No attempt has been made or will be made by the undersigned or by any other individual or by or on behalf of the applicant to induce any other person, partnership, corporation, or other entity to submit or not to submit a proposal, for the purpose of restricting competition.

Check off and complete Section K only if the statements contained in Section J are not true and complete.

☐ K. The statements set forth in paragraphs J. (i), (ii), (iii) are not true and complete. The undersigned has attached a detailed explanation as to (1) why each such paragraph is not true and complete, and (2) why the undersigned's explanation does not reflect an effort to restrain competition.

Actions Required

LOBBYING LAW:

Have there been Contacts?
Were Contacts permissible?

COMMENTS:

Paragraph I: Introduction

a) Summarize in a couple of sentences why property is being disposed of, licensed, or acquired.
b) Summarize recommendation as to method of disposition/acquisition and price.

Paragraph 2: Discuss property

a) Location – Municipality, closest MTA operation, any other noteworthy items. b) Nature of MTA or agency ownership.
c) Physical attributes (improved, vacant, structures, fencing, etc.)
d) Tenant use
e) Possible uses
f) Restrictions placed by MTA agency (i.e., use; disposition method (license only, etc.); time limitations; termination tights.)

Paragraph 3: Nature of interest being disposed of or acquired

a) Describe interest: Fee/permanent easement/temporary easement/net lease/lease/license/permit/other)

b) Describe circumstances that may impact value; describe any unusual or unique circumstances.
c) Describe WHY that interest is being offered or purchased (i.e., if a lease, was a sale considered? If a License, could it be leased? Did the agency restrict the interest, and why?)

Paragraph 4: Method of disposition or acquisition
a) RFP (obviously N/A for acquisitions)
b) If not RFP, why not?
   i. Pursuant to policy
   ii. Pursuant to special circumstances noted in Licensing Procedures when competition is not feasible (Board approval still required)
   iii. Other reasons

Paragraph 5: Discussion of Proposals
a) How many proposals received? Refer to spreadsheet if applicable.
b) Discussion of top proposers:
   i. Creditworthiness
   ii. Financial wherewithal to start-up and make improvements.
   iii. Experience applicable to proposed operation; note if prior or current experience with MTA and if so, licensee/tenant history.
   iv. Discussion of proposals in comparison to appraised value or market value.
   v. If proposals are below appraised or estimated fair market value, discuss the reasons therefor.

Paragraph 6: Negotiations
a) What items were negotiated (note: if sole bidder, MUST negotiate; if many responses to RFP, usually take high bid, unless extenuating circumstances).
b) Result of negotiations

Paragraph 7: Recommendation
a) Recommend course of action, citing reasons.

Dear [MR.IMS NAME]:

As you know, your [lease/license/permit] for the *above* location [has expired/'will expire soon]. It is the Metropolitan Transportation Authority's (MTA's) policy to offer lease and license opportunities through a Request for Proposals ("RFP") process. This is to inform you that the MTA will shortly be issuing an RFP to [LEASE/LICENCE] the *above* location, and you are invited to submit a proposal. The RFP due date is [MM/DD/YYYY]. To view and download a copy of the RFP, go to the MTA website at:

http://enterprise.nymta.info/MTA_Real_Estate_RFP/

Please note that all contacts with the MTA relating to this RFP must be made through the designated Points of Contact. Contact with anyone else at the MTA relating to this RFP may be a violation of the law and may result in the disqualification of the proposer. The Points of Contact for this RFP will be myself, [PROJECT MANAGER'S'S NAME], at 212-878-[XXXX] (for questions regarding the specific content of the RFP or RFP procedures and rules), and Odette Berg at 212-878-1043 (for general inquiries regarding the administrative aspects of the RFP only).

If you have any questions regarding the RFP, please call one of the Points of Contact listed *above*.

Sincerely,

[PROJECT MANAGER'S NAME]

f) Restrictions placed by MTA agency (i.e., use; disposition method (license only, etc.); time limitations; termination tights.)

Paragraph 3: Nature of interest being disposed of or acquired

a) Describe interest: Fee/permanent easement/temporary easement/net lease/lease/license/permit/other)

b) Describe circumstances that may impact value; describe any unusual or unique circumstances.
c) Describe WHY that interest is being offered or purchased (i.e., if a lease, was a sale considered? If a license, could it be leased? Did the agency restrict the interest, and why?)

Paragraph 4: Method of disposition or acquisition
a) RFP (obviously N/A for acquisitions)
b) If not RFP, why not?
   i. Pursuant to policy
   ii. Pursuant to special circumstances noted in Licensing Procedures when competition is not feasible (Board approval still required)
   iii. Other reasons

Paragraph 5: Discussion of Proposals
a) How many proposals received? Refer to spreadsheet if applicable.
b) Discussion of top proposers:
   i. Creditworthiness
   ii. Financial wherewithal to start up and make improvements.
   iii. Experience applicable to proposed operation; note if prior or current experience with MTA and if so, licensee/tenant history.
   iv. Discussion of proposals in comparison to appraised value or market value.
   v. If proposals are below appraised or estimated fair market value, discuss the reasons therefor.

Paragraph 6: Negotiations
a) What items were negotiated (note: if sole bidder, MUST negotiate; if many responses to RFP, usually take high bid, unless extenuating circumstances).
b) Result of negotiations

Paragraph 7: Recommendation
a) Recommend course of action, citing reasons.

Re: Request for Proposals: RFP# _____
MTA/NYCT/Metro-North/LIRR ("MTA") retail space at [Insert Address of Retail Location]

To Whom it May Concern:

We recently completed our analysis of the _____ proposal in response to the above referenced RFP. I am pleased to inform you that _____ has been conditionally designated as the successful proposer, subject to the following: 1) _____ acceptance of the terms attached to this letter, 2) completion of acceptable background and credit checks by MTA Real Estate, 3) MTA Board approval, and 4) the execution of a definitive lease agreement and any other lease documents on mutually acceptable terms.

Attached is _____'s Rent Proposal Form and signed Parcel Information Sheet. Kindly review these documents and return them to me with this letter countersigned. _____'s signature below will confirm its intention to proceed with a retail lease agreement based on the terms contained herein.

We are very glad that _____ has chosen to locate its business within the MTA system. Please contact _____ at (212) 878-_____ or _____@mtahq.org if you have any questions.

This letter does not constitute a legally binding agreement on MTA's part.

Sincerely,

David Florio
Director, Real Estate Transactions & Operations

Re: Request for Proposals
_____

Dear Mr./Mrs._____:

We have recently completed our analysis of the proposals received in response to the above referenced Request for Proposals. I am pleased to inform you that your company has been conditionally designated as the successful proposer, subject to MTA Board approval and your acceptance of the terms herein.

In the meantime, we will proceed to prepare a draft lease based on your *Rent Proposal* as well as the *Term Sheet* (copies of which are attached to this letter) and your agreement to provide a guarantee for the obligations under the lease of the corporate entity which will be party to the lease with the MTA.

Kindly acknowledge receipt of this letter and indicate your consent to the terms contained in the attachments by signing the Term Sheet where indicated. Also, please sign and return a copy of this letter, along with your security deposit in the amount of $_____ to my attention at the above MTA address as soon as possible. Please retain a signed copy for your records.

We are very glad that you have chosen to locate your business within the MTA system. Please contact _____at (212) 878- ___ if you have any questions.

Sincerely,

David Florio
Director, Real Estate Transactions
& Operations

ACKNOWLEDGED AND AGREED TO

AGENCY:	MTA Long Island Rail Road ("LIRR")
LICENSEE:	Shiekh & Sons Inc., the principal of which is Muhammad M. Afzal
LOCATION:	Lynbrook Station, Lynbrook, New York
ACTIVITY:	License of space at LIRR's Lynbrook Station for a retail newsstand
ACTION REQUESTED:	Authorization to enter into license agreement
TERM:	5 years, terminable at will by LIRR with 60 days' notice, at no cost
SPACE:	Approximately 80 SF
COMPENSATION:	$13,500 first year, with 3% annual increases

COMMENTS:

The following proposals were received for the LIRR's Lynbrook Station retail location pursuant to an RFP issued in November 2017:

Proposer Name	Year 1	Year 2	Year 3	Year 4	Year 5	Net Present Value
Muhammad M. Afzal	$13,500.00	$13,905.00	$14,322.00	$14,751.00	$15,194.00	$60,174.29
Abdul Lakhani	$4,800.00	$4,944.00	$5,092.00	$5,245.00	$5,402.00	$21,395.01

The Licensee will be responsible for renovating, operating and maintaining the space, as well as providing liability and insurance coverage, at its sole cost and expense. Renovations will include new custom made interior counters, fixtures and display racks. The principal, Mr. Afzal, will be personally guaranteeing all of the Licensee's obligations under the license agreement for the entire Term.

Based on the foregoing, MTA Real Estate requests authorization for LIRR to enter into a License Agreement with Shiekh & Sons, Inc. on the above-described terms and conditions.

FINANCE COMMITTEE MEETING
LEASE WTH MANHATTAN COLLEGE (Cont'd.)

Metropolitan Transportation Authority

Page 2 of 2

COMMENTS:

The athletic field used by Manhattan College has been a center for Irish football, hurling, and other Irish sporting events in New York City for decades. The property on which the athletic field, accessory facilities (including a locker room, training room, storage room and storage shed) and parking lots sit (collectively, the "Property") is administered by MTA Real Estate for the City of New York account pursuant to the 1953 master lease between NYCT and the City of New York. The Property is currently licensed to Manhattan College on a short-term basis. Earlier this year, Gaelic Athletic Association ("Gaelic"), a long-time tenant of the premises adjacent to the athletic field and a long-time user of the athletic field and the accessory facilities along with Manhattan College, entered into a new lease with NYCT for said adjacent premises (pursuant to which Gaelic is performing substantial rehabilitation of the existing building on the adjacent premises), and it is anticipated that Manhattan College and Gaelic will continue sharing the athletic field for sporting events.

The Property was offered via a Request for Proposals ("RFP") for a 10-year lease term requiring the replacement of the adjacent sidewalk along West 240th Street and extensive repairs to its facilities (collectively, the "Required Improvements"). In response to the RFP, Manhattan College was the sole proposer. The present value of the rent proposed is $1,306,887 (calculated at a 7% discount rate). Such rent is in line with the appraised value of the Property, as estimated by MTA Real Estate's independent appraiser.

Manhattan College is committed to undertaking the Required Improvements and it possesses the financial resources and wherewithal to do so.

Based on the foregoing, MTA Real Estate requests authorization for NYCT to enter into a lease agreement with Manhattan College on the above-described terms and conditions.

Figure 22 – Procurement Lobbying Law Disclosure Statement

Metropolitan Transportation Authority

New York State Finance Law Sections 139-j and 139-k ("Lobbying Law") — Disclosure Statement

General Information

All procurements (which are defined to include essentially all real estate transactions) by the MTA in excess of $15,000 annually, are subject to New York State's State Finance Law Sections 139-j and 139-k effective January 1, 2006 ("Lobbying Law").

Pursuant to the Lobbying Law, all "contacts" (defined as oral, written or electronic communications with the MTA intended to influence a procurement) during a procurement must be made with one or more designated Point(s) of Contact only. Exceptions to this rule include written questions during the bid/proposal process, communications with regard to protests, contract negotiations and RFP conference participation. Nothing in the Lobbying Law inhibits any rights to make an appeal, protest or complaint under existing administrative or judicial procedures.

Violations of the policy regarding permissible contacts must be reported to the appropriate MTA officer and investigated accordingly. The first violation may result in a determination of non-responsibility and ineligibility for award to the violator and its subsidiaries, affiliates and related entities. The penalty for a second violation within four (4) years is ineligibility for bidding/proposing on a procurement and/or ineligibility from being awarded any contract for a period of four (4) years. The MTA will notify the New York State Office of General Services ("OGS") of any determinations of non-responsibility or debarments due to violations of the Lobbying Law. Violations found to be "knowing and willful" must be reported to the MTA Executive Director and OGS.

Moreover, the statutes require the MTA to obtain certain affirmations and certifications from bidders and proposers. This Disclosure Statement contains the forms with which to comply, together with additional information and instructions.

Instructions

New York State Finance Law §139-k(2) obligates the MTA to obtain specific information regarding prior non-responsibility determinations. This information must be collected in addition to the information that is separately obtained pursuant to New York State Finance Law §163(9). In accordance with New York State Finance Law §139-k, an offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any governmental entity due to: (a) a violation of New York State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a governmental entity.

As part of its responsibility determination, New York State Finance Law §139-k(3) mandates consideration of whether an offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no procurement contract shall be awarded to any offerer that fails to timely disclose accurate or complete information under this section, unless the factual elements of the limited waiver provision can be satisfied on the written record.

Disclosure of Prior Non-responsibility Determinations

Name of Bidder/Proposer: _____

Address: _____

_____

Name and Title of Person Submitting this Form: _____

Has any governmental entity[1] made a finding of non-responsibility regarding the Bidder/Proposer in the previous four years? ☐ Yes ☐ No

If yes: Was the basis for the finding of the Bidder's/Proposer's non-responsibility due to a violation of State Finance Law §139-j? ☐ Yes ☐ No

[1] A "governmental entity" is: (1) any department, board, bureau, commission, division, office, council, committee or officer of New York State, whether permanent or temporary; (2) each house of the New York State Legislature; (3) the unified court system; (4) any public authority, public benefit corporation or commission created by or existing pursuant to the public authorities law; (5) any public authority or public benefit corporation, at least one of whose members is appointed by the governor or who serves as a member by virtue of holding a civil office of the state; (6) a "municipal agency," as that term is defined in paragraph (e) of subdivision(s) of section one-c of the Legislative Law, or (7) a subsidiary or affiliate of such a public authority. (SFL §139-j, paragraph 1.a.)

   a. Assistance with preliminary matters, such as structuring a transaction, preparing an RFP, preliminary advice or attendance at meetings: _____
   b. Assistance with drafting of complicated/non-standard business terms before documentation is ready for review: _____
   c. Assistance with documentation preparation – Yes ___ No ___ N/A ___
   If Yes, the Lease Preparer's Questionnaire Form will need to be fully completed and provided to MTA RE Legal, together with the package of other required documents noted in Item #6 below, before the Lease will be prepared or assigned to counsel. ____
   d. Other: _____
2. What is the timing and when is it anticipated that the attorney will have documents to review?
   _____
3. 2a: PRIORITY: _____
~~3.~~4. Is there an MTA RE Legal attorney that is already familiar with this matter, the property or with similar transactions and if so who? _____
~~4.~~5. Has MTA RED authorized use of outside counsel? Yes ___ No ___
   If Yes, please provide the following information for outside counsel to clear conflicts:
   Name and address of Tenant: _____
   Names and addresses of principals/individuals that will own Tenant or that are the Proposers:_____
   Names and addresses of each Guarantor: _____
~~5.~~6. Briefly describe the material terms – parties, compensation, duration/term, etc. or attach a term sheet:
   a. MTA Agency(ies) involved: _____
   b. Counterparties: _____
   c. Counterparty's Counsel if known: _____
   d. Economic Terms:
      i. Annual Rent/License Fees: _____
      ii. Term: _____
      iii. Significant Tenant Improvements/Investment: Yes ___ No ___ N/A ___
      iv. Is space currently vacant? Yes ___ No ___ N/A ___
   e. Other: _____
~~6.~~7. Documents to be attached for reviewing attorney include all of the following, if applicable:
   a. Intake form/questionnaire completed __
   b. Lease Preparer's Questionnaire Form completed ___
   c. DAF – Document Approval Form __
   d. RFP, with successful proposer responses ___
   e. Proposer Information Form if applicable ___
   f. Staff Summary __
   g. Authorization memo __
   h. CDL with Term Sheet __
   i. Documents for review __
   j. Property address with Block and Lot numbers, Tax Parcel
      _____
   k. Any surveys and/or title reports, if applicable [N/A ___] [___]
1. FOR SALE, LEASE-OUT OR LICENSE please complete following:
   a. Have you contacted Isabel Guerra to determine if federal funding is involved, in which case there may be a private use issue? _____

b. Was it competitively bid? _____
c. Will the counterparty be investing in substantial capital improvements to prepare the premises for its use? Yes _____ No _____
d. Describe landlord/licensor termination rights:
   - Standard Corporate purposes standard provision (i.e., landlord right to terminate lease if it needs the space for corporate/transportation purposes but agrees to pay unamortized tenant improvement depreciated on a straight-line basis over over 10 years) ___ [Note: This should only be the case where tenant is expected to invest substantial capital/permanent improvements to prepare the space]
   - Standard License termination/revocation clause (i.e., licensor right to terminate or revoke for any reason/no reason on not more than 60 days' notice without any payment of reimbursement .
   - Other negotiated termination right? No ___ Yes ___ If so, describe (e.g., right to terminate after [__] years with or without reimbursement and for any specific reason or not)

e. LEASE vs. LICENSE

Is this a LEASE disposition of interest in real property) pursuant to the MTA Policies and Procedures for Leasing-Out/Sales of Real Property ("**MTA Leasing-Out/Sales P&P**")? Yes ___ No ___

If Yes, treated as a disposition under the PAL 2897 and as part of PAL 2897 analysis

i. Do you have an appraisal/valuation? _____
ii. Was this competitively bid process (RFP)? Yes ___ No ___ If not, what was basis under PAL 2897 for negotiated bid? _____
iii. Will an explanatory statement be required (e.g., for all exchanges of real property interests or for certain negotiated bids) which will result in a 90 day conditional waiting period between contract signing and closing (include status if applicable)? _____

Is this a LICENSE (i.e., not a disposition of an interest in real property/and not intended to be a lease) which is terminable by an MTA party at will (with or without a reason) on not more than 60 days' notice at no cost and without reimbursement for unamortized tenant improvements and thus governed by the MTA Policies and Procedures for Licensing of Real Property ("**MTA Licensing P&P"**)? Yes ___ No ___

If Yes, to comply with MTA Licensing P&P, please respond to the following:

iv. If applicable, the Policy # specified in the MTA Licensing P&P pursuant to which this license is being made without need for MTA Board Approval _____
v. If this is pursuant to an RFP, or if not the "circumstance" specified in the MTA Licensing P&P which permits the license without an RFP but with Board Approval which is applicable to this particular proposed license _____
vi. Is an authorization memo or information item required under the Licensing P&P (if so provide copy)? _____

Tenant's/Licensee's Initial Work:	Is Tenant/Licensee required to perform Tenant's/Licensee's Initial Work? YES ☐ NO ☐. If, YES, complete following and next three rows on this Questionnaire; if NO, skip next three rows on this Questionnaire: If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work to the Premises/Licensed Area or any other portion of the Station Property, describe Tenant's/Licensee's Initial Work or attach an Exhibit with the description: _____
Initial Plan Submission Date:	If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work, specify the number days from the date on which the Lease/License has been fully executed and delivered by which Tenant/Licensee must submit its Initial Plans for such work: _____ days.
Tenant's/Licensee's Initial Work Buildout Period:	If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work, specify the number of days Tenant/Licensee has to complete the same after Landlord/Licensor has issued to Tenant/Licensee an Authorization to Proceed: _____days
Tenant's/Licensee's Initial Work Completion Deadline:	**ALT: 1:** If Tenant/Licensee is required to perform Tenant's/Licensee's Initial Work, specify the number of days Tenant/Licensee has to complete the same after Landlord/Licensor has issued to Tenant an Authorization to Proceed: ____days [**NOTE: Should be same as Tenant's/Licensee's Initial Buildout Period from row above.]** **ALT: 2:** If Tenant/Licensee is an existing Tenant/Licensee of the same Premises and is NOT required to perform any Tenant's/Licensee's Initial Work, indicate: N/A ☐
Delay Fee:	**ALT: 1**: Insert per diem Base Rent/License Fee Amount: $_____ (i.e., Annual Base Rent ÷ 365 rounded to nearest dollar) **ALT: 2:** If Tenant/Licensee is NOT required to perform any Tenant's/Licensee's Initial Work, indicate N/A: ☐
Trash Collection Fee:	Is Tenant/Licensee required to pay a Trash Collection Fee to Landlord/Licensor? YES ☐ NO ☐ N/A ☐ If YES, specify the amount of the Trash Collection Fee: Annual: $_____

	Monthly: $_____
Landlord/Licensor Utility Services: **[Note information also required for completing Subsection 7.2.1, Section 7.4 and Section 7.3. See items 6, 7 and 8 below.]**	Does Landlord/Licensee provide any utility services to the Premises/Licensed Area without charge? YES ☐ NO ☐ If YES, specify which of the following utility services Landlord/Licensee will provide without charge: • Heat: • YES ☐ NO ☐ • Electric: YES: ☐ NO ☐ • Water: Yes: ☐ NO ☐ • Other (specify): _____
Utility Fee: **Note information also required for completing Subsection 7.2.1, Section 7.4 and Section 7.3. See items 6, 7 and 8 below.]**	If Landlord/Licensee is providing any utility service to the Premises/Licensed Area (e.g., heat, electric), for which Tenant/Licensee pays a fee, specify such service and the applicable Utility Fee (indicate "N/A" if not applicable): Utility Service: [Heat] Annual: $[_____] Monthly: $[_____] Utility Service: [Electric] Annual: $[_____] Monthly: $[_____]
Brokers:	a. If a real estate broker has been involved in the transaction, provide the name of the real estate broker and the brokerage firm:_____ _____ b. If a real estate broker has been involved in the transaction, specify if Landlord/Licensor is paying the broker (indicate "N/A" if not applicable): _____ _____
LEASE ONLY **Aggregate Tenant Broker Commission Credit:**	If a real estate broker has been involved in the Lease transaction, specify if Tenant is paying the broker and receiving a rent credit and the amount of such rent credit (indicate "N/A" if not applicable): _____ _____ Confirm that MTA RED has received a copy of the brokerage agreement, and written acknowledgment signed by the broker that MTA/Landlord is not liable for any broker commission.

Additional Questions continued on next page:

4. Landlord's/Licensor's Work: (Section 3.3)

   A. If any work is required to be performed by Landlord/Licensor (or by Tenant/Licensee on Landlord's/Licensor's behalf) to prepare the Premises/License Area or the Station Property for Tenant's/Licensor's occupancy, specify such work and complete the rest of this Paragraph 4:_____
   _____
   _____

   B. Who is performing the Landlord's/Licensor's Work:
   Landlord/Licensor ☐ Tenant/Licensee ---☐---- N/A ☐

   C. If Tenant/Licensee is performing or initially paying for Landlord's/Licnesor's Work, is Tenant/Licensee entitled to any Construction Allowance or Rent/Fixed Licensee Fee Credit for any of the cost of same?

   YES ☐ NO ☐ N/A ☐

   D. If Tenant is entitled to a Construction Allowance or Rent/Fixed License Fee Credit, insert the amount and any cap; _____.

5. Opening and Closing of the Station Facilities. (Section 4.5)

   a. Specify if Tenant/Licensee is required to unlock and open the Station Facilities:

   YES ☐ NO ☐ N/A ☐

   b. If Tenant/Licensee is required to unlock and open the Station Facilities, specify Tenant's/Licensee's obligations: _____
   _____

6. Heat/Heating System: (Section 7.2.1)

   a. Specify if Landlord/Licensor provides heat to the Premises/License Area without charge:

   YES ☐ NO ☐ N/A ☐

   b. Specify if Landlord/Licensor provides heat to the Premises/License Area and charges a Utility Fee for heat:

   YES ☐ (Utility Fee Annual $_____Monthly $_____) NO ☐ N/A ☐

   c. If the Premises consists of an entire Station Building, specify if Tenant is responsible for buying heating fuel from applicable utility provider:

   YES ☐ NO ☐ N/A ☐

   d. If the Premises consists of an entire Station Building, specify if Tenant is responsible for maintaining and replacing the heating system:

   YES ☐ NO ☐ N/A ☐

7. Electricity: (Section 7.4)

   a. Specify if the Premises/License Area is directly metered, and Tenant/Licensee pays the utility company directly for electricity:

   YES ☐ NO ☐ N/A ☐

   b. Specify if the Premises/License Area is sub-metered, and Tenant/Licensee pays Landlord/Licensor for electricity:

   YES ☐ NO ☐ N/A ☐

   c. Specify if Landlord/Licensor provides electricity to the Premises/License Area without charge:

YES ☐ NO ☐ N/A ☐

d. Specify if Landlord/Licensor provides electricity to the Premises/License Area, and charges Tenant/Licensee a Utility Fee for its electricity consumption:

YES ☐ (Utility Fee Annual $_____Monthly $_____) NO ☐ N/A ☐

8. Water: (Section 7.3)

a. Specify if Landlord/Licensor provides water to the Premises/License Area without charge:

YES ☐ NO ☐ N/A ☐

b. Specify if Landlord/Licensor provides water to the Premises/License Area, and charges Tenant a Utility Fee for its water consumption:

YES ☐ (Utility Fee Annual $_____Monthly $_____) NO ☐ N/A ☐

c. Specify if the Premises/License Area is separately submetered for water and if Tenant/Licensee pays Landlord for its water consumption:

YES ☐ NO ☐ N/A ☐

9. Services to be provided by Tenant/Licensee: (Subsection 7.12.1)

Does Tenant/Licensee provide any property-related maintenance type services to the Premises/License Area or the Station Facilities, such as vermin control, ground sweeping, and snow removal, to be provided by Tenant/Licensee:

YES ☐ NO ☐ N/A ☐ (If YES, Exhibit N to be reviewed and modified as necessary.)

If YES, specify such services:

Vermin control; YES ☐ NO ☐ N/A ☐

Ground sweeping: YES ☐ NO ☐ N/A ☐

Snow Removal: YES ☐ NO ☒ N/A ☐

Other (specify): _____

10. Structural and Roof Repairs; Sidewalks and Plazas: (Section 10.2)

a. If the Premises consists of an entire Station Building, is Tenant responsible for structural repairs to the Station Building including repairs to the roof of the Station Building?

YES ☐ NO ☐ N/A ☐

b. If the Premises consists of an entire Station Building, is Tenant responsible for repairing any sidewalks or plaza areas in front of the Station Building?

YES ☐ NO ☐ N/A ☐

11. Historic Property: (Section 11.6)

Are the Premises/License Area or the Station Building listed in a state or national registry of historic property or eligible for inclusion in such registries?

YES ☐ NO ☐ N/A ☐

Attachment B
2021 Personal Property Disposition Guidelines

METROPOLITAN TRANSPORTATION AUTHORITY
ALL-AGENCY GUIDELINES FOR THE
DISPOSAL OF PERSONAL PROPERTY

Adopted by the Board on March ~~25, 2020~~17, 2021

These guidelines, which have been adopted by the Board of the Metropolitan Transportation Authority ("MTA"), address the disposal of personal property, including obsolete, unneeded, and outdated personal property, by the MTA and its subsidiary and affiliated agencies in accordance with Public Authorities Law ("PAL") §§ 2895–2897 and other applicable provisions of law. These guidelines shall **not** apply to the disposition of real property which is governed by the MTA Real Estate Department Policies and Procedures for the Leasing-out and Sale of Real Property.

The purpose of these guidelines is to:

1. Ensure that disposal of MTA personal property is undertaken in compliance with governing laws;
2. Define the means for identifying obsolete, unneeded, or otherwise outdated personal property, including but not limited to furniture, equipment, computer equipment, and automobiles;
3. Provide cost-savings to the MTA by outlining a procedure for the transfer of surplus personal property;
4. Recover value from surplus personal property through its sale, either for reuse or for scrap; and
5. Minimize disposal and storage costs by providing means for the donation of surplus personal property with negligible resale value.

These guidelines apply to the MTA and current and future affiliated and subsidiary agencies of the MTA (each, an "MTA Agency"). The MTA subsidiary and affiliated agencies consist of:

Triborough Bridge and Tunnel Authority
New York City Transit Authority
Manhattan and Bronx Surface Transit Operating Authority
The Long Island Rail Road Company
Metro-North Commuter Railroad Company
Staten Island Rapid Transit Operating Authority
MTA Bus Company
MTA ~~Capital~~ Construction and Development Company

For purposes of these guidelines, the terms below are defined as follows:

Contracting Officer(s): The Contracting Officer is the officer or employee of each MTA Agency who is designated by resolution to be responsible for the supervision and direction of the disposition of such MTA Agency's Surplus Property.

Dispose or disposal: Transfer of title or any other beneficial interest in Surplus Property in accordance with the methods of disposition described herein. The act of disposition may include the acts of transferring, trading-in, selling, donating or destroying goods that are of no further use to the MTA.

Fair Market Value: The price at which the item of Surplus Property would change hands in a competitive and open market under conditions requisite to a fair sale between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both acting prudently and having reasonable knowledge of the relevant facts.

Furniture: Office furnishings and fixtures including but not limited to desks, tables, chairs, lamps, modular wall units, and partitions.

Metropolitan Transportation Authority or "MTA" or "MTA Agency": For purposes of this Policy, the terms "MTA" and "MTA Agency" include the Metropolitan Transportation Authority and/or its current and future subsidiaries and affiliates.

MTAHQ: MTA Headquarters.

Not-For-Profit Organization: An organization incorporated for educational, charitable, or cultural purposes and recognized as tax-exempt under article 501(c) (3) of the Internal Revenue Code.

Personal Property: Tangible property, other than real property. Personal Property is physical and movable, subject to ownership, with exchangeable value. Examples of tangible personal property include, but are not limited to, furniture, supplies, automobiles or other vehicles, computer equipment, and commercial "off-the-shelf" software that is transferable pursuant to the software's licensing agreement.

Qualifying Surplus Property: Surplus Property with a value in excess of $5,000, and any inchoate or other interest in such Surplus Property, to the extent that such interest may be conveyed to another person, other than an MTA Agency, for any purpose, excluding an interest securing a loan or other financial obligation of another party.

Surplus Property: Personal Property (i) that does not have a useful purpose for a particular department of the MTA or has been deemed to be no longer useful to the MTA; or (ii) the disposition of which has been determined by the Agency's Contracting Officer to be in the best interest of the MTA or the MTA Agency.

Surplus Property Officers: Regular employees to whom an MTA Agency or Agency department or division head has delegated responsibility for the identification and release of Surplus Property within that agency and/or department or division.

Section 1: General Provisions

1.1 Compliance with Laws and Guidelines.

a. Disposals of Qualifying Surplus Property (i.e. Surplus Property with a Fair Market Value in excess of $5,000) shall comply with applicable provisions of PAL §§ 2895 - 2897, the MTA's enabling legislation, any other applicable law for the disposal of Personal Property, and the provisions of these guidelines.

b. Disposals of Surplus Property having a Fair Market Value equal to or less than

$5,000 and disposals of Surplus Property, regardless of Fair Market Value, to an MTA Agency are not subject to the disposition requirements set forth in PAL §§ 2895 – 2897. Disposition of such Surplus Property should be undertaken in compliance with the provisions of these Guidelines, other than Section 2 (addressing the requirements of PAL §§ 2895 – 2897).

1.2 Responsibility for Compliance. The Contracting Officer(s), MTA Procurement Departments, and MTA Corporate Compliance are responsible for ensuring MTA's compliance with and enforcement of these Guidelines.

1.3 Surplus Property. Surplus Property shall be disposed of as promptly as possible in a manner that returns as much value as possible to the MTA. Value may be returned through internal transfer of items, thereby reducing expenditures; through sale of items to outside buyers, thereby producing revenue; or through donation or other disposal without direct income, thereby avoiding the costs associated with carrying excess inventories or disposal costs of items of negligible value.

1.4 Responsibilities of Surplus Property Officers. Surplus Property Officers shall be responsible for periodically identifying Surplus Property as defined above.

User departments will periodically review their inventory of Personal Property such as furniture, office equipment, computer equipment, and security equipment and determine whether such Personal Property is Surplus Property that should be disposed of.

1.5 Computer Equipment/Telecommunications Equipment. The Information Technology Departments for each MTA Agency will be responsible for the review of the continued usefulness of computer equipment and telecommunications communications equipment in their agency and may, in conjunction with the department or division to which such equipment is assigned, identify such equipment as Surplus Property.

1.6 Automobiles. Each MTA Agency shall review the continued usefulness of that MTA Agency's automobiles, and may, when appropriate, identify automobiles as Surplus Property and shall dispose of such vehicles in compliance with these guidelines, the All Agency Vehicle Usage Policy Directive, and their agency's vehicle usage procedures.

1.7 Estimation of Value.

a. If the method of disposal of Surplus Property is not planned to be by publicly advertised bid (see Section 5.1), the user department responsible for such Surplus Property shall estimate the Fair Market Value of such Surplus Property. In estimating the Fair Market Value of such Surplus Property, reference shall be made to identifiable active markets for such property and information concerning additional factors may also be considered, which may include but are not necessarily limited to:

- Original purchase cost;
- Depreciation;
- Residual Value;
- Estimated Replacement Value; and/or
- Current condition of the item.

b. If the estimated Fair Market Value of such Surplus Property is in excess of $15,000, it must be disposed of by publicly advertised bid unless it is otherwise eligible for disposition through negotiation or advertised public auction (PAL § 2897(6)(c); see Section 2.1(b)).

c. If because of its unique nature or the unique circumstances of the proposed transaction, Qualifying Surplus Property is not readily valued by reference to an active market for similar property, an independent appraisal must be performed prior to disposing of such Qualifying Surplus Property (except in circumstances in which the Surplus Property is being designated for transfer to another MTA Agency user).

Section 2: Compliance with Public Authorities Law §§ 2895 - 2897

2.1 Permitted Methods of Surplus Property Disposal: Publicly Advertised Bid or Negotiation. Under the Public Authorities Law, Surplus Property valued in excess of $5,000 and being disposed of to other than an MTA Agency ("Qualifying Surplus Property") either must be disposed of

a. in accordance with publicly advertised bid procedures (as set forth in Section 5.1 below), or

b. through negotiation or by advertised public auction, subject to obtaining such competition as is feasible. Disposal by negotiation or by advertised public auction may be used only when at least one of the following conditions is satisfied:

(i) the Qualifying Surplus Property involved has qualities separate from the utilitarian purpose of such property, such as artistic quality, antiquity, historical significance, rarity, or other quality of similar effect, that would tend to increase its value, or the Qualifying Surplus Property is to be sold in such quantity that, if it were disposed of by publicly advertising for bids, would adversely affect the state or local market for such property, and the estimated Fair Market Value of such property and other satisfactory terms of disposal can be obtained by negotiation;

(ii) the Fair Market Value of the Qualifying Surplus Property does not exceed $15,000 (for negotiation) or $500,000 (for advertised public auction);

(iii) bid prices after advertising therefore are not reasonable, either as to all or some part of the Qualifying Surplus Property, or have not been independently arrived at in open competition;

(iv) the disposal will be to the state or any political subdivision, and the estimated Fair Market Value of the Qualifying Surplus Property and other satisfactory terms of disposal are obtained by negotiation;

(v) under those circumstances described in Section 2.3 below; or

(vi) such action is otherwise authorized by law.

2.2 Advance Explanatory Statement Requirement for Certain Qualifying Surplus Property Disposals. PAL § 2897(6)(d) requires that MTA Agencies prepare and disseminate to certain public officials ninety days in advance of a Qualifying Surplus Property disposal, an explanatory statement for (i) disposals by negotiation of any Qualifying Surplus Property with an estimated Fair Market Value in excess of $15,000; or (ii) a disposal of Qualifying Surplus Property by exchange, where the exchange involves disposal of real property together with related Surplus Property (regardless of value). The explanatory statement shall be sent by the MTA Agency preparing it to the comptroller, the director of the budget, the commissioner of general services, the legislature and the independent authorities budget office at least 90 days before making the disposal.

The explanatory statement shall include:

a. description of the parties involved in the property transaction;
b. justification for disposing of property by negotiation;
c. identification of property, including its location;
d. estimated fair market value of the property;
e. proposed sale price of the property;
f. size of the property; and
g. expected date of sale of property.

A copy of the statement shall be preserved in the MTA Agency's files.

2.3 Less than Fair Market Value Disposals. The MTA may dispose of Qualifying Surplus Property for less than Fair Market Value, pursuant to PAL § 2897(7), if:

a. The transferee is a governmental or other public entity and the transfer terms require that ownership of the asset will remain with the governmental entity, or

b. The transfer is within the purpose, mission or governing statute of the MTA.

Where a proposed transfer of Qualifying Surplus Property is for less than Fair Market Value but does not satisfy either of the above two criteria, the proposed transfer may not proceed without the MTA Agency first providing written notice to the Governor, the Speaker of the Assembly and the Temporary President of the Senate. Such proposed transfer shall be subject to denial by the Governor, the Senate or the Assembly. The Governor, Senate or Assembly has 60 days from receipt of the notice to act if the notice is received between January and June; if the notice is received between July and December, the Senate or Assembly has 60 days from the following January in which to act on the notice.

2.4 Board Information and Approval Requirements: Proposed Less than Fair Market Value Disposal. If a below Fair Market Value Qualifying Surplus Property transfer is proposed,

the following information must be provided to the MTA Board and to the public, in accordance with PAL § 2897(7)(b):

a. a full description of the Qualifying Surplus Property;

b. an appraisal of the Fair Market Value of the Qualifying Property and any information establishing the Fair Market Value;

c. a description of the purpose of the transfer and a statement of the kind and amount of the benefit to the public resulting from the transfer;

d. a statement of the value received compared to the Fair Market Value;

e. the names of any private parties participating in the transfer; and

f. the names of other private parties who made an offer for the asset, the amount offered, and the purpose for which the asset was sought.

Before proceeding with such a proposed disposal, the MTA Board shall consider the information required to be provided and make a written determination that there is no reasonable alternative to the proposed below market transfer that would achieve the same purpose of the transfer.

Section 3: Compliance with Federal Transit Administration Circular 5010.1E – Federally Funded Property

In addition to complying with PAL §§ 2895 - 2897, the MTA must also comply with Federal Transit Administration ("FTA") Circular 5010.1E which governs the disposal of Federally-funded Property with an acquisition value in excess of $5,000. That Circular requires grantee agencies such as the MTA to obtain FTA approval prior to disposing of such property if the disposition occurs before the end of the asset's useful life, as determined under the Circular. In addition, upon disposition, the MTA must reimburse the FTA its share of any remaining Federal interest in the asset, as calculated pursuant to Circular 5010.1E.

Section 4: Reassignment or Transfer of Surplus Property to Other MTA Agencies

Prior to disposing of Surplus Property, the MTA Agencies should attempt to reassign it to other departments/divisions within that MTA Agency and/or transfer the Surplus Property to another MTA Agency.

4.1 Reassignment. The Surplus Property Officer for each MTA Agency will notify its departments/ divisions of the availability of Surplus Property and will facilitate the transfer of same among departments/divisions if such transfer will result in a cost savings to the MTA. Such notification shall take place at least once per year, by publication of an inventory of Surplus Property, and may be supplemented by informal notification of departments on an ad hoc basis. In the event that more than one department or division expresses interest in the reassignment of Surplus Property, the MTA Agency's Surplus Property Officer and Contracting Officer shall determine the recipient, based on their

judgment of which reassignment would be most beneficial to the MTA. Whenever possible, reassignment of Surplus Property shall be accomplished directly, minimizing the number of times an item must be moved.

4.2 Transfer to a Constituent Agency. Each Surplus Property Officer will circulate to the MTA Agencies on a periodic or ad hoc basis as appropriate, notice of the availability of Surplus Property. The inspection and, upon acceptance, physical transfer of such property shall be the responsibility of the MTA Agency accepting it.

In the event that more than one MTA Agency expresses interest in the same Surplus Property, the Surplus Property Officer and Contracting Officer shall determine the recipient, based on his judgment of which reassignment would be most beneficial to the MTA. Whenever possible, reassignment of Surplus Property shall be accomplished directly, minimizing the number of times an item must be moved.

Section 5: Disposal of Surplus Property with Estimated Fair Market Value in Excess of $5,000

5.1 Sale by Publicly Advertised Bid. Qualifying Surplus Property (i.e. valued in excess of $5,000) should periodically be offered by MTA for sale by the competitive process of publicly advertised bid, which is the preferred method of disposal.

The following requirements of PAL § 2897(6)(b) must be observed:

a. The advertisement for bids shall be made at such time prior to the disposal through such methods and on such terms and conditions as shall permit full and free competition consistent with the value and nature of the Qualifying Surplus Property;

b. All bids shall be publicly disclosed at the time and place stated in the advertisement; and

c. The award shall be made with reasonable promptness by notice to the responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the MTA, price and other factors considered; provided, that all bids may be rejected when it is in the public interest to do so.

5.2 Disposal of Property by Negotiation or Advertised Public Auction. Surplus Property may be disposed of by negotiation or advertised public auction when (i) the Fair Market Value of such Surplus Property does not exceed $15,000 (for negotiation) or $500,000 (for advertised public auction)or (ii) where any of the other criteria listed in Section 2.1(b) above for such disposal is satisfied.

Section 6: Disposal of Surplus Property With a Fair Market Value of $5,000 or Less

6.1 Sale. The preference is to sell property having an estimated or appraised Fair Market Value of $5,000 or less, in an effort to recover value from Surplus Property for MTA.

6.2 Contribution. Items with an estimated or appraised value of $5,000 or less may be offered to a not-for-profit organization if, in the judgment of the MTA Agency's Surplus Property

Officer and Contracting Officer, such property may have value if returned to use in such an organization, such a disposal by contribution will minimize disposal and storage costs to MTA, and the Surplus Property either has negligible resale value or the costs of MTA conducting a sale of such Surplus Property relative to the resale value that could likely be obtained are such that proceeding by contribution is deemed warranted. In such circumstances, physical transfer of the property will be the responsibility of the receiving organization. Such an offering shall be conducted at the convenience of the MTA, and at minimal expense to the MTA.

Section 7: Disposal as Waste

Surplus Property that the Surplus Property Officer determines has no net monetary value (taking into account costs of storage) and has been unable to dispose of through reassignment, transfer, sale, or donation as outlined above should be disposed of as waste in the most cost-effective means consistent with all relevant laws and regulations.

Section 8: Inventory Management/Internal Controls

Each MTA Agency shall maintain adequate inventory controls and accountability systems for all individual items of Personal Property.

Section 9: Regulatory Disclosure

9.1 MTA Agency Reporting. Each MTA Agency's Contracting Officer shall annually provide a report to MTAHQ of all Surplus Property under its custody and control as well as a list and full description of all Surplus Property disposed of during the previous calendar year with the price received and the name of the purchaser.

9.2 Format and Timing. The report shall be provided in a format and at such time as requested by the MTA Corporate Compliance to facilitate required reporting of sale information.

9.3 Annual Report. MTAHQ shall annually publish, in accordance with PAL § 2896(3), a report with a full description of all Qualifying Surplus Property disposed of during the previous calendar year by all of the MTA agencies with the price received and the name of the purchaser. MTAHQ shall send copies of such report to the comptroller, the director of the budget, the commissioner of general services, the legislature, and the independent authorities budget office.

Section 10: Procedures

Each MTA Agency shall create written procedures as needed for the implementation of these guidelines. Such written procedures, once executed, shall be filed with MTA Corporate Compliance.
