

Small Business Mentoring Program – Tier 1 Application

INSTRUCTION FORM

GENERAL INFORMATION

New York State has enacted legislation that authorizes Metropolitan Transportation Authority (“MTA”) and its operating agencies to establish a Small Business Mentoring Program-Tier 1 (“SBMP-Tier 1”) for small construction industry contactors (annual revenues not exceeding \$ 3 million averaged over 3 years). A business admitted into the program will have the opportunity to learn how to do business with MTA and to compete for specific contracts that are designated for the SBMP-Tier 1. The MTA’s ultimate goal for the SBMP-Tier 1 is to enlarge the pool of qualified contractors who can successfully compete as prime and subcontractors for projects outside of the program.

Participation in the SBMP-Tier 1 will be for a maximum period of 4 years. The assistance available to SBMP-Tier 1 program participants who are ready, willing and able to commit to the program, is designed to help a small business overcome obstacles frequently encountered in seeking opportunities to do business with MTA:

- A professional construction management firm under contract with MTA, will serve as the Construction Manager (“CM”) for the SBMP-Tier 1. The CM will prequalify all applicants, assess firms to establish a bid list for each project, assist firms in applying for loans or bonds and oversee Agency support needed to compete for MTA Agency construction projects and to perform those projects safely, on time and within budget.
- Mandatory training for technical and business issues, both general and specific to the needs of the individual SBMP-Tier 1 contractor.
- The opportunity to compete with other selected SBMP-Tier 1 contractors for small construction projects (up to \$ 1 million) that are specifically designated for the program.
- Access to a third-party loan program to fund the startup costs of an SBMP-Tier 1 contract awarded to an SBMP-Tier 1 contractor.
- MTA’s typical insurance requirements for a construction project will be met: i) through MTA’s Owner Controlled Insurance Program (“OCIP”) which will provide workers compensation and general liability insurance coverage for on-site construction activities; and ii) through insurance provided by the SBMP-Tier 1 contractor, such as workers compensation and general liability insurance coverage for off-site activities, and automobile liability.

- An SBMP-Tier 1 contractor competing for or awarded an SBMP-Tier 1 contract will not be required to obtain a bid bond, payment bond or a performance bond from a surety company.
- Upon successful participation of the SBMP-Tier 1 program, the opportunity to enter a SBMP-Tier 2 may be granted.

A small business wishing to participate in the SBMP-Tier 1 must apply for admission and be prequalified by MTA for specific construction industry trades. The application and prequalification process are designed to ensure that participants in the SBMP-Tier 1 have a sufficient foundation of experience, finances, skills, and integrity to demonstrate that, with the assistance provided by the SBMP-Tier 1, they can perform small MTA projects safely, on time and within budget.

If an Applicant Firm needs help in completing the application or the Applicant Firm is not certain whether they meet the qualification requirements, the applicant should complete the application to the extent possible. Then the applicant should contact the SBDP Prequalification Unit using the contact information listed at the end of these instructions to schedule a meeting. At the meeting, the MTA representative will review the draft application along with the supporting documents provided by the applicant. MTA representative will also provide guidance in completing the application and on submitting any additional required documents.

A firm that is prequalified and accepted into the SBMP-Tier 1 and meets the requirements for continued participation in the program, will be eligible to participate in the program for up to 4 years. Upon graduation from the program, the graduate firm will be eligible to apply to participate for up to 4 years in the SBMP-Tier 2 program.

When reviewing an Applicant Firm's application, MTA's assessment will include a thorough evaluation of a variety of factors, considering that the firm is small and is seeking enrollment in the SBMP-Tier 1 to gain the knowledge and experience it will need to do business with MTA. Factors evaluated will include:

- Experience generally and in specific construction industry trades.
- Quality and timeliness of past performance.
- Financial capability.
- Reliability and responsibility.
- Safety record.
- Licensing in the trade, where applicable.
- Certifications under State and Federal programs.
- Record of compliance with wage, hour and other State and Federal fair labor standards.
- Integrity of Key Persons, affiliates, current and past owners and principals.

Should a firm fail to meet these requirements within one (1) year of admission in to ECP and has not demonstrated progress toward those requirements, the firm can be removed from MTA's Small Business Development program.

ELIGIBILITY FOR AWARD OF SBMP CONSTRUCTION CONTRACTS

MTA anticipates that a firm that is admitted into the SBMP-Tier 1 and is in good standing in the program, will periodically be selected, along with other selected SBMP-Tier 1 firms, to bid for small construction projects that have been designated by MTA for the SBMP-Tier 1 and involve the trade(s) for which the firm has been prequalified. Selection of firms for such competition shall be in MTA's sole discretion. If the firm is invited to compete and is the lowest responsive bidder, before the contract is awarded to the firm, the firm will be required to successfully complete MTA's standard responsibility review, which will include completion of MTA's standard responsibility questionnaire. That review will be broader and more comprehensive than the review which resulted in the firm being admitted into the program and prequalified for specific trades.

Admission into the SBMP-Tier 1 does not to any extent guarantee that an SBMP-Tier 1 Contractor will be afforded the opportunity to compete for one or more SBMP-Tier 1 contracts or will be awarded any such contract.

REQUALIFICATION

Enrollment in SBMP-Tier 1 is for a maximum period of 4 years. In order to enroll in the SBMP-Tier 2 program, a firm will be required to re-qualify for the program. A firm that expects to graduate from

SBMP-Tier 1 should apply for the Pre-qualification in the SBMP-Tier 2 one year prior to its expected date of graduation from SBMP-Tier 1.

If during the time a firm is enrolled in the SBMP-Tier 1, the firm becomes aware of a significant change in the information contained in the firm's application, the firm must promptly notify the SBDP Construction Manager.

STATEMENT OF PERSONAL NET WORTH

Each owner of the firm seeking to qualify a firm for enrollment in the Small Business Mentoring Program-Tier 1 (“SBMP-Tier 1”) must submit a notarized Statement of Personal Net Worth with appropriate support documentation. If any owner has a personal net worth that exceeds \$3.5 million, the Applicant Firm cannot qualify for the SBMP-Tier 1.

Personal net worth is the net value of the assets of an individual remaining after the total liabilities are deducted. An individual's personal net worth does not include the individual's ownership interest in the Applicant Firm or the individual's equity in his or her primary place of residence. It does include the individual's interest in affiliate firms. An individual's personal net worth includes only his or her share of assets held jointly or as community property with the individual's spouse.

A Statement of Personal Net Worth must be completed for each owner of the firm seeking to qualify a firm for the SBMP-Tier 1.

Each individual submitting a Statement of Personal Net Worth must also submit his or her most recently filed U.S. Individual Income Tax Return, including all schedules and attachments, for the last two years. If the previous year's return is unavailable, the individual must submit his or her most recently filed return, together with a signed copy of the Request for Extension. If the individual is married and filing separately, he or she must also submit the corresponding individual tax returns of his or her spouse.

All information must be submitted to:
